

## PALLADIUM SECURITIES 1 S.A.

*(a public limited liability company (société anonyme) incorporated under the laws of the Grand Duchy of Luxembourg) with its registered office at 2, boulevard Konrad Adenauer, L-1115 Luxembourg, registered with the Luxembourg trade and companies register under number B.103.036 and subject to the Luxembourg Act dated 22 March 2004, as amended)*

### Programme for the issuance of Secured Notes

This document constitutes a base prospectus (a “**Base Prospectus**” for the purposes of Article 5.4 of Directive 2003/71/EC (and amendments thereto, including Directive 2010/73/EU) (the “**Prospectus Directive**”)) in respect of the Programme (as defined below) and supersedes the base prospectus dated 25 July 2013 (the “**Original Base Prospectus**”).

**Programme:** Under its Programme (the “**Programme**”) for the issuance of secured notes (the “**Instruments**”), Palladium Securities 1 S.A. (the “**Company**”) and acting in respect of one of its compartments, the “**Issuer**”) may from time to time issue Instruments. Instruments will be issued in one or more separate series (each, a “**Series**”). Each Series will be authorised by the board of directors of the Company (the “**Board**”) and subject to the Luxembourg act dated 22 March 2004 on securitisation, as amended (the “**Securitisation Act 2004**”) and the Luxembourg act dated 10 August 1915 on commercial companies, as amended (the “**Companies Act 1915**”). The terms and conditions (the “**Conditions**”) of the Instruments will comprise the General Conditions (the “**General Conditions**”) set out in this Base Prospectus, which will be completed by the relevant Final Terms (the “**Final Terms**”). The Instruments will be issued in bearer form. A form of Final Terms is attached as Annex 3 to this Base Prospectus.

You must refer to the relevant Final Terms for each issue of Instruments as well as to this Base Prospectus.

**Compartments and Series Assets:** Under Luxembourg law, the Company’s assets and liabilities can be divided into “compartments”. The Issuer will purchase assets with the proceeds of issue of the Series of Instruments, and those assets (the “**Series Assets**”) and the Issuer’s liabilities in respect of any one Series of Instruments will be allocated to the Compartment (as defined herein) created for that Series of Instruments and will be segregated from the Company’s other assets and liabilities and from the assets and liabilities allocated to all other Compartments. The Series Assets in the Compartment will be available exclusively to meet the Issuer’s obligations in respect of that Series of Instruments and may not be used by the Company to meet its obligations in respect of any other Series of Instruments or any other obligations. In addition, each Series of Instruments will be secured by a security interest over the Series Assets and the Issuer’s rights against the Agents, any Servicer, and the Custodian in respect of the Instruments, and may also be secured by an assignment of the Issuer’s rights under an interest rate and/or currency hedging agreement specified in the Final Terms.

**If the proceeds of realisation or enforcement of the Series Assets are not sufficient to meet all of its obligations in respect of the Series of Instruments, the Issuer’s obligations in respect of the Instruments will be limited to those proceeds and the Company’s other assets or assets of another Compartment will not be available to meet any shortfall. Instrumentholders may not receive the amounts expected in respect of the Instruments and may not recover all (or any) of their investment.**

**Risks:** There are risks associated with investing in the Instruments. See “Risk Factors” commencing on page 34 of this Base Prospectus for a discussion of some of such risks.

**Listing and Admission to Trading:** Application has been made to the *Commission de Surveillance du Secteur Financier* (the “**CSSF**”), the Luxembourg financial sector and stock exchange regulator, in its capacity as competent authority under the Luxembourg act dated 10 July 2005 on prospectuses for securities, as amended, to approve this document as a base prospectus. The CSSF assumes no responsibility as to the economic and financial soundness of any Instruments issued pursuant to this Base Prospectus or as to the quality or solvency of the Issuer in line with article 7(7) of the Luxembourg Law on prospectuses for securities. Application has been made to the Luxembourg Stock Exchange for Instruments issued under the Programme during the period of 12 months from the date of this Base Prospectus (a) to be admitted to trading on (i) the Luxembourg Stock Exchange’s regulated market pursuant to Directive 2004/39/EC (the “**MiFID Directive**”), or (ii) the unregulated Euro MTF market in Luxembourg and (b) to be listed on the Official List of the Luxembourg Stock Exchange. References in this Base Prospectus to Instruments being “listed” (and all related references) shall mean that such Instruments are intended to be admitted to trading on

the Luxembourg Stock Exchange's regulated market or the unregulated Euro MTF market in Luxembourg and are intended to be listed on the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the MiFID Directive. Instruments may be listed on such other or further stock exchanges as the Company may determine. The Company may also issue unlisted Instruments.

**Ratings:** Instruments issued under the Programme will be rated or unrated. Where an issue of Instruments is to be rated, such rating will not necessarily be the same as the rating assigned to Instruments already issued. Whether or not a rating in relation to any Instruments will be treated as having been issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 on credit rating agencies will be disclosed in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

**Definitions:** Unless the context otherwise requires, or as otherwise provided in this Base Prospectus or the relevant Final Terms, capitalised words and expressions shall have the respective meanings given to them under the heading "Definitions" in "General Conditions" and/or "Articles of Association".

*Arranger*

**Deutsche Bank AG, London Branch**

**Subject matter of this Base Prospectus:** The subject matter of this Base Prospectus is the issue of Instruments by the Company under the Programme.

**Arranger:** Deutsche Bank AG, London Branch of Winchester House, 1 Great Winchester Street, London EC2N 2DB (the “**Arranger**”) is the Arranger for the Instruments.

**The Company:** The Company is a special purpose vehicle incorporated as a *société anonyme* (public limited liability company) under the laws of the Grand Duchy of Luxembourg and has the status of an authorised securitisation undertaking under the Securitisation Act 2004. The Company was incorporated on 8 September 2004. A copy of the incorporation deed containing the articles of incorporation of the Company (the “**Articles**”) has been published in the *Mémorial C, Recueil des sociétés et associations* (the “**Mémorial**”) on 22 November 2004, number C1188 on page 56978. The Company is registered with the Luxembourg trade and companies register under number B.103.036. Its registered office is at 2, boulevard Konrad Adenauer, L-1115 Luxembourg.

The Articles were amended on 23 April 2009, and copies of the amended and restated Articles were lodged with the Luxembourg trade and companies register (*Registre de commerce et des sociétés, Luxembourg*) on 7 May 2009. The amendment to the Articles was published in the *Mémorial* on 15 May 2009, number C1012 on page 48536. As and when further restated versions (*statuts coordonnés*) of the Articles are produced, such restated versions will be filed with the Luxembourg trade and companies register and will be available for inspection. Each amendment of the Articles, which is subject to the prior approval of the CSSF, will be published in the *Mémorial* and, if required, in the official publications specified for the respective countries in which Instruments are sold.

**Responsibility:** This Base Prospectus has been prepared for the purpose of providing information with regard to the Company and the Instruments (amongst other things). The Company consents to the use of the Base Prospectus in Austria, Belgium, France, Germany, Italy, Poland, Portugal, Spain, and Switzerland and accepts responsibility for the content of the Base Prospectus also with respect to the subsequent resale or final placement of securities by any financial intermediary which was given consent to use the Base Prospectus. This consent is valid for 12 months from the date of publication of the Base Prospectus.

Conditions attached to the Company’s consent to use the Base Prospectus (if any) will be provided in the Final Terms.

The Company (also referred to as the “**Responsible Person**”) accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of the Company (having taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus is in accordance with the facts and contains no omission likely to affect the import of such information. To the fullest extent permitted by law, neither the Arranger nor any Purchaser accepts any responsibility for the contents of this Base Prospectus or for any other statement made or purported to be made by the Arranger or any such Purchaser or on its behalf in connection with the Issuer or the issue and offering of the Instruments. Each of the Arranger and any Purchaser accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement.

**In the event of an offer being made by a financial intermediary, this financial intermediary will provide information to investors on the terms and conditions of the offer at the time the offer is made.**

**Any financial intermediary using this Base Prospectus in connection with an offer of Instruments is required for the duration of the relevant offer period to publish on its website that it is using this Base Prospectus for such offer in accordance with the consent of the Company and the conditions included thereto (if any).**

Should any new information with respect to financial intermediaries unknown at the time of the approval of the Base Prospectus of the filing of the Final Terms, as the case may be, arise, that new information will be published, and be available for viewing, on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)).

**Verification:** None of the Arranger, any Purchaser, the Trustee, any Hedging Counterparty or any Calculation Agent has separately verified the information contained in this Base Prospectus or in any Supplement or any Final Terms and accordingly none of the Arranger, any Purchaser, the Trustee, any Hedging Counterparty or any Calculation Agent makes any representation, recommendation or warranty, express or implied, regarding the accuracy, adequacy, reasonableness or completeness of the information contained in this Base Prospectus or any Final Terms or in any further information, notice or other document which may at any time be supplied in connection with the Instruments or their distribution. None of them accepts any responsibility or liability therefor. None of the Arranger, any Purchaser or the Trustee undertakes to review the financial condition or affairs of the Company during the life of the

arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in any Instruments of any information coming to the attention of either the Arranger, any Purchaser or the Trustee.

**Change of Circumstances:** Neither the delivery of this Base Prospectus nor any sale made in connection with this Base Prospectus or such Final Terms shall at any time imply that the information contained in this Base Prospectus or such Final Terms is correct at any time subsequent to the date of this Base Prospectus or such Final Terms, or that any further information supplied in connection with the Instruments is correct as of any time subsequent to the date indicated in the document containing the same.

**Distribution:** The distribution of this Base Prospectus or any Final Terms and the offering or sale of the Instruments in certain jurisdictions may be restricted by law. None of the Issuer, the Arranger, any Purchaser or the Trustee represents that this document may be lawfully distributed, or that any Instruments may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any distribution or offering. Accordingly, no Instruments may be offered or sold, directly or indirectly, and none of this Base Prospectus, any Final Terms, any advertisement relating to any Instruments and any other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. If you receive this Base Prospectus or any Final Terms, you are required by the Issuer and the Arranger to inform yourselves about and to observe any such restrictions. For a description of certain restrictions on the sale and transfer of the Instruments, please refer to “Sales and Transfer Restrictions” on pages 167 to 173 of this Base Prospectus.

**US Selling Restrictions:** The Instruments have not been and will not be registered under the United States Securities Act of 1933 (the “**Securities Act**”). The Instruments are bearer instruments that are subject to U.S. tax law requirements. Subject to certain exceptions, the Instruments may not be offered, sold or delivered within the United States or to U.S. Persons.

**Representations:** No person has been authorised to give any information or to make representations other than those contained in this Base Prospectus or any Final Terms in connection with the issue or sale of the Instruments and, if given or made, such information or representations must not be relied upon as having been authorised by the Company or the Issuer (as appropriate), the Arranger, any Purchaser or the Trustee.

**Independent Investigation:** None of this Base Prospectus, any Final Terms or any further information supplied in connection with the Instruments is intended to provide the basis of any credit or other evaluation, and none of this Base Prospectus, any Final Terms or any such further information should be considered as a recommendation by the Company or the Issuer (as appropriate), the Arranger, any Purchaser and/or the Trustee that any recipient of this Base Prospectus or any further information supplied in connection with the Instruments should purchase any Instruments. Each investor contemplating purchasing Instruments must make its own independent investigation of the risks involved in an investment in the Instruments. The Instruments have not been recommended by any US federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Base Prospectus or any Final Terms. Any representation to the contrary is a criminal offence. None of this Base Prospectus, any Final Terms or any other information supplied in connection with the Instruments constitutes an offer by or on behalf of the Company or the Issuer (as appropriate) and/or the Arranger or any other person to purchase any Instruments.

**Currency References:** In this Base Prospectus, any supplement to this Base Prospectus (each a “**Supplement**”) and any Final Terms, unless otherwise specified or the context otherwise requires, references to “**dollars**”, “**US dollars**”, “**USD**” and “**US\$**” are to United States dollars and references to “**euro**”, “**EUR**” and “**€**” are to the lawful currency of the member states of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community as amended by the Treaty of European Union as amended by the Treaty of Amsterdam.

## SUMMARY

Summaries are made up of disclosure requirements known as “Elements”. These elements are numbered in Sections A – E (A.1 – E.7).

This summary contains all the Elements required to be included in a summary for this type of securities and Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary due to the type of securities and Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of “not applicable”.

### Section A – Introduction and warnings

Element	Description of Element	Disclosure requirement
A.1	Warnings	<p>This summary should be read as an introduction to the Base Prospectus.</p> <p>Any decision to invest in the Instruments should be based on consideration of the Base Prospectus as a whole by the investor.</p> <p>Where a claim relating to the information contained in the Base Prospectus is brought before a court, the plaintiff investor might, under the national legislation of the Member States, have to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</p> <p>Civil liability attaches only to those persons who have tabled this summary including any translation thereof, but only if this summary is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus or it does not provide, when read together with the other parts of the Base Prospectus, key information in order to aid investors when considering whether to invest in the Instruments.</p>
A.2	Consent	<p>The Company consents to the use of the Base Prospectus in Austria, Belgium, France, Germany, Italy, Poland, Portugal, Spain and Switzerland and accepts responsibility for the content of the Base Prospectus also with respect to the subsequent resale or final placement of securities by any financial intermediary which was given consent to use the Base Prospectus. This consent is valid for 12 months from the date of publication of the Base Prospectus.</p> <p><b>Investors should be aware that information on the terms and conditions of the offer by any financial intermediary shall be provided at the time of the offer by the financial intermediary.</b></p>

### Section B – Issuer

Element	Description of Element	Disclosure requirement
B.1	Legal and Commercial Name of the Issuer	Palladium Securities 1 S.A. (the “ <b>Company</b> ”) acting in respect of Compartment [●].
B.2	Domicile /Legal Form /Legislation /Country of	The Company is domiciled in Luxembourg and is a public limited liability company ( <i>société anonyme</i> ) incorporated under the laws of the Grand Duchy of

	Incorporation	Luxembourg. It was incorporated in Luxembourg on 8 September 2004.
B.16	Control of Issuer	The Company has 181,818 ordinary shares, all of which are fully paid and are held by two companies, The Freesia Charitable Trust and Anson Fund Managers Limited, on trust for charitable purposes. Such holders have no beneficial interest in and derive no benefit (other than any expenses for acting as share trustee) from their holding of the issued shares. They will apply any income derived by them from the Company solely for charitable purposes.
B.17	Credit ratings	<p>The Series of Instruments is [unrated] [rated by [S&amp;P entity] [Moody's entity][DBRS entity][•]][expected to be rated on or about the Issue Date by [S&amp;P entity][Moody's entity][DBRS entity][•]. [The rating of the Instruments (if any) will be published on the website of the Luxembourg Stock Exchange (<a href="http://www.bourse.lu">www.bourse.lu</a>) and on the website <a href="http://www.it.investmentprodukte.db.com">www.it.investmentprodukte.db.com</a> on or about the Issue Date. No assurance is given that the Instruments will have a particular rating, or any rating at all, on or about the Issue Date].</p> <p>[[S&amp;P entity][Moody's entity][DBRS entity] is established in the European Union and registered under Regulation (EC) No 1060/2009 on credit rating agencies.] [The rating of the Series of Instruments will be treated as having been issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 on credit rating agencies (the “<b>CRA Regulation</b>”).] [[•] [is]/[are] established in the European Union and [has]/[have each] applied for registration under Regulation (EC) No 1060/2009, although the result of such application has not yet been determined.] [[•] [is]/[are] not established in the European Union and [has]/[have] not applied for registration under Regulation (EC) No 1060/2009.]</p>
B.20	Special Purpose Vehicle	The Company is a special purpose vehicle for the purpose of issuing asset backed securities.
B.21	Principal activities and global overview of parties	<p>The Company's principal activities are to enter into, perform and serve as a vehicle issuing asset backed securities for any securitisation transactions as permitted under the Securitisation Act 2004.</p> <p>Deutsche Trustee Company Limited of Winchester House, 1 Great Winchester Street, London EC2N 2DB, United Kingdom [or the replacement trustee (the “<b>Replacement Trustee</b>”) selected by the Hedging Counterparty, in the event that the Hedging Counterparty elects in its sole and absolute discretion to appoint the Replacement Trustee as Trustee following the occurrence of a Replacement Event in accordance with the General Trust Terms as amended by the relevant Series Instrument], will act as trustee in respect of the Series of Instruments (the “<b>Trustee</b>”). Deutsche Bank AG, acting through its London Branch, located at Winchester House, 1 Great Winchester Street, London EC2N 2DB, United Kingdom, will act as Arranger, Principal Agent and Paying Agent in respect of the Series of Instruments. Deutsche Bank Luxembourg S.A. will act as Custodian[, Listing Agent, Servicer and Luxembourg Paying Agent] in respect of the Series of Instruments. 			<b>Collateral Obligor</b>	<b>Title</b>	<b>ISIN</b>	<b>Collateral Item Notional Percentage</b>
		[Collateral][Collateral Item 1][Collateral Item 2][•]:				[•] per cent.
		<p>[Collateral Item 1:]</p> <p>Collateral Obligor: European [corporate with a business of [•]] [bank] [sovereign country][autonomous region][supranational organisation], which issued [senior][[unsecured][secured]][[debt securities][debt securities consisting of covered bonds][equity securities][•]] on [•] due on [•] with ISIN: [•] which will form [all of][part of] the Collateral.</p> <p>[Collateral Guarantor: [•]]</p> <p>[Collateral Support Provider: [•]]</p> <p><b>[Repeat information for each Collateral Item]</b></p> <p>“<b>Collateral Item Notional Amount</b>” means, in respect of each Collateral Item, the product of (a) the Collateral Item Notional Percentage and (b) the Aggregate Nominal Amount of the Instruments as of the Issue Date, provided that each Collateral Item Notional Amount may be adjusted by the Calculation Agent at any time, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, including, without limitation, upon the purchase and/or cancellation of any Instruments by the Issuer.</p> <p>[The [loan to value ratio][level of collateralisation] of such securities is [•].</p> <p>The Collateral will not consist of real property, therefore no valuation report relating to real property is included in the Base Prospectus, nor any description of the valuation of such real property.</p>				
B.26	Actively managed pool of assets	Not applicable. The Series Assets of the Series of Instruments will not consist, in whole or in part, of an actively managed pool of assets.				
B.27	Further issuances backed by same pool of assets	The Issuer may from time to time issue further Instruments of the Series on the same terms as the existing Instruments and on terms that such further Instruments shall be consolidated and form a single series with the existing Instruments of the Series; provided that, unless otherwise approved by Extraordinary Resolution of holders of Instruments (the “ <b>Instrumentholders</b> ”) of the Series, the Issuer shall provide additional assets to form part of the Series Assets for such further Instruments and existing Instruments.				
B.28	Structure of the transaction	<p>The Instruments of the Series issued under the Programme are constituted by the Series Instrument (as amended, supplemented and/or restated from time to time, the “<b>Series Instrument</b>”) dated the Issue Date between, <i>inter alios</i>, the Issuer, the Principal Agent, the Trustee, the Custodian[, the Servicer, and the Hedging Counterparty].</p> <p>The Issuer may offer Instruments in the Series to retail clients, professional clients or other eligible counterparties.</p> <p>The Issuer will use the proceeds from the issue of the Instruments to purchase the Collateral [and to enter into the Hedging Agreement], which will, [along with the Issuer’s rights under any Hedging Agreement, any Hedging Collateral and any</p>				

proceeds from any relevant Hedging Agreement], form part of the Series Assets. The Series Assets are exclusively allocated to the Compartment established by the board of directors of the Issuer in respect of the Instruments, will be kept separate from the other assets of the Issuer and the Company and will be secured in favour of the Trustee on behalf of the Instrumentholders.

#### **Collateral**

The Issuer will procure that any Collateral constituting “liquid assets and securities” for the purposes of Article 22 of the Securitisation Act 2004 is delivered to the Custodian on the Issue Date. The Custodian will then hold such Collateral on behalf of the Issuer subject to the security created in favour of the Trustee, the conditions set out in the Securitisation Act 2004 and the terms of the Series Instrument. [The Servicer shall collect payments made in respect of the Series Assets which it holds in its capacity as Custodian (either directly or via a sub-custodian). For these purposes, references to “collect” or the “collection” of payments shall be construed as meaning the receipt of payments due with respect to such assets held and shall not extend to ensuring performance of such assets whether by management of the recovery of unpaid debts or otherwise. The role of Servicer is restricted to this single duty accordingly.]

#### **Security**

Instruments shall be secured in favour of the Trustee for the benefit of the Series Parties by a security interest over the Series Assets and the Issuer’s rights against the Agents[, the Servicer] and the Custodian in respect of the Instruments[, and will also be secured by an assignment of the Issuer’s rights under the Hedging Agreement].

#### **[Hedging Agreement**

The Issuer will enter into a Hedging Agreement with the Hedging Counterparty, pursuant to which the Issuer will be entitled to receive certain agreed payment amounts. The scheduled termination date of the Hedging Agreement is [•] (the “**Hedging Agreement Termination Date**”).

*[Insert if “Option Premium” is Applicable:* The amount of Collateral to be delivered shall exceed the amount payable by the Hedging Counterparty as the excess Collateral includes an amount equal to [•], which represents the premium payable by the Issuer to the Hedging Counterparty in respect of [•] under the Hedging Agreement.]

*[Insert if Hedging Agreement will be collateralised:* The Hedging Counterparty may be required to provide hedging collateral pursuant to the terms of the Credit Support Document (“**Hedging Collateral**”) in order to support its obligations under the Hedging Agreement.]

*[Insert if “2-Way Hedging Collateral Posting” applicable:* The Issuer may also be required to deliver collateral comprising the Collateral to the Hedging Counterparty in order to collateralise its obligations to the Hedging Counterparty. The obligation of the Issuer to deliver is limited to the amount of Collateral held by the Issuer.]

*[Insert if no “2-Way Hedging Collateral Posting” will be applicable:* The Issuer will not be obliged to collateralise its obligation under the Hedging Agreement.]

The Issuer will procure that any Hedging Collateral constituting “liquid assets and securities” for the purposes of Article 22 of the Securitisation Act 2004 will be delivered to the Custodian and subject thereto, such Hedging Collateral will be held by the Custodian on behalf of the Issuer and subject to the security created in favour of the Trustee, the conditions set out in the Securitisation Act 2004 and to

		the terms of the Series Instrument. The Hedging Collateral is subject to the rights of the Hedging Counterparty to request from time to time redelivery of the Hedging Collateral pursuant to the terms of the Hedging Agreement. See item B.29 below. In the event of an early termination of the Series of Instruments, the Issuer [or the Selling Agent] will realise any Hedging Collateral and terminate the Hedging Agreement and the Issuer will pay to the Instrumentholders the Early Termination Amount in respect of the Instruments. See Item C.9 below.]
B.29	Description of cashflows and information on the Hedging Counterparty	<p><b>[Insert, if no Hedging Agreement is entered into:</b> The Issuer for the Series of Instruments may finance any payments to Instrumentholders directly through payments of principal, interest, dividends or other distributions received on the Collateral and other Series Assets.]</p> <p><b>[Insert, if Hedging Agreement is entered into:</b> The Issuer for each Series of Instruments may finance any payments to Instrumentholders as set out in the below diagram:</p> <pre> graph TD     C1([Collateral held with Custodian]) --- Issuer[Issuer]     C2([Hedging Collateral held with Custodian]) --- Issuer     Issuer -- "Income received on Collateral" --&gt; HC[Hedging Counterparty]     HC -- "Amounts payable on [each Interest Payment Date] [and] [the Maturity]" --&gt; Issuer     Issuer -- "Amounts payable on [each Interest Payment Date] [and] [the Maturity]" --&gt; IH[Instrumentholder]   </pre> <p>This means that any income received by the Issuer from any Collateral will be exchanged with the Hedging Counterparty for an income stream that matches, in relation to rate and/or currency, the amounts to be paid under the Instruments.]</p>
B.30	Originators of securitised assets	[Deutsche Bank AG, London Branch. It is an authorised person for the purposes of section 19 of the Financial Services and Markets Act 2000. In the United Kingdom, it conducts wholesale banking business and through its Private Wealth Management division it provides holistic wealth management advice and integrated financial solutions for wealthy individuals, their families and selected institutions.][•]

### Section C – Securities

Element	Description of Element	Disclosure requirement
C.1	Type and class of securities being offered	The Instruments are senior, secured debt obligations of the Issuer with ISIN [•].
C.2	Currency	Subject to compliance with all relevant laws, regulations and directives, the Instruments are denominated in [•].

C.5	Restrictions on free transferability	<p>There are restrictions on sales of Instruments into, amongst other jurisdictions, the United States and the European Economic Area (including Austria, Belgium, France, Germany, Italy, Poland, Portugal, Spain, Switzerland and the United Kingdom). These restrictions are mainly targeting offerings to the public in the specific jurisdiction unless certain exceptions apply. No Instruments will be offered, sold or delivered within the United States or to a United States person.</p> <p><i>Void transfer or other disposition and forced transfer</i></p> <p>Any transfer or other disposition of any legal or beneficial ownership interest in an Instrument to a Non-Permitted Transferee or Benefit Plan Investor shall be deemed to be void <i>ab initio</i> and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in an Instrument in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Instrument, and the Issuer shall be entitled to cease to make any payments in respect of Instruments held by a Non-Permitted Transferee or a Benefit Plan Investor.</p> <p>At any time after becoming aware that any legal or beneficial ownership interest in an Instrument is held by a Non-Permitted Transferee or a Benefit Plan Investor, the Issuer shall give notice to the Trustee, the Custodian and the Calculation Agent and shall have the right to require such Non-Permitted Transferee or Benefit Plan Investor to sell such interest to (a) the Arranger or to any of its Affiliates (to the extent permitted by applicable law) or (b) a person who is neither a Non-Permitted Transferee nor a Benefit Plan Investor, in each case, at a price equal to the lesser of (x) the purchase price paid for such interest by such Non-Permitted Transferee or Benefit Plan Investor, (y) the principal amount of such interest and (z) the fair market value of such interest, less any costs or expenses incurred by or on behalf of the Issuer in connection with such sale.</p> <p>Where:</p> <p><b>“Benefit Plan Investor”</b> means:</p> <ul style="list-style-type: none"> <li>(a) an employee benefit plan (as defined in section 3(3) of the US Employee Retirement Income Security Act of 1974, as amended, (“ERISA”)), whether or not subject to ERISA;</li> <li>(b) a plan described in section 4975(e)(1) of the US Internal Revenue Code of 1986, as amended; or</li> <li>(c) an entity whose underlying assets include plan assets by reason of a plan's investment in the entity under US Department of Labor Regulations § 2510.3-101 (29 c.f.r. § 2510.3-101).</li> </ul> <p><b>“Non-Permitted Transferee”</b> means:</p> <ul style="list-style-type: none"> <li>(a) a U.S. person as defined in Rule 902(k)(1) of Regulation S of the Securities Act; or</li> <li>(b) a person who comes within any definition of U.S. person for the purposes of the Commodity Exchange Act of 1936, as amended, or any rule, guidance or order proposed or issued by the Commodity Futures Trading Commission (the “CFTC”) thereunder (including but not limited to any person who is not a “Non-United States person” under CFTC Rule 4.7(a)(1)(iv) (excluding for purposes of CFTC Rule 4.7(a)(1)(iv)(D) the exception for qualified eligible persons who are not “Non-United States persons”)).</li> </ul>
-----	--------------------------------------	--

C.8	Conditions of the securities	<p>The Instruments have terms and conditions relating to, among other matters:</p> <p><b>Withholding Tax</b></p> <p>If, on the occasion of the next payment due in respect of the Instruments, the Issuer would be required to withhold or deduct amounts for or on account of tax or would suffer tax in respect of its income so that it would be unable to make payment of the full amount due, in each case either (1) pursuant to the laws and regulations of any jurisdiction or of any political sub-division thereof or any authority or agency therein or thereof having power to tax; or (2) as a result of a FATCA Withholding, the Issuer will use all reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction as the principal obligor or to change its residence for taxation purposes or, to the extent permitted by law, change its domicile to another jurisdiction. If the Issuer is unable to arrange such substitution or change, or if the Issuer is unable to carry out such substitution or change in a tax efficient manner before the next payment is due in respect of the Instruments, the Issuer shall cancel all of those Instruments.</p> <p><b>Events of Default</b></p> <p>The Instruments contain the following Events of Default:</p> <p>(a) default in the payment of any sum due in respect of the Instruments or any of them is made for a period exceeding the applicable Grace Period; or</p> <p>(b) failure by the Issuer to perform or observe any of its other obligations under the Instruments, the Series Instrument, in certain cases continuing for a specified period of time; or</p> <p>(c) events relating to the winding-up or dissolution of the Issuer or the Company or the appointment of an administrator.</p> <p><b>“Grace Period”</b> means [a period of 14 days] [<i>if “Collateral Matched Grace Period” is specified as Applicable in the relevant Final Terms:</i> the period specified in the relevant Final Terms which shall be equal to the grace period applicable to the payment of any sum due in respect of the Collateral before a default may be declared under the terms thereof].</p> <p><b>Governing Law</b></p> <p>The Instruments are governed by English law. Articles 86 to 97 of the Companies Act 1915, as amended, are excluded.</p> <p><i>[Insert if “Hedging Counterparty right to replace Trustee” is Applicable:</i></p> <p><b>Replacement of Trustee</b></p> <p>Upon the occurrence of a Replacement Event, the Hedging Counterparty may acting in its sole and absolute discretion elect to replace the party acting in the capacity of Trustee at that time (the <b>“Outgoing Trustee”</b>) with the Replacement Trustee in accordance with the General Trust Terms as amended by the relevant Series Instrument. The Hedging Counterparty shall effect such replacement by giving notice to the Issuer, the Outgoing Trustee and the Replacement Trustee of such election. The Hedging Counterparty shall not incur any liability as to the consequences of its election to deliver, or to not deliver, such notice and shall not have any regard to the effect of such action.</p> <p><b>“Replacement Event”</b> means where the Hedging Counterparty acting in its sole and absolute discretion determines that for legal, regulatory or other similar reasons, it is in the interests of any Series Party (excluding the</p>
-----	------------------------------	---

Trustee) to replace the Trustee.]

**Status and Security**

The Instruments are limited recourse obligations of the Issuer, ranking *pari passu* without any preference among themselves.

The Instruments are secured by:

(a) (i) a first fixed charge and/or assignment by way of first fixed charge in favour of the Trustee of the Collateral and all of the Issuer's rights in respect of and sums derived from the Collateral and (ii) an assignment by way of first fixed charge in favour of the Trustee of all of the Issuer's rights in respect of the Collateral against the Custodian. [To the extent that eligible credit support is due from the Issuer to the Hedging Counterparty in accordance with the Credit Support Document, the security over such eligible credit support comprising the Collateral will be deemed to be released and the Issuer shall deliver such Collateral to the Hedging Counterparty];

(b) [an assignment by way of first fixed charge in favour of the Trustee of all of the Issuer's rights, title and interest under the Hedging Agreement and any sums of money, securities or other property received or receivable by the Issuer thereunder];

(c) a first fixed charge in favour of the Trustee over [(i)] the Issuer's right to all sums held by the Principal Agent and/or any Paying Agent and/or the Custodian to meet payments due in respect of the Instruments and under the Series Instrument [and (ii) any sums of money, securities or other property received or receivable by the Issuer under the Hedging Agreement];

(d) an assignment by way of first fixed charge in favour of the Trustee of all of the Issuer's rights, title and interest under the Agency Agreement and the Purchase Agreement and all sums derived therefrom in respect of the Instruments;

(e) to the extent that at any time the Collateral has not been delivered to the Custodian (or, if so specified in the Purchase Agreement, any sub-custodian) to be held on behalf of the Issuer as provided in the Purchase Agreement, an assignment by way of first fixed charge in favour of the Trustee of the Issuer's rights, title and interest under the Purchase Agreement and any sums received or receivable by the Issuer thereunder; and

(f) [(i) a first fixed charge and/or assignment by way of first fixed charge in favour of the Trustee over the Hedging Collateral and all of the Issuer's rights in respect of any proceeds of the sale thereof and (ii) an assignment by way of first fixed charge in favour of the Trustee of all the Issuer's rights in respect of the Hedging Collateral against the Custodian (to the extent of any Hedging Collateral held by the Custodian).]

The Trustee shall release from such charges any part of the Series Assets to the extent that such part is required to enable the Issuer to meet payment of all sums and performance of all obligations under the Hedging Agreement and/or the Instruments.

**Limited Recourse**

Claims against the Issuer by Instrumentholders [and the Hedging Counterparty] and each other creditor relating to the Instruments will be limited to the Series Assets applicable to the Instruments. If the net proceeds of the realisation of the Series Assets are not sufficient to make all payments due in respect of the Instruments and due to [the Hedging Counterparty and]

each other creditor relating to the Instruments, no other assets of the Company will be available to meet such shortfall, the claims of the Instrumentholders and any [such Hedging Counterparty or] other creditors relating to the Instruments in respect of any such shortfall shall be extinguished. No party will be able to petition for the winding-up of the Company as a consequence of any such shortfall or launch proceedings against the Company which are based on article 98 of the Luxembourg act dated 10 August 1915 on commercial companies, as amended.

#### **Order of Priorities**

The respective rankings for priority of the interest of the Instrumentholders, [the Hedging Counterparty] and any other party entitled to the benefit of the security interests (each a “**Series Party**”) of the Instruments shall be according to the relevant priority of each of the payments described below.

The Trustee shall apply all moneys received by it in the following order:

- (a) first, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts incurred by or payable to the Trustee or any receiver under or pursuant to the Series Instrument;
- (b) secondly, *pro rata* in payment of any amounts owing to: (i) the Hedging Counterparty under the Hedging Agreement (which shall include any amounts owing to the Custodian for reimbursement in respect of payments made to a Hedging Counterparty relating to sums receivable on or in respect of the Collateral) and (ii) the Principal Agent for reimbursement in respect of any payment made to Instrumentholders or to a Clearing Agent on behalf of such holders;
- (c) thirdly, *pro rata* in payment of any amounts owing to the Instrumentholders; and
- (d) fourthly, in payment of the balance to the Issuer,

such ranking a “**Hedging Counterparty Priority Basis**”[.][.]

***[Insert if “Hedging Counterparty Priority Default Flip” shall apply:*** PROVIDED THAT, if the realisation or enforcement of the Series Assets pursuant to the Series Instrument has arisen as a result of any event of default (as defined in a Hedging Agreement) relating to any Hedging Counterparty, then the Trustee shall apply all moneys received by it under the provisions of the Series Instrument:

***[Insert if “Instrumentholder Pari Passu Basis” shall apply:*** The Trustee shall apply all moneys received by it in the following order:

- (a) first, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts incurred by or payable to the Trustee or any receiver under or pursuant to the Series Instrument;
- (b) secondly, in payment of any amounts owing to the Principal Agent for reimbursement in respect of any payment made to Instrumentholders or to a Clearing Agent on behalf of such holders;
- (c) thirdly, *pro rata* in payment of any amounts owing to the Hedging Counterparty under the Hedging Agreement (which shall include any amounts owing to the Custodian for reimbursement in respect of payments made to a Hedging Counterparty relating to sums receivable on or in respect of the Collateral) and the Instrumentholders; and

		<p>(d) fourthly, in payment of the balance to the Issuer, such ranking an “<b>Instrumentholder Pari Passu Basis</b>”]</p> <p><b>[Insert if “Instrumentholder Priority Basis” shall apply:</b> The Trustee shall apply all moneys received by it in the following order:</p> <p>(a) first, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts incurred by or payable to the Trustee or any receiver under or pursuant to the Series Instrument;</p> <p>(b) secondly, in payment of any amounts owing to the Principal Agent for reimbursement in respect of any payment made to the Instrumentholders or to a Clearing Agent on behalf of such holders;</p> <p>(c) thirdly, <i>pro rata</i> in payment of any amounts owing to the Instrumentholders;</p> <p>(d) fourthly, <i>pro rata</i> in payment of any amounts owing to the Hedging Counterparty under the Hedging Agreement (which shall include any amounts owing to the Custodian for reimbursement in respect of payments made to a Hedging Counterparty relating to sums receivable on or in respect of the Collateral); and</p> <p>(e) fifthly, in payment of the balance to the Issuer, such ranking an “<b>Instrumentholder Priority Basis</b>”]</p> <p><b>Negative Pledge/Restrictions</b></p> <p>There is no negative pledge. However, for so long as any of the Instruments remain outstanding, the Issuer will not, without the prior written consent of the Trustee, incur any indebtedness for moneys borrowed or raised other than in respect of secured securities or debt subject to equivalent enforcement and limited recourse provisions to the Instruments, engage in any activity other than certain activities related to the Instruments or such permitted securities or debt, have any subsidiaries or employees, purchase, own or otherwise acquire any real property, or consolidate or merge with any other person or issue any shares.</p>
C.9	Interest/ Redemption	<p>See item C.8 above for information on rights attaching to the Instruments.</p> <p><b>Interest</b></p> <p>The Instruments [are zero coupon Instruments] [bear interest at a [fixed rate][floating rate] from the Interest Commencement Date] [bear interest at a [fixed rate][floating rate] from the Interest Commencement Date to the [•] Interest Rate Switch Date] [and] [bear interest at a [fixed rate][floating rate] from the [•] Interest Rate Switch Date to the [•] Interest Rate Switch Date] and shall thereafter until [the Scheduled Maturity Date][•] bear interest at a [fixed rate][floating rate] each] at the applicable Interest Rate, such interest being payable in arrear on each specified Interest Payment Date.</p> <p><i>Interest Rate</i></p> <p><b>[Insert in the case of a Fixed Rate:</b> The Interest Rate for the Instruments [from the [Interest Commencement Date] to the [first] [•] [Interest Rate Switch Date] [Maturity Date] [Scheduled Maturity Date] is [•] per cent. per annum [and] [•]] [from the [first] [•] Interest Rate Switch Date to the [[•] Interest Rate Switch Date] [Maturity Date] [Scheduled Maturity Date] [•] is</p>

C.10	Derivative component in the interest payment	[Not applicable. The Instruments do not have a derivative component in the interest payment.][if “ <b>Structured Floating Rate (Inflation Index Linked Rate)</b> ” is applicable: Applicable. The interest payment in respect of the Instruments is linked to the performance of an index.] [if “ <b>Bonus Interest Rate</b> ” is applicable: The payment of additional bonus interest in respect of the Instruments is linked to the performance of an exchange rate.] See item C.9 above for information on interest and redemption.						
C.11	Trading of securities	[Application [has been made][is expected to be made] for the Instruments of the Series to be listed on [the official list of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange] [•][with effect from the Issue Date or thereabouts.] [The Instruments are not listed.] <p>There cannot be any guarantee that admission to listing or trading on the [regulated market of the Luxembourg Stock Exchange] [•] will be obtained</p>						

		or, if so obtained, will be maintained for the life of the Instruments. Nor can there be any guarantee that the Instruments will be listed on the [regulated market of the Luxembourg Stock Exchange] [•] upon issuance.
C.12	Minimum denomination	The minimum denomination of an issue of Instruments is [•].

#### Section D – Risks

Element	Description of Element	Disclosure requirement
D.2	Key risks specific to the Issuer	Factors which could materially adversely affect the Company and its ability to make payments due under the Series of Instruments include matters of Luxembourg law (such as the Company being structured to be insolvency-remote, not insolvency-proof, changes to the Issuer’s tax position adversely affecting cash flows in connection with the Instruments, and the provisions of the Securitisation Act 2004 providing that Series Assets of a Compartment are only available for the Series Parties of the Series relating to that Compartment), the Instruments being limited recourse obligations (meaning that an Instrumentholder’s claim may be extinguished if there is a shortfall in funds available to meet payments under the Instruments) and related risks and further issues of Instruments by the Issuer.
D.3	Key risks specific to the securities	There are also certain factors which are material for the purpose of assessing the risks associated with the Series of Instruments. These include the fact that such Instruments may not be a suitable investment for all investors (for example if they do not have the requisite knowledge and experience in financial and business matters to evaluate the merits and risks of an investment in the Issuer in context of their financial position or are not capable of bearing the economic risk of an investment in the Issuer for an indefinite period of time), [any Hedging Agreement (for example its possible early termination in various circumstances which would result in the cancellation of the Instruments) and the related credit exposure to the Hedging Counterparty,] credit exposure to each Collateral Obligor [and each Collateral Guarantor] [and each Collateral Support Provider] (as this will affect the value of the Collateral held as security for the Instruments), [exposure to the performance of the Index,] [exposure to the performance of the Exchange Rate,] early cancellation of the Instruments which may lead to a loss of investment, fluctuations and decreases in the market value of the Instruments and the market value of the Collateral which will also affect the value of the Instruments and the amounts paid on any cancellation of the Instruments, [amounts payable by the Issuer to the Hedging Counterparty under the Hedging Agreement will include an Option Premium which will significantly reduce the amounts payable to Instrumentholders under the Instruments,] tax risks (for example that if any withholding or deduction for taxes is required, the Issuer may redeem all the Instruments), that no secondary market may exist for the Instruments meaning that investors may not be able to realise their investment prior to maturity and business relationships between the parties to the Instruments, [the rating will not necessarily be the same as any rating assigned to any Instruments already issued,] conflicts of interest which may adversely affect the value of the Instruments[, that following the occurrence of a Replacement Event the Hedging Counterparty may elect in its sole and absolute discretion to the replace the party acting in the capacity of Trustee at that time with a replacement trustee selected by the Hedging Counterparty] and that although Instruments will have the benefit of security interests over all the Series Assets of the Compartment, the Securitisation Act 2004 provides that the Series Assets for the Series of Instruments are available to meet only the claims of the Series Parties for the Series. If the Series Assets are not sufficient to discharge all payments obligations of the Issuer in

		<p>accordance with the applicable priority of payments, Instrumentholders may lose their entire investment.</p> <p>All payments in respect of the Instruments will be subject in all cases to (i) any applicable fiscal or other laws, regulations and directives and (ii) any withholding or deduction required pursuant to FATCA or to an agreement described in Section 1471(b) of the United States Internal Revenue Code of 1986 or otherwise imposed pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto (a “<b>FATCA Withholding</b>”).</p> <p>The Issuer shall not be liable for or otherwise obliged to pay, and the relevant Instrumentholder shall be liable for and/or pay, any tax, duty, charge, withholding or other payment whatsoever which may arise as a result of, or in connection with, the ownership, any transfer and/or any payment in respect of the Instruments, including without limitation pursuant to FATCA. The Issuer shall have the right, but shall not be obliged (unless obliged under FATCA or other law), to withhold or deduct from any amount payable to the Instrumentholder, such amount or portion as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.</p>
--	--	--

#### Section E – Offer

Element	Description of Element	Disclosure requirement
E.2b	Reasons for the offer and use of proceeds	The net proceeds from the Instruments will be used to acquire the Collateral in respect of the Instruments, [to pay for, or enter into, any Hedging Agreement(s) in connection with such Instruments] and to pay expenses in connection with the administration of the Company or the issue of the Instruments.
E.3	Terms and conditions of the offer	<p>The offer to invest in the Instruments is made from [•] to [•]. The [maximum and] minimum amount of application is [up to][•] and [•], respectively]. [Offers may be made in [(give details) [(the “<b>Public Offer Jurisdiction</b>”)][(each a “<b>Public Offer Jurisdiction</b>”)]. Payments by investors in respect of the purchase of the Instruments shall be made by [the Issue Date][•]. The results of the offer [will be][are expected to be] published in [•] on [•][and will be filed with the CSSF in accordance with Article 10 of the Prospectus Act 2005 in each case on or around the Issue Date]. The Global Instruments will be delivered to the relevant clearing system no later than on the Issue Date.</p> <p>The Instruments will be offered at [•] [the Issue Price ([•] per Instrument)] (the “<b>Offer Price</b>”).</p>
E.4	Material interests in the offer	<p>[Not Applicable. There are no material interests with respect to the issue and/or offer of Instruments (including any conflicting interests).] [The following constitute material interests with respect to the issue and/or offer of Instruments: [•]</p> <p>[Deutsche Bank AG, London Branch of Winchester House, 1 Great Winchester Street, London EC2N 2DB (the “<b>Arranger</b>”) has offered the Instruments to [•] ([each a][the] “<b>Distributor</b>”) at a price (the “<b>Re-offer Price</b>”) per Instrument of [[•] per cent.] [between [•] per cent. and [•] per cent. of the Issue Price, a discount to the Issue Price equivalent to a maximum yearly fee of approximately [•] per cent. per annum thereon and which will be determined by the Arranger and the Distributor at the end of the Offer Period</p>

		<p>in accordance with market conditions during the Offer Period].</p> <p>The Re-offer Price reflects the discount on the Offer Price granted by the Arranger to the Distributor on the sale of the Instruments to the Distributor in satisfaction of the distribution-related fee agreed between the Arranger and the Distributor. Further information on the Re-Offer Price is available from [Deutsche Bank AG] [•].]</p>
E.7	Estimated expenses	[Not Applicable - No expenses will be specifically charged to purchasers of Instruments by the Issuer.][A subscription fee of [up to][•] shall be payable by purchasers of Instruments to [•]].

## RISK FACTORS

*There are risks associated with an investment in Instruments. Investors should ensure that they understand fully the nature of the Instruments, as well as the extent of their exposure to risks associated with an investment in the Instruments and should consider the suitability of an investment in the Instruments in light of their own particular financial, fiscal and other circumstances.*

*The Company believes that the factors described below represent the principal risks inherent in investing in Instruments issued under the Programme, but a decline in the value of, or the payments due under, the Instruments and/or the inability of the Company to pay amounts on or in connection with any Instruments may occur for other reasons. The Company does not represent that the statements below regarding the risks of holding Instruments are exhaustive. To evaluate the merits and the risks of an investment in the Instruments, investors should conduct such independent investigation and analysis as they deem appropriate, on the terms of the Instruments, the Company, the Series Assets, the Collateral, the security arrangements, any Hedging Counterparty, any Hedging Agreement, any Index, any applicable Exchange Rate or other agreement entered into by the Company in respect of the Instruments. Investors should also consider all other relevant market and economic factors, and their own personal circumstances. Investors should read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. The Company, the Arranger, the Custodian and the Trustee disclaim any responsibility to advise of the risks and investment considerations associated with the purchase of the Instruments as may exist at the date of this Base Prospectus or from time to time thereafter. The Instruments are not guaranteed by the Arranger, any Purchaser or any of their respective affiliates and none of the Arranger, any Purchaser and any of their respective affiliates has or will have any obligations in respect of the Instruments. The Instruments will represent secured limited recourse obligations of the Company only. The ranking relating to the relevant Series of Instruments will be one of Hedging Counterparty Priority Basis, Hedging Counterparty Priority Default Flip, Instrumentholder Pari Passu Basis or Instrumentholder Priority Basis.*

### **A. Risk Factors relating to the Company**

#### **1. Securitisation Act 2004 and Compartments**

The Company is established as a *société anonyme* (public liability limited company) within the meaning of the Securitisation Act 2004. This means that claims against the Company by holders of each Series of Instruments will be limited to the net assets of the relevant Series included in the relevant Compartment. Further, under the Securitisation Act 2004, the proceeds of the Series Assets for each Series are available only for distribution to the specified Instrumentholders and other creditors relating to such Series (each such party, a “**Series Party**”). A creditor of the Company may have claims against the Company in respect of more than one Series, in which case the claims in respect of each individual Series will be limited to the Series Assets relating to such Series only. Assets held in different Compartments of the Company are deemed to be assets of separate entities for the purpose of creditors. The Board of the Company may establish one or more compartments (together, the “**Compartments**” and each, a “**Compartment**”). Each Compartment is a separate and distinct part of the Company’s estate (*patrimoines*) which may be distinguished by the nature of acquired risks or assets, the Conditions of the Instruments issued in relation to the Compartment, and the reference currency or other distinguishing characteristics. The specific objects of each Compartment and the Conditions of the Instruments issued in respect of it shall be determined by the Board. Each Instrumentholder shall be deemed to fully adhere to, and be bound by, the Conditions applicable to the relevant Instruments and the Articles.

Subject as may be specified in the Articles and to any particular rights or limitations for the time being attached to any Instruments, including, without limitation, the relevant Conditions, if the net assets of a Compartment are liquidated, the proceeds of liquidation shall be applied in the order set out in the Conditions.

The rights of Instrumentholders issued in respect of a Compartment and the rights of creditors are limited to the assets of that Compartment, where these rights relate to that Compartment or have arisen at the occasion of the constitution, the operation or the liquidation of the relevant Compartment. The assets of a Compartment are, in principle, available only to satisfy the rights of Instrumentholders issued in relation to that Compartment and the rights of creditors whose claims have arisen at the occasion of the constitution, the operation or the liquidation of that Compartment.

Fees, expenses and other liabilities incurred on behalf of the Company but which do not relate specifically to any Compartment may, under certain circumstances, be payable out of the assets allocated to Compartments. The Board shall ensure, to the extent possible (although there is no guarantee that the Board will be able to achieve this), that creditors of such liabilities expressly waive recourse to the assets of any Compartment.

The Board shall establish and maintain separate accounting records for each of the Compartments of the Company for the purposes of ascertaining the rights of holders of Instruments issued in respect of each Compartment for the purposes of the Articles and the Conditions, and such accounting records shall be conclusive evidence of such rights in the absence of manifest error.

The assets of each Compartment (the “**Series Assets**”) may include the proceeds of the issue of the Instruments of the relevant Series, the Collateral, any relevant Hedging Agreement, any Hedging Collateral and any proceeds from the relevant Hedging Agreement. The fees, costs and expenses in relation to the Instruments of each Series are allocated to the Compartment relating to the relevant Series in accordance with the relevant Conditions and the Articles. Instrumentholders of a Series will have recourse only to the Series Assets relating to the relevant Series.

## 2. **Limited Recourse**

The rights of Instrumentholders of any Series issued in respect of, and allocated to, each Compartment to participate in the assets of the Issuer or the Company is limited to the Series Assets relating to such Series. If the payments received by the Issuer in respect of the Series Assets are not sufficient to make all payments due in respect of the Instruments, the obligations of the Issuer in respect of the Instruments of that Series will be limited to such Series Assets, as specified in the relevant Conditions. Following application of the proceeds of realisation of the relevant Series Assets in accordance with the relevant Conditions, the claims of the relevant Instrumentholders, any relevant Hedging Counterparties and any other Series Parties for any shortfall shall be extinguished and the relevant Instrumentholders, any relevant Hedging Counterparties and the other Series Parties (and any person acting on behalf of any of them) may not take any further action to recover such shortfall. Failure to make any payment in respect of any such shortfall shall not constitute an event of default under the relevant Conditions, and any shortfall shall be borne by the Instrumentholders, any Hedging Counterparty and any other Series Party of the relevant Series according to the priorities specified in the relevant Conditions. As Instrumentholder, you will rank behind the Trustee in priority in relation to the receipt of any proceeds of the realisation or enforcement of the Series Assets and you may also rank either behind, or *pari passu* with, any relevant Hedging Counterparties even where, if so specified in the relevant Final Terms, the realisation or enforcement of the Series Assets has arisen as a result of an event of default (as defined in the relevant Hedging Agreement) relating to such Hedging Counterparty. The ranking of the Instrumentholders in relation to the Hedging Counterparty will be specified in the relevant Final Terms.

Instrumentholders should be aware that, in the event of a shortfall, (i) the Company shall be under no obligation to pay, and the other assets (if any) of the Company including, in particular, assets securing other Series of Instruments will not be available for payment of, such shortfall, (ii) all claims in respect of such shortfall shall be extinguished and (iii) the Trustee, the Instrumentholders and any counterparty of the Issuer in respect of such Series of Instruments shall have no further claim against the Issuer or the Company in respect of such unpaid amounts.

To give effect to the provisions of the Securitisation Act 2004 under which the Series Assets of a Compartment are available only for the Series Parties for the relevant Series relating to that Compartment, the Issuer will seek to contract with parties on a “limited recourse” basis such that claims against the Issuer in relation to each Series would be restricted to the Series Assets of the Compartment for the relevant Series. In addition, the Issuer will seek to contract with parties on a “non-petition” basis. Provided such parties have agreed a non-petition clause, no such party will be able to petition or take any other step for the winding-up, the liquidation or the bankruptcy of the Company or any other similar insolvency related proceedings.

However, there is no guarantee that the Issuer will be able to contract on a limited recourse and non-petition basis with respect to all agreements that the Issuer may enter into from time to time in relation to any particular Series. There may be creditors whose claims are preferred by law.

The Series Assets relating to one or more Compartments may be subject to claims by creditors other than the relevant Series Parties for the relevant Series, resulting in a shortfall in the amounts available to meet the claims of the relevant Series Parties.

Investors may be exposed to competing claims of other creditors of the Company, the claims of which have not arisen in connection with the creation, the operation or the liquidation of a Compartment, if foreign courts which have jurisdiction over assets of the Company allocated to a Compartment do not recognise the segregation of assets and the compartmentalisation, as provided for in the Securitisation Act 2004. The claims of these other creditors may affect the scope of assets which are available for each Instrumentholder and those of the Series Parties. If, as a result of such claims, a shortfall arises, such shortfall will be borne by the Instrumentholders and the Series Parties.

The Issuer will seek to contract with all creditors (including the Instrumentholders) that they agree not to initiate proceedings against the Issuers which are based on article 98 of the Luxembourg act dated 10 August 1915 on commercial companies, as amended.

### **3. Allocation of Liabilities Among All Instrumentholders**

Any liability which is not a Series-specific liability (a liability that does not relate to any Compartment in respect of which any Series of Instruments is issued) which is not otherwise funded may be apportioned between the Series. The apportionment of such liability will reduce the return that would otherwise have been payable on such Instruments. The Issuer will seek to contract with all counterparties on a limited recourse basis such that claims in respect of any liability which is not Series-specific may not be made in respect of the Series Assets of any Compartment.

### **4. Consequences of Winding-up Proceedings**

The Company is structured to be an insolvency-remote vehicle. The Company will seek to contract only with parties who agree not to make any application for the commencement of winding-up, liquidation or bankruptcy or similar proceedings against the Company. Legal proceedings initiated against the Company in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court. However, if the Company fails for any reason to meet its obligations or liabilities, a creditor who has not (and cannot be deemed to have) accepted non-petition and limited recourse provisions in respect of the Company is entitled to make an application for the commencement of insolvency proceedings against the Company. In that case, such creditor should not have recourse to the assets of any Compartment but would have to exercise his rights over the general assets of the Company, unless his rights arise in connection with the “creation, operation or liquidation” of a Compartment, in which case the creditor would have recourse to the assets allocated to that Compartment but not to the assets of any other Compartment. Furthermore, the commencement of such proceedings may, in certain conditions, entitle creditors (including Hedging Counterparties) to terminate contracts with the Company and claim damages for any loss suffered as a result of such early termination. The Company is insolvency-remote, not insolvency-proof.

### **5. Fees and Expenses**

Instrumentholders should note that, in relation to a Series of Instruments, fees and expenses (including fees payable to the Arranger, the Trustee and/or, unless otherwise stipulated, any Hedging Counterparty) as set out in the relevant Conditions, may rank senior to payments of principal and interest on the Instruments.

## **B. Risk Factors relating to the Instruments**

### **1. General**

**INSTRUMENTHOLDERS SHOULD BE FULLY AWARE OF THE GENERAL CONDITIONS (INCLUDING, FOR THE AVOIDANCE OF DOUBT, THE PROVISIONS ON LIMITED RECOURSE, SUBORDINATION AND NON-PETITION AND GENERAL CONDITIONS 7, 11, 12 AND 13) AND THE RELEVANT FINAL TERMS RELATING TO THE INSTRUMENTS.**

The discussion below is of a general nature and is intended to describe various risk factors associated with an investment in any Instruments issued under the Programme. What factors will be relevant to the Instruments will depend upon a number of inter-related matters including, but not limited to, the nature of the Instruments, the Series Assets and, if applicable, the Collateral and any Hedging Agreement.

Any payment by the Issuer in respect of the Instruments is dependent upon the receipt by the Issuer of payments from the Collateral and any Hedging Agreement entered into or acquired by the Issuer with the proceeds of issue of the relevant Series of Instruments as described in the relevant Conditions. Such payments may be restricted under their terms with the result that any return on the Instruments will be similarly restricted.

More than one risk factor may have simultaneous effect with regard to the Instruments such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given as to the effect that any combination of risk factors may have on the value of the Instruments.

### **2. Market Factors**

#### **2.1 Exchange Rates**

An investment in the Instruments may involve exchange rate risks. For example:

- (i) the Instruments may be denominated in a currency other than the currency of the Collateral. In such circumstances the Calculation Agent will be responsible for determining the exchange rate applicable when calculating the correct amount of Collateral corresponding to the Instruments on the Issue Date and any Early Termination Amount payable on an early termination of the Instruments;
- (ii) the Instruments may be denominated in a currency other than the currency of an investor's home jurisdiction; and/or
- (iii) the Instruments may be denominated in a currency other than the currency in which an investor wishes to receive funds.

Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Instruments.

Where "Bonus Interest Rate" is specified as Applicable in the relevant Final Terms, the payment of any Bonus Interest Amount on an Interest Payment Date will be determined by reference to the level of a specified Exchange Rate on a specific Observation Date in respect of the relevant Interest Period. Where the level of the relevant Exchange Rate on the relevant Observation Date is not above, below or at, as applicable, the threshold required by the relevant Final Terms, no additional Bonus Interest Amount will be payable to Instrumentholders, who will only receive an amount in respect of fixed interest (if any) on such Interest Payment Date, as provided for in the relevant Final Terms. Potential investors should be prepared to not receive any additional Bonus Interest Amounts in respect of the Instruments and should be aware that this would be likely to adversely impact the market value of the Instruments.

In addition, the level of the Exchange Rate used to determine the payment of any additional Bonus Interest Amount is subject to the determination by the Calculation Agent, acting in good faith and a commercially reasonable manner, that a Market Disruption, Adjustment Event and/or Adjustment/Termination Event has occurred pursuant to General Condition 23 (*Market Disruption and non-Trading Day*) and General Condition 24 (*Adjustment Events and Adjustment/Termination Events*). Accordingly, where "Bonus Interest Rate" is specified as Applicable in the relevant Final Terms, potential investors should review General Condition 23 (*Market Disruption and non-Trading Day*) and General Condition 24 (*Adjustment Events and Adjustment/Termination Events*) carefully to determine the effect this may have on the Instruments.

If any determination(s) of the Calculation Agent in respect of any day and the Exchange Rate is delayed pursuant to General Condition 23 (*Market Disruption and non-Trading Day*) and General Condition 24 (*Adjustment Events and Adjustment/Termination Events*) then, for the avoidance of doubt, such day will itself also be deemed to be delayed in the same manner as such determination(s) and by reference to the Exchange Rate, until the day on which each relevant delayed determination for the Exchange Rate has been made. Where the Interest Payment Date falls on a date prior to the determination of the Exchange Rate, payment of the Bonus Interest Amount (if any) shall be delayed until such determination has been made, provided that the Bonus Threshold is determined to have been satisfied in respect of the relevant Interest Period.

In circumstances where the Calculation Agent is not able to determine or effect an appropriate adjustment with respect to an Adjustment/Termination Event in a commercially reasonable manner:

- (i) if the relevant Final Terms specify that "Early Redemption on Adjustment/Termination Event" is Applicable, each of the Instruments will be cancelled early at its Early Termination Amount, which may be less than the amount invested by Instrumentholders; or
- (ii) if the relevant Final Terms specify that "Early Redemption on Adjustment/Termination Event" is Not Applicable, the Bonus Interest Amount for the relevant Interest Period shall be zero. If the Calculation Agent is unable to determine an appropriate adjustment for a prolonged period, investors should be aware that the Bonus Interest Amount may be zero for successive Interest Periods. As a result, investors may not receive additional bonus interest on the Instruments for the duration of this period, which could be until the Maturity Date of the Instruments.

Information with respect to the Exchange Rate may be available from publicly available sources, but no representation is made with respect thereto by any Series Party. Further, the historical level of the Exchange Rate does not indicate the future level of the Exchange Rate.

The occurrence of any Adjustment Event or Adjustment/Termination Event may have the result that the Hedging Counterparty is either not able to continue to perform its obligations under the Hedging Agreement or to maintain its Hedging Arrangements or will incur increased costs, taxes, or expenses in so doing and/or the Issuer is not able to continue to perform its obligations under the Instruments, and such impracticality or increased costs, taxes, or expenses have not been reflected in the pricing of the Instruments. As a result the Calculation Agent shall be entitled to make adjustments to the Conditions or to substitute a currency comprising the Exchange Rate as set out in General Condition 24.2 (*Consequences of an Adjustment Event*) and General Condition 24.4 (*Consequences of an Adjustment/Termination Event*), or following the occurrence of any Adjustment/Termination Event as set out in General Condition 24.4 (*Consequences of an Adjustment/Termination Event*) (i) if “Early Redemption on Adjustment/Termination Event” is specified as Applicable in the relevant Final Terms, to cancel and terminate the Instruments or (ii) if “Early Redemption on Adjustment/Termination Event” is specified as Not Applicable in the relevant Final Terms, to deem the Bonus Interest Amount for the relevant Interest Period to be zero.. **This is part of the economic risk Instrumentholders bear when investing in the Instruments and the basis on which the Instruments are priced.**

## 2.2 Interest Rates

Interest rates are determined by factors of supply and demand in the international money markets which are influenced by macro economic factors, speculation and central bank and government intervention. Fluctuations in short term and/or long term interest rates may affect the value of the Instruments. Fluctuations in interest rates of the currency in which the Instruments are denominated may affect the value of the Instruments.

In the case of floating rate Instruments linked to EURIBOR, LIBOR or CMS, investors are exposed to such fluctuations. The underlying interest rate could decline over the term of the Instruments. As a result, the market value of the Instruments could decline and investors might only be able to receive a return on the Instruments equal to any Minimum Interest Rate as specified in the applicable Final Terms or, where no Minimum Interest Rate is so specified, investors may receive no return on the Instruments. It cannot be predicted whether, in the case of floating rate Instruments, the underlying interest rate, on any relevant Interest Determination Date, will be higher than any Minimum Interest Rate. Investors should therefore be prepared to receive an interest return on their Instruments which may be equal to the Minimum Interest Rate or, where no Minimum Interest Rate is so specified, zero for the whole term of the Instruments.

Investors should also be aware that, in situations where the Instruments are redeemed early, if accrued interest is specified in the applicable Final Terms as being paid in addition to the Early Termination Amount and the Interest Determination Date falls after the start of an Interest Period, the Interest Rate for the applicable Early Termination Interest Period may (as specified in the relevant Final Terms) either be zero or be determined by the Calculation Agent, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, at the time of cancellation by reference to, among other things, the expected Relevant Rate, or Second Index Level (as applicable) that would have been published on or around the next Interest Determination Date. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

If the Interest Rate is specified as a “Structured Floating Rate (Inflation Index Linked Rate)”, then the Index will be an inflation index. Instruments linked to an inflation index pay a return calculated by reference to the value of such inflation index. An investment in Instruments linked to an inflation index will entail significant risks not associated with an investment in a conventional debt security. Investors in such Instruments should be aware that the level of the applicable Index may fail to be published or announced and that the Instruments are subject to adjustment provisions as provided in General Condition 22 (*Index Adjustment Provisions*) which allow, amongst other things, for the Calculation Agent to determine a substitute Index level, designate an appropriate alternative replacement Index and make certain adjustments to the terms of the Instruments. In such circumstances the Interest Rate applicable to the Instruments may be less than previously anticipated and may negatively affect the value of the Instruments. If the Calculation Agent determines that there is no appropriate alternative index and if the relevant Final Terms specify that “Early Redemption on Cessation of Publication” is Applicable, each of the Instruments will be cancelled early at its Early Termination Amount or if the relevant Final Terms specify that “Early Redemption on Cessation of Publication” is Not Applicable, the Inflation Rate for the relevant Interest Period shall be deemed to be zero. If the relevant Final Terms specify that “Early Redemption on Cessation of Publication” is Not Applicable and the Calculation Agent is unable to determine an appropriate alternative inflation index for a prolonged period, investors should be aware that

the Inflation Rate may be deemed to be zero for successive Interest Periods. As a result, investors may not receive a return on the Instruments for the duration of this period, which could be until the Maturity Date of the Instruments.

In the case of Instruments in respect of which the relevant Final Terms specify that “Interest Component Adjustment” is Applicable, the Calculation Agent in its reasonable discretion may determine an adjustment to any one or more of the initial Interest Rate, the Margin, any applicable Minimum Interest Rate, any applicable Maximum Interest Rate or the Leverage Factor, as specified in the applicable Final Terms, in accordance with its normal pricing methodology on each specified Interest Component Adjustment Date. In such circumstances, the Calculation Agent shall determine any adjustment to such component(s) by reference to such prevailing market conditions as it determines appropriate on the relevant Interest Component Adjustment Date which may, in particular, include the value and volatility of the Collateral, credit spreads on each issuer or obligor of the Collateral and the level of interest rates and interest rate swap rates, all as of the relevant Interest Component Adjustment Date. There are a number of market conditions and factors that may affect the determination of the Interest Rate, including the value and volatility of the Collateral on the applicable Interest Component Adjustment Date. None of the Issuer, the Arranger and the Calculation Agent gives any assurance as to the market conditions prevailing on the applicable Interest Component Adjustment Date and consequently as to what the level of the Interest Rate will be. Following adjustment of any component of and/or of the Interest Rate, the Issuer shall cause a notice of the Interest Rate to be published on the website of the relevant Purchaser and, in relation to Instruments that are listed on the Luxembourg Stock Exchange, published on the website of the Luxembourg Stock Exchange (*www.bourse.lu*), in each case no later than the first Business Day following the applicable Interest Component Adjustment Date.

In the case of a Structured Floating Rate (Inflation Index Linked Rate), the Interest Rate used to calculate the Interest Amount payable in respect of the Instruments is linked to the level of the relevant Index and accordingly the return on the Instruments is also dependent on the performance of the relevant Index. The historical performance of the relevant Index is not an indication of future performance.

Where a Minimum Interest Rate applies in the relevant Final Terms, potential investors should also consider that where the underlying interest rate does not rise above the level of the Minimum Interest Rate, comparable investments in instruments which pay interest based on a fixed rate which is higher than the Minimum Interest Rate are likely to be more attractive to potential investors than an investment in the Instruments. In such circumstances, investors in the Instruments might find it difficult to sell their Instruments on the secondary market (if any) or might only be able to realise the Instruments at a price which may be substantially lower than their outstanding nominal amount.

To the extent a Maximum Interest Rate applies in the relevant Final Terms, investors should be aware that the Interest Rate is capped at such Maximum Interest Rate level. Consequently, investors may not participate in any increase of market interest rates which may also negatively affect the market value of the Instruments.

Where the following are applied in the relevant Final Terms:

- **Structured Floating Rate (Range Accrual):** investors should carefully consider the Minimum Range Percentage and the Maximum Range Percentage as the Interest Amount depends on the Relevant Rate falling within such range. Investors may negatively be affected by fluctuations of the Relevant Rate above the Maximum Range Percentage and below the Minimum Range Percentage.
- **Leverage Factor:** in respect of each relevant Interest Period, any fluctuation of the underlying floating rate will be amplified by the leverage factor. This may adversely affect the return on the Instruments.
- **Structured Floating Rate (SD1 – SD2):** investors are exposed to the risk that the applicable Benchmark Rate for one Specified Duration converges to the applicable Benchmark Rate for a second Specified Duration. Investors should carefully consider whether they are able to evaluate such risk and whether such risk profile fits their investment objectives when investing in the Instruments.
- **Structured Floating Rate (Aggregate Benchmark Rate):** the Interest Rate will comprise two different Benchmark Rates which may not move in the same directions. Hence, investors should take a view in respect of both Benchmark Rates and assess the risk related to each Benchmark Rate and the correlation between the two rates.

Information with respect to the underlying interest rate (including any applicable Index) may be available from publicly available sources, but no representation is made with respect thereto by any Series Party. Further, the historical level of the underlying does not indicate the future level of the underlying interest rate (or any applicable Index, as the case may be).

## 2.3 Market Value

The market value of the Instruments during their term depends primarily on the level and the volatility (if any) of the underlying interest rate (including any applicable Index and/or Exchange Rate) and the performance of the Collateral and the Hedging Agreement and, in respect of any Interest Amounts payable, the level of interest rates for instruments of comparable maturities.

The level of market volatility is not purely a measurement of the actual volatility, but is largely determined by the prices for instruments which offer investors protection against such market volatility. The prices of these instruments are determined by forces of supply and demand in the options and derivative markets generally. These forces are, themselves, affected by factors such as actual market volatility, expected volatility, macroeconomic factors and speculation.

If the performance and/or creditworthiness of the Collateral and/or the Hedging Counterparty changes in such a way as would reduce the likelihood of receiving any Interest Amount or the relevant Redemption Amount and/or there is a market perception that the performance and/or creditworthiness of the Collateral and/or the Hedging Counterparty is likely to change in this way during the remaining life of the Instruments, all other factors being equal, the market value of the Instruments will fall under normal conditions.

Investors should note that the market value of the Instruments can fall below their Specified Denomination.

Other factors which may influence the market value of the Instruments include changes in market expectations regarding the future performance of the underlying interest rate or performance and/or creditworthiness of the Collateral and/or the Hedging Counterparty and/or the Instruments. Volatility will be affected by a wide range of factors, including economic, political and market conditions. Accordingly, investors should note that they could lose part or all of their invested capital if they try to sell the Instruments prior to their maturity.

Where Structured Floating Rate (Inflation Index Linked Rate) is applied in the relevant Final Terms, the level of the relevant Index may be subject to significant and unforeseeable fluctuations that may not correlate with general changes in interest rates, currencies or other indices. Potential investors should also note that the Instruments are subject to adjustment provisions as provided in General Condition 22 (*Index Adjustment Provisions*) which allow, amongst other things, for the Calculation Agent to determine a substitute Index level, designate a replacement Index and make adjustments to the Index and/or the terms of the Instruments. Such fluctuations and the ability of the Calculation Agent to take such action may affect the value of the Instruments.

If, following the purchase of the Instruments, the market value of the Instruments falls below the purchase price paid for the Instruments, investors should not expect the market value of the Instruments to increase to or above the purchase price paid by the investor during the remainder of the term of the Instruments.

## 3. Collateral and Series Assets

### 3.1 Collateral

**3.1.1 Market value of the Collateral:** Instrumentholders may be exposed to fluctuations in the market value of the Collateral. The Early Termination Amount payable to each Instrumentholder upon an early redemption in whole or in part of the Instruments is calculated by reference to the market value of the Collateral. The market value of each Collateral Item will generally fluctuate with, among other things, the liquidity and volatility of the financial markets, general economic conditions, domestic and international political events, developments or trends in a particular industry and the financial condition of each issuer and obligor of the Collateral Item. In the case of a Collateral Item comprising a structured interest rate bond, the market price of the Collateral Item may also depend on market interest rates in comparison to the structured interest rate payable under the Collateral Item. Although the interest payment in respect of the Collateral may be exchanged against the interest payment required under the Instruments pursuant to the Hedging Agreement (if any), potential investors should analyse the interest amount payable under the terms of each Collateral Item and any potential negative effect in the case of changes to market interest rates.

Where any Collateral Item is accelerated on default, the Instruments will be subject to early redemption in whole or in part in accordance with the relevant Conditions. In this case, the market value of the Collateral Item shall be deemed to be equal to the principal redemption proceeds received by or on behalf of the Issuer in respect of such Collateral Item.

**POTENTIAL INVESTORS SHOULD BE PREPARED THAT THE EARLY TERMINATION AMOUNT PAYABLE IN THE EVENT OF A REDEMPTION OF THE INSTRUMENTS PRIOR TO THE MATURITY DATE OR, AS THE CASE MAY BE, THE SCHEDULED MATURITY DATE MAY BE SUBSTANTIALLY LOWER THAN THE OUTSTANDING NOMINAL AMOUNT OF THE INSTRUMENTS AND MAY BE ZERO.**

3.1.2 **Early redemption for Collateral default:** If any Collateral Item in respect of a Series of Instruments becomes repayable or becomes capable of being declared due and payable prior to its stated date of maturity, or if there is a payment default in respect of any Collateral Item, the Issuer may be required to redeem such Instruments in whole or in part on the basis set out in General Condition 7.3 (*Mandatory cancellation*). The amount payable to Instrumentholders will be calculated and distributed in accordance with the relevant Conditions and may be less than the amount invested.

3.1.3 **Credit risk of Hedging Counterparty following redemption of the Collateral:** In certain circumstances some or all of the Collateral in respect of a Series may redeem prior to the Maturity Date of the Instruments.

If “Collateral Put/Call Redemption Event” is specified as Applicable in the relevant Final Terms and the Collateral Item has redeemed in accordance with its terms at the option of the issuer or obligor of the Collateral Item, the Issuer shall redeem the Instruments in whole or in part on the basis set out in General Condition 7.3 (*Mandatory Cancellation*). The amount payable to Instrumentholders will be calculated in accordance with the relevant Conditions and may be less than the amount invested.

If “Amortisation” is specified as Applicable in the relevant Final Terms and a Collateral Item has redeemed on its scheduled maturity date in accordance with its terms, the Issuer shall redeem the Instruments in whole or in part on the basis set out in General Condition 7.9 (*Amortisation*). The amount payable to Instrumentholders will be equal to the principal amount received by the Issuer in respect of such Collateral Item plus any interest accrued in respect of the Instruments, in each case as determined by the Calculation Agent.

Instrumentholders should also be aware that if “Collateral Put/Call Redemption Event” or “Amortisation” is not specified as Applicable in the relevant Final Terms, as applicable, the Issuer shall not redeem the Instruments in the above circumstances. In such a scenario the Series Assets of the Instruments will consist only of the remaining Collateral Items (if any) and the Hedging Agreement (if any). Instrumentholders should be aware that in such circumstances there will be an increased exposure to the creditworthiness of the Hedging Counterparty and each issuer and obligor of the remaining Collateral Items, which may adversely affect the ability of the Issuer to make future payments with respect to the Instruments. Instrumentholders should further be aware that, in circumstances where there are no other securities forming part of the Collateral, the remaining amounts to be paid under the Instruments will depend in full upon the performance of the Hedging Counterparty under the Hedging Agreement.

3.1.4 **Multiple Collateral Issue:** where “Multiple Collateral Issue” is specified as Applicable in the relevant Final Terms, the consequences of any Collateral Item becoming repayable or capable of being declared repayable, or there being a payment default in respect of any Collateral Item will be determined in accordance with the relevant Conditions:

- where the relevant Final Terms specify “Separate Collateral Item Default” as Applicable, the Early Termination Amount payable in respect of each Instrument shall be determined by reference to the market value of the relevant Collateral Item and the unwind costs for the *pro rata* termination of the Hedging Agreement (if any), and the outstanding principal amount of each Instrument shall be reduced by an amount equal to its *pro rata* share of the Collateral Item Notional Amount of the relevant Collateral Item and for the purposes of each following Interest Payment Date, interest shall be deemed to accrue on the reduced notional amount of each Instrument as of the immediately preceding Interest Accrual Date.
- where the relevant Final Terms specify “Separate Collateral Item Default” as Not Applicable, the Instruments shall be cancelled in whole and the Early Termination Amount payable in respect of each Instrument shall be determined by reference to the market value of the each and every Collateral Item and the unwind costs for the termination of the Hedging Agreement (if any). In such circumstances, investors should be aware that where

such an event occurs with respect to a single Collateral Item, notwithstanding the performance of the issuers or obligors of every other Collateral Item, the Instruments will redeem in full.

- 3.1.5 **Collateral in relation to Zero Coupon Instruments:** In relation to zero coupon Instruments, since the Instruments will be issued at a discount and the Issuer will receive issue proceeds which are less than the nominal amount of the Instruments, the nominal amount of the Collateral in respect of such Series may be less than the nominal amount of the Instruments. In such circumstances, the amount payable to Instrumentholders upon redemption may be dependent upon the Issuer receiving the final payment under any Hedging Agreement from the Hedging Counterparty and Instrumentholders should be aware that there will therefore be an increased exposure to the creditworthiness of the Hedging Counterparty. In addition, to the extent that the zero coupon Instruments are redeemed early and the Collateral is realised, the Issuer or, as the case may be, the Selling Agent may not be able to realise the Collateral on the secondary market or may only be able to do so at a lower price than the nominal amount of the Instruments (and, if the nominal amount of the Collateral is less than the nominal amount of the Instruments, this is more likely to occur). In such circumstances, Instrumentholders will receive only a *pro rata* share per Instrument of the realisation proceeds in respect of the Collateral and the other Series Assets after the payment of all prior ranking claims. Such amounts may be substantially lower than the Final Redemption Amount of the Instruments and may be zero. Instrumentholders may therefore lose the notional amount accreted until such time in respect of the zero coupon Instruments, may receive substantially less than their initial investment in the zero coupon Instruments and may receive nothing. Investors should also be aware that zero-coupon Instruments tend to be more volatile than interest bearing Instruments and secondary market pricing for such Instruments may fluctuate to a greater extent than secondary market pricing for interest bearing Instruments.
- 3.1.6 **Inflation-Linked Collateral:** In relation to a Series of Instruments where the net proceeds are used to acquire Collateral to comprise the Series Assets which is inflation-linked, since the amount payable on redemption of such Collateral may increase or decrease (depending on the relevant inflation rate) during the life of the Instruments, it is possible that the redemption proceeds of the Collateral could be less than the nominal amount of the Instruments. In such circumstances, the amount payable to Instrumentholders upon redemption may be dependent upon the Issuer receiving the final payment under any Hedging Agreement from the Hedging Counterparty and Instrumentholders should be aware that there will therefore be an increased exposure to the creditworthiness of the Hedging Counterparty.
- 3.1.7 **Collateral consisting of covered bonds:** The Collateral identified in the relevant Final Terms in relation to a Series of Instruments may consist in whole or in part of covered bonds issued by one or more Collateral Obligors. Covered bonds are debt securities issued by an authorised financial institution. Covered bonds are general obligations of the relevant Collateral Obligor but are structured so as to offer holders preferential recourse upon an insolvency of the relevant Collateral Obligor to a pool of assets, such as mortgage loans, public sector loans, shipping loans or commercial loans. The precise structure of the credit enhancement and the recourse and priority that holders of covered bonds may have to the relevant pool of assets can vary and will depend, amongst other things, on the terms and conditions of the covered bonds; and any legislation relating to the issue of covered bonds that may have been adopted in the jurisdiction of the relevant Collateral Obligor (which legislation may not have been tested in a court in that jurisdiction). The value of any such credit enhancement to holders of covered bonds, and therefore to Instrumentholders, depends, amongst other things, on the quality of the underlying pool of assets; whether any other parties (such as any hedging counterparty) rank equally to holders of the covered bonds in payment of amounts due to them upon a default by the relevant Collateral Obligor; whether holders of any other covered bonds issued by the same Collateral Obligor also have access to the underlying pool of assets; and the performance of any third parties such as service providers and hedging counterparties appointed in relation to the covered bonds. Investors should be aware that holders of covered bonds are exposed to the credit risk of all relevant Collateral Obligors, to liquidity risk and to interest rate risk. Investors must inform themselves of the terms of any such Collateral and any applicable laws that may affect the rights of holders of such Collateral prior to making an investment in any such Instruments.

It is usual for the terms of covered bonds to provide that the scheduled maturity date of the covered bonds may be deferred in certain circumstances. In such cases, the relevant Final Terms will provide

that “Collateral Maturity Postponement Adjustment” will apply to the relevant Series of Instruments (investors should refer to paragraphs 3.1.11, 3.1.12 and 3.1.13 below).

- 3.1.8 **Collateral benefiting from a Keepwell Agreement or other Alternative Collateral Support Arrangement:** In relation to any Collateral Item that benefits from a Keepwell Agreement or any other Alternative Collateral Support Arrangement, such Collateral Item will benefit from certain undertakings given by the Collateral Support Provider in relation to such Collateral Item. However, neither the Keepwell Agreement nor any other Alternative Collateral Support Arrangement can be deemed to be a guarantee by the Collateral Support Provider of the payment obligations of the Collateral Obligor. As such, no direct claim may be made against the Collateral Support Provider in respect of the payment obligations of the Collateral Obligor by any person. Further information on Keepwell Agreements and other Alternative Collateral Support Arrangements relating to the Collateral can be found in the section “General Description of the Programme—General Description of the Collateral”.
- 3.1.9 **Exposure to credit risks:** The Instruments will provide exposure, amongst other things, to the credit risk of each of the Issuer, the Hedging Counterparty (if any) and the Collateral, including to the credit risk of each Collateral Obligor, Collateral Guarantor or Collateral Support Provider, if any.
- 3.1.10 **Country and Regional Risk of the Collateral:** The price and value of the Collateral, and/or the ability of each issuer or obligor of the Collateral to perform its obligations under the Collateral, may be influenced by the political, financial and economic stability of the country and/or region in which each issuer or obligor of the Collateral is incorporated or has its principal place of business or of the country in the currency of which each Collateral Item is denominated. The value of securities and other assets issued by entities located in, or governments of, emerging market countries is generally more volatile than the value of similar assets issued by entities in well-developed markets. However, in certain cases the price and value of assets originating from countries not ordinarily considered to be emerging markets countries may behave in a manner similar to those of assets originating from emerging markets countries.
- 3.1.11 **Final Redemption and Collateral - Hedging Agreement specified as Not Applicable in the relevant Final Terms:** On the Maturity Date of the Instruments (or, in relation to Instruments in respect of which “Collateral Maturity Postponement Adjustment” is specified as being Applicable in the relevant Final Terms, on the Scheduled Maturity Date of the Instruments), the aggregate redemption proceeds of the Collateral are expected to be sufficient to make to repay the Instruments. These proceeds will be used to pay the relevant redemption amount then due in respect of each Instrument, being the outstanding nominal amount of the Instrument.

However, if any issuer or obligor of any Collateral Item is not able to redeem the Collateral Item held by the Issuer, the Issuer will be unable to redeem the Instruments in full. In particular, where “Collateral Maturity Postponement Adjustment” is specified as Applicable in the relevant Final Terms, the scheduled maturity date of a Collateral Item may be postponed in accordance with the terms of the Collateral Item. In such circumstances, (i) the Maturity Date of the Instruments will be postponed to the Postponed Maturity Date, (ii) the redemption proceeds of each Collateral Item that has redeemed on its scheduled maturity date will be distributed on the Scheduled Maturity Date in accordance with the relevant Conditions and (iii) during the Pass-through Period (the period from and including the Scheduled Maturity Date to and including the Postponed Maturity Date), Instrumentholders will be entitled to receive only amounts equal to the payments of principal and interest (if any) received by the Issuer in respect of the Collateral Item. Potential investors should note that on and prior to the relevant Postponed Maturity Date, they are exposed to the credit risk of the relevant Collateral Obligor, Collateral Guarantor or Collateral Support Provider (if any) and that, upon the default by the Collateral Obligor, Collateral Guarantor or Collateral Support Provider, as applicable, in respect of such Collateral Item, the Issuer will not be able to redeem the Instruments at their outstanding principal amount on the Postponed Maturity Date.

- 3.1.12 **Final Redemption and Collateral - Hedging Agreement specified as Applicable in the relevant Final Terms:** On the Maturity Date of the Instruments (or, in relation to Instruments in respect of which “Collateral Maturity Postponement Adjustment” is specified as being Applicable in the relevant Final Terms, on the Scheduled Maturity Date of the Instruments), the Collateral, or the aggregate redemption proceeds thereof, are transferred by the Issuer to the Hedging Counterparty under Hedging Agreement in exchange for an amount equal to the aggregate redemption amount payable to Instrumentholders.

However, where “Collateral Maturity Postponement Adjustment” is specified as Applicable in the relevant Final Terms, the scheduled maturity date of a Collateral Item (“**Affected Collateral**”) may be postponed in accordance with the terms of such Collateral Item and:

- (i) the Maturity Date of the Instruments will be postponed to the Postponed Maturity Date;
- (ii) the redemption proceeds of each Collateral Item (“**Non-Affected Collateral**”) that has redeemed on its scheduled maturity date will be transferred to the Hedging Counterparty under the Hedging Agreement;
- (iii) on the Scheduled Maturity Date an amount equal to the aggregate of the Collateral Item Notional Amount(s) of the Non-Affected Collateral shall be transferred by the Hedging Counterparty to the Issuer under the Hedging Agreement to be distributed to Instrumentholders and the Hedging Agreement will terminate; and
- (iv) during the Pass-through Period (the period from and including the Scheduled Maturity Date to and including the Postponed Maturity Date), Instrumentholders will be entitled to receive only amounts equal to the payments of principal and interest (if any) received by the Issuer in respect of the Affected Collateral.

Potential investors should note that on and prior to the relevant Postponed Maturity Date, they are exposed to the credit risk of the relevant Collateral Obligor, Collateral Guarantor or Collateral Support Provider (if any) and that, upon the default by the Collateral Obligor, Collateral Guarantor or Collateral Support Provider, as applicable, in respect of such Collateral Item, the Issuer will not be able to redeem the Instruments at their outstanding principal amount on the Postponed Maturity Date.

3.1.13 **Failure to redeem Affected Collateral:** In any case where the Collateral Obligor, Collateral Guarantor or Collateral Support Provider (if any) is unable to redeem any Affected Collateral, to the extent that the Issuer or the Selling Agent is not able to sell or realise the Collateral on the secondary market or is able to do so only at a lower price than the outstanding nominal amount of the Instruments, Instrumentholders will only receive a *pro rata* share per Instrument of the realisation proceeds in respect of each Collateral Item and any other Series Assets after deduction of all prior ranking amounts. Such amounts may be substantially lower than the aggregate redemption amounts due in respect of the Instruments and any outstanding Interest Amounts and may be zero. The amount of proceeds of such sale or realisation of the Affected Collateral may be affected by various factors, including the liquidity of each Collateral Item.

3.1.14 **High Yield Bonds as Collateral:** The Collateral may comprise high yield bonds. Such bonds are typically issued by companies with non-investment grade credit quality which are often highly indebted. Although high yield bonds benefit from broad financial covenants, guarantees from affiliates and other securities, they are regarded as risky investments due the increased credit risk of the relevant Collateral Obligor, Collateral Guarantor or Collateral Support Provider (if any) and the volatility of the market price of such type of bonds. **Accordingly, where high yield bonds comprise the Collateral, investors will be subject to an increased and substantial risk that the Issuer will not be able to repay each Instrument at the Final Redemption Amount and/or to make the required interest payments.**

**INSTRUMENTHOLDERS BEAR A RISK OF A DEFAULT OF THE COLLATERAL AS WELL AS ANY DECLINE IN VALUE OF THE COLLATERAL. IF THE VALUE OF ANY COLLATERAL HAS DECLINED SINCE THE DATE OF PURCHASE, THE INSTRUMENTS MAY DECLINE IN VALUE AND INVESTORS SHOULD BE PREPARED TO SUSTAIN A TOTAL LOSS OF THEIR INVESTMENT IN THE INSTRUMENTS.**

## 3.2 Hedging

### 3.2.1 Credit Risk of Hedging Counterparties

Notwithstanding the Collateral held by the Issuer, where the Issuer will enter into a Hedging Agreement in respect of a Series of Instrument, the ability of the Issuer to make payments with respect to the Instruments will also depend on the performance of a Hedging Counterparty under any

Hedging Agreement, which will in turn depend in part on the creditworthiness of the Hedging Counterparty. There may be circumstances in which the expected redemption or sale proceeds of the Collateral will not be sufficient to repay the Instruments and the Issuer will be reliant on the performance of a Hedging Counterparty under a Hedging Agreement in order to be able to make payments due to Instrumentholders. The insolvency of a Hedging Counterparty, or a default by a Hedging Counterparty under a Hedging Agreement, is likely to adversely affect the ability of the Issuer to make payments with respect to the Instruments.

In order to secure the performance of a Hedging Counterparty's obligations under the Hedging Agreement, as part of that Hedging Agreement, the Hedging Counterparty may enter into a credit support document with the Issuer pursuant to which the Hedging Counterparty may deliver Hedging Collateral from time to time to the Issuer. The Hedging Agreement will provide for the amount of any Hedging Collateral to be adjusted from time to time to reflect the Issuer's exposure to the Hedging Counterparty under the Hedging Agreement. The Issuer may, if "2-Way Hedging Collateral Posting" is specified in the relevant Final Terms, also be required to deliver collateral comprising the Collateral to the Hedging Counterparty in order to collateralise its obligations to the Hedging Counterparty under the Hedging Agreement. The Hedging Collateral would be subject to the security created pursuant to the relevant Series Instrument. To the extent that eligible credit support is due from the Issuer to the Hedging Counterparty in accordance with the Credit Support Document, the security over such eligible credit support comprising the Collateral will be deemed to be released. Any Hedging Collateral and/or eligible credit support comprising the Collateral so delivered would be subject to the right of the Hedging Counterparty and/or the Issuer (as applicable) from time to time to request redelivery of such Hedging Collateral in accordance with the relevant Hedging Agreement and if any Hedging Collateral is redelivered to the Hedging Counterparty it would be released from the security created in favour of the Trustee pursuant to the Series Instrument. Any distributions (including any cash securities, or any other property) received by the Custodian in respect of the Hedging Collateral will be delivered to the Hedging Counterparty and would not be subject to any security created pursuant to the Series Instrument. The amount of the Hedging Collateral posted by the Hedging Counterparty and/or eligible credit support comprising the Collateral posted by the Issuer may be adjusted from time to time pursuant to the terms of such Hedging Agreement. The obligation of the Issuer to deliver eligible credit support comprising the Collateral to the Hedging Counterparty under the Credit Support Document is limited to the amount of Collateral held by the Issuer from time to time.

Potential investors should note that the Hedging Collateral provided to the Issuer may not fully cover the Issuer's exposure to the Hedging Counterparty. As a result of the fluctuations in the market to market value of a Hedging Agreement, the amount of any Hedging Collateral held by the Issuer prior to any adjustment may be less than the Issuer's exposure to the Hedging Counterparty under that Hedging Agreement. In the event of a default by the Hedging Counterparty, there may therefore be a shortfall in the amount of proceeds received by the Issuer from realisation of such Hedging Collateral to pay any outstanding amount to the Instrumentholders.

If a Hedging Agreement and/or any Credit Support Document is terminated early, the Issuer will, in accordance with the terms of General Condition 7.3 (*Mandatory Cancellation*), cancel all but not some only of the Instruments at their Early Termination Amount.

### **3.2.2 Information Regarding the Collateral and the Hedging Agreement**

Certain information regarding the Collateral, the Hedging Agreement, the Collateral Obligor(s), the Collateral Guarantor(s) (if any), the Collateral Support Provider(s) (if any) and the Hedging Counterparty is contained on pages 134 and 198 to 233 of this Base Prospectus. Such information has been extracted from publicly available information published by the Collateral Obligor(s), the Collateral Guarantor(s), the Collateral Support Provider(s) or the Hedging Counterparty, as applicable. The Issuer confirms that such information has been accurately reproduced. No further or other responsibility in respect of such information is accepted by the Issuer. The Issuer has not separately verified such information. Accordingly, other than as stated above, no representation, warranty or undertaking, express or implied, is made, and no responsibility or liability is accepted, by the Issuer as to the accuracy or completeness of the information contained on pages 134 and 198 to 233 of this Base Prospectus. Purchasers of the Instruments should conduct their own investigations and, in deciding whether or not to purchase Instruments, should form their own views on the creditworthiness of the Collateral Obligor(s), the Collateral Guarantor(s) (if any), the

Collateral Support Provider(s) (if any) and the Hedging Counterparty based on such investigations and not in reliance on any information given in this Base Prospectus.

### 3.2.3 **The Hedging Agreement(s)**

The Hedging Agreement(s) may be terminated early (either in whole or, in certain circumstances, in part only), among other circumstances:

- (i) if at any time the Instruments are cancelled in accordance with the Conditions of the Instruments prior to the Maturity Date;
- (ii) at the option of one party, if there is a failure by the other party to pay any amounts due under the Hedging Agreement;
- (iii) if (subject as provided in the Hedging Agreement) withholding taxes are imposed on payment made by the Issuer or the Hedging Counterparty under the Hedging Agreement or it becomes illegal for either party to perform its obligations under the Hedging Agreement;
- (iv) if (subject as provided in the Hedging Agreement) the implementation or adoption of or change in any applicable law or regulation, or the interpretation or administration of any applicable law or regulation would have the effect that it would be unlawful or becomes unlawful for either party to carry out the Hedging Agreement or any activity contemplated by the Hedging Agreement; and
- (v) upon the occurrence of certain other events with respect to either party and the Hedging Agreement, including the insolvency of such party.

If “Option Premium” is specified as Applicable in the relevant Final Terms, on the Maturity Date, under the terms of the Hedging Agreement, the Hedging Counterparty will receive from the Issuer the Collateral (if any) or the proceeds of redemption thereof and, in exchange, will pay to the Issuer the aggregate of the Redemption Amount of the Instruments. The amount of Collateral so delivered will significantly exceed the Redemption Amount. The difference is the amount payable by the Issuer to the Hedging Counterparty which represents a premium in respect of the option under the Hedging Agreement. Instrumentholders should be aware that amounts payable to the Hedging Counterparty will rank in priority to any claims of the Instrumentholders. Instrumentholders are effectively subordinated to such amounts as may be payable by the Issuer to the Hedging Counterparty.

Prospective investors in the Instruments should note that, if certain provisions of the Wall Street Transparency and Accountability Act of 2010 (the “**Dodd-Frank Act**”) are implemented as described in the Dodd-Frank Act and the corresponding implementing regulations currently proposed by the relevant regulators, it will become illegal for the Hedging Counterparty to perform its obligations under the Hedging Agreement, in which case the Hedging Agreement may be terminated early.

### 3.3 **Credit risk of Custodian**

Notwithstanding the security expressed to be granted over the Collateral and Hedging Collateral pursuant to the Series Instrument, the Issuer may only have a claim against the Custodian in respect of the Collateral and any Hedging Collateral. The ability of the Issuer to meet its obligations with respect to the Instruments will be dependent upon receipt by the Issuer of payments from the Custodian pursuant to the Agency Agreement for the Instruments. Consequently, the Instrumentholders are relying not only on the creditworthiness of the Collateral, but also on the creditworthiness of the Custodian in respect of the performance of its obligations under the Agency Agreement for the Instruments.

### 3.4 **Appointment of Sub-Custodians**

Under the terms of the Agency Agreement, the Custodian may appoint one or more sub-custodians (the “**Sub-Custodian**”) to hold the Collateral and any Hedging Collateral, but such appointment shall not relieve the Custodian of any of its duties under the Agency Agreement. Investors should note that the Sub-Custodian acts as an agent of the Custodian and not as an agent of the Issuer or of any Agent other than the Custodian.

The Custodian shall have the same level of responsibility to the Issuer for any act or omission on the part of the Sub-Custodian, its agent or any other sub-custodian as the Custodian has for itself and the Custodian shall be liable for any damages or loss from any act or omission by any agent/sub-custodian (including the Sub-Custodian) as if all delegated duties and delegated safekeeping duties were carried out by the Custodian itself and the property of the Issuer was held in Luxembourg. However, the holding of the Collateral and any Hedging Collateral by the Sub-Custodian on behalf of the Custodian would mean that the Issuer may not have any direct claim against the Sub-Custodian in respect of the Collateral and any Hedging Collateral. The Issuer may only have a claim against the Custodian in respect of the Collateral and any Hedging Collateral even though the Collateral and any Hedging Collateral will be held by the Sub-Custodian. Consequently, the Instrumentholders are relying also on the creditworthiness of the Custodian in respect of the performance of the Sub-Custodian's obligations with respect to the Collateral and any Hedging Collateral.

### **3.5 Realisation of Series Assets by Selling Agent**

Upon an enforcement of the security in respect of the Instruments and upon the instruction of the Trustee, in accordance with the relevant Conditions, the Selling Agent shall on behalf of and as the agent of the Issuer and/or the Trustee, (i) terminate any Hedging Agreement if the Hedging Agreement has not been terminated, and (ii) realise the Series Assets in accordance with the terms of the Agency Agreement as soon as reasonably practicable at its best execution price less any commissions or expenses charged by the Selling Agent and specified for this purpose in the Series Instrument.

The security created over each of the Series Assets in favour of the Trustee shall be immediately released against receipt in full of the relevant realisation proceeds in respect of the relevant Series Assets by the Trustee (subject to deduction of any commission or expenses by the Selling Agent).

Investors should note that neither the Issuer nor the Trustee shall have any responsibility or liability for the performance by the Selling Agent of its duties under the Conditions of the Instruments or for the price or time at which any of the Series Assets may be sold or otherwise realised. The amount of realisation proceeds received by the Issuer in respect of the Series Assets will depend on the performance by the Selling Agent of its duties. If the Selling Agent fails to perform its duties, whilst the Trustee may take a number of steps in such event including the realisation of the Series Assets, the Trustee will only act if it is indemnified or secured to its satisfaction. In taking any action the Trustee will not have regard to the effect of such action on individual Instrumentholders. Investors should also note that any realisation proceeds are subject to deduction of commissions and/or expenses by the Selling Agent. As a result the amount available to be distributed to Series Parties (which include Instrumentholders) following an early redemption of the Instruments will be reduced.

### **3.6 Acceleration of Instruments by Instrumentholders**

On the occurrence of an Event of Default in respect of the Instruments, the holders of at least one-fifth in Aggregate Nominal Amount of the Instruments then outstanding may request by written notice to the Issuer and the Trustee that all the Instruments shall forthwith become due and repayable at the Early Termination Amount together with any accrued interest if so specified in the relevant Final Terms. In such a case, all the Instruments will be redeemed early, the security created pursuant to the Series Instrument will become enforceable and the Series Assets will be subject to realisation by the Selling Agent.

Prospective investors should note that neither the Trustee nor other Instrumentholders (regardless of the amount of Instruments they hold) will be able to influence or overrule such request made by holders of one-fifth or more in Aggregate Nominal Amount of the Instruments. If the Instruments become due and repayable prior to the Maturity Date, no further interest will accrue on the Instruments. In addition, the Early Termination Amount payable may be less than the Final Redemption Amount that would be due at maturity of the Instruments. As a result, an Instrumentholder may receive less than their original investment in the Instruments.

## **4. Security**

The Instruments will have the benefit of English law governed security interests (and, in certain circumstances, security interests governed by the laws of any other relevant jurisdiction) which are granted to the Trustee (for the benefit of the Series Parties for the relevant Series) over all the Series Assets of the relevant Compartment (see the section entitled "Summary"). The Securitisation Act 2004 provides that the Series Assets for each Series of Instruments are available to meet only the claims of the Series Parties for that Series.

Prospective investors should note that, where “Hedging Counterparty right to replace Trustee” is specified as Applicable in the relevant Final Terms, the Hedging Counterparty may elect at any time after the Issue Date in its sole and absolute discretion to replace the Trustee with a replacement trustee (the “**Replacement Trustee**”). The Replacement Trustee shall be appointed in accordance with the General Trust Terms as amended by the relevant Series Instrument.

Where the Replacement Trustee replaces Deutsche Trustee Company Limited as Trustee, the Deed of Floating Charge dated 16 December 2004, as supplemented by the First Supplemental Deed of Floating Charge dated 30 May 2007 (the “**Deed of Floating Charge**”) granted in favour of Deutsche Trustee Company Limited and described in General Condition 8.7 (*Floating Charge*) shall not be assigned to the Replacement Trustee nor shall it be assigned to any subsequent replacement trustee. As a result, the obligations of the Issuer in relation to all Series of Instruments in relation to which the Replacement Trustee is the Trustee pursuant to, in accordance with and on the terms of, the Series Instrument constituting such Series will not be secured pursuant to the Deed of Floating Charge.

This is because at the time the Deed of Floating Charge was entered into, it was arguable that the floating charge granted to Deutsche Trustee Company Limited as Trustee by virtue of the Deed of Floating Charge gave Deutsche Trustee Company Limited as Trustee the ability to appoint an administrative receiver over the assets of the Issuer pursuant to the Deed of Floating Charge. Where an application is made (whether by court order or out of court process) to appoint administrators in respect of a company and there is in office an administrative receiver of the company, the application to appoint administrators will not be granted unless the person who appointed the administrative receiver has consented to the appointment of administrators. Even if such consent is not obtained, the application to appoint administrators could still be ordered by the court if the court thinks that the security by virtue of which the administrative receiver was appointed would be liable to be released or discharged under sections 238 to 240 (transactions at an undervalue and preferences), or would be liable to be avoided under section 245 (avoidance of certain floating charges), of the United Kingdom Insolvency Act 1986, as amended (the “**Insolvency Act**”), if such an order were made. Therefore, the ability of Deutsche Trustee Company Limited as Trustee under the Deed of Floating Charge, if an administration application were to be made in respect of the Issuer, to appoint an administrative receiver and, by the appointment of such a receiver prior to the grant of such application, would have entitled Deutsche Trustee Company Limited as Trustee to prevent the appointment of the administrator.

However, on 1 October 2009, what is now section 28(1) of the Insolvency Act came into force which makes it clear that an administrative receiver cannot be appointed to a company, unless that company is registered under the Companies Act 2006 in England and Wales or Scotland. As the Issuer is not so registered, it is not possible for any party to appoint an administrative receiver to the Issuer, whether under the Deed of Floating Charge or otherwise. As a result, there is no benefit to the Replacement Trustee becoming the beneficiary of the rights granted to Deutsche Trustee Company Limited as Trustee under the Deed of Floating Charge or pursuant to an equivalent instrument.

## 5. Secondary Market

Even if the Instruments are listed on the Official List of Luxembourg Stock Exchange or any other stock exchange, it is not possible to predict if and to what extent a secondary market may develop in any Instruments or at what price any Instruments will trade in the secondary market or whether such market will be liquid or illiquid. In relation to each Series of Instruments, if so specified in the relevant Final Terms, application has been made to list or quote such Instruments on the stock exchanges specified. If such Instruments are so listed or quoted, no assurance is given that any such listing or quotation will be maintained. The fact that any Instruments may be so listed or quoted does not necessarily lead to greater liquidity than if they were not so listed or quoted.

If a Series of Instruments is not listed or traded on any exchange, pricing information for such Instruments may be more difficult to obtain and the liquidity of such Instruments may be adversely affected.

The liquidity of such Instruments may also be affected by restrictions on offers and sales of such Instruments in some jurisdictions.

The Arranger may, but is not obliged to, at any time purchase Instruments at any price in the open market or by tender or private agreement. Any Instruments so purchased may be held or resold or surrendered for cancellation. Since the Arranger may be the only market-maker in the Instruments of a Series, the secondary market may be limited. The more limited the secondary market is, the more difficult it may be for Instrumentholders to realise value for the Instruments prior to the exercise, expiration or maturity date (as the case may be).

Redemption Amounts will only be payable or deliverable upon the Maturity Date, or the relevant Redemption Date (as applicable), subject to the relevant Conditions, the risk factors mentioned in this Base Prospectus and the Articles. The value of the relevant Series Assets on any other day (or the market price of such Instruments on any day) may not

necessarily be reflected in the Redemption Amount of each of the Instruments payable on such Maturity Date or Redemption Date.

## 6. **Cancellation of Instruments**

The General Conditions and the relevant Final Terms set out provisions in relation to the cancellation of Instruments (whether in whole or in part).

If the Instruments are cancelled following the occurrence of any such event, then the Issuer will pay Instrumentholders the Early Termination Amount which is determined in accordance with General Condition 7.2 (*Early Termination*). Potential investors should be aware that no principal protection will apply and the Early Termination Amount may be zero.

## 7. **Ratings**

### 7.1 **Credit ratings may not reflect all risks**

One or more independent credit rating agencies may assign credit ratings to a Series of Instruments, as specified in the Final Terms for such Instruments (each, a “**Rating Agency**”). Whether or not a rating in relation to any Series of Instruments will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. Potential investors should note that where a Series of Instruments is to be rated, such rating will not necessarily be the same as any rating assigned to any Instruments already issued, and that a rating is not a recommendation to buy, sell or hold instruments and may be subject to suspension, reduction or withdrawal at any time by the Relevant Rating Agency.

The ratings agencies’ opinions may not reflect the potential impact of all risks relating to the structural, market and other factors (some of which are discussed above) which may affect the value of the Instruments. Credit ratings are not a guarantee of quality. The credit ratings of the Instruments will represent the rating agencies’ opinions regarding their credit quality. Rating agencies attempt to evaluate the safety of principal and, if applicable, interest payments and do not evaluate the risks of fluctuations in market value. Also, rating agencies may fail to make timely changes in credit ratings in response to subsequent events (such as a change in the status of any issuer or obligor of the Collateral or any Hedging Counterparty), so that, in respect of a Series of Instruments which is rated, the risk profile of the Instruments at any given time may be better or worse than its credit rating indicates. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time as a result of changes in or unavailability of information or if, in the judgement of the Relevant Rating Agencies, circumstances so warrant. A qualification, downgrade or withdrawal of any ratings may have an adverse effect on the value of the Instruments.

### 7.2 **Rating Agency Confirmation in relation to the Instruments in respect of certain actions**

A written confirmation from a Relevant Rating Agency (a “**Rating Agency Confirmation**”) that any action proposed to be taken by the Issuer or any Series Party will not have an adverse effect on the then current rating of any rated Instruments does not, for example, confirm that such action (i) is permitted by the terms of the Instruments or (ii) is in the best interests of, or not prejudicial to, the Instrumentholders. While entitled to have regard to the fact that the Relevant Rating Agencies may have confirmed that the then current rating of the relevant Instruments would not be adversely affected, the above does not impose or extend any actual or contingent liability on the Relevant Rating Agencies to the Instrumentholders, any Series Party or any other person or create any legal relationship between the Relevant Rating Agencies and the Instrumentholders, any Series Party or any other person whether by way of contract or otherwise.

Any such written Rating Agency Confirmation may or may not be given at the sole discretion of each Relevant Rating Agency. It should be noted that, depending on the timing of delivery of the request and any information needed to be provided as part of any such request, it may be the case that a Relevant Rating Agency cannot provide a written Rating Agency Confirmation in the time available or at all, and the Relevant Rating Agency should not be responsible for the consequences thereof. A written Rating Agency Confirmation, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time and in the context of cumulative changes to the transaction of which the securities form part since the Issue Date. A written Rating Agency Confirmation represents only a restatement of the opinions given as at the Issue Date and cannot be construed as advice for the benefit of any parties to the transaction.

Certain rating agencies have indicated that they will no longer provide Rating Agency Confirmations as a matter of policy. In circumstances where a Relevant Rating Agency is not willing to issue a written Rating Agency Confirmation due to its then prevailing policy regarding the issue of written Rating Agency Confirmations, an authorised signatory of the Issuer (or a person authorised on its behalf) may certify in writing to the Trustee that, in its opinion (and where a Relevant Rating Agency was prepared to consult with the Issuer (or a person authorised on its behalf, as applicable) this opinion is based on consultation with that Relevant Rating Agency) such amendment would not cause the ratings of the relevant Instruments to be reduced or withdrawn by the Relevant Rating Agencies. To the extent that no written Rating Agency Confirmation or the certification referred to above can be obtained, whether or not a proposed action will ultimately take place will be determined in accordance with the provisions of the Instruments and specifically the relevant modification and waiver provisions.

## 8. **Taxation**

Potential purchasers and sellers of the Instruments should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Instruments are transferred. Instrumentholders are subject to the provisions of General Condition 7.6 (*Cancellation for taxation and other Reasons*) for Instruments and are subject to the provisions of the Articles and payment and/or delivery of any amount due in respect of the Instruments will be conditional upon the payment of any Instrumentholder Expenses as provided for in the relevant Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

Any change in the Company's or the Issuer's (as appropriate) tax status or in taxation legislation in Luxembourg or any other tax jurisdiction could affect the value of the investments held by the Company or affect the Issuer's ability to achieve its investment objective for the relevant Instruments or alter the post tax returns to Instrumentholders. If, on the occasion of the next payment due in respect of a Series of Instruments, the Issuer would be required to withhold or deduct amounts for or on account of tax or would suffer tax in respect of its income so that it would be unable to make payment of the full amount due, in each case either (1) pursuant to the laws and regulations of any jurisdiction or of any political sub-division thereof or any authority or agency therein or thereof having power to tax; or (2) as a result of a FATCA Withholding, the Issuer will, subject to the provisions of General Condition 7.6.1 (*Cancellation for taxation and other reasons*), use all reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction as the principal obligor or to change its residence for taxation purposes or, to the extent permitted by law, change its domicile to another jurisdiction. If the Issuer is unable to arrange such substitution or change, or if the Issuer is unable to carry out such substitution or change in a tax efficient manner before the next payment is due in respect of the relevant Instruments, the Issuer shall, subject to, and in accordance with, the provisions of General Condition 7.6 (*Cancellation for taxation and other reasons*), cancel all of those Instruments. Disclosure in this Base Prospectus concerning the taxation of Instrumentholders resident in Luxembourg, Belgium, France, Germany, Italy, Austria, Portugal, Spain, Poland and Switzerland is based upon the current relevant tax law and practice which is, in principle, subject to change (possibly with retrospective effect). Any such change could adversely affect the ability of the Issuer to pay the amounts due on the Instruments on the relevant date for redemption and the net amount of any dividends and/or interest and/or date for redemption amount payable to Instrumentholders.

Under European Directive 2003/48/EC on taxation of savings income (the "**EU Savings Tax Directive**") Member States are required to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person within its jurisdiction to an individual resident in another Member State, except that for a transitional period Luxembourg and Austria instead operate a withholding system unless during that period they elect otherwise (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries and territories). The rate of withholding tax in those jurisdictions is 35%. In April 2013, the Luxembourg government announced its intention to end its transitional period and move to automatic exchange of information under the EU Savings Tax Directive with effect from 01 January 2015. Certain other jurisdictions, including Switzerland, have enacted equivalent legislation which imposes a withholding tax in substantially the same circumstances as envisaged by the EU Savings Tax Directive.

On 24 March 2014, the Council of the European Union adopted an EU Council Directive amending and broadening the scope of the requirements described above. In particular, the changes expand the range of payments covered by the EU Directive on the Taxation of Savings Income to include certain additional types of income, and widen the range of recipients payments to whom are covered by the EU Directive on the Taxation of Savings Income, to include certain

other types of entity and legal arrangement. Member States are required to implement national legislation giving effect to these changes by 01 January 2016 (which national legislation must apply from 01 January 2017).

## 9. The Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, and US Treasury regulations promulgated thereunder that took effect on 28 January 2013, as amended from time to time (together “**FATCA**”) impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a “**foreign financial institution**”, or “**FFI**” (as defined by FATCA)) that does not become a “**Participating FFI**” by entering into an agreement with the U.S. Internal Revenue Service (“**IRS**”) to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether such investor is a U.S. person or should otherwise be treated as holding a United States Account of the Issuer (a “**Recalcitrant Holder**”).

FATCA implementation is being phased in from 01 July 2014 for payments from sources within the United States and is currently proposed to apply to “**foreign passthru payments**” (a term not yet defined) made by an FFI to a non-participating FFI or Recalcitrant Holder no earlier than 01 January 2017. This withholding would potentially apply to payments in respect of (i) any Instruments issued or materially modified on or after the “**grandfathering date**”, which is the later of (a) 01 July 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term ‘foreign passthru payment’ are filed with the Federal Register; and (ii) any Instruments characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Instruments are issued before the grandfathering date, and additional Instruments of the same series are issued on or after that date, the additional Instruments may not be treated as grandfathered, which may have negative consequences for the existing Instruments, including a negative impact on market price.

The United States and a number of other jurisdictions announced their intention to enter into intergovernmental agreements to facilitate the implementation of FATCA (each, an “**IGA**”). In some cases such IGAs have been signed; in other cases, negotiations are still ongoing. Pursuant to FATCA and the “**Model 1**” and “**Model 2**” IGAs released by the United States, most FFIs in an IGA signatory country should be treated as a “**Reporting FI**” that would generally not be subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would not be required to withhold under FATCA or an IGA (or any law implementing an IGA or agreement with the IRS relating to FATCA) from payments it makes (unless it has agreed to do so under the U.S. “qualified intermediary,” “withholding foreign partnership,” or “withholding foreign trust” regimes or, in certain limited circumstances, where the payments are made to a Recalcitrant Holder). The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The US IRS announced in Notice 2013-43 its intention to provide a list of jurisdictions that will be treated as having in effect an IGA, even though that IGA may not have entered into force as of 01 July 2014.

The United States and Luxembourg entered into a Model 1 IGA on 28 March 2014. The Issuer will therefore be required to comply with FATCA under Luxembourg national legislation implementing such Model 1 IGA with the United States.

The Issuer is currently not expected to be required to make any FATCA Withholdings from the payments it makes. There can be no assurance, however, that the Issuer would not in the future be required to deduct FATCA Withholding from future payments. Accordingly, the Issuer and financial institutions through which payments on the Instruments are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Instruments is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

If a FATCA Withholding were to be made from interest, principal or other payments made in respect of the Instruments, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Instruments, be required to pay any additional amounts as a result of the FATCA Withholding. As a result, investors may receive less interest or principal than expected.

Whilst the Instruments are in global form and held within a clearing system, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Instruments by the Issuer or any paying agent for such clearing system, given that each of the entities in the payment chain between the Issuer and the clearing system is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Instruments. The relevant Global Instrument for a particular

Series of Instruments may provide that such Global Instrument may, in certain limited circumstances, be exchanged for instruments in definitive form and therefore cease to be held through a clearing system. If this were to happen then, depending on the circumstances, payments to a non-FATCA compliant holder could be subject to FATCA Withholding. However, conversion into definitive instruments is only anticipated to occur in certain limited circumstances.

However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA Withholding. It may also affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA Withholding. Investors should choose the custodians or intermediaries with care (to ensure that each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms and/or other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA Withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Instruments are discharged once it has paid the depository for the clearing system (as legal owner of the Instruments) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the hands of the clearing systems and custodians or intermediaries.

THE FATCA PROVISIONS ARE PARTICULARLY COMPLEX AND THEIR APPLICATION TO THE ISSUER AND THE INSTRUMENTS IS UNCERTAIN AT THIS TIME. THE ABOVE DESCRIPTION IS BASED IN PART ON REGULATIONS, OFFICIAL GUIDANCE AND MODEL IGAS, ALL OF WHICH ARE SUBJECT TO CHANGE OR MAY BE IMPLEMENTED IN A MATERIALLY DIFFERENT FORM. NOTHING IN THIS SECTION CONSTITUTES OR PURPORTS TO CONSTITUTE TAX ADVICE AND INSTRUMENTHOLDERS ARE NOT ENTITLED TO RELY ON ANY PROVISION SET OUT IN THIS SECTION FOR THE PURPOSES OF MAKING ANY INVESTMENT DECISION, TAX DECISION OR OTHERWISE. EACH INVESTOR SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF THE FATCA PROVISIONS AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT IT IN ITS PARTICULAR CIRCUMSTANCE.

#### 10. U.S. investors in the Instruments are not permitted

The Instruments may not at any time be offered, sold, pledged or otherwise transferred in the United States or to a Benefit Plan Investor or (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S of the Securities Act or (b) a person who comes within any definition of U.S. person for the purposes of the Commodity Exchange Act of 1936, as amended, or any rule, guidance or order proposed or issued by the Commodity Futures Trading Commission (the "CFTC") thereunder (including but not limited to any person who is not a "Non-United States person" under CFTC Rule 4.7(a)(1)(iv) (excluding for purposes of CFTC Rule 4.7(a)(1)(iv)(D) the exception for qualified eligible persons who are not "Non-United States persons")) (any such person or account, a "Non-Permitted Transferee"). Any transfer of Instruments to a Non-Permitted Transferee or a Benefit Plan Investor shall be deemed to be void *ab initio* and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in an Instrument in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Instrument, and the Issuer shall be entitled to cease to make any payments in respect of Instruments held by a Non-Permitted Transferee or a Benefit Plan Investor.

"Benefit Plan Investor" means (a) an employee benefit plan (as defined in section 3(3) of the US Employee Retirement Income Security Act of 1974, as amended, ("ERISA")), whether or not subject to ERISA, (b) a plan described in section 4975(e)(1) of the US Internal Revenue Code of 1986, as amended, or (c) an entity whose underlying assets include plan assets by reason of a plan's investment in the entity under US Department of Labor Regulations § 2510.3-101 (29 c.f.r. § 2510.3-101).

The Issuer shall have the right at any time after becoming aware that any legal or beneficial ownership interest in an Instrument is held by a Non-Permitted Transferee or a Benefit Plan Investor to require such Non-Permitted Transferee or Benefit Plan Investor to sell such interest to (a) the Arranger or any of its Affiliates (to the extent permitted by applicable law) or (b) a person who is neither a Non-Permitted Transferee nor a Benefit Plan Investor, in each case in accordance with General Condition 7.4 (*Redemption at the option of the Issuer on void transfer or other disposition*).

The foregoing restrictions on the offer, sale, pledge or other transfer of Instruments to a Non-Permitted Transferee or a Benefit Plan Investor may adversely affect the ability of an investor in the Instruments to dispose of the Instruments in the secondary market, if any, and significantly reduce the liquidity of the Instruments. As a result, the value of the Instruments may be materially adversely affected.

## 11. ERISA Considerations

By its purchase and acceptance of an Instrument, each holder will be deemed to have represented and warranted that either (i) no ERISA Plan (as defined below) assets have been used to purchase such Instrument or (ii) one or more prohibited transaction statutory or administrative exemptions applies such that the use of such plan assets to purchase and hold such Instrument will not constitute a non-exempt prohibited transaction under ERISA, or Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”).

As used herein “ERISA Plan” means employee benefit plans subject to Title 1 of ERISA or an individual retirement account or employee benefit plan subject to Section 4975 of the Code or entities which may be deemed to hold the assets of any such plans.

## 12. Regulatory Risk

The global financial crisis of 2008 onwards led to an increased regulation of financial activities. The United States of America, the European Union and other jurisdictions have implemented, and are still in the process of implementing, various reform measures. Such regulatory changes and the method of their implementation may have a significant effect on the operation of financial markets. In many cases, it is uncertain how such regulatory reform would affect the Issuer, the treatment of instruments such as the Instruments or the activities of other parties that have roles with respect to the Instruments, such as (without limitation) the Hedging Counterparty, the Arranger and the Trustee. Investors should note that the Issuer has discretion to redeem the Instruments early upon the occurrence of a Regulatory Event. In addition, the Hedging Counterparty has the right to terminate the Hedging Agreement upon the occurrence of a Regulatory Event and upon the occurrence of certain events under the Dodd-Frank Act. Any such termination would cause the early redemption of the Instruments.

Areas of regulatory change that might affect the Issuer include (without limitation):

- (i) **Alternative Investment Fund Managers Directive.** The EU Directive 2011/61/EU on Alternative Investment Fund Managers (“AIFMD”), which became effective on 22 July 2013. This provides, amongst other things, that all alternative investment funds (each, an “AIF”) must have a designated alternative investment fund manager (“AIFM”) with responsibility for portfolio and risk management. The AIFMD was implemented into Luxembourg law by virtue of the Law of 12 July 2013 on alternative investment fund managers (the “AIFM Law”). The application of the AIFMD to securitisation vehicles such as the Issuer is unclear. The Issuer does not operate in the same manner as a typical alternative investment fund. The Issuer has been established solely for the purpose of entering into, performing and serving as a vehicle for any securitisation transactions as permitted under the Securitisation Act 2004. However, the definition of AIF and AIFM in the AIFMD is broad and there is only limited guidance as to how such definition should be applied in the context of a securitisation vehicle such as the Issuer.

On 23 October 2013, the CSSF issued an update to its Q&A on securitisation vehicles. The update addresses the consequences of the implementation of the AIFMD into Luxembourg law on securitisation vehicles governed by the Securitisation Act 2004.

The AIFM Law provides for an exemption in relation to “securitisation special purpose entities” within the meaning of Regulation (EC) n°24/2009 of the European Central Bank of 19 December 2008 concerning statistics on the assets and liabilities of financial vehicle corporations engaged in securitisation transactions (the “ECB Regulation”) and the guidance note relating thereto. Thus, an undertaking falling within the definition of “securitisation special purpose entities (*structures de titrisation ad hoc*) of the AIFM Law, meaning an entity whose sole object is to carry out one or more securitisation transactions within the meaning of ECB Regulation, will not constitute an AIF under the AIFM Law.

The Securitisation Act 2004 defines “securitisation” in broader terms than the ECB Regulation. Hence, certain transactions may qualify as securitisation transactions under the Securitisation Act 2004 but not under the ECB Regulation. As a consequence, the undertaking carrying out such a transaction may fall within the scope of the Securitisation Law but will fail to qualify as a “securitisation special purpose entity” under the AIFM Law and will not benefit from the exemption.

The CSSF’s updated Q&A emphasises that each securitisation undertaking is required to carry out a self-assessment to determine whether it constitutes an AIF by reference to the criteria set out in the AIFM Law or whether it benefits from the exemption provided for by the AIFM Law in relation to “securitisation special purpose entities” as construed by the ECB Regulation.

The CSSF considers that the following undertakings, although they may qualify as securitisation undertakings under the Securitisation Act 2004, do not, according to the ECB Regulation, constitute “securitisation special purpose entities” under the AIFM Law. They may, insofar as they meet the AIF criteria, constitute AIFs under the AIFM Law:

- securitisation undertakings acting primarily as first lenders (i.e. undertakings that originate new loans) since there is no transfer of assets (and therefore no credit risk) by such an entity;
- securitisation undertakings set up primarily to create or otherwise offer synthetic exposure to non-credit related assets, i.e. where the transfer of credit risk is only accessory to the principal activity of the entity.

The CSSF further considers that securitisation undertakings that issue debt instruments only do not constitute AIFs.

Finally, securitisation undertakings that are not managed in accordance with a defined investment policy do not constitute AIFs. This would be the case for securitisation undertakings that issue structured products offering synthetic exposure to assets based on a pre-established formula and that acquire underlying assets and/or enter into derivative contracts for hedging purposes.

The positions expressed by the CSSF in the Q&A are subject to any future changes and clarifications at European level.

Were the Issuer to be found to be an AIF or an AIFM, or were Deutsche Bank AG, London Branch acting in any capacity in respect of the Instruments and/or the Trustee to be found to be acting as an AIFM with respect to the AIF, the AIFM would be subject to the AIFMD. Owing to the special purpose nature of the Issuer, it would be unlikely that either the AIFM could comply fully with the requirements of the AIFMD.

In such circumstance, either the Issuer or the Hedging Counterparty would be likely to (at its discretion and subject to the Conditions or terms of the Hedging Agreement) exercise its early redemption right as a result of a Regulatory Event.

No assurance can be given as to how the European Securities and Markets Authority (“ESMA”) or national regulators might, in the future, interpret the AIFMD or whether any such interpretation might find the Issuer to be an AIF or an AIFM, or find Deutsche Bank AG, London Branch acting in any capacity in respect of the Instruments and/or the Trustee to be acting as an AIFM with respect to the Issuer.

- (ii) **U.S. Dodd-Frank Act.** Title VII of the Dodd-Frank Act establishes a comprehensive U.S. regulatory regime for a broad range of derivatives contracts (referred to in this Base Prospectus as “covered swaps”). Among other things, Title VII provides the U.S. Commodity Futures Trading Commission (the “CFTC”) and the U.S. Securities and Exchange Commission (the “SEC”) with jurisdiction and regulatory authority over many different types of derivatives that were previously traded over the counter, requires the establishment of a comprehensive registration and regulatory framework applicable to covered swap dealers and other major market participants, requires many types of covered swaps to be exchange-traded or executed on swap execution facilities and centrally cleared, and contemplates the imposition of capital requirements and margin requirements for uncleared transactions in covered swaps. Title VII has not yet been fully implemented. As a result, a complete assessment of the exact nature and effects of Title VII and the rules to be adopted thereunder cannot be made at this time.

The Issuer has imposed certain restrictions on sales in order to fall outside of the scope of the Dodd-Frank Act. However, there remains considerable uncertainty in respect of the extraterritorial scope of the CFTC’s regulations, so there is no assurance that the restrictions imposed by the Issuer would be sufficient. Accordingly, there is no assurance that the Hedging Agreement would not be treated as a covered swap under the Dodd-Frank Act nor is there assurance that the Company would not be required to comply with additional regulation under the U.S. Commodity Exchange Act, as amended, including by the Dodd-Frank Act (the “CEA”) as described in the next bullet point below.

Were the Hedging Agreement to be treated as a covered swap, the Issuer might be required to make certain registrations and would be subject to increased regulatory requirements. Such additional regulations and such registrations might result in increased reporting obligations and also in extraordinary, non-recurring expenses.

In addition, it might become illegal for the Hedging Counterparty to perform its obligations under the Hedging Agreement.

In such circumstances, either the Issuer or the Hedging Counterparty would be likely to (at its discretion and subject to the Conditions or terms of the Hedging Agreement) exercise its early redemption right as a result of a Regulatory Event.

- (iii) ***United States commodity pool regulation.*** The CFTC has rescinded the rule which formerly provided an exemption from registration as a “commodity pool operator” (a “CPO”) and a “commodity trading advisor” (“CTA”) under the CEA, in respect of certain transactions. In addition, the Dodd-Frank Act expanded the definition of a “commodity pool” to include any form of enterprise operated for the purpose of trading in commodity interests, including swaps. The Issuer has imposed certain restrictions on sales in order to fall outside of the scope of the Dodd-Frank Act. However, if the Issuer were deemed to be a “commodity pool”, then both the CPO and the CTA of the Issuer would be required to register as such with the CFTC and the National Futures Association by the initial offering date of the Instruments. While there remain certain limited exemptions from registration, because the wording of these regulations applies to traditional commodity pools and was not drafted in contemplation of transactions such as the issue of the Instruments, it is unclear whether and to what extent any of these exemptions would be available to avoid registration with respect to the Issuer. In addition, if the Issuer were deemed to be a “commodity pool”, it would have to comply with a number of reporting requirements that are designed to apply to traded commodity pools. It is presently unclear how a special purpose entity such as the Issuer could comply with certain of these reporting requirements on an ongoing basis. Such registration and other requirements would involve material ongoing costs to the Issuer. In addition, if the Issuer were deemed to be a “commodity pool” this might have adverse consequences for Deutsche Bank AG, acting through its London branch, in its capacity as Hedging Counterparty and/or Arranger, or for the Trustee.

In such circumstances, either the Issuer or the Hedging Counterparty would be likely to (at its discretion and subject to the Conditions or terms of the Hedging Agreement) exercise its early redemption right as a result of a Regulatory Event.

- (iv) ***European Market Infrastructure Regulation.*** The European Market Infrastructure Regulation EU 648/2012 (“EMIR”) entered into force on 16 August 2012. EMIR aims to increase stability in the over-the-counter derivative markets and includes measures to require the clearing of certain over-the-counter derivatives through central clearing counterparties and to increase the transparency of over-the-counter derivatives. Such measures will include the posting of collateral and various reporting and notification requirements. Notwithstanding that EMIR has entered into force, various elements introduced by EMIR have not yet been finalised or practically introduced. The Issuer does not expect the provisions of EMIR to require the Issuer to clear any Hedging Agreement with a central clearing counterparty or to post collateral. However, were EMIR to be finalised or introduced in such a way as to require the Issuer or the Hedging Counterparty to clear any Hedging Agreement or to post collateral, the Issuer might not be practically able to comply with such requirement and/or the Issuer and/or Hedging Counterparty would be subject to an additional financial and operation burden. In such circumstances, either the Issuer or the Hedging Counterparty would be likely to (at its discretion and subject to the Conditions or terms of the Hedging Agreement) exercise its early redemption right as a result of a Regulatory Event.

In addition to the above, there may be other regulatory changes which cause there to be a Regulatory Event. There can be no assurance that a Regulatory Event will not occur and investors should be aware that, should a Regulatory Event occur, it may lead to an early redemption of the Instruments.

### 13. **Further Issues of Instruments by the Issuer**

Further Instruments may be issued in respect of each Series of Instruments, subject to the provisions of General Condition 16 (*Further issues*).

### 14. **Collateral origination**

Where Collateral is to form part of the Series Assets, the originator of such Collateral will be Deutsche Bank AG, London Branch or such other entity as is specified in the relevant Final Terms. Deutsche Bank AG, London Branch is an authorised person for the purposes of section 19 of the Financial Services and Markets Act 2000. In the United Kingdom, it conducts wholesale banking business and through its Private Wealth Management division it provides holistic wealth management advice and integrated financial solutions for wealthy individuals, their families and selected institutions.

## 15. Legality of Purchase

None of the Company or the Issuer (as appropriate), the Arranger, the Custodian, the Trustee or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of Instruments by a prospective purchaser of the Instruments, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

## 16. Luxembourg law

The Company is a public limited liability company (*société anonyme*) incorporated under Luxembourg law. Under the Securitisation Act 2004, each Compartment corresponds to a separate and distinct part of the Company's assets and liabilities. As between Instrumentholders, each Compartment will be deemed to be a separate entity, unless otherwise provided for in the Articles. The rights of holders of Instruments issued in respect of a Compartment and the rights of creditors transacting with the relevant Issuer in respect of a Compartment are limited to the assets of such Compartment, where these rights relate to that Compartment or have arisen upon the constitution, operation or liquidation of the assets of that Compartment. The assets of a Compartment are available exclusively to satisfy the rights of holders of Instruments issued in relation to that Compartment and the rights of creditors whose claims relate to or have arisen at the occasion of the constitution, the operation or the liquidation of that Compartment. Fees, costs, expenses and other liabilities generally incurred on behalf of the Company but which do not relate to any particular Compartment shall, unless otherwise determined by the Board, be general liabilities of the Company and shall not be payable out of the assets of any Compartment. The Board shall ensure, to the extent possible, that creditors in respect of such liabilities waive recourse to the assets of any Compartment.

Pursuant to the Securitisation Act 2004, the conditions of issue of the Instruments are binding on the Issuer and the Instrumentholders and are valid as against third parties in the event of the liquidation of one or more Compartments, of bankruptcy proceedings in respect of the Company or more generally in determining the competing rights for payment of creditors, except that they are not binding on any creditors of the Issuer who have not expressly agreed to be bound by such conditions.

**THE CONSIDERATIONS SET OUT ABOVE ARE NOT, AND ARE NOT INTENDED TO BE, A COMPREHENSIVE LIST OF ALL CONSIDERATIONS RELEVANT TO A DECISION TO PURCHASE OR HOLD ANY INSTRUMENTS. POTENTIAL INVESTORS SHOULD ALSO READ CAREFULLY THE INFORMATION SET OUT ELSEWHERE IN THIS BASE PROSPECTUS (INCLUDING ANY DOCUMENTS INCORPORATED BY REFERENCE) AND REACH THEIR OWN VIEWS (TAKING SUCH ADVICE AS YOU THINK NECESSARY AND APPROPRIATE) BEFORE THEY INVEST IN THE INSTRUMENTS.**

## POTENTIAL CONFLICTS OF INTEREST

Each of the Company or the Issuer (as appropriate), the Arranger, the Trustee any Purchaser, any Hedging Counterparty, the Calculation Agent, the Principal Agent, the Paying Agent, the Custodian, any Servicer, and the Listing Agent are or may be affiliates or may be the same entities. Because of these and other relationships, potential conflicts of interest may arise between such parties and the Instrumentholders out of certain of the transactions contemplated herein.

The Arranger, the Trustee, any Purchaser, any Hedging Counterparty and the Agents and their respective affiliates may from time to time act in other capacities with regard to the Instruments. These parties and their respective affiliates may also from time to time engage in transactions involving the underlying interest rate, even where floating rate Instruments have been issued, the Index (if any), the Exchange Rate (if any) or the Collateral. Those transactions, if any, may have a positive or negative effect on the value of the underlying interest rate, the Index (if any), the Exchange Rate (if any) or the Collateral and consequently on the value of the Instruments.

Prior to the Issue Date for a Series of Instruments, the Agents and/or any Hedging Counterparty may, in certain cases, hold the securities which are intended to form all or part of the Collateral for such Series of Instruments. Consequently, such party may have an interest in ensuring that such securities are transferred to the Issuer on the Issue Date to form all or part of the Collateral for such Series of Instruments. The Issue Price of the Instruments includes certain fees, commissions and expenses payable to, or incurred by the Agents. Furthermore, the Agents and any Hedging Counterparty, along their respective affiliates, may, in certain cases, act as market-maker for the Collateral. By such market-making, the relevant party will, to a large extent, itself determine the price of the Collateral, and consequently influence the value of the Collateral and consequently the Instruments. The prices quoted by the relevant party in its market-making function will not always correspond to the prices which would have formed without such market-making and in a liquid market.

The Agents and any Hedging Counterparty, along with their respective affiliates, whether by virtue of the types of relationships described herein or otherwise, may acquire non-public information with respect to the Collateral that is or may be material in the context of the Instruments. None of the Agents, the Trustee or the Hedging Counterparty, along with their respective affiliates, undertakes to disclose any such information to any Instrumentholder.

## GENERAL DESCRIPTION OF THE PROGRAMME

*This section provides a brief overview of some of the main terms applicable to a Series of Instruments. It outlines a number of features of the Instruments but does not set out in full these features of the Instruments. In addition there are aspects of the Instruments to which this overview does not refer. Investors should therefore not rely on this overview but should rely only on the full terms and conditions of the relevant Series of Instruments as set out in the Base Prospectus as completed by the relevant Final Terms. Prospective investors should read carefully and understand the Base Prospectus (in particular the Conditions and the section “Risk Factors” in this Base Prospectus) before making any decision to invest in the Instruments.*

### 1. Nature of the Instruments

The Instruments are designed to enable Instrumentholders: (i) to participate, through the Interest Amounts, in a potentially variable level of the underlying interest rate equal to or above the level of the Minimum Interest Rate and equal to or below the level of the Maximum Interest Rate (to the extent applicable) and (ii) to be repaid at the Final Redemption Amount at maturity of the Instruments, unless the Maturity Date is postponed to the Postponed Maturity Date (where applicable), in which case during the Pass-through Period, amounts equal to the Principal Distribution Amounts (if any) received by the Issuer in respect of the Collateral from time to time shall be paid to the Instrumentholders three Business days following each Collateral Payment Date by way of repayment of principal of the Instruments, such amount to be paid to each Instrumentholder *pro rata* to the principal amount of Instruments held by each Instrumentholder (see section 3 below). The payments of interest and principal under the Instruments are subject to the Issuer having received corresponding payments from the Collateral and/or the Hedging Agreement (see sections 5 and 6 below).

The Instruments are debt obligations of Palladium Securities 1 S.A. (the “**Company**”) acting in respect of a particular Compartment (the “**Issuer**”). The Instruments will provide exposure, amongst other things, to each of the credit risk of the Issuer, the Hedging Counterparty (if any) and the Collateral. In particular, Instrumentholders are able to participate in the performance of the Collateral with certain interest rate risks and/or foreign exchanges risks being hedged via any Hedging Agreements. This general description provides a brief overview of how each of these risks operate, as each will affect whether and how much interest (except in relation to zero coupon Instruments) and principal is paid to Instrumentholders, and of the structure of the Instruments. Having reviewed this section, investors should refer again to the “Risk Factors” sections above.

### 2. Nature of the Issuer

The Company is a special purpose vehicle established for the purpose of issuing asset backed securities for any securitisation transactions as permitted under the Securitisation Act 2004, including the Instruments.

### 3. Economic terms of the Instruments

The section “General Conditions” sets out the legal and economic terms of the Instruments as completed by the Final Terms for each specific Series. These Conditions of a Series specify among other things:

- The right of an Instrumentholder to receive periodic interest payments (referred to as Interest Amounts and Bonus Interest Amounts (if any)) and how the Interest Amounts and Bonus Interest Amounts (if any) will be determined;
- how and when the level of the underlying interest rate is determined for the purposes of calculating an Interest Amount;
- the amount payable on redemption of the Instruments; and
- how and when the Issuer may redeem the Instruments early.

#### (a) Rights under the Instruments

The Instruments represent the right to receive:

- (i) periodic interest payments (referred to as Interest Amounts and Bonus Interest Amounts (if any)) from the Interest Commencement Date (as specified in the relevant Final Terms) (in the case of Instruments in respect

of which the Scheduled Maturity Date may be postponed, only prior to any applicable Pass-through Period) at either:

- (1) a fixed interest rate and (if applicable in the relevant Final Terms) an additional bonus fixed interest rate where a specified threshold is satisfied; or
- (2) a floating interest rate; or
- (3) a structured floating rate which may be one of
  - (a) a floating interest rate multiplied by a Leverage Factor (**Structured Floating Rate (Leverage Factor)**); or
  - (b) a Specified Rate which will only apply for a specific Business Day in the relevant Interest Period on which the Relevant Rate is greater than or equal to the Minimum Range Percentage and less than or equal to the Maximum Range Percentage (**Structured Floating Rate (Range Accrual)**); or
  - (c) a floating interest rate on the basis of (i) the applicable Benchmark Rate for a Representative Amount of the Specified Currency for one Specified Duration, minus (ii) the Benchmark Rate for a Representative Amount of the Specified Currency for a second Specified Duration (**Structured Floating Rate (SD1 – SD2)**); or
  - (d) the sum of or difference between two different Benchmark Rates (**Structured Floating Rate (Aggregate Benchmark Rate)**); or
  - (e) a rate linked to the performance of a specified inflation Index (**Structured Floating Rate (Inflation Index Linked Rate)**); or
- (ii) no periodic interest payment during the term of the Instrument (**zero coupon Instrument**);
- (iii) during any applicable Pass-through Period in relation to Instruments in respect of which the Maturity Date may be postponed, interest payments (referred to as Interest Amounts) equal to Interest Distribution Amounts (if any) received by the Issuer in respect of the Collateral from time to time; and
- (iv) a Final Redemption Amount equal to each Instrument's outstanding principal amount on the Maturity Date of the Instrument, provided in the case of Instruments in respect of which the Maturity Date has been postponed (where applicable) from the Scheduled Maturity Date to the Postponed Maturity Date, amounts equal to the Principal Distribution Amounts (if any) received by the Issuer in respect of the Collateral from time to time during the Pass-through Period.

In the case of Instruments in respect of which the relevant Final Terms specify that "Interest Component Adjustment" is Applicable, the Calculation Agent in its reasonable discretion may determine an adjustment to any one or more of the initial Interest Rate, the Margin, any applicable Minimum Interest Rate, any applicable Maximum Interest Rate or the Leverage Factor, as specified in the applicable Final Terms, in accordance with its normal pricing methodology on the specified Interest Component Adjustment Date. In such circumstances, the Calculation Agent shall determine any adjustment to any such component(s) by reference to such prevailing market conditions as it determines appropriate on the relevant Interest Component Adjustment Date which may, in particular, include the value and volatility of the Collateral, credit spreads on any issuer or obligor of the Collateral and the level of interest rates and interest rate swap rates, all as at the relevant Interest Component Adjustment Date. In such circumstances, the Calculation Agent will determine an illustrative Interest Rate, Margin, Minimum Interest Rate (if applicable), Maximum Interest Rate (if applicable) and/or Leverage Factor based on the market conditions and other factors as described above as at the first date of the Offering Period specified in the relevant Final Terms. However, in such cases, there can be no assurance as to the market conditions prevailing on the applicable Interest Component Adjustment Date and consequently as to the actual level of each relevant component and the Interest Rate.

**(b) Interest Payments**

Each Interest Amount payable (if any) prior to any applicable Pass-through Period will reflect the specified Calculation Amount per Instruments, the Interest Rate and the day count fraction for the relevant Interest Period. An Interest Amount will be payable on the specified interest payment dates.

In respect of fixed rate Instruments, the Yield is calculated using the ICMA Method prior to any applicable Pass-through Period. The ICMA Method determines the effective interest rate for the securities taking into account accrued interest on a daily basis. Where “Bonus Interest Rate” is specified as Applicable in the relevant Final Terms, the payment of a Bonus Interest Amount on an Interest Payment Date will be determined by reference to the level of a specified Exchange Rate on a specific Observation Date in respect of the relevant Interest Period. Where the level of the relevant Exchange Rate on an Observation Date is not above, below or at, as applicable, the threshold required by the relevant Final Terms, no additional Bonus Interest Amount will be payable to Instrumentholders, who will only receive an amount in respect of fixed interest (if any) on such Interest Payment Date, as provided in the relevant Final Terms.

In respect of floating rate Instruments, including structured floating rate Instruments, the Interest Rate will be determined by the Calculation Agent in respect of each interest period prior to any applicable Pass-through Period by reference to the specified screen page, subject to certain fallback provisions. To the extent a Minimum Interest Rate and/or Maximum Interest Rate applies, the Calculation Agent determines whether the level of the underlying interest rate is equal to or lower than the Minimum Interest Rate or equal to or greater than the Maximum Interest Rate and will adjust the applicable Interest Rate accordingly.

Instruments may be zero coupon Instruments where the Instruments shall not bear any interest prior to the Maturity Date.

During any applicable Pass-through Period, each Interest Amount will reflect the Interest Distribution Amounts (if any) received by the Issuer in respect of the Collateral from time to time. An Interest Amount will be payable three Business days following any date on which an Interest Distribution Amount is received by the Issuer.

Payments of interest, where relevant, and principal are contingent on the performance of the Collateral and will also be dependent on any Hedging Agreement, should one apply.

**(c) Redemption at Maturity**

Unless previously redeemed or purchased and cancelled and except in the case of Instruments in respect of which the Maturity Date may be postponed, each Instrument will be redeemed by the Issuer by payment of the Final Redemption Amount, such redemption to occur, subject as provided below, on the Maturity Date. The Issuer will either repay the Instruments from the proceeds that it has received from the redemption of the Collateral or from the payments by the Hedging Counterparty under any Hedging Agreement. Hence the redemption of the Instruments is dependent on the payment under the Collateral and/or the Hedging Agreement (if any).

In the case of Instruments in respect of which the Maturity Date may be postponed, the Instruments shall be redeemed as described above, provided that in the event that the scheduled maturity date of a Collateral Item (“**Affected Collateral**”) has been postponed in accordance with the terms of such Collateral Item:

- (i) the Maturity Date will be postponed to the Postponed Maturity Date;
- (ii) the redemption proceeds of each Collateral Item (“**Non-Affected Collateral**”) that has redeemed on its scheduled maturity date will be transferred to the Hedging Counterparty under the Hedging Agreement;
- (iii) on the Scheduled Maturity Date an amount equal to the aggregate of the Collateral Item Notional Amount(s) of the Non-Affected Collateral shall be transferred by the Hedging Counterparty to the Issuer under the Hedging Agreement to be distributed to Instrumentholders and the Hedging Agreement will terminate; and
- (iv) during the Pass-through Period (the period from and including the Scheduled Maturity Date to and including the Postponed Maturity Date), Instrumentholders will be entitled to receive only equal to the Interest Distribution Amounts (if any) and the Principal Distribution Amounts (if any) received by the Issuer in respect of the Affected Collateral from time to time, which shall be paid to the Instrumentholders three Business days following each Collateral Payment Date by way of payment of interest or repayment of principal of the Instruments, respectively, such amounts to be paid to each Instrumentholder *pro rata* to the principal amount of Instruments held by each Instrumentholder.

**(d) Early Redemption prior to enforcement of security**

Prior to the enforcement of the security created pursuant to the Series Instrument, where the Instruments are redeemed early in accordance with the relevant Conditions and “Hedging Agreement” is specified as Applicable in the relevant

Final Terms, the Collateral, or the relevant Collateral Item, as applicable, will be transferred to the Hedging Counterparty in accordance with the terms of the Hedging Agreement in exchange for the aggregate of the Early Termination Amounts (see section 8 below), and, if applicable, an additional amount in respect of accrued interest, to be distributed to Instrumentholders.

**(e) Early redemption following enforcement of security**

Upon the occurrence of (i) an event of default in respect of the Issuer, (ii) any amounts being due and unpaid by the Issuer under any Hedging Agreement on its termination, (iii) where “Hedging Agreement” is specified as Applicable in the relevant Final Terms, any event of default (as defined in the applicable Hedging Agreement) relating to any Hedging Counterparty under the applicable Hedging Agreement or (iv) where “Hedging Agreement” is specified as Not Applicable in the relevant Final Terms, upon the Instruments becoming subject to mandatory cancellation pursuant to General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*), General Condition 7.6 (*Cancellation for Taxation or other reasons*), the security constituted by or created pursuant to the Series Instrument shall become enforceable and the Instruments shall be redeemed in whole or in part, as applicable.

Following enforcement of the security, the Series Assets shall be subject to realisation by the Selling Agent in whole or in part, as applicable, and the redemption amount (referred to as the Early Termination Amount – see section 8 below) payable to Instrumentholders in these circumstances will be their *pro rata* share of the proceeds of realisation of the relevant Series Assets after deduction of prior ranking amounts such as the costs and fees of the Trustee and, subject to the relevant Conditions, any outstanding claims of the Hedging Counterparty (including any amounts payable by the Issuer to the Hedging Counterparty in respect of the Option Premium). Furthermore, potential investors should note that the Selling Agent will be able to deduct any of its commissions and/or expenses in connection with the realisation of the Series Assets from the proceeds of realisation of the Series Assets prior to the distribution of such proceeds to the other Series Parties.

**(f) Amortisation**

Where “Amortisation” is specified as Applicable in the relevant Final Terms, if any Collateral Item (a “**Matured Collateral Item**”) is redeemed on its scheduled maturity date in accordance with the terms of such Collateral Item and prior to the Maturity Date of the Instruments, upon receipt of such redemption proceeds (the “**Amortisation Amount**”) the Issuer shall redeem each Instrument in whole or, as the case may be, in part in each case by payment of its *pro rata* share of the Amortisation Amount, together with interest accrued to the date of such payment, and the principal amount of each Instrument shall be reduced by an amount equal to its *pro rata* share of the Collateral Item Notional Amount in respect of the Matured Collateral Item.

**(g) Deductions due to taxes, duties, expenses**

Any amounts payable in respect of the Instruments are subject to the deduction of certain taxes, duties and/or expenses.

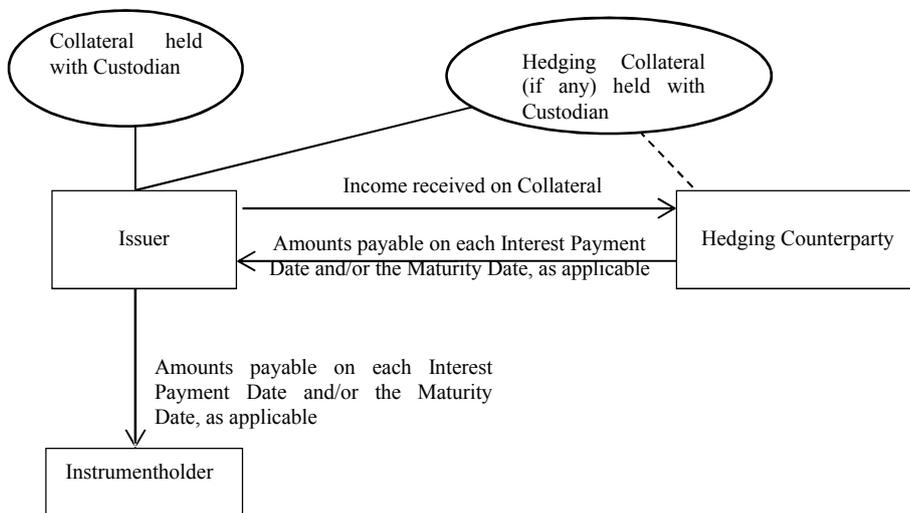

**4. Transaction Structure**

The money raised by the Issuer from the initial sale of the Instruments for a Series shall be used by the Issuer to purchase the Collateral (see section 5 below) and/or satisfy its obligations in respect of any Hedging Agreement, after deduction of the costs of the issue and the Issuer's general administrative costs, for such Series. Such purchase or purchases (as the case may be) may directly be made from the issuer of such Collateral, the dealers in the primary market or from any other holders of the Collateral in the secondary market, and may be completed under the Hedging Agreement (if any). Each Collateral Item, together with the Issuer's rights under any Hedging Agreement, any Hedging Collateral and any proceeds from any relevant Hedging Agreement (as described in section 6 below) shall form the Series Assets for such Compartment. The Series Assets are exclusively allocated to the relevant Compartment established by the board of directors of the Issuer in respect of the relevant Instruments and will be kept separate from the other assets of the Issuer. The Series Assets are secured in favour of the Trustee for the benefit of the Series Parties (which include the Instrumentholders) as security for the obligations of the Issuer in respect of the Instruments.

The Issuer will acquire the Series Assets in an amount sufficient to ensure that it is in a position to meet its obligations under the Instruments, in particular payment of interest (except in the case of a zero coupon Instruments; see section 5 below), the Final Redemption Amount (see section 3(c) above), the Early Termination Amount (see sections 7 and 8 below) and any obligations under the Hedging Agreements (see section 6).

The Issuer for each Series of Instruments may finance any payments to Instrumentholders:

1. if no Hedging Agreement is entered into, directly through payments of principal, interest, dividends or other distributions received on the Collateral and other Series Assets; and/or
2. if a Hedging Agreement is entered into substantially in the manner as set out in the below diagram:

On or prior to the Maturity Date of the Instruments, and subject to any postponement of the Maturity Date to the Postponed Maturity Date (where applicable), the Collateral, or the redemption proceeds thereof, will be transferred to the Hedging Counterparty in exchange for payment on the Maturity Date of the aggregate of the Final Redemption Amounts in respect of the Instrument, and the Hedging Agreement will terminate. The Issuer intends to use the proceeds from the redemption and/or realisation of the Collateral and any amounts received under the Hedging Agreement to pay the Final Redemption Amounts, and any outstanding Interest Amounts, to the Instrumentholders.

Prior to the security becoming enforceable in respect of the Instruments, in the event of an early termination of the Instruments in accordance with the relevant Conditions, the Instruments shall be redeemed as described in section 3(d) above. Following the security being enforced in respect of the Instruments, the Instruments shall be redeemed as described in section 3(e) above.

The Early Termination Amounts payable on early redemption of the Instruments may be lower than the outstanding nominal amount of the Instruments that are being redeemed and may be zero.

The Series Assets will be the only assets of the Issuer available to meet the claims of the Instrumentholders. Instrumentholders bear the risk of a default of the Collateral as well as any decline in the value of the Collateral. If the market value of any Collateral has declined since the date of purchase, the amounts received by Instrumentholders on any early cancellation of the Instruments may be less than their original investment in the Instruments and may be zero. Instrumentholders are exposed to the credit risk of (i) Deutsche Bank Luxembourg S.A. as Custodian, (ii) if applicable, the Servicer of the Collateral and (iii) if applicable, any Sub-Custodian, which may result in the Collateral not being available for any payments under the Instruments and/or any Hedging Agreements.

Furthermore Instrumentholders bear the credit risk of the Hedging Counterparty to the extent any default by the Hedging Counterparty under the Hedging Agreement is not covered by the Hedging Collateral provided thereunder.

## 5. General Description of the Collateral

On or about the Issue Date, the Issuer will use the proceeds of the issue to purchase the Collateral which may comprise any debt instrument(s) issued by a Collateral Obligor listed in Annex 1 (*Collateral Annex*) to this Base Prospectus. The Collateral may form a pool of debt instruments issued by different Collateral Obligors or include only one debt instrument issued by a Collateral Obligor or multiple debt instruments issued by the same Collateral Obligor, as specified in the Final Terms. Subject (where applicable) to any postponement of the Maturity Date to the Postponed Maturity date, the Collateral will pay a fixed and/or floating interest rate and/or may be zero coupon debt instruments. Subject (where applicable) to any postponement of the maturity date, each Collateral Obligor undertakes under the relevant Collateral to repay the Collateral on the scheduled maturity date of such Collateral at the nominal amount of the Collateral. In the event that the Maturity Date has been postponed to the Postponed Maturity Date, during the Pass-

through Period, amounts equal to the Principal Distribution Amounts (if any) received by the Issuer in respect of the Collateral from time to time shall be paid to the Instrumentholders three Business days following each Collateral Payment Date by way of repayment of principal of the Instruments.

A Collateral Item may be denominated in a currency other than the currency in which the Instruments are issued and the Issuer will rely on the currency swap transaction under the Hedging Agreement to convert such sums to the Specified Currency. The Calculation Agent will be responsible for determining the exchange rate applicable when calculating the correct amount of Collateral corresponding to the Instruments on the Issue Date and any Early Termination Amount payable on an early termination of the Instruments.

The Collateral may include senior unsecured and secured debt instruments. The Collateral may also include high yield bonds which are typically secured debt instruments of a Collateral Obligor with a lower credit rating than investment grade rated bonds.

The relevant Collateral will be purchased in a principal amount equal to the Aggregate Nominal Amount of the Instruments issued on the Issue Date or in a ratio as specified in the Final Terms.

The Collateral Obligor, the Collateral Guarantor (if any) and the Collateral Support Provider (if any) will have securities admitted to trading on a regulated market in the European Union where more information on the Collateral Obligor, the Collateral Guarantor (if any) and the Collateral Support Provider (if any) can be found (as specified in the Final Terms). A general description of the Collateral Obligor and any Collateral Guarantor or Collateral Support Provider is set out in Annex 1 (*Collateral Annex*) to this Base Prospectus.

If “Collateral Support Provider” is specified as Applicable in the relevant Final Terms, the Collateral will benefit from a Keepwell Agreement or Alternative Collateral Support Arrangement. In the case of a Keepwell Agreement, it is typical for the Collateral Support Provider to undertake that it will make available funds sufficient to meet the payment obligations, as they fall due, of the Collateral Obligor. The Collateral Obligor is commonly first obliged to notify the Collateral Support Provider of any shortfall. The Collateral Support Provider will, in such cases, often be an entity that directly or indirectly controls all the outstanding shares of the Collateral Obligor and will also undertake in the Keepwell Agreement not to encumber or otherwise dispose of such shares.

Other Alternative Collateral Support Arrangements will likewise involve a Collateral Support Provider giving certain undertakings to the Collateral holders or the Collateral Obligor which will seek to increase the likelihood that the Collateral Obligor will not default on its payment obligations and will be able to repay the Collateral Item in full on redemption.

## 6. Hedging Agreement

On or prior to the Issue Date for a Series of Instruments the Issuer may enter into an interest and/or currency swap agreement (the “**Hedging Agreement**”) with the Hedging Counterparty on the basis of a 1992 or 2002 Master Agreement (Multicurrency-Cross Border) and schedule under English law, as published by the International Swaps and Derivatives Association, Inc. (ISDA), as supplemented by a confirmation in respect of the interest rate and/or currency swap. Deutsche Bank AG will act as Hedging Counterparty and further information on Deutsche Bank AG can be found in the section “ADDITIONAL INFORMATION IN RELATION TO THE PARTIES TO THE STRUCTURE” below.

The Hedging Agreement is an interest rate and/or currency swap transaction related to the Instruments and the Collateral and for the purposes of which both the Issuer and the Hedging Counterparty undertake to make periodic payments. The payments which the Hedging Counterparty undertakes to make under the Hedging Agreement equal the Issuer's interest payments in respect of the Instruments. In return, the Issuer will pay to the Hedging Counterparty the interest payments that it receives under the Collateral.

The principal purpose of any Hedging Agreement is to ensure that, prior to any early cancellation of the Instruments, the income received by the Issuer from any Collateral (which may pay a rate of interest that differs from the rate that the Issuer must pay under the Instruments, or may pay amounts in a different currency to the currency in which the Instruments are denominated) is exchanged for an income stream that matches the amounts to be paid under the Instruments.

If any Collateral Item is redeemed in accordance with its terms, either at the option of the Collateral Obligor or on its scheduled maturity date, where:

- “Collateral Put/Call Redemption” is specified as Applicable in the relevant Final Terms and the Collateral Item became repayable at the option of the Collateral Obligor in accordance with the terms of such Collateral Item, the Issuer shall redeem the Instruments in whole or in part on the basis set out in General Condition 7.3 (*Mandatory Cancellation*) and the proceeds of redemption of the Collateral Item shall be paid to the Hedging Counterparty pursuant to the Hedging Agreement in exchange for an amount equal to the aggregate of the Early Termination Amounts due in respect of the Instruments, plus any interest accrued in respect of the *pro rata* proportion of the Instruments, which shall be distributed to the Instrumentholders in accordance with the relevant Conditions;
- “Collateral Put/Call Redemption” is specified as Not Applicable in the relevant Final Terms and the Collateral Item became repayable at the option of the Collateral Obligor in accordance with the terms of such Collateral Item, the redemption proceeds of such Collateral Item shall be transferred to the Hedging Counterparty under the Hedging Agreement and no payment in respect of such redemption shall be made to Instrumentholders;
- “Amortisation” is specified as Applicable in the relevant Final Terms and a Collateral Item has redeemed on its scheduled maturity date in accordance with its terms and prior to the Maturity Date of the Instruments, the redemption proceeds of such Collateral Item, plus any interest accrued in respect of the *pro rata* proportion of the Instruments, shall be distributed to the Instrumentholders in accordance with the relevant Conditions; and
- “Amortisation” is specified as Not Applicable in the relevant Final Terms and a Collateral Item has redeemed on its scheduled maturity date in accordance with its terms and prior to the Maturity Date of the Instruments, the redemption proceeds of such Collateral Item shall be transferred to the Hedging Counterparty under the Hedging Agreement and no payment in respect of such redemption shall be made to Instrumentholders.

In order to secure the performance of any Hedging Counterparty’s obligations under each Hedging Agreement, as part of the corresponding Hedging Agreement, a Credit Support Document may be entered into by the Issuer and the Hedging Counterparty on or after the Issue Date of the Instruments pursuant to which the Hedging Collateral may, from time to time, be delivered by such Hedging Counterparty to the Custodian in order to collateralise the Hedging Counterparty’s exposure to the Issuer. The Issuer may, if “2-Way Hedging Collateral Posting” is specified in the relevant Final Terms, also be required to deliver securities comprising the Collateral to the Hedging Counterparty in order to collateralise its obligations to the Hedging Counterparty under the Hedging Agreement. Any Hedging Collateral and/or eligible credit support comprising the Collateral delivered under a Credit Support Document is subject to the right of such Hedging Counterparty and/or the Issuer (as applicable) to request redelivery of such collateral in accordance with the corresponding Hedging Agreement. The amount of the Hedging Collateral posted by the Hedging Counterparty and/or eligible credit support comprising the Collateral posted by the Issuer may be adjusted from time to time pursuant to the terms of such Hedging Agreement. The obligation of the Issuer to deliver eligible credit support comprising the Collateral to the Hedging Counterparty under the Credit Support Document is limited to the amount of Collateral held by the Issuer from time to time.

The Hedging Agreement will be terminated on or about the Maturity Date of the Instruments (or on or about the Scheduled Maturity Date of the Instruments, where the Maturity Date of the Instruments may be postponed to the Postponed Maturity Date) unless terminated earlier in accordance with its terms, including due to an event of default or termination event under the Hedging Agreement. An event of default under the Hedging Agreement includes, inter alia, (subject to applicable grace period) a failure by a party to pay any amount due under the Hedging Agreement, (subject to applicable grace period) a failure by either party to perform any obligation under the Hedging Agreement, or the bankruptcy of a party. A termination event under the Hedging Agreement includes, inter alia, illegality, a tax event or regulatory changes affecting either party to the Hedging Agreement (in respect of which, see the section headed “Regulatory Risk” in the Risk Factors section above).

The Hedging Agreement will terminate in full if all Instruments are cancelled prior to the Maturity Date (or prior to the Scheduled Maturity Date, where the Maturity Date of the Instruments may be postponed to the Postponed Maturity Date) or if an Event of Default occurs in respect of the Instruments. Events of Default in respect of the Instruments include the following events:

- (i) if default is made in the payment of any sum due in respect of the Instruments or any of them is made for a period exceeding the Grace Period; or
- (ii) if the Issuer fails to perform or observe any of its other obligations under the Instruments, the Series Instrument and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 30 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice

requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or

- (iii) if any order shall be made by any competent court or any resolution passed for the winding-up or dissolution (including, without limitation, any bankruptcy (*faillite*), insolvency, voluntary, forced or judicial liquidation (*liquidation volontaire ou judiciaire ou forcée*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) of the Issuer or the Company (as appropriate) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution or formal notice is given of an intention to appoint an administrator (including, without limitation, any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), *juge délégué* or *juge commissaire*), provisional administrator (*administration provisoire*) or any application is made or petition is lodged or documents are filed with the court or administrator in relation to the Issuer or the Company (as appropriate).

The Hedging Agreement will terminate in part (on a *pro rata* basis in a proportion of its nominal amount equal to the proportion that the nominal amount of the Instruments being cancelled bears to the Aggregate Nominal Amount of all Instruments immediately prior to such cancellation) if some of the Instruments are cancelled prior to the Maturity Date (or prior to the Scheduled Maturity Date, where the Maturity Date of the Instruments may be postponed to the Postponed Maturity Date) pursuant to the Conditions. Furthermore, the Hedging Agreement may be terminated early in case of an early redemption of the Instruments.

## 7. Early Termination of the Instruments

The Instruments may be cancelled early if:

- (a) a default, event of default or other similar event or circumstance occurs with respect to the Collateral (howsoever described and including, without limitation, a failure to pay any principal or interest when and where due in accordance with the terms of the Collateral as at the Issue Date and further provided that if any of the Collateral comprises asset-backed securities then any deferral of interest or other payment thereunder in accordance with its terms shall not constitute a “default”);
- (b) any of the Collateral becomes repayable (otherwise than at the option of the relevant Collateral Obligor in accordance with the terms of the Collateral) or becomes capable of being declared due and payable prior to its stated date of maturity for whatever reason;
- (c) in the determination of the Calculation Agent, acting in good faith and a commercially reasonable manner, a Regulatory Event occurs, and the Issuer has been unable to arrange substitution or change of itself as Issuer in order to cure such an event;
- (d) if “Collateral Put/Call Redemption Event” is specified as Applicable in the relevant Final Terms, if any of the Collateral becomes repayable at the option of the Collateral Obligor in accordance with the terms of such Collateral;
- (e) the Issuer would be required by law to withhold or account for tax or would suffer tax in respect of its income so that it would be unable to make payment of the full amount due, and the Issuer has been unable to arrange substitution or change of itself as Issuer, or is unable to do so in a tax efficient manner;
- (f) any Credit Support Document entered into in connection with any Hedging Agreement is terminated prior to the Maturity Date for any reason;
- (g) any Hedging Agreement is terminated in accordance with its terms prior to the Hedging Agreement Termination Date;
- (h) “Early Redemption on Cessation of Publication” is specified as Applicable in the relevant Final Terms and there is a cessation in the publication of any applicable Index;

- (i) “Early Redemption on Adjustment/Termination Event” is specified as Applicable in the relevant Final Terms and an Adjustment/Termination Event has occurred that the Calculation Agent is not able to resolve in a commercially reasonable manner; or
- (j) there is a breach by the Issuer of its obligations under the Instruments or the winding-up or dissolution of the Issuer.

In any such case of early cancellation described in (a), (b), (c), (d), (e), (f), (g), (h) or (i) above the Issuer shall give not more than 30 nor less than 15 days’ notice (or not more than 30 nor less than 10 days’ notice in respect of paragraph (c)) of the date fixed for cancellation and on expiry of such notice (i) the Issuer shall cancel the outstanding Instruments of such Series in whole or in part, as applicable, (ii) the relevant portion of the Series Assets will be realised in accordance with the Conditions and the Securitisation Act 2004, if applicable, and (iii) if an event of default has occurred in respect of the Issuer or any amounts are due and unpaid by the Issuer under any Hedging Agreement on the Hedging Agreement Termination Date or any event of default (as defined in the applicable Hedging Agreement) has occurred and is continuing in respect of any Hedging Counterparty under the applicable Hedging Agreement or where “Hedging Agreement” is specified as Not Applicable in the relevant Final Terms, upon the Instruments becoming subject to mandatory cancellation pursuant to General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*), General Condition 7.6 (*Cancellation for Taxation or other reasons*), the security constituted by or created pursuant to the Series Instrument shall become enforceable in whole or in part, as applicable.

## 8. Early Termination Amount

The Early Termination Amount (if any) due in respect of each Instrument following the occurrence of an Event of Default, a cancellation for tax reasons, a termination of the Credit Support Document, an early termination of the Hedging Agreement, a Collateral early redemption, a redemption at the option of the Issuer for a Regulatory Event, a Collateral Put/Call Redemption Event or a Collateral Default Event, the cessation of the Index or the occurrence of an Adjustment/Termination Event, shall be an amount equal to such Instrument’s *pro rata* share of an amount in the Specified Currency (which may never be less than zero) determined by the Calculation Agent in accordance with the following formula:

(A-B)

Where:

“**A**” is the Market Value Collateral, converted into the Specified Currency (if applicable) at the relevant exchange rate applicable at such time, as determined by the Calculation Agent in its reasonable discretion; and

“**B**” is the Early Termination Unwind Costs.

“**Collateral Currency**” means the currency in which a Collateral Item is denominated.

“**Early Termination Unwind Costs**” means the sum (the result of which may be positive, negative or zero) of:

- (a) an amount, if any, determined by the Calculation Agent acting in good faith and a commercially reasonable manner, equal to the gain or loss realised by the Hedging Counterparty upon an unwind of the Hedging Agreement (expressed as a negative amount if a gain, and as a positive amount otherwise), taking into account (i) the sum of (without duplication) all amounts, costs, expenses (including loss of funding), tax and duties incurred by or payable to the Hedging Counterparty and (ii) the redemption of the Instruments and the related termination, settlement or re-establishment of any hedge or related trading position (but, for the avoidance of doubt, in determining any such gain or loss, the obligation of the Hedging Counterparty under the Hedging Agreement to make payment of the aggregate Early Termination Amounts and any obligation of the Issuer under the Hedging Agreement to deliver the Collateral in connection with the early termination shall be disregarded), and with (i) and (ii) above to be determined by the Calculation Agent, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, by reference to such factors as it sees fit, including, without limitation, hedging arrangements, unwind and termination costs, commissions, fees and any arrangements entered into with third parties as well as:
  - (1) market variables including interest rates and implied volatility; and

- (2) costs to the Hedging Counterparty of unwinding any underlying related hedging arrangements; and (without duplication)
- (b) (expressed as a positive amount) any legal and other ancillary costs (including if applicable, without limitation, any costs in relation to the realisation of the Collateral) incurred by the Issuer, the Trustee or the Hedging Counterparty as a result of the Instruments becoming subject to mandatory cancellation under General Condition 7.3 (*Mandatory Cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*), General Condition 7.6 (*Cancellation for taxation and other reasons*) and General Condition 12 (*Events of Default*).

Where “Option Premium” is specified as Applicable in the Final Terms, the Early Termination Unwind Costs shall include amounts payable by the Issuer to the Hedging Counterparty in respect of the Option Premium.

“**Early Termination Valuation Date**” means:

- (a) for the purposes of a cancellation due to a Collateral Default Event, a Collateral early termination, a redemption at the option of the Issuer for a Regulatory Event, a Collateral Put/Call Redemption Event, a cancellation for tax reasons, a termination of the Credit Support Document or an early termination of the Hedging Agreement or the cessation of the Index, the Business Day immediately preceding the due date for cancellation; or
- (b) for the purposes of a cancellation due to the occurrence of an Event of Default, the due date for cancellation.

“**Market Value Collateral**” means, in respect of each Collateral Item, (i) where the Collateral Item has not been redeemed, an amount in the relevant Collateral Currency calculated by the Calculation Agent equal to the highest firm bid quotation obtained by the Calculation Agent from the Reference Banks for the Collateral Item (excluding accrued but unpaid interest in respect thereof), on the relevant Early Termination Valuation Date provided that if no firm bid quotation is obtained, the Market Value Collateral shall be calculated by the Calculation Agent in good faith and may in certain circumstances be zero or (ii) in circumstances where the Collateral Item has been redeemed, the proceeds of redemption of the Collateral Item.

#### *Example Calculations*

Set out below are examples of calculations of the amount that may be payable on an early cancellation of the Instruments.

The examples are included for illustrative purposes only and should not be relied upon. They are not an indication of the likely performance of, or amounts payable in respect of, the Instruments. Prospective purchasers should conduct their own independent review and obtain such professional advice as they deem appropriate prior to any acquisition of the Instruments.

By way of example calculation on a cancellation described above, if (a) the outstanding nominal amount of each Instrument was EUR1,000, (b) the market value of the Collateral was equal to the aggregate nominal amount of the Instruments, and (c) the unwind costs when pro-rated amongst the Instruments were EUR 100, the amount payable on cancellation of each Instrument (having a nominal amount of EUR 1,000) would be EUR 900, calculated as follows:

- (a) EUR 1,000 (being such Instrument’s *pro rata* share of the market value of the Collateral); minus
- (b) EUR 100 (being such Instrument’s *pro rata* share of the unwind costs).

If (a) the outstanding nominal amount of each Instrument was EUR1,000, (b) the market value of the Collateral was equal to half the aggregate nominal amount of the Instruments, and (c) the unwind costs when pro-rated amongst the Instruments were EUR 100, the amount payable on cancellation of each Instrument (having a nominal amount of EUR 1,000) would be EUR 400, calculated as follows:

- (a) EUR 500 (being such Instrument’s *pro rata* share of the market value of the collateral); minus
- (b) EUR 100 (being such Instrument’s *pro rata* share of the unwind costs).

## **9. Redemption at the option of the Issuer on void transfer or other disposition and forced transfer**

Any transfer or other disposition of any legal or beneficial ownership interest in an Instrument to a Non-Permitted Transferee or Benefit Plan Investor shall be deemed to be void ab initio and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in an Instrument in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Instrument, and the Issuer shall be entitled to cease to make any payments in respect of Instruments held by a Non-Permitted Transferee or a Benefit Plan Investor.

At any time after becoming aware that any legal or beneficial ownership interest in an Instrument is held by a Non-Permitted Transferee or a Benefit Plan Investor, the Issuer shall give notice to the Trustee, the Custodian and the Calculation Agent and shall have the right to require such Non-Permitted Transferee or Benefit Plan Investor to sell such interest to (a) the Arranger or to any of its Affiliates (to the extent permitted by applicable law) or (b) a person who is neither a Non-Permitted Transferee nor a Benefit Plan Investor, in each case, at a price equal to the lesser of (x) the purchase price paid for such interest by such Non-Permitted Transferee or Benefit Plan Investor, (y) the principal amount of such interest and (z) the fair market value of such interest, less any costs or expenses incurred by or on behalf of the Issuer in connection with such sale.

#### **10. Optional Redemption at the option of the Issuer**

If “Issuer Call Option” is specified to be Applicable in the relevant Final Terms, the Issuer may by giving at least 5 Business Days’ notice (a) on a date within the Optional Redemption Period specified in such Final Terms, or (b) on an Optional Redemption Date specified in such Final Terms, cancel all of the Instruments and the Issuer shall pay the Optional Redemption Amount together with interest accrued to the date fixed for cancellation in respect of each Instrument.

The Optional Redemption Amount due in respect of each Instrument pursuant to the exercise of the Issuer Call Option shall be either (a) the percentage per Calculation Amount per Instrument, or (b) the Optional Redemption Amount per Instrument corresponding to the applicable Optional Redemption Date on which the Issuer Call Option is exercised, each as set out in the relevant Final Terms.

#### **11. Description of the Security Structure**

The Issuer will enter on the Issue Date with Deutsche Trustee Company Limited as Trustee into a Series Instrument under English law pursuant to which the Instruments will be constituted and secured. In accordance with such Series Instrument the Trustee is granted security for itself and as trustee over, inter alia, the Collateral and the rights of the Issuer under the Hedging Agreement as continuing security for, inter alia, the payment of all sums due under the Instruments.

Under the Series Instrument, the Trustee undertakes to hold on trust the security granted to it for, inter alia, the benefit of the Series Parties and has the right to enforce the security, inter alia, upon the occurrence of an Event of Default, e.g. in the event of a non-payment of interest or any other amount due under the Instruments within the Grace Period.

The Trustee is obliged to pay to the Series Parties (as defined in the Conditions of the Instruments) the proceeds from the realisation of the Series Assets with the priority set out in Condition 8.8 (*Application of Proceeds of Series Assets*). This means that the realisation proceeds will be used to satisfy any claims of the relevant Series Party in the respective order and the claims in the same rank will be satisfied on a *pro rata* basis.

In certain circumstances, the principal amount of Collateral purchased on the Issue Date will be greater than the principal amount of Instruments issued on such date. The Instrumentholders will not, however, be over-collateralised by such amount. In no circumstances will the amount of Collateral comprising security for the Instrumentholders exceed the Aggregate Nominal Amount of the Instruments. On the Issue Date, the nominal amount of Collateral to be delivered to the Issuer under the Hedging Agreement will exceed the Aggregate Nominal Amount of the Instruments. This excess amount shall be payable by the Issuer to the Hedging Counterparty (whether at maturity or otherwise) by way of a final exchange under the Hedging Agreement. This amount represents the premium payable to the Hedging Counterparty by the Issuer in respect of an option contained in the Hedging Agreement. In the event of an early termination of the Instruments the present value of this excess amount at the time of termination, as determined by the Calculation Agent in its sole and absolute discretion acting in good faith and a commercially reasonable manner, will comprise part of the Early Termination Unwind Costs.

Notwithstanding the security expressed to be granted over the Collateral and Hedging Collateral pursuant to the Series Instrument, the Issuer may only have a claim against the Custodian in respect of the Collateral and any Hedging

Collateral. The ability of the Issuer to meet its obligations with respect to the Instruments will be dependent upon receipt by the Issuer of payments from the Custodian pursuant to the Agency Agreement for the Instruments.

According to General Condition 19 (*Indemnification and Obligations of the Trustee; Replacement of Trustee*) and the Series Instrument the Trustee may be replaced by the Issuer subject to the prior approval by an Extraordinary Resolution of the Instrumentholders and the consent of the Hedging Counterparty.

Where “Hedging Counterparty right to replace Trustee” is specified as Applicable in the relevant Final Terms and the Hedging Counterparty acting in its sole and absolute discretion determines that for legal, regulatory or other similar reasons, it is in the interests of any Series Party (excluding the Trustee) to replace the Trustee, the Hedging Counterparty acting in its sole and absolute discretion may elect to replace the party acting in the capacity of Trustee at that time (the “**Outgoing Trustee**”) with a replacement trustee (the “**Replacement Trustee**”) in accordance with the General Trust Terms as amended by the relevant Series Instrument. The Hedging Counterparty shall effect such replacement by giving notice to the Issuer, the Outgoing Trustee and the Replacement Trustee of such election. The Hedging Counterparty shall not incur any liability as to the consequences of its election to deliver, or to not deliver, such notice and shall not have any regard to the effect of such action.

## 12. **Role of the Trustee**

Pursuant to the relevant Series Instrument, the Trustee will be appointed, inter alia, to hold the security over the Series Assets for the benefit of the Series Parties (which include the Instrumentholders). In the case of the security created under the relevant Series Instrument becoming enforceable, the Trustee shall enforce such security and distribute the enforcement proceeds in accordance with the relevant priority of payments as set out in Condition 8.8 (*Application of Proceeds of Series Assets*).

## 13. **Role of Agents under the Programme**

The Issuer may engage various agents in respect of the Programme and any Series of Instruments. These Agents act solely as agents of the Issuer and do not assume any obligation or duty to, or any relationship of agency or trust for or with, any Instrumentholder.

The Principal Agent or Paying Agent will have the role according to the Agency Agreement of paying, or causing to be paid, all amounts due to the Instrumentholders. The Issuer will generally procure transfer of any payments to be made to Instrumentholders to the Principal Agent or Paying Agent prior to payment to the Instrumentholders. If, however, a payment by the Issuer to the Principal Agent or Paying Agent is made late but otherwise in accordance with the terms of the Agency Agreement, the Principal Agent or Paying Agent will nevertheless make payments in respect of the relevant Series. If, however the Principal Agent or Paying Agent has reason to believe that the amounts to be received by it from the Issuer will be insufficient to satisfy all claims in respect of payments falling due in respect of any Series, the Principal Agent or Paying Agent will not be obliged to pay any such claims until it has received the full amount of such payments.

Pursuant to the Agency Agreement, the Issuer appoints the Custodian as the initial custodian of the Collateral in respect of each Series (to the extent such Collateral constitutes “liquid assets and securities” for the purposes of Article 22 of the Securitisation Act 2004) and the Custodian acknowledges that all such Collateral for that Series credited to its account or delivered to it shall be held in safe custody for and on behalf of the Issuer, subject to the security in favour of the Trustee as set out in the relevant Series Instrument. The Custodian (acting on behalf of the Issuer and the Trustee, respectively), or if applicable, any Servicer, shall receive all moneys in relation to the Series Assets and apply all moneys received by it under the provisions of the Series Instrument in connection with such Series Assets, in all cases in accordance with proper instructions received. The Issuer shall not at any time own or agree to own any assets which would cause any applicable Servicer to be subject to any express or implied duty or obligation under any applicable Italian or Luxembourg law (including any reporting duties towards the competent supervision authorities of the Issuer (if any)) other than the duty to collect payments made in respect of assets which it holds in its capacity as Custodian (either directly or via a sub-custodian). For these purposes, references to “collect” or the “collection” of payments shall be construed as meaning the receipt of payments due with respect to such assets held and shall not extend to ensuring performance of such assets whether by management of the recovery of unpaid debts or otherwise. The role of Servicer (if applicable) is restricted to this single duty accordingly.

Any Calculation Agent, if specified in the Final Terms, shall perform the duties expressed to be performed by it in the relevant Series Instrument, the Final Terms and Agency Agreement. The Calculation Agent shall make the relevant determinations and/or calculations accordingly.

Pursuant to the Agency Agreement, the Selling Agent's role is, if instructed by the Trustee in accordance with General Condition 8.10.2 (*Selling Agent*), to use all reasonable endeavours, as the agent of the Trustee, to sell or otherwise realise the relevant Series Assets as soon as reasonably practicable on or after the date on which it receives such instruction at its best execution price less any commissions or expenses charged by the Selling Agent and specified for this purpose in the Series Instrument.

## **DOCUMENTS INCORPORATED BY REFERENCE**

This Base Prospectus incorporates by reference the following documents which have previously been published or filed with the CSSF (in its capacity as competent authority). However, if a statement in any such document is amended or superseded, expressly, by implication or otherwise by a statement in a subsequent document and that subsequent document is incorporated by reference into this Base Prospectus, the original statement will no longer form part of this Base Prospectus.

Comparative table of documents incorporated by reference:

<b>Document incorporated by reference</b>	<b>Pages of document incorporated by reference</b>
Articles	All pages
Annual accounts and independent auditor's report for the year ended 31 January 2013	Pages 2-7 (Directors' Report)  Page 8 (Statement of the Board of Directors' Responsibility)  Pages 9-10 (Independent Auditor's Report)  Page 11 (Balance Sheet of the Company)  Page 12 (Profit and Loss Account of the Company)  Pages 13-24 (Balance Sheet of the Compartments)  Pages 25-36 (Profit and Loss Account of the Compartments)  Pages 37-79 (Notes to the Annual Accounts)

Copies of documents incorporated by reference in this Base Prospectus can be obtained from the registered office of the Company and from the specified offices of the Paying Agents for the time being in London and Luxembourg. This Base Prospectus, the documents incorporated by reference and the Final Terms in respect of any Series of Instruments (if listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange) will also be published on the Luxembourg Stock Exchange's website ([www.bourse.lu](http://www.bourse.lu)).

The Company will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Instruments, prepare a Supplement to this Base Prospectus in accordance with article 16 of the Prospectus Directive and article 13 of the Prospectus Act 2005 or publish a new Base Prospectus for use in connection with any subsequent issue of Instruments.

The information incorporated by reference that is not included in the cross-reference list, is considered as additional information and is not required by the relevant schedules of Regulation (EC) NO 809/2004 of 29 April 2004 (the "**Prospectus Regulation**").

## GENERAL CONDITIONS

*The following (other than the text in italics) is the text of the general conditions (the “General Conditions” and, together with the provisions of the relevant Final Terms, the “Conditions”) which, together with the relevant Final Terms, will be applicable to the specified Series of Instruments and will be endorsed on, attached to or incorporated by reference into the relevant Global Instrument. The relevant Final Terms will complete the General Conditions in relation to each Series of Instruments.*

This Series of Instruments is constituted and secured by the Series Instrument.

By executing the Series Instrument, the Issuer, the Agents and the Trustee have entered into the Agency Agreement on the terms set out in and/or incorporated by reference into the Series Instrument with the persons (if any) executing the Series Instrument as the Principal Agent and/or as the Paying Agents, the Custodian, any applicable Servicer and/or as the Calculation Agent and/or as the Selling Agent and/or in such other capacity as may be specified in the Series Instrument.

If any person has executed the Series Instrument in the capacity of a Hedging Counterparty, the Issuer and such Hedging Counterparty have, by executing the Series Instrument, entered into a Hedging Agreement.

These General Conditions apply in relation to the Instruments, in each case as completed by the provisions of the relevant Final Terms and the provisions of the Series Instrument. Each reference herein to a specific numbered General Condition is to such General Condition as so completed. These General Conditions include summaries of, and are subject to, the detailed provisions of the Series Instrument and the relevant Final Terms. Copies of the Series Instrument and the documents incorporated by reference therein (including the provisions of the Agency Agreement, the Purchase Agreement and any Hedging Agreement) are available for inspection during normal office hours at the registered office of the Trustee and the specified office of each of the Paying Agents save that where the Series of Instruments is unlisted, such documents may only be inspected by a holder of such Instruments and such holder must produce evidence satisfactory to the Trustee or the relevant Paying Agent, as the case may be, as to its holding of such Instruments and its identity. The Instrumentholders are deemed to have notice of, and shall be bound by, all of the provisions of the Articles, the Series Instrument and the documents incorporated by reference therein (including the provisions of the Agency Agreement and any Hedging Agreement) applicable to them. These General Conditions apply to Instruments as completed by the provisions of the relevant Final Terms, the other provisions of the Series Instrument and by the provisions of the relevant Global Instrument.

Where no reference is made in the relevant Final Terms to any Hedging Counterparty, Custodian, Servicer or Selling Agent, references in these General Conditions to any such document or agreement and to any Hedging Counterparty, Custodian, Servicer or Selling Agent, as the case may be, shall not be applicable.

### Contents Table of the General Conditions

<b>General Condition</b>	<b>Content</b>
Condition 1 ( <i>Definitions</i> )	Listing all defined terms in alphabetic order
Condition 2 ( <i>Interpretation</i> )	Providing guidance as to the interpretation of the terms of the Conditions
Condition 3 ( <i>Form and Title</i> )	Defining the form of the Instruments and the method of transfer of title in the Instruments
Condition 4 ( <i>Status</i> )	Describing the status of the obligations of the Issuer created in respect of the Instruments
Condition 5 ( <i>Interest</i> )	Providing the variables, method and calculations in relation to determining the Interest Amount
Condition 6 ( <i>Payments Instrumentholder Expenses and Taxation</i> )	Setting out the payment provisions in relation to any payments under the Instruments
Conditions 7 ( <i>Redemption and Purchase</i> )	Determining the redemption amount in case of a redemption at maturity, an early termination, a mandatory cancellation, a cancellation for

	taxation and other reasons, redemption at the option of the Issuer for Regulatory Event and an Issuer call option, amortisation and a repurchase of Instruments
Condition 8 ( <i>Series Assets, Collateral and Security</i> )	Describing the Series Assets, the Collateral and the Hedging Collateral and the security taken in respect of the Instruments; setting out the priority of payments in respect of any proceeds from the Series Assets and the realisation of Series Assets
Condition 9 ( <i>Hedging Agreements</i> )	Describing the Hedging Agreements and the Hedging Collateral
Condition 10 ( <i>Restrictions</i> )	Describing the covenants provided by the Issuer under the Series Instrument
Condition 11 ( <i>Prescription</i> )	Specifying the prescription period for any claims against the Issuer in respect of the Instruments
Condition 12 ( <i>Events Default</i> )	Setting out the events of default and the consequences
Condition 13 ( <i>Enforcement</i> )	Specifying the powers of enforcement of any rights in relation to the Instruments
Condition 14 ( <i>Meeting of Instrumentholders, Modifications, Waiver, Substitution</i> )	Describing the requirements of a meeting of Instrumentholders, of a modification or waiver of any term in relation to the Instruments
Condition 15 ( <i>Replacement of Instruments</i> )	Describing the procedure in respect of any defaced or stolen Instruments
Condition 16 ( <i>Further Issues</i> )	Allowing further issuances of Instruments of the same Series
Condition 17 ( <i>Notices and Provision of Information</i> )	Providing the notice procedure in respect of the Instruments
Condition 18 ( <i>Agents</i> )	Specifying the agents of the Issuer and the role of the relevant agent
Condition 19 ( <i>Indemnification and Obligations of the Trustee; Replacement of Trustee</i> )	Setting out the indemnification of the Issuer for the benefits of the Trustee and replacement of the Trustee
Condition 20 ( <i>Governing Law and Jurisdiction</i> )	Specifying English law as the governing law and the courts of England have jurisdiction in respect of any proceedings
Condition 21 ( <i>Contracts (Right of Third Parties) Act 1999</i> )	No other person is entitled to enforce any right under the Instruments
Condition 22 ( <i>Index Adjustment Provisions</i> )	Providing the method for determining the level of the Index upon a delay or cessation of publication, or rebasing of the Index
Condition 23 ( <i>Market Disruption and non-Trading Day</i> )	Setting out the consequences of a Market Disruption affecting the determination of the level of the Exchange Rate
Condition 24 ( <i>Adjustment Events and Adjustment/Termination Events</i> )	Providing the method for adjusting the Exchange Rate upon the occurrence of an adjustment event and the consequences of an adjustment/termination event being determined in respect of the Exchange Rate

## 1. Definitions

### 1.1 Definitions

In these General Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Affected Collateral**” means any Collateral Item with a Postponed Collateral Maturity Date pursuant to General Condition 7.1.2 (*Collateral Maturity Postponement Adjustment*).

“**Affiliate**” means, in relation to any entity (the “**First Entity**”), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes “control” means ownership of a majority of the voting power of an entity.

“**Agency Agreement**” means the agency agreement in respect of the Instruments entered into by the Issuer, the Trustee and the Agents by their execution of the Series Instrument, as amended, restated and/or supplemented from time to time.

“**Agents**” means the Principal Agent, the Paying Agents, the Custodian, any applicable Servicer, the Calculation Agent, the Selling Agent or any of them and all references to an Agent shall include such further or other person or persons as may be appointed from time to time an agent under the Agency Agreement with the prior written approval of the Trustee under the Series Instrument.

“**Aggregate Nominal Amount**” means, in relation to any Series of Instruments, the aggregate nominal amount of such Series of Instruments for the time being outstanding. The Aggregate Nominal Amount as of the Issue Date will be as specified in the relevant Final Terms.

“**Alternative Collateral Support Arrangement**” means an arrangement that is not a Collateral Guarantee or a Keepwell Agreement entered into by a Collateral Support Provider intended to improve the ability of the Collateral Obligor to meet its payment obligations in respect of the Collateral.

“**Amortisation Yield**” is as specified in the relevant Final Terms.

“**Banking Days**” is as specified in the relevant Final Terms.

“**Benchmark Rate**” means one of the following, as specified in the relevant Final Terms:

- (i) EURIBOR;
- (ii) CHF-LIBOR;
- (iii) EUR-LIBOR;
- (iv) GBP-LIBOR;
- (v) USD-LIBOR;
- (vi) EUR-CMS;
- (vii) USD-CMS; and
- (viii) the sum of or difference between any of the rates in (i) to (vii), provided that “Structured Floating Rate (Aggregate Benchmark Rate)” is specified in the relevant Final Terms.

“**Board**” means the board of directors of the Company.

“**Bonus Interest Amount**” means, in respect of each Instrument, an amount calculated by the Calculation Agent in accordance with General Condition 5 (*Interest*) and the relevant Final Terms.

“**Bonus Interest Rate**” means the rate specified as such in the relevant Final Terms.

“**Bonus Threshold**” is as specified in the relevant Final Terms.

“**Business Day**” means a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in London, Luxembourg and such other location as may be specified in the relevant Final Terms, and a day on which each Clearing Agent is open for business and, for the purpose of making payments in euro, if applicable, any day on which TARGET2 is open.

“**Business Day Convention**” means one of the following, as specified in the relevant Final Terms:

- (i) “**Floating Rate Business Day Convention**” means that if a specified date would otherwise fall on a day which is not a Business Day, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Business Day and (B) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment;
- (ii) “**Following Business Day Convention**” means that if a specified date would otherwise fall on a day which is not a Business Day, such date shall be postponed to the next day which is a Business Day;
- (iii) “**Modified Following Business Day Convention**” means that if a specified date would otherwise fall on a day which is not a Business Day, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day; or
- (iv) “**Preceding Business Day Convention**” means that if a specified date would otherwise fall on a day which is not a Business Day, such date shall be brought forward to the immediately preceding Business Day.

“**Calculation Agent**” means the person (if any) executing the Series Instrument for the purpose of entering into the Agency Agreement in the capacity of calculation agent.

“**Calculation Amount**” means the amount specified as such in the relevant Final Terms.

“**CHF-EUR Rate**” means the CHF/EUR exchange rate expressed as the amount of Swiss Francs per one Euro, for settlement in two FX Business Days, calculated by reference to the USD rates published on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date and rounded to four decimal places.

“**CHF-LIBOR**” means the rate for deposits in CHF which appears on the Reuters Screen LIBOR01 Page (or any Successor Source).

“**CHF-USD Rate**” means the CHF/USD exchange rate expressed as the amount of Swiss Francs per one U.S. Dollar, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**Clearing Agent**” means the person specified as such in the relevant Final Terms.

“**Clearstream, Frankfurt**” means Clearstream Banking AG in Frankfurt am Main, Germany.

“**Clearstream, Luxembourg**” means Clearstream Banking, société anonyme in Luxembourg.

“**Collateral**” means, in respect of any Series of Instruments as specified in the relevant Final Terms, certain securities each issued by a Collateral Obligor, and cash deposits denominated in any currency, as specified in the relevant Final Terms.

“**Collateral Currency**” means the currency in which a Collateral Item is denominated.

“**Collateral Guarantee**” means a guarantee given by the Collateral Guarantor in respect of the Collateral Obligor’s payment obligations under a Collateral Item.

“**Collateral Guarantor**” means, in respect of a Collateral Item, each entity specified as such in the relevant Final Terms, and such entity shall also be listed in Annex 1 (*Collateral Annex*) hereto.

“**Collateral Item**” means each item of Collateral held by the Issuer in respect of a Series of Instruments.

“**Collateral Item Notional Amount**” means, in respect of each Collateral Item, the product of (a) the Collateral Item Notional Percentage and (b) the Aggregate Nominal Amount of the Instruments as of the Issue Date, provided that each Collateral Item Notional Amount may be adjusted by the Calculation Agent at any time, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, including, without limitation, upon the purchase and cancellation of any Instruments by the Issuer pursuant to General Condition 7.8 (*Purchases*).

“**Collateral Item Notional Percentage**” means, in respect of each Collateral Item, the percentage specified as such in the relevant Final Terms.

“**Collateral Obligor**” means, in respect of a Collateral Item, each entity specified as such in the relevant Final Terms, and such entity shall also be listed in Annex 1 (*Collateral Annex*) hereto.

“**Collateral Payment Date**” means if “Collateral Maturity Postponement Adjustment” is specified as Applicable in the relevant Final Terms, any date on which a Principal Distribution Amount or an Interest Distribution Amount, as the case may be, is received by the Issuer.

“**Collateral Support**” means a Collateral Guarantee, a Keepwell Agreement or an Alternative Collateral Support Arrangement.

“**Collateral Support Provider**” means, in respect of a Collateral Item, each entity specified as such in the relevant Final Terms, and such entity shall also be listed in Annex 1 (*Collateral Annex*) hereto.

“**Companies Act 1915**” means the Luxembourg law dated 10 August 1915 on Commercial Companies, as amended.

“**Company**” means Palladium Securities 1 S.A.

“**Credit Support Annex**” means, in relation to any Hedging Agreement, a Credit Support Annex (Bilateral Form – Transfer) (1995 version for ISDA Agreements subject to English law) as published by the International Swaps and Derivatives Association Inc., entered into by the Issuer and such Hedging Counterparty and dated the relevant Issue Date and as amended, restated and/or supplemented from time to time, pursuant to which the Hedging Collateral (if any) is delivered by the Hedging Counterparty to the Custodian or if “2-Way Hedging Collateral Posting” is specified in the relevant Final Terms, by the Issuer to the Hedging Counterparty.

“**Credit Support Deed**” means, in relation to any Hedging Agreement, a Credit Support Deed (Bilateral Form – Security Interest) (1995 version for ISDA Agreements subject to English law) as published by the International Swaps and Derivatives Association Inc., entered into by the Issuer and such Hedging Counterparty and dated the relevant Issue Date and as amended, restated and/or supplemented from time to time, pursuant to which the Hedging Collateral is delivered by the Hedging Counterparty to the Custodian or if “2-Way Hedging Collateral Posting” is specified in the relevant Final Terms, by the Issuer to the Hedging Counterparty.

“**Credit Support Document**” means a Credit Support Annex or a Credit Support Deed, as specified in the relevant Final Terms.

“**Custodian**” means Deutsche Bank Luxembourg S.A. in the capacity of custodian and any successor, substitute or additional Custodian from time to time appointed.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest on any Instrument for any period of time (whether or not constituting an Interest Period, the “**Calculation Period**”):

- (i) if “**Actual/Actual**” or “**Actual/Actual (ISDA)**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Fixed)**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365;
- (iii) if “**Actual/360**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 360;
- (iv) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (v) if “**30E/360**” or “**Eurobond Basis**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (vi) if “**30E/360 (ISDA)**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30;

- (vii) If “**Actual/Actual (ICMA)**” is specified in the relevant Final Terms:

(a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and

(b) if the Calculation Period is longer than one Determination Period, the sum of:

(I) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and

(II) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year,

where:

“**Determination Period**” means the period from and including a Determination Date in any year to but excluding the next Determination Date; and

“**Determination Date**” means each date specified as such in the relevant Final Terms or, if none is so specified, each Interest Accrual Date.

“**Deutsche Bank Group**” means a group consisting of banks, capital market companies, fund management companies, a property finance company, instalment financing companies, research and consultancy companies and other domestic and foreign companies, whose parent company is Deutsche Bank Aktiengesellschaft.

“**Early Termination Amount**” means an amount calculated in accordance with General Condition 7.2 (*Early Termination*).

“**Early Termination Interest Period**” means the Interest Period in which the Instruments become due and payable pursuant to General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*), General Condition 7.6 (*Cancellation for Taxation or other reasons*) or General Condition 12 (*Events of Default*).

“**Early Termination Unwind Costs**” means the sum (the result of which may be positive, negative or zero) of:

- (a) an amount, if any, determined by the Calculation Agent acting in good faith and a commercially reasonable manner, equal to the gain or loss realised by the Hedging Counterparty upon an unwind of the Hedging Agreement (expressed as a negative amount if a gain, and as a positive amount otherwise), taking into account (i) the sum of (without duplication) all amounts, costs, expenses (including loss of funding), tax and duties incurred by or payable to the Hedging Counterparty and (ii) the redemption of the Instruments and the related termination, settlement or re-establishment of any hedge or related trading position (but, for the avoidance of doubt in determining any such gain or loss, the obligation of the Hedging Counterparty under the Hedging Agreement to make payment of the aggregate Early Termination Amounts and any obligation of the Issuer under the Hedging Agreement to deliver the Collateral in connection with the early termination shall be disregarded), and with (i) and (ii) above to be determined by the Calculation Agent, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, by reference to such factors as it sees fit, including, without limitation, hedging arrangements, unwind and termination costs, commissions, fees and any arrangements entered into with third parties as well as:
  - (1) market variables including interest rates and implied volatility; and
  - (2) costs to the Hedging Counterparty of unwinding any underlying related hedging arrangements; and (without duplication)
- (b) (expressed as a positive amount) any legal and other ancillary costs (including if applicable, without limitation, any costs in relation to the realisation of the Collateral) incurred by the Issuer, the Trustee, the Custodian or the Hedging Counterparty as a result of the Instruments becoming subject to mandatory cancellation under General Condition 7.3 (*Mandatory Cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*), General Condition 7.6 (*Cancellation for taxation and other reasons*) and General Condition 12 (*Events of Default*).

“**Early Termination Valuation Date**” means:

- (a) for the purposes of a cancellation under General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*) or General Condition 7.6 (*Cancellation for taxation and other reasons*), the Business Day immediately preceding the due date for cancellation; or
- (b) for the purposes of a cancellation under General Condition 12 (*Events of Default*), the due date for cancellation.

“**Effective Date**” means, with respect to any Interest Rate to be determined on an Interest Determination Date, the first day of the Interest Period to which such Interest Determination Date relates.

“**EUR-CMS**” means the annual swap rate for euro swap transactions, expressed as a percentage, which appears on the Reuters Screen ISDAFIX2 Page (or any Successor Source) under the heading “EURIBOR BASIS - EUR” and above the caption “11:00 AM FRANKFURT”.

“**EUR-GBP Rate**” means the EUR/GBP exchange rate expressed as the amount of Euros per one pound sterling, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**EUR-JPY Rate**” means the EUR/JPY exchange rate expressed as the amount of Japanese yen per one Euro, for settlement in two FX Business Days, calculated by reference to the USD rates published on the Reference

Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date and rounded to two decimal places.

“**EUR-LIBOR**” means the rate for deposits in EUR which appears on the Reuters Screen LIBOR01 Page (or any Successor Source).

“**EUR-USD Rate**” means the USD/EUR exchange rate expressed as the amount of U.S. Dollars per one Euro, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**EURIBOR**” means the rate for deposits in EUR which appears on the Reuters Screen EURIBOR01 Page (or any Successor Source).

“**Euroclear**” means Euroclear Bank S.A./N.V.

“**Euro-zone**” means the region comprising the member states of the European Union that adopt and retain the euro as their lawful currency in accordance with the Treaty establishing the European Community, as amended by the Treaty of European Union as amended by the Treaty of Amsterdam but excluding those members states acceded to the European Union after May 2004.

“**Event of Default**” means each of the events specified as such in General Condition 12 (*Events of Default*).

“**Exchange Rate**” means one of the following, as specified in the relevant Final Terms:

- (i) CHF-EUR Rate;
- (ii) CHF-USD Rate;
- (iii) EUR-GBP Rate;
- (iv) EUR-JPY Rate;
- (v) EUR-USD Rate;
- (vi) GBP-JPY Rate;
- (vii) GBP-USD Rate; and
- (viii) JPY-USD Rate.

“**Extraordinary Resolution**” means a resolution passed at a meeting of Instrumentholders duly convened and held in accordance with the Series Instrument by a majority of at least 75 per cent. of the votes cast or a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in Aggregate Nominal Amount of the Instruments for the time being outstanding.

“**FATCA**” means sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 and U.S. Treasury regulations promulgated thereunder that took effect on 28 January 2013, as amended from time to time.

“**FATCA Withholding**” means any withholding or deduction required pursuant to FATCA or to an agreement described in Section 1471(b) of the United States Internal Revenue Code of 1986 or otherwise imposed pursuant to Sections 1471 through 1474 of the United States Internal Revenue Code of 1986, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

“**Final Redemption Amount**” means, in respect of each Instrument, an amount equal to such Instrument’s outstanding principal amount.

“**Final Terms**” means the final terms relating to a Series of Instruments as set out in the relevant Series Instrument.

“**First Index Level**” means, subject to General Condition 22 (*Index Adjustment Provisions*), in respect of an Interest Period, the level of the Index reported for the First Index Level Month specified in the Final Terms as determined by the Calculation Agent, without regard to any subsequently published correction.

“**First Index Level Month**” shall have the meaning given to it in the Final Terms.

“**FX Business Day**” is as specified in the relevant Final Terms.

“**GBP-JPY Rate**” means the GBP/JPY exchange rate expressed as the amount of Japanese yen per one pound sterling, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**GBP-LIBOR**” means the rate for deposits in GBP which appears on the Reuters Screen LIBOR01 Page (or any Successor Source).

“**GBP-USD Rate**” means the GBP/USD exchange rate expressed as the amount of U.S. Dollars per one pound sterling, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**General Trust Terms**” means the trust terms module in respect of the Series of Instruments entered into by the Issuer, the Trustee and the Hedging Counterparty by their execution of the Series Instrument, as amended, restated and/or supplemented from time to time.

“**Global Instrument**” has the meaning given to that term in General Condition 3.1 (*Form of Instruments*).

“**Grace Period**” means a period of 14 days, or if “Collateral Matched Grace Period” is specified as Applicable in the relevant Final Terms, the period specified in the relevant Final Terms which shall be equal to the grace period applicable to the payment of any sum due in respect of the Collateral before a default may be declared.

“**Hedging Agreement**” means each hedging agreement between the Issuer and a Hedging Counterparty in respect of any Series of the Instruments on the terms of the ISDA Master Agreement (including the related schedule) set out in and/or incorporated by reference into the Series Instrument, as supplemented by (a) a confirmation, and (b) if so specified in the relevant Final Terms, a Credit Support Document, in each case, entered into by the Issuer and such Hedging Counterparty and dated the relevant Issue Date and as amended, restated and/or supplemented from time to time.

“**Hedging Agreement Termination Date**” means the date specified as such in the relevant Final Terms.

“**Hedging Collateral**” means such cash and/or government bonds and/or other assets delivered by the Hedging Counterparty to the Custodian from time to time pursuant to the terms of the Credit Support Document, if applicable.

“**Hedging Counterparty**” means Deutsche Bank AG, London Branch of Winchester House, 1 Great Winchester Street, London EC2N 2DB, United Kingdom where it executes the Series Instrument in the capacity of Hedging Counterparty.

“**Index**” means the index specified in the Final Terms.

“**Index Sponsor**” means the sponsor of the Index specified in the Final Terms.

“**Instrumentholder Expenses**” means, in respect of an Instrument, all taxes, duties and/or expenses, including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties, in each case payable by or on behalf of the Issuer and arising in connection with (i) the exercise of such Instrument and/or (ii) any payment and/or delivery due following exercise, cancellation, repurchase, redemption or otherwise in respect of such Instrument.

“**Interest Accrual Date**” means each date specified as such in the relevant Final Terms.

“**Interest Amount**” means, in respect of each Instrument, an amount calculated by the Calculation Agent in accordance with General Condition 5 (*Interest*) and the relevant Final Terms.

“**Interest Commencement Date**” means the date specified as such in the relevant Final Terms, or, if no such date is specified, the Issue Date.

“**Interest Component Adjustment Date**” means the date specified as such in the relevant Final Terms.

“**Interest Determination Date**” means, with respect to an Interest Period, the date specified as such in the relevant Final Terms.

“**Interest Distribution Amount**” means any payment of interest received by the Issuer in respect of the Collateral on a Collateral Payment Date.

“**Interest Payment Date**” means each date specified as such in the relevant Final Terms.

“**Interest Period**” means the period commencing on (and including) the Interest Commencement Date if so specified in the relevant Final Terms) to (but excluding) the first Interest Accrual Date and each period commencing on (and including) an Interest Accrual Date to (but excluding) the next following Interest Accrual Date and, if interest is required to be calculated for a period ending other than on (but excluding) the relevant Interest Accrual Date, the period commencing on (and including) the most recent Interest Accrual Date to (but excluding) the relevant payment date.

“**Interest Rate**” means, subject as provided below, (i) in respect of a fixed Interest Rate, the Fixed Rate as specified in the relevant Final Terms, or (ii) in respect of a floating Interest Rate, the rate of interest payable from time to time in respect of the Instruments calculated in accordance with the provisions of General Condition 5.2 (*Floating rate interest*) and adjusted to reflect any Maximum Interest Rate or Minimum Interest Rate specified in the Final Terms. In the case of Instruments in respect of which the relevant Final Terms specify that “Interest Component Adjustment” is Applicable, the Calculation Agent in its reasonable discretion may determine an adjustment to any component of the initial Interest Rate in accordance with its normal pricing methodology on the applicable Interest Component Adjustment Date.

“**Interest Rate Switch Date**” means each date specified as such in the relevant Final Terms.

“**Issue Date**” means the date specified as such in the relevant Final Terms.

“**Issuer**” means the Company acting in respect of the compartment created for the Series of Instruments.

“**JPY-USD Rate**” means the JPY/USD exchange rate expressed as the amount of Japanese yen per one U.S. Dollar, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**Keepwell Agreement**” means an agreement evidencing an undertaking by a Collateral Support Provider to ensure that a Collateral Obligor has sufficient funds to meet its obligations under a Collateral Item.

“**Leverage Factor**” means, where applicable, the number specified in the relevant Final Terms. In the case of Instruments in respect of which the relevant Final Terms specify that “Interest Component Adjustment” is Applicable, the Calculation Agent, may, if applicable, in its reasonable discretion determine an adjustment to the Leverage Factor specified in the relevant Final Terms in accordance with its normal pricing methodology on the applicable Interest Component Adjustment Date.

“**Linear Interpolation**” means the straight-line interpolation by reference to two rates based on the Relevant Rate, one of which will be determined as if the Specified Duration were the period of time for which rates are available next shorter than the length of the affected Interest Period and the other of which will be determined as if the Specified Duration were the period of time for which rates are available next longer than the length of such Interest Period.

“**Luxembourg**” means the Grand Duchy of Luxembourg.

“**Market Value Collateral**” means, in respect of each Collateral Item, (i) where the Collateral Item has not been redeemed, an amount in the relevant Collateral Currency calculated by the Calculation Agent equal to

the highest firm bid quotation obtained by the Calculation Agent from the Reference Banks for the Collateral Item (excluding accrued but unpaid interest in respect thereof), on the relevant Early Termination Valuation Date provided that if no firm bid quotation is obtained, the Market Value Collateral shall be calculated by the Calculation Agent in good faith and may in certain circumstances be zero, or (ii) in circumstances where the Collateral Item has been redeemed, the proceeds of redemption of the Collateral Item.

“**Maturity Date**” means (a) if “Collateral Maturity Postponement Adjustment” is specified as Applicable in the relevant Final Terms, the Scheduled Maturity Date or the Postponed Maturity Date, as the case may be, or (b) otherwise, the date specified as such in the relevant Final Terms.

“**Net Proceeds**” means the net proceeds of the realisation of the security created pursuant to the Series Instrument.

“**Notice Period**” means, in respect of a Collateral Item, the number of days specified as the Notice Period in the relevant Final Terms.

“**Observation Date**” means each date specified as such in the relevant Final Terms.

“**Option Premium**” means the premium payable to the Hedging Counterparty by the Issuer in respect of an option contained in the Hedging Agreement as further described in the relevant Final Terms.

“**Optional Redemption Amount**” means the amount specified as such in the relevant Final Terms.

“**Page**” means such page, section, caption, column or other part of a particular information service (including, but not limited to, the Reuters Monitor Money Rates Service (“**Reuters**”) and the Bloomberg service (“**Bloomberg**”)) as may be specified as such in the relevant Final Terms for the purpose of providing a Relevant Rate, or such other page, section, caption, column or other page as may replace it on that information service or on such other information service, in each case as may be nominated by the person or organisation providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to that Relevant Rate.

“**Pass-through Period**” means the period from and including the Scheduled Maturity Date to and including the Postponed Maturity Date.

“**Paying Agent**” means the person(s) executing the Agency Agreement in the capacity of paying agent and any successor, substitute or additional Paying Agent from time to time appointed.

“**Payment Day**” means any day which is (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the relevant place of presentation and London and Luxembourg; and (ii) either (1) in relation to any sum payable in a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of such currency (if other than the place of presentation) or (2) in relation to any sum payable in euro, a day that TARGET2 is open.

“**Permitted Indebtedness**” has the meaning given to that term in General Condition 10.1.1 (*Restrictions*).

“**Permitted Investments**” has the meaning given to that term in General Condition 10.1.1 (*Restrictions*).

“**Postponed Maturity Date**” shall have the meaning given to such term in General Condition 7.1.2 (*Collateral Maturity Postponement Adjustment*).

“**Potential Event of Default**” means an event which, with the giving of notice and/or lapse of time and/or the forming of an opinion and/or the giving of any certificate and/or the making of any determination, would become an Event of Default.

“**Primary Market End Date**” means the date specified as such in the relevant Final Terms.

“**Principal Agent**” means the person executing the Series Instrument for the purpose of entering into the Agency Agreement in the capacity of issuing and paying agent and any successor, substitute or additional Principal Agent from time to time appointed.

**“Principal Distribution Amount”** means any payment of principal received by the Issuer in respect of the Collateral on a Collateral Payment Date.

**“Purchase Agreement”** means the purchase agreement in respect of the Instruments pursuant to which the Instruments are purchased by the Purchaser on the Issue Date, entered into by the Issuer and the Purchaser by their execution of the Series Instrument, as amended, restated and/or supplemented from time to time.

**“Purchaser”** means the person (if any) executing the Series Instrument in the capacity of purchaser.

**“Redemption Amount”** means the Final Redemption Amount, Early Termination Amount, Amortisation Amount or Optional Redemption Amount, as applicable.

**“Redemption Date”** means the Maturity Date, the Optional Redemption Date or the date on which any Early Termination Amount is due to be paid, as applicable.

**“Reference Banks”** means Deutsche Bank AG and two banks unaffiliated to Deutsche Bank AG designated by the Calculation Agent at the relevant time.

**“Reference Source”** means the reference source for the Exchange Rate as specified in the relevant Final Terms.

**“Regulation S”** means Regulation S of the Securities Act.

**“Relevant Financial Centre”** means, with respect to any floating Interest Rate to be determined on an Interest Determination Date, the financial centre specified as such in the Final Terms or, if none is so specified, the financial centre with which the relevant Benchmark Rate is most closely connected or, if none is so connected or if the Specified Currency is euro, London.

**“Relevant Rate”** means, if “Benchmark Rate” is specified in the applicable Final Terms, the Benchmark Rate for a Representative Amount of the Specified Currency for a period (if applicable or appropriate to the Benchmark Rate) equal to the Specified Duration commencing on the Effective Date provided that, if the Relevant Rate is specified as “Structured Floating Rate (SD1 – SD2)” in the applicable Final Terms, the Relevant Rate shall be (i) the Benchmark Rate for a Representative Amount of the Specified Currency for a Specified Duration equal to SD1 specified in the applicable Final Terms, minus (ii) the Benchmark Rate for a Representative Amount of the Specified Currency for a Specified Duration equal to SD2 specified in the applicable Final Terms, each as determined in accordance with General Condition 5.2.3(*Determination of Interest Rate*)

**“Relevant Rating Agency”** means, in respect of a series of Instruments, each rating agency which has assigned a credit rating to such Instruments as specified in the relevant Final Terms.

**“Relevant Time”** means, with respect to any Interest Determination Date, the local time in the Relevant Financial Centre specified in the relevant Final Terms or, if none is specified, the local time in the Relevant Financial Centre (or, if the Relevant Financial Centre is the Euro-zone, Central European Time) at which it is customary to determine bid and offered rates in respect of deposits in the Specified Currency in the interbank market in the Relevant Financial Centre.

**“Relevant Valuation Time”** means the relevant time specified in the relevant Final Terms, or, if none is specified, the local time in the relevant financial centre at which it is customary to determine relevant Exchange Rate, as determined by the Calculation Agent.

**“Repayable Assets”** shall have the meaning ascribed thereto in General Condition 7.3 (*Mandatory Cancellation*).

**“Repayable Collateral Item”** shall have the meaning ascribed thereto in General Condition 7.3 (*Mandatory Cancellation*).

**“Replacement Trustee”** means any replacement trustee appointed by the Hedging Counterparty in accordance with the General Trust Terms as amended by the relevant Series Instrument.

“**Representative Amount**” means, in relation to any floating Interest Rate to be calculated in accordance with General Condition 5.2 (*Floating rate interest*), with respect to any floating Interest Rate to be determined on an Interest Determination Date, the amount specified as such in the relevant Final Terms or, if none is specified, an amount that is representative for a single transaction in the relevant market at the time.

“**Scheduled Maturity Date**” means the date specified as such in the relevant Final Terms.

“**Second Index Level**” means, subject to General Condition 22 (*Index Adjustment Provisions*), in respect of an Interest Period, the level of the Index reported for the Second Index Level Month specified in the Final Terms as determined by the Calculation Agent, without regard to any subsequently published correction.

“**Second Index Level Month**” shall have the meaning given to it in the Final Terms.

“**Securities Act**” means the United States Securities Act of 1933, as amended.

“**Securitisation Act 2004**” means the Luxembourg act dated 22 March 2004 on securitisation, as amended.

“**Selling Agent**” means the person executing the Agency Agreement in the capacity of selling agent and any successor, substitute or additional Selling Agent from time to time appointed.

“**Series**” means a series of Instruments.

“**Series Assets**” means the Collateral and the other property, assets and/or rights of the Issuer so specified to be Series Assets in the Series Instrument for the relevant Series of Instruments and which have been charged, assigned, pledged and/or otherwise made subject to the security created by the Issuer in favour of the Trustee pursuant to the Series Instrument. The Series Assets shall have characteristics whereby, taken together, they demonstrate a capacity to produce funds to service the Issuer’s obligations to make payments due and payable under the Instruments.

“**Series Instrument**” means the Series Instrument dated the Issue Date of the relevant Series made between, *inter alia*, the Issuer and the Trustee, by which such Series of Instruments is constituted and secured, as amended, restated and/or supplemented from time to time.

“**Series Parties**” means the Instrumentholders, the Trustee, the Custodian and any Hedging Counterparty, all of whom expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions on limited recourse, no petition, subordination, waterfall and priority of payments as included in the General Conditions and the relevant Final Terms.

“**Servicer**” means Deutsche Bank Luxembourg S.A. in the capacity of servicer and any successor, substitute or additional Servicer from time to time appointed

“**Shortfall**” means the amount, if any, by which the amount of the Net Proceeds is less than the payments which would, but for the provisions of General Condition 8.10 (*Realisation of the Series Assets*), have been due under the Instruments and each Hedging Agreement and/or to any other Series Parties.

“**Specified Denomination**” means the denomination(s) specified in the relevant Final Terms.

“**Specified Duration**” means, with respect to any floating Interest Rate to be determined on an Interest Determination Date, the period of 3 months, 6 months, 12 months, 1 year, 2 years, 5 years, 10 years or 30 years specified in the relevant Final Terms.

“**Specified Office**” means, in relation to an Agent, the office identified with its name in the applicable Final Terms or such other office as may otherwise be determined pursuant to the Series Instrument.

“**Substitute Company**” has the meaning given to that term in General Condition 14.4 (*Substitution*).

“**Successor Index**” has the meaning given to that term in General Condition 22.2.1, 22.2.3 or 22.2.4 (*Cessation of publication*), as applicable.

“**Successor Source**” means, in respect of a page, screen or other published source, (i) any successor display page, other published source, information vendor, service or provider that has been officially designated by the sponsor of the original page or source, or (ii) if the sponsor has not officially designated a successor display page, other published source, information vendor, service or provider (as the case may be), the successor display page, other published source, information vendor, service or provider, if any, designated by the relevant information vendor, service or provider (if different from the sponsor).

“**TARGET2**” means the Trans-European Automated Real-time Gross Settlement Express Transfer System.

“**Trustee**” means Deutsche Trustee Company Limited of Winchester House, 1 Great Winchester Street, London EC2N 2DB or the Replacement Trustee, in the event that the Replacement Trustee is appointed as Trustee in accordance with the General Trust Terms as amended by the relevant Series Instrument, and any successor, substitute or additional Trustee from time to time appointed.

“**Ultimate Trading Day**” means the day specified as such in the relevant Final Terms or, if none is specified in the Final Terms, the eighth Trading Day.

“**USD-CMS**” means the annual swap rate for USD swap transactions, expressed as a percentage, which appears on the Reuters Screen ISDAFIX1 Page (or any Successor Source) under the heading “USD 11:00 AM” and above the caption “<USDSFIX=>”.

“**USD-LIBOR**” means the rate for deposits in USD which appears on the Reuters Screen LIBOR01 Page (or any Successor Source).

## 2. Interpretation

Words and expressions defined in the Series Instrument or the Agency Agreement or used in the relevant Final Terms shall have the same meanings where used in these General Conditions unless the context otherwise requires or unless otherwise stated. In the event of inconsistency between the Agency Agreement and the Series Instrument, the Series Instrument shall prevail and in the event of inconsistency between the Agency Agreement or the Series Instrument and the relevant Final Terms, the relevant Final Terms shall prevail.

Reference in these General Conditions to “**Instruments**” means the Instruments of the same Series unless express reference is made to another or more than one Series and these General Conditions therefore apply separately to each Series. A Series of Instruments comprises Instruments issued by the Issuer on the same date, and on the same terms (including as to interest (if any)) and identified in the relevant Final Terms as forming a Series, together with any further Instruments issued pursuant to General Condition 16 (*Further Issues*) and being consolidated and forming a single series with such Instruments.

The terms “**Instruments**”, “**holder of Instruments**” and “**Instrumentholder**” shall be construed in accordance with General Condition 3.2 (*Title and Transfer*).

In these General Conditions, in the Series Instrument and in the relevant Final Terms, the term “outstanding” means, in relation to a Series of Instruments, all the Instruments of that Series issued except (a) those which have been redeemed in accordance with the General Conditions, (b) those in respect of which the date for redemption in accordance with the General Conditions has occurred and the redemption moneys (including premium, if any, and all interest accrued thereon to the date for such redemption and any interest payable under the General Conditions after such date) have been duly paid, (c) those which have become void and those in respect of which claims have become prescribed in accordance with the General Conditions, (d) those which have been purchased and cancelled as provided in the General Conditions, (e) those mutilated or defaced Instruments which have been surrendered in exchange for replacement Instruments, and (f) (for the purpose only of determining how many Instruments are outstanding and without prejudice to their status for any other purpose) those Instruments alleged to have been lost, stolen or destroyed and in respect of which replacement Instruments have been issued; provided that for the purposes of (1) the exercise of any right of the relevant Instrumentholders (other than to payment), (2) the determination of how many Instruments are outstanding for the purposes of the provisions in the Series Instrument relating to the holding of meetings of Instrumentholders, the provision by the Instrumentholders of a resolution in writing or any other direction or request thereof or ascertaining whether a requirement under the Series Instrument or the General Conditions for a specified percentage of the Aggregate Nominal Amount of the Instruments outstanding has been satisfied and (3) the exercise of any discretion, power or authority which the Trustee is required, expressly or impliedly, to exercise in or by reference to the interests of the Instrumentholders of Instruments, those Instruments which are beneficially held by or on behalf of the Issuer and not cancelled shall (unless no longer so held) be deemed not to remain outstanding.

In these General Conditions, in the Series Instrument and in the relevant Final Terms, the terms “**rated**” and “**rating**” shall denote ratings by each Relevant Rating Agency.

### 3. **Form and Title**

#### 3.1 **Form of Instruments**

The Instruments will be issued in bearer form and in the Specified Denomination specified in the relevant Final Terms.

Each Series of Instruments will either (a) initially be represented by interests in a temporary global instrument (a “**Temporary Global Instrument**”) or (b) be represented by a permanent global instrument (a “**Permanent Global Instrument**”) and together with a Temporary Global Instrument, each a “**Global Instrument**”), in each case in bearer form, without interest coupons, which will be deposited on the relevant Issue Date with the Clearing Agent or its depository or custodian. Instruments which are initially represented by a Temporary Global Instrument that is deposited with the Clearing Agent or its depository or custodian will be issued in compliance with U.S. Treasury Regulation § 1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”). Instruments which are not initially represented by a Temporary Global Instrument will be issued in compliance with U.S. Treasury Regulation § 1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”). On and after the date specified in the relevant Temporary Global Instrument, interests in a Temporary Global Instrument may be exchanged for interests in a Permanent Global Instrument in accordance with the provisions in such Global Instruments.

The following legend will appear on all Instruments having an original maturity of more than 365 days from their date of issue:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.

NO U.S. PERSON (AS DEFINED IN REGULATION S OF THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED) MAY BENEFICIALLY OWN ANY PORTION OF THIS OBLIGATION AND, AS PROVIDED HEREIN, NO SUCH PERSON SHALL BE ENTITLED TO PAYMENT OF PRINCIPAL OR INTEREST ON OR IN RESPECT OF THIS OBLIGATION.”

The following legend will appear on all Instruments having an original maturity of not more than one year from their date of issue:

“THIS SECURITY RELATES TO INSTRUMENTS WITH A MATURITY OF NOT MORE THAN ONE YEAR FROM THE DATE OF ISSUE. BY ACCEPTING THIS OBLIGATION THE HOLDER REPRESENTS AND WARRANTS THAT IT IS NOT A UNITED STATES PERSON (OTHER THAN AN EXEMPT RECIPIENT DESCRIBED IN SECTION 6049(b)(4) OF THE INTERNAL REVENUE CODE AND REGULATIONS THEREUNDER) AND THAT IT IS NOT ACTING FOR OR ON BEHALF OF A UNITED STATES PERSON (OTHER THAN AN EXEMPT RECIPIENT DESCRIBED IN SECTION 6049(b)(4) OF THE INTERNAL REVENUE CODE AND REGULATIONS THEREUNDER).

NO U.S. PERSON (AS DEFINED IN REGULATION S OF THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED) MAY BENEFICIALLY OWN ANY PORTION OF THIS OBLIGATION AND, AS PROVIDED HEREIN, NO SUCH PERSON SHALL BE ENTITLED TO PAYMENT OF PRINCIPAL OR INTEREST ON OR IN RESPECT OF THIS OBLIGATION.”

This legend provides that United States holders, with certain exceptions, will not be entitled to deduct any loss on Instruments and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Instruments.

A Global Instrument issued in respect of a Series of Instruments may only be exchanged for Instruments in definitive form in certain limited circumstances as set out in the relevant Global Instrument for such Series of Instruments.

### 3.2 **Title and transfer**

For so long as any of the Instruments are represented by Global Instruments held on behalf of a Clearing Agent, each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the holder of an aggregate nominal amount of such Instruments (in which regard any certificate or other document issued by the relevant Clearing Agent as to the aggregate nominal amount of Instruments standing to the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated to the full extent permitted by applicable laws and unless otherwise ordered by a court of competent jurisdiction by the Issuer, the Trustee and the Agents as the holder of such aggregate nominal amount or number of the Instruments and for all purposes other than with respect to the payment of principal or interest on such aggregate nominal amount of the Instruments, the rights to which shall be vested solely in the bearer of the Global Instrument and for which purpose such bearer shall be deemed to be the holder of such aggregate nominal amount of the Instruments (and the terms “**Instruments**”, “**holder of Instruments**”, “**Instrumentholder**” and related expressions shall be construed accordingly) for all purposes. In the event that Euroclear, Clearstream, Luxembourg or Clearstream, Frankfurt are appointed as Clearing Agents, Deutsche Bank AG, London Branch will act as depositary. Global Instruments will be transferable in accordance with applicable law and any rules and procedures for the time being of the relevant Clearing Agent.

### 3.3 **Transfer and exchange of Instruments**

Instruments of one Specified Denomination may not be exchanged for Instruments of another Specified Denomination.

Transfers of a Global Instrument shall be limited to transfers of such Global Instrument, in whole but not in part, to the relevant Clearing Agent or its custodian or nominee or to a successor to such Clearing Agent.

### 3.4 **Exchange and transfer free of charge**

Exchange and transfer of Instruments on transfer will be effected without charge by or on behalf of the Issuer, but upon payment by the relevant Instrumentholder of any tax or other governmental charges which may be imposed in relation to it.

### 3.5 **Denomination, currency and number**

The applicable Final Terms will specify, among other things, the denomination or denominations (each, a “**Specified Denomination**”) in which such Instruments are issued, the Aggregate Nominal Amount, the Issue Price, the currency in which payment in respect of the Instruments is to be made (each a “**Specified Currency**”) and the Calculation Amount per Instrument as at the Issue Date.

## 4. **Status**

The Instruments are limited recourse obligations of the Issuer, ranking *pari passu* without any preference among themselves, which are subject to the provisions of the Securitisation Act 2004 and secured in the manner described in General Condition 8 (*Series Assets, Collateral and Security*) and recourse in respect of which is limited in the manner described in General Condition 8.10 (*Realisation of the Series Assets*).

## 5. **Interest**

### 5.1 **Fixed rate interest**

Each Instrument bears interest on the Calculation Amount per Instrument, from the Interest Commencement Date or an applicable Interest Rate Switch Date, if applicable, (as specified in the relevant Final Terms) at the rate per annum (expressed as a percentage) equal to the Interest Rate, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with General Condition 5.5 (*Interest Calculations and Determinations*). Yield is calculated in accordance with the ICMA Method. The ICMA Method determines the effective interest rate for the securities taking into account accrued interest on a daily basis.

In addition, where “Bonus Interest Rate” is specified as Applicable in the relevant Final Terms, each Instrument bears additional interest on its Calculation Amount per Instrument, from the Interest

Commencement Date or an applicable Interest Rate Switch Date, if applicable, (as specified in the relevant Final Terms) at the rate per annum equal to the Bonus Interest Rate, such additional interest being payable in arrear on each Interest Payment Date, provided that the Bonus Threshold (as specified in the relevant Final Terms) is satisfied on the applicable Observation Date for such Interest Period. The amount of additional interest payable shall be determined in accordance with General Condition 5.5 (*Interest Calculations and Determinations*). For the avoidance of doubt, where on any Observation Date the Bonus Threshold is determined by the Calculation Agent to not be satisfied, the Bonus Interest Rate shall be zero and no Bonus Interest Amount shall be payable on the relevant Interest Payment Date.

## 5.2 Floating rate interest

### 5.2.1 Interest Rate

Each Instrument bears interest on its Calculation Amount per Instrument, from the Interest Commencement Date or an applicable Interest Rate Switch Date, if applicable, (as specified in the relevant Final Terms) at the rate equal to the Interest Rate multiplied by any applicable Leverage Factor (as specified under the “Structured Floating Rate (Leverage Factor)” in the relevant Final Terms), such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with General Condition 5.5 (*Interest Calculations and Determinations*).

### 5.2.2 Business Day Convention

If any date referred to in these General Conditions is specified to be subject to adjustment in accordance with a Business Day Convention, the relevant Business Day Convention shall be as specified in the relevant Final Terms.

### 5.2.3 Determination of Interest Rate

(a) **Screen Rate Determination:** If “Screen Rate Determination” is specified as Applicable in the relevant Final Terms, the Interest Rate for each Interest Period will be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Period as the Relevant Rate appearing on the Page at the Relevant Time on the Interest Determination Date plus the Margin (if applicable) and shall be subject to any Maximum Interest Rate and/or Minimum Interest Rate specified in the relevant Final Terms. For the avoidance of doubt the Interest Rate may be a sum of or combination of more than one Relevant Rate (plus any applicable Margin) if so specified in the relevant Final Terms.

If no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Relevant Rate shall be the arithmetic mean of the Relevant Rates which each of the Reference Banks is quoting to major banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent.

If no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Relevant Rate shall be the arithmetic mean of the rates per annum (expressed as a percentage) which the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark Rate) in respect of a loan of a Representative Amount of the Specified Currency which at least two out of five leading banks selected by the Calculation Agent in the Relevant Financial Centre are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (x) to leading European banks, or, if the Calculation Agent determines that fewer than two of such banks are so quoting to leading European banks (y) to leading banks carrying on business in the Relevant Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Relevant Financial Centre, the Relevant Rate shall be the Relevant Rate determined on the immediately preceding Interest Determination Date.

- (b) **CMS Rates Determination:** If “CMS Rates Determination” is specified as Applicable in the relevant Final Terms, the Interest Rate for each Interest Period will be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Period as the Relevant Rate appearing on the Page at the Relevant Time on the Interest Determination Date plus the Margin (if applicable) and shall be subject to any Maximum Interest Rate and/or Minimum Interest Rate specified in the relevant Final Terms. For the avoidance of doubt the Interest Rate may be a sum of or combination of more than one Relevant Rate (plus any applicable Margin) if so specified in the relevant Final Terms.

If no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Relevant Rate shall be a percentage determined on the basis of the mid-market annual swap rate quotations provided by each of the Reference Banks quoting to major banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent. For this purpose, the mid-market annual swap rate means the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated in accordance with the applicable Day Count Fraction, of a fixed-for-floating interest rate swap transaction denominated in the Specified Currency with a term equal to the Specified Duration commencing on the Interest Determination Date and in a Representative Amount that is representative of a single transaction in that market at the relevant time with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated in accordance with the applicable Day Count Fraction, is equivalent to the Specified Duration. The Calculation Agent will request the principal office of each of the Reference Banks to provide a quotation of its rate. If at least three quotations are provided, the rate for that Interest Determination Date will be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

- (c) **Range Accrual:** If “Structured Floating Rate (Range Accrual)” is specified as Applicable in the relevant Final Terms, the Interest Rate for each Interest Period will be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Period as the sum of:

Specified Rate x (N/D)

where:

“D” means the actual number of Business Days in the relevant Interest Period;

“Maximum Range Percentage” is as set out in the relevant Final Terms;

“Minimum Range Percentage” is as set out in the relevant Final Terms;

“N” means the number of Business Days in the relevant Interest Period on which the Relevant Rate (as determined in accordance with General Condition 5.2.3(a) above, but read as if “the Interest Determination Date” is replaced with “each Business Day”) is greater than or equal to the Minimum Range Percentage and less than or equal to the Maximum Range Percentage; and

“Specified Rate” is as set out in the relevant Final Terms.

- (d) **Inflation Rate Determination:** If “Inflation Rate Determination” is specified as Applicable in the relevant Final Terms, the Interest Rate for each Interest Period (other than the Early Termination Interest Period) will be determined by the Calculation Agent on the Interest Determination Date in respect of such Interest Period as the Inflation Rate in respect of such Interest Period plus the Margin (if applicable) and shall be subject to any Maximum Interest Rate and/or Minimum Interest Rate specified in the relevant Final Terms.

“**Inflation Rate**” means, in respect of an Interest Period, the amount determined by the Calculation Agent to be equal to (a) the Second Index Level divided by the First Index Level minus (b) 1, subject to a minimum of zero.

General Condition 22 (*Index Adjustment Provisions*) shall apply to the Instruments in the event that there is a delay in publication of the Index, the Index ceases to be published or announced, the Index is rebased, there is a material modification in the Index or a manifest error in the published level of the Index. These provisions allow, amongst other things, for the Calculation Agent to determine a substitute Index level, designate a replacement Index and make adjustments to the Index and/or the terms of the Instruments.

### 5.3 **Interest accrual**

Interest will cease to accrue on each Instrument on the due date for redemption or for cancellation, as the case may be, unless upon due presentation thereof, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (both before and after judgment) at the Interest Rate multiplied by any applicable Leverage Factor determined in accordance with the applicable method as set out in the relevant Final Terms to the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Instrumentholders in accordance with General Condition 17 (*Notices and Provision of Information*) that, upon further presentation of the Global Instrument being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

### 5.4 **Interest Rate Switch**

If so provided in the relevant Final Terms for a Series of Instruments, from and including an Interest Rate Switch Date (each as specified in the relevant Final Terms), the Interest Rate applicable for the calculation of interest for each subsequent Interest Period with respect to the Instruments shall be the rate specified as applying from and including such Interest Rate Switch Date in the Final Terms and the previous Interest Rate applicable to the Instruments shall no longer apply. For the avoidance of doubt there may be more than one Interest Rate Switch Date applicable to a Series of Instruments.

### 5.5 **Interest Calculations and Determinations**

5.5.1 The amount of interest payable per Calculation Amount in respect of any Instrument for any Interest Period shall be equal to the product of the Interest Rate, any applicable Leverage Factor, the Calculation Amount specified in the relevant Final Terms, and the Day Count Fraction for such Interest Period, unless an Interest Amount is specified in the relevant Final Terms for such Interest Period (which may comprise a “Fixed Amount” or a “Broken Amount”, as applicable), in which case the amount of interest payable per Calculation Amount in respect of such Instrument for such Interest Period shall be equal to such Interest Amount. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated. In respect of any short or long Interest Period as specified in the applicable Final Terms, the Calculation Agent will either determine the Interest Rate using Linear Interpolation or using the applicable Relevant Rate on the Interest Determination Date.

5.5.2 As soon as practicable after the Relevant Time on each Interest Determination Date or such other time on such date as the Calculation Agent may be required to obtain any quotation or make any determination or calculation, the Calculation Agent will determine the Interest Rate and calculate the Interest Amount for the relevant Interest Period, obtain such quotation or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee, the Principal Agent, each of the Paying Agents, the Instrumentholders and, for so long as the Instruments are listed on a stock exchange and the rules of such stock exchange require, such stock exchange, as soon as possible after their determination but in no event later than (i) (except in the case of notices to the Instrumentholders, for Instruments where “Structured Floating Rate (Range Accrual)” is applied in the relevant Final Terms and for Instruments where the Interest Determination Date is specified to be a date falling after the commencement of the relevant Interest Period) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate, Interest Payment Date and Interest Amount, (ii) in the case of Instruments where “Structured Floating Rate (Range Accrual)” is applied in the relevant Final Terms and

Instruments where the Interest Determination Date is specified to be a date falling after the commencement of the relevant Interest Period, the Interest Payment Date in relation to such Interest Period or (iii) in all other cases, the fourth Business Day after such determination. Except in the case of Instruments where “Structured Floating Rate (Range Accrual)” is applied in the relevant Final Terms, the Interest Amount and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made with the prior written consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

- 5.5.3 If the Instruments become due and payable in whole or in part under General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*) or General Condition 7.6 (*Cancellation for taxation and other reasons*), or General Condition 12 (*Events of Default*), the accrued interest and the Interest Rate payable in respect of the Instruments, or the relevant portion of the Instruments being repaid, shall nevertheless continue to be calculated as previously in accordance with this General Condition 5.5 but no notification of the Interest Rate or the Interest Amount so calculated needs to be made unless the Trustee otherwise requires, provided that, in the case of:
- (i) Instruments where “Structured Floating Rate (Range Accrual)” is specified in the relevant Final Terms;
  - (ii) Instruments where “Structured Floating Rate (Inflation Index Linked Rate)” is specified in the relevant Final Terms;
  - (iii) Instruments where the Interest Determination Date is specified to be a date falling after the commencement of the relevant Interest Period,

the Interest Rate for the applicable Early Termination Interest Period will, (A) if so specified in the applicable Final Terms, be zero, or (B) if so specified in the applicable Final Terms, be determined by the Calculation Agent, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, at the time of cancellation by reference to, among other things, the expected Relevant Rate, or Second Index Level (as applicable) that would have been published on or around the next Interest Determination Date. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- 5.5.4 Where “Bonus Interest Rate” is specified as Applicable in the relevant Final Terms, the amount of additional interest payable per Calculation Amount in respect of any Instrument for any applicable Interest Period where the Bonus Threshold is determined by the Calculation Agent to be satisfied shall be equal to the product of the Bonus Interest Rate, the Calculation Amount specified in the relevant Final Terms, and the Day Count Fraction for such Interest Period, unless a Bonus Interest Amount is specified in the relevant Final Terms for such Interest Period (which may comprise a “Bonus Fixed Amount” or a “Bonus Broken Amount”, as applicable), in which case the amount of additional interest payable per Calculation Amount in respect of such Instrument for such Interest Period shall be equal to such Bonus Interest Amount. In respect of any other period for which additional interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which such additional interest is required to be calculated.
- 5.5.5 Where “Bonus Interest Rate” is specified as Applicable in the relevant Final Terms, as soon as practicable on or after each Observation Date, the Calculation Agent will determine, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, whether the Bonus Threshold has been satisfied and calculate the Bonus Interest Amount (if any) for the relevant Interest Period, and cause the Bonus Interest Rate and the Bonus Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee, the Principal Agent, each of the Paying Agents, the Instrumentholders and, for so long as the Instruments are listed on a stock exchange and the rules of such stock exchange require, such stock exchange, as soon as possible after their determination but in no event later than the Interest Payment Date in relation to such Interest Period, subject to General Condition 23 (*Market Disruption and non-Trading Day*) and General Condition 24 (*Adjustment Events and Adjustment/Termination Events*).
- 5.5.6 Where “Bonus Interest Rate” is specified as Applicable in the relevant Final Terms, if the Instruments become due and payable in whole or in part under General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*),

General Condition 7.6 (*Cancellation for taxation and other reasons*), or General Condition 12 (*Events of Default*), the accrued additional interest and the Bonus Interest Rate payable in respect of the Instruments, or the relevant portion of the Instruments being repaid, shall nevertheless continue to be calculated by the Calculation Agent, in good faith and a commercially reasonable manner, in accordance with this General Condition 5.5 but no notification of the Bonus Interest Rate or the Bonus Interest Amount so calculated needs to be made unless the Trustee otherwise requires, provided that, where the Observation Date is specified to be a date falling after the commencement of the relevant Interest Period, (A) if so specified in the applicable Final Terms, the Bonus Interest Rate for the applicable Early Termination Interest Period will be zero, or (B) if so specified in the applicable Final Terms, the satisfaction of the Bonus Threshold will be determined by the Calculation Agent, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, at the time of cancellation by reference to, among other things, the expected Exchange Rate that would have been published on or around the next Observation Date and the Bonus Interest Amount for the applicable Early Termination Interest Period will be determined in accordance with General Condition 5.5.4. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- 5.5.7 If the Calculation Agent does not at any time for any reason determine or calculate the Interest Rate and/or the Bonus Interest Rate, as applicable, for an Interest Period or any Interest Amount and/or Bonus Interest Amount, as applicable, the Trustee shall do so (or shall appoint an agent on its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply the foregoing provisions of this General Condition 5.5, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

## 5.6 **Margin, Maximum/Minimum Interest Rates and Rounding**

- 5.6.1 If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Period), an adjustment shall be made to the Interest Rate for all Interest Periods, in the case of (x), or the Interest Rates for the specified Interest Period, in the case of (y), calculated in accordance with General Condition 5.2 (*Floating rate interest*) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- 5.6.2 If any Maximum Interest Rate or Minimum Interest Rate is specified in the relevant Final Terms as applying to any Interest Period, then each Interest Rate for such Interest Period as multiplied by any applicable Leverage Factor shall be subject to such Maximum Interest Rate or Minimum Interest Rate, as the case may be.
- 5.6.3 For the purposes of any calculations required pursuant to these General Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in any country of such currency.

## 5.7 **Zero coupon Instruments**

Where, in the relevant Final Terms, the Interest Basis is specified to be “Zero Coupon” the Instruments shall not bear any interest prior to the Maturity Date. If such Instruments become repayable prior to the Maturity Date and the amount due is not paid, the amount due and payable prior to the Maturity Date shall be the Early Termination Amount of such Instrument. As from the Maturity Date, the Interest Rate for any overdue principal of such an Instrument shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield.

## 5.8 **Interest during Pass-through Period**

Notwithstanding anything to the contrary in these General Conditions, during the Pass-through Period in relation to any Instrument in respect of which “Collateral Maturity Postponement Adjustment” is specified in the relevant Final Terms as being Applicable, interest will be payable in an amount equal to such Instrument’s *pro rata* share of any amount of interest received by the Issuer in respect of the Affected Collateral from time to time during such Pass-through Period. Any such amounts of interest shall be payable on the day falling three Business Days after the relevant Collateral Payment Date.

## 5.9 **Interest Component Adjustment**

Where, in the relevant Final Terms, “Interest Component Adjustment” is specified to be Applicable, the Calculation Agent in its reasonable discretion may determine an adjustment to any one or more of the initial Interest Rate, the Margin, any applicable Minimum Interest Rate, any applicable Maximum Interest Rate or the Leverage Factor, as specified in the applicable Final Terms, in accordance with its normal pricing methodology on each specified Interest Component Adjustment Date. In such circumstances, the Calculation Agent shall determine any adjustment to any such component(s) by reference to such prevailing market conditions as it determines appropriate on the relevant Interest Component Adjustment Date which may, in particular, include the value and volatility of the Collateral, credit spreads on each issuer and obligor of the Collateral and the level of interest rates and interest rate swap rates, all as of the relevant Interest Component Adjustment Date. Following adjustment of any component of and/or the Interest Rate, the Issuer shall cause a notice of the Interest Rate to be published on the website of the relevant Purchaser and, in relation to Instruments that are listed on the Luxembourg Stock Exchange, published on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)), in each case no later than the first Business Day following the applicable Interest Component Adjustment Date.

## 6. **Payments, Instrumentholder Expenses and taxation**

### 6.1 **Payments in respect of Instruments in definitive form**

Payments of principal and interest in respect of Instruments in definitive form shall, subject as mentioned below, be made against presentation and surrender of the relevant Instruments at the Specified Office of any Paying Agent outside the United States by transfer to an account denominated in such currency with a Bank nominated by such holder presenting such Instrument. “**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET2 System.

### 6.2 **Payments in the United States**

Notwithstanding the foregoing, if any Instruments are denominated in U.S. dollars, payments in respect thereof may be made at the Specified Office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with Specified Offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Instruments in the manner provided above when due, (ii) payment in full of such amounts at all such offices is not illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax or regulatory consequence to the Issuer.

### 6.3 **Payments in respect of Global Instruments**

No payment falling due after the date of exchange will be made on any Global Instrument unless exchange for an interest in a Permanent Global Instrument or for Instruments in definitive form is improperly withheld or refused. Payments on any Temporary Global Instrument issued in compliance with the TEFRA D Rules before the date of exchange will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Instruments represented by a Global Instrument will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Instruments, surrender of that Global Instrument to or to the order of the Principal Agent or such other Paying Agent as shall have been notified to the Instrumentholders for such purpose. A record of each payment so made will be endorsed on each Global Instrument, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Instruments. For the purpose of any payments made in respect of a Global Instrument, the words “in the relevant place of presentation,” shall not apply in the definition of Payment Day.

#### 6.4 **Payments subject to law, etc.**

All payments in respect of the Instruments will be subject in all cases to (i) any applicable fiscal or other laws, regulations and directives but without prejudice to the provisions of General Condition 6.6 (*Taxation*) and (ii) any FATCA Withholding (in each case without prejudice to the provisions of General Condition 6.6 (*Taxation*)). Neither the Issuer nor the Trustee nor any Agent shall incur any liability whatsoever if the Issuer or the Agent is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such above-mentioned laws, regulations, directives, official interpretations or agreements. Neither the Issuer nor the Trustee nor the Principal Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Instruments.

#### 6.5 **Instrumentholder Expenses**

In respect of each Instrument, all Instrumentholder Expenses in respect thereof shall be for the account of the relevant Instrumentholder and any payment or delivery in respect of an Instrument shall only be made after all Instrumentholder Expenses in respect thereof have been paid or otherwise accounted for to the satisfaction of the Issuer.

#### 6.6 **Taxation**

All payments and/or deliveries in respect of the Instruments made by or on behalf of the Issuer shall be made subject to any withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature which may be required to be withheld or deducted. The Issuer shall not be liable as a result for, or otherwise obliged to pay, any additional amount to any of the Instrumentholders in respect of, or compensation for, any such withholding or deduction or any other amounts withheld or deducted pursuant to General Condition 6.4 (*Payments subject to law, etc.*) above. The Issuer shall not be liable for or otherwise obliged to pay, and the relevant Instrumentholder shall be liable for and/or pay, any tax, duty, charge, withholding or other payment whatsoever which may arise as a result of, or in connection with, the ownership, any transfer (or agreement to transfer), any payment and/or any delivery (or any agreement for delivery) in respect of the Instruments held by such Instrumentholder. The Issuer shall have the right, but shall not be obliged (unless required by law), to withhold or deduct from any amount payable or, as the case may be, any delivery due to the Instrumentholder, such amount or portion as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

#### 6.7 **Non-Payment Days**

If any date for payment in respect of any Instrument is not a Payment Day, the holder shall not be entitled to payment until the next following Payment Day nor to any interest or other sum in respect of such postponed payment.

### 7. **Redemption and purchase**

#### 7.1 **Redemption at Maturity**

##### 7.1.1 **No Collateral maturity postponement**

Subject to General Condition 7.1.2, unless previously redeemed or purchased and cancelled, each Instrument will be redeemed by the Issuer by payment of the Final Redemption Amount on the Maturity Date (or, in the case of Instruments in respect of which “Collateral Maturity Postponement Adjustment” is specified as Applicable in the relevant Final Terms, on the Scheduled Maturity Date).

##### 7.1.2 **Collateral maturity postponement adjustment**

Where “Collateral Maturity Postponement Adjustment” is specified as Applicable in the relevant Final Terms, in the event that the scheduled maturity date of one or more Collateral Item(s) is postponed to a later date (the latest to occur of such dates being, the “**Postponed Collateral Maturity Date**”) pursuant to the terms and conditions of such Collateral Item, the Maturity Date shall be postponed to the date that is three Business Days following (a) the Postponed Collateral Maturity Date or (b) any date following the Scheduled Maturity Date and prior to the Postponed Collateral Maturity Date on which the last outstanding Collateral Item is redeemed in full (either

such date, the “**Postponed Maturity Date**”). In such circumstances, during the related Pass-through Period, an amount equal to each Principal Distribution Amount (if any) shall be paid to the Instrumentholders three Business days following the relevant Collateral Payment Date by way of repayment of principal of the Instruments, such amount to be paid to each Instrumentholder *pro rata* to the principal amount of Instruments held by such Instrumentholder.

The Issuer shall notify the Instrumentholders (in accordance with General Condition 17 (*Notices and Provision of Information*)), the other Series Parties and the Relevant Rating Agency (if any) as soon as reasonably practicable after it becoming aware that pursuant to the terms and conditions of any Collateral Item, the scheduled maturity date of such Collateral Item has been postponed (each such Collateral Item(s) comprising the “**Affected Collateral**”) and that the Maturity Date of either (a) the whole of the Instruments (where there is a single Collateral Item) or (b) the principal amount of each Instrument equal to its *pro rata* share of the aggregate of the Collateral Item Notional Amounts of the Collateral Items that comprise the Affected Collateral (where there are multiple Collateral Items) has been postponed to the Postponed Maturity Date. Any failure by the Issuer to notify such parties shall not affect the validity or effectiveness of the postponement of the Maturity Date nor give rise to any rights in any such party.

Where (b) applies, the principal amount of each Instrument equal to its *pro rata* share of aggregate of the Collateral Item Notional Amounts of the Collateral Items that do not comprise Affected Collateral will be redeemed in accordance with General Condition 7.1.1.

## 7.2 **Early Termination**

The Early Termination Amount (if any) due in respect of each Instrument payable in respect of any Instrument following the occurrence of an Event of Default, upon redemption of such Instrument in accordance with General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*) or General Condition 7.6 (*Cancellation for taxation and other reasons*), shall be an amount equal to such Instrument’s *pro rata* share of an amount in the Specified Currency (which may never be less than zero) determined by the Calculation Agent in accordance with the following formula:

(A - B)

Where:

“**A**” is the aggregate of the Market Value Collateral of the relevant Collateral Items, converted into the Specified Currency (if applicable) at the relevant exchange rate applicable at such time, as determined by the Calculation Agent in its reasonable discretion; and

“**B**” is the Early Termination Unwind Costs.

Where “Option Premium” is specified as Applicable in the relevant Final Terms, the Early Termination Unwind Costs shall include any amounts payable by the Issuer to the Hedging Counterparty in respect of the Option Premium.

## 7.3 **Mandatory cancellation**

The Instruments will be cancelled in whole or in part (as specified below in this General Condition 7.3) if:

- 7.3.1 any Collateral Item becomes repayable (otherwise than at the option of the relevant Collateral Obligor in accordance with the terms of the Collateral Item) or becomes capable of being declared due and payable prior to its stated date of maturity for whatever reason; or
- 7.3.2 there is a default, event of default or other similar event or circumstance has occurred in respect of any Collateral Item (howsoever described and including, without limitation, a failure to pay any principal or interest when and where due in accordance with the terms of the Collateral Item as at the Issue Date and further provided that if any Collateral Item comprises asset-backed securities then any deferral of interest or other payment thereunder in accordance with the terms thereof shall not constitute a “default” for the purposes of this General Condition 7.3.2); or

7.3.3 if “Collateral Put/Call Redemption Event” is specified as Applicable in the relevant Final Terms, if any Collateral Item becomes repayable at the option of the Collateral Obligor in accordance with the terms of such Collateral Item,

and:

- (a) where (i) “Multiple Collateral Issue” is specified as Not Applicable in the relevant Final Terms, or (ii) “Separate Collateral Item Default” is specified as Not Applicable in the relevant Final Terms, all such Collateral which has become so repayable or capable of being declared due and repayable prior to its stated maturity or in respect of which there is a payment default together with all remaining Collateral (which may or may not form obligations of the same person as those which have become repayable or in respect of which there has been such a payment default) shall be deemed to have become immediately repayable (the “**Repayable Assets**”); or
- (b) where “Separate Collateral Item Default” is specified as Applicable in the relevant Final Terms, the Collateral Item which has become so repayable or capable of being declared due and repayable prior to its stated maturity or in respect of which there is a payment default shall be deemed to have become immediately repayable (the “**Repayable Collateral Item**”).

Upon the occurrence of any event described in General Condition 7.3.1 or 7.3.2 or 7.3.3, the Issuer shall forthwith give not more than 30 nor less than 15 days’ notice to the Trustee, the Instrumentholders, any Hedging Counterparty and, for as long as the Instruments are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange, specifying the Aggregate Nominal Amount of the Instruments to be cancelled, the principal amount of the Repayable Assets or Repayable Collateral Item, and the due date for cancellation. Upon expiry of such notice the Issuer shall:

- (i) where (i) “Multiple Collateral Issue” is specified as Not Applicable in the relevant Final Terms, or (ii) “Separate Collateral Item Default” is specified as Not Applicable in the relevant Final Terms, redeem each Instrument in whole in each case at its Early Termination Amount (which, for the avoidance of doubt, if indicated as such in the relevant Final Terms, shall include accrued interest to the date fixed for cancellation); or
- (ii) where “Separate Collateral Item Default” is specified as Applicable in the relevant Final Terms, redeem each Instrument in whole or, as the case may be, in part in each case by payment of the Early Termination Amount (which, for the avoidance of doubt, if indicated as such in the relevant Final Terms, shall include accrued interest to the date fixed for cancellation) and the principal amount of each Instrument shall be reduced by an amount equal to its *pro rata* share of the Collateral Item Notional Amount in respect of the Repayable Collateral Item.

If the Early Termination Amount is specified in the relevant Final Terms as not being inclusive of accrued interest, in respect of each Instrument interest shall continue to accrue on the relevant Early Termination Amount until payment thereof has been made to the Paying Agent and notice is given in accordance with General Condition 17 (*Notices and Provision of Information*) that such amount is available for payment.

#### 7.4 **Redemption at the option of the Issuer on void transfer or other disposition and forced transfer**

7.4.1 Any transfer or other disposition of any legal or beneficial ownership interest in an Instrument to:

- (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S of the Securities Act; or
- (b) a person who comes within any definition of U.S. person for the purposes of the Commodity Exchange Act of 1936, as amended, or any rule, guidance or order proposed or issued by the Commodity Futures Trading Commission (the “**CFTC**”) thereunder (including but not limited to any person who is not a “Non-United States person” under CFTC Rule 4.7(a)(1)(iv) (excluding for purposes of CFTC Rule 4.7(a)(1)(iv)(D) the exception for qualified eligible persons who are not “Non-United States persons”)),

(each such person or account, a “**Non-Permitted Transferee**”), shall be deemed to be void *ab initio*, with the result that such transfer or other disposition will be of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in an Instrument in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest

in such Instrument, and the Issuer shall be entitled to cease to make any payments in respect of Instruments held by a Non-Permitted Transferee.

- 7.4.2 Any transfer or other disposition of any legal or beneficial ownership interest in an Instrument to (i) an employee benefit plan (as defined in section 3(3) of the US Employee Retirement Income Security Act of 1974, as amended, (“ERISA”)), whether or not subject to ERISA; (ii) a plan described in section 4975(e)(1) of the US Internal Revenue Code of 1986, as amended; or (iii) an entity whose underlying assets include plan assets by reason of a plan’s investment in the entity under US Department of Labor Regulations § 2510.3-101 (29 c.f.r. § 2510.3-101) (each a “**Benefit Plan Investor**”), or to a transferee using the assets of a Benefit Plan Investor to acquire such interest securities or holding such interest for or on behalf of a Benefit Plan Investor, shall be deemed to be void *ab initio*, with the result that such transfer or other disposition will be of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in an Instrument in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Instrument, and the Issuer shall be entitled to cease to make any payments in respect of Instruments held by a Benefit Plan Investor.
- 7.4.3 Notwithstanding any other provision of these General Conditions, if the Issuer becomes aware that any legal or beneficial ownership interest in an Instrument is held by a Non-Permitted Transferee or a Benefit Plan Investor, the Issuer shall have the right to give notice thereof to the Trustee, the Custodian and the Calculation Agent and shall have the right upon delivery of such notice to require such Non-Permitted Transferee or Benefit Plan Investor to sell such interest to (a) the Arranger or to any of its Affiliates (to the extent permitted by applicable law) or (b) a person who is neither a Non-Permitted Transferee nor a Benefit Plan Investor, in each case, at a price equal to the lesser of (x) the purchase price paid for such interest by such Non-Permitted Transferee or Benefit Plan Investor, (y) the principal amount of such interest and (z) the fair market value of such interest, less any costs or expenses incurred by or on behalf of the Issuer and the Arranger in connection with such sale. For the purposes of any transfer completed pursuant to this General Condition 7.4.3 only, General Conditions 7.4.1 and 7.4.2 shall be deemed not to apply to the relevant Instruments, provided that the Issuer shall be entitled to cease to make any payments in respect of Instruments held by a Non-Permitted Transferee or a Benefit Plan Investor.

By purchasing any of the Instruments each Instrumentholder is deemed to have acknowledged and accepted the rights of, and the exercise of such rights by, the Issuer set out above.

## 7.5 **Redemption at the option of the Issuer for Regulatory Event**

If in the determination of the Calculation Agent, acting in good faith and a commercially reasonable manner, a Regulatory Event occurs and the Issuer has so informed the Trustee, and has (subject, in the case of rated Instruments, to the Relevant Rating Agency having been given prior notice in writing of such substitution or change of residence) used all reasonable endeavours to cure such Regulatory Event by (i) arranging (subject to and in accordance with General Condition 14.4 (*Substitution*)) for its substitution by a company incorporated in the same or another jurisdiction as the Issuer or (ii) (with the prior written consent of the Trustee and any Hedging Counterparty) changing its residence for regulatory purposes or, to the extent permitted by law, change its domicile to another jurisdiction approved beforehand in writing by the Trustee and any Hedging Counterparty and has been unable to arrange such substitution or change, or is unable to do so in a commercially reasonable manner, then the Issuer shall forthwith give not more than 30 Business Days' nor less than 10 Business Days' notice to the Trustee, the Instrumentholders, the Hedging Counterparty (if applicable) and, for as long as the Instruments are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange, and upon expiry of such notice shall cancel all but not some only of the Instruments at their Early Termination Amount (if any) together with interest accrued to the date fixed for cancellation. For the purposes of this General Condition 7.5:

“**Regulatory Event**” means the occurrence of any of the following (including, without limitation, in connection with the application of the Alternative Investment Fund Managers Directive 2011/61/EU): (a) as a result of an implementation or adoption of, or change in, law, regulation, interpretation, action or response of a regulatory authority or (b) as a result of the promulgation of, or any interpretation by any court, tribunal, government or regulatory authority with competent jurisdiction (a “**Relevant Authority**”) of, any relevant law or regulation or (c) as a result of the public or private statement or action by, or response of, any Relevant Authority or any official or representative of any Relevant Authority acting in an official capacity, such that it is or will be unlawful or there is a reasonable likelihood of it being unlawful for (i) the Issuer to maintain the Instruments or that the maintenance of the existence of the Instruments would make it unlawful to maintain

the existence of any other instruments issued by the Issuer or, (ii) for the Issuer or Deutsche Bank AG, London Branch in its capacity as Arranger to perform any duties in respect of the Instruments.

## 7.6 Cancellation for taxation and other reasons

If:

- 7.6.1 the Issuer, on the occasion of the next payment due in respect of the Instruments, would be required to withhold or deduct amounts for or on account of tax or would suffer tax in respect of its income so that it would be unable to make payment of the full amount due, in each case either (1) pursuant to the laws and regulations of any jurisdiction or of any political sub-division thereof or any authority or agency therein or thereof having power to tax; or (2) as a result of a FATCA Withholding, and the Issuer has so informed the Trustee, and has (subject, in the case of rated Instruments, to the Relevant Rating Agency having been given prior notice in writing of such substitution or change of residence) used all reasonable endeavours to arrange (subject to and in accordance with General Condition 14.4 (*Substitution*)) the substitution of a company incorporated in another jurisdiction as the principal obligor or (with the prior written consent of the Trustee and any Hedging Counterparty) to change its residence for taxation purposes or, to the extent permitted by law, change its domicile to another jurisdiction approved beforehand in writing by the Trustee and any Hedging Counterparty and has been unable to arrange such substitution or change, or is unable to do so in a tax efficient manner, before the next payment is due in respect of the Instrument; and/or
- 7.6.2 the Credit Support Document (if any) is terminated prior to the Maturity Date for any reason; and/or
- 7.6.3 any Hedging Agreement is terminated in accordance with its terms prior to the Hedging Agreement Termination Date; and/or
- 7.6.4 the Calculation Agent is not able to determine or effect an adjustment in a commercially reasonable manner pursuant to General Condition 24.4(ii) (*Consequences of Adjustment/Termination Event*),

then the Issuer shall forthwith give not more than 30 nor less than 15 days' notice to the Trustee, the Instrumentholders, any Hedging Counterparty and, for as long as the Instruments are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange, and upon expiry of such notice (i) the Issuer shall cancel all but not some only of the Instruments at their Early Termination Amount (which, for the avoidance of doubt, if indicated as such in the relevant Final Terms, shall include accrued interest to the date fixed for cancellation), (ii) the Series Assets will be realised in accordance with the Securitisation Act 2004 and (iii) if any amounts are due and unpaid by the Issuer under any Hedging Agreement on the Hedging Agreement Termination Date, if any event of default (as defined in the applicable Hedging Agreement) has occurred and is continuing in respect of any Hedging Counterparty under the applicable Hedging Agreement or where "Hedging Agreement" is specified as Not Applicable in the relevant Final Terms, the security constituted by or created pursuant to the Series Instrument shall become enforceable (if the same shall not already have become enforceable in accordance with these General Conditions).

Notwithstanding the foregoing, if any of the taxes referred to in General Condition 7.6.1) arises by reason of:

- (i) any Instrumentholder's connection with the jurisdiction of incorporation of the Issuer otherwise than by reason only of the holding of any Instrument or receiving or being entitled to any Redemption Amount or interest in respect thereof;
- (ii) the failure by the relevant Instrumentholder to comply with any applicable procedures required to establish non-residence or other similar claims for exemption from such tax; or
- (iii) the failure by the relevant Instrumentholder, or any related person, not being compliant with FATCA or failing to provide in a timely manner such information as the Issuer considers necessary or desirable for the Issuer, or any authorised agent of the Issuer, to comply with FATCA, and the Issuer elects to make such withholding in respect of such Instrumentholder,

then to the extent it is able to do so, the Issuer shall deduct such taxes from the amounts payable to such Instrumentholder, all other Instrumentholders shall receive the due amounts payable to them and the Issuer shall not be required by reason of such deduction to endeavour to arrange any substitution, or to cancel the

Instruments, pursuant to this General Condition 7.6. Any such deduction shall not be an Event of Default under General Condition 12 (*Events of Default*).

In the event of such cancellation and the security constituted by the Series Instrument becoming enforceable, the Trustee may take such action as is provided in General Condition 8.10.1 (*Realisation of the Series Assets*) and shall do so if so requested or directed in accordance with the provisions of such General Condition (subject in each case to it being indemnified and/or secured in accordance with such General Condition and provided that the Trustee shall not be required to do anything which is contrary to applicable law).

#### 7.7 **Issuer Call Option**

If so provided in the relevant Final Terms, the Issuer may, (a) on a date within the Optional Redemption Period specified in such Final Terms, or (b) on an Optional Redemption Date specified in such Final Terms, by giving at least 5 Business Days' irrevocable notice to the Instrumentholders, the Trustee and, for as long as the Instruments are listed on a stock exchange and the rules of such stock exchange so require, such stock exchange, cancel all (but not some only) of the Instruments (1) in the case of (a) above, on the date specified in such notice, such date not falling prior to the date on which such notice is effective in accordance with General Condition 17 (*Notices and provision of information*) and (2) in the case of (b) above, on the relevant Optional Redemption Date or, in each case if such day does not fall on a Business Day, then the following Business Day. Any such redemption of Instruments shall be at the applicable Optional Redemption Amount (which, for the avoidance of doubt, in the case of Instruments, shall include accrued interest to the date fixed for such optional redemption).

All Instruments in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this General Condition 7.7.

#### 7.8 **Purchases**

Subject to receipt by the Issuer of an amount (whether by sale of the Collateral (or in the case of a purchase of some only of the Instruments, a proportion of the Collateral corresponding to the proportion of the Instruments to be purchased) or otherwise) which, plus or minus the aggregate of any termination payment and any expenses payable to or by the Issuer from or to any Hedging Counterparty or other relevant party on the termination (or, as the case may be, partial termination) of each Hedging Agreement, is sufficient to fund the purchase price payable by the Issuer, the Issuer may purchase Instruments in the open market or otherwise at any price. Voting rights attached to Instruments held by the Issuer are suspended but only as long as the Instruments are held by the Issuer.

#### 7.9 **Amortisation**

Where "Amortisation" is specified as Applicable in the relevant Final Terms, if any Collateral Item (a "**Matured Collateral Item**") is redeemed on its scheduled maturity date in accordance with the terms of such Collateral Item and prior the Maturity Date of the Instruments, upon receipt of such redemption proceeds (the "**Amortisation Amount**") the Issuer shall redeem each Instrument in whole or, as the case may be, in part in each case by payment of its *pro rata* share of the Amortisation Amount, together with accrued interest in respect of the Instruments or the relevant proportion of the Instruments being cancelled, as the case may be, to the date of such payment, and the principal amount of each Instrument shall be reduced by an amount equal to its *pro rata* share of the Collateral Item Notional Amount in respect of the Matured Collateral Item.

#### 7.10 **Cancellation**

All Instruments purchased by or on behalf of the Issuer must be cancelled by surrendering the relevant Global Instrument or Instruments in definitive form (as the case may be) for endorsement to, or to the order of, the Principal Agent and, when so surrendered, the Global Instrument or Instruments in definitive form (as the case may be) will be endorsed to reflect such cancellation. Any Instruments cancelled or so surrendered for cancellation may not be held, reissued or resold and the obligations of the Issuer in respect of any such Instruments shall be discharged. The Issuer is required to (a) either promptly inform or (b) procure that the Listing Agent and/or the Paying Agent, as the case may be, promptly informs (on its behalf) the relevant stock exchange or other relevant authority of any cancellation of listed Instruments.

#### 7.11 **Determination and publication of Redemption Amounts**

The Calculation Agent shall, as soon as practicable on each date the Calculation Agent may be required to calculate any amount, obtain any quotation or make any determination or calculation, calculate the relevant Redemption Amount, and cause the relevant Redemption Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Instrumentholders, any other Calculation Agent appointed in respect of the Instruments that is to make a further calculation upon receipt of such information and, if the Instruments are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than the fourth Business Day after such determination. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

#### 7.12 **Determination or calculation by Trustee**

If the Calculation Agent does not at any time for any reason determine or calculate the relevant Redemption Amount, the Trustee shall do so (or shall appoint an agent on its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply the foregoing provisions of this General Condition 7 (*Redemption and purchase*), with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

#### 7.13 **Calculation Amount per Instrument**

Notwithstanding anything to the contrary in these General Conditions or the Agency Agreement, where the applicable Final Terms specify a Calculation Amount per Instrument in addition to one or more Specified Denominations (which, for the avoidance of doubt will only be an integral multiple of such Specified Denomination), then each calculation of an amount payable on an Instrument hereunder shall be made on the basis of the relevant Calculation Amount and the amount payable on any particular Instrument shall be equal to the product of (i) the amount per Calculation Amount (after applying any applicable rounding in accordance with these General Conditions) and (ii) the Calculation Amount Factor of that particular Instrument, where “**Calculation Amount Factor**” means the number equal to the Specified Denomination of the relevant Instrument divided by the relevant Calculation Amount.

### 8. **Series Assets, Collateral and Security**

#### 8.1 **Series Assets**

The Securitisation Act 2004 provides that the Series Assets (and the proceeds thereof) specified in the relevant Final Terms are available solely to meet the claims of the Series Parties.

#### 8.2 **Collateral and Hedging Collateral**

The Issuer will procure that any Collateral constituting “liquid assets and securities” for the purposes of Article 22 of the Securitisation Act 2004 is delivered to the Custodian and subject thereto, such Collateral will be held by the Custodian on behalf of the Issuer subject to the security created subject to the conditions set out in the Securitisation Act 2004 and by or pursuant to the Series Instrument. The Issuer shall not at any time own or agree to own any assets which would cause any applicable Servicer to be subject to any express or implied duty or obligation under any applicable Italian or Luxembourg law (including any reporting duties towards the competent supervision authorities of the Issuer (if any)) other than the duty to collect payments made in respect of assets which it holds in its capacity as Custodian (either directly or via a sub-custodian). For these purposes, references to “collect” or the “collection” of payments shall be construed as meaning the receipt of payments due with respect to such assets held and shall not extend to ensuring performance of such assets whether by management of the recovery of unpaid debts or otherwise. The role of Servicer is restricted to this single duty accordingly.

The date of the sale, transfer, novation or assignment of the Collateral, or any rights and/or obligations in the Collateral, to the Issuer will be provided in the Final Terms. If the Issuer acquires Collateral after the Issue Date, until such acquisition the Series Assets will not comprise (and the Instruments will not be secured on) the Collateral but only the rights of the Issuer under the other Series Assets (if any).

The Issuer will procure that any Hedging Collateral constituting “liquid assets and securities” for the purposes of Article 22 of the Securitisation Act 2004 is delivered to the Custodian and subject thereto, such Hedging Collateral will be held by the Custodian on behalf of the Issuer and subject to the security created subject to the conditions set out in the Securitisation Act 2004 and by and pursuant to the Series Instrument. The Hedging Collateral is subject to the rights of any Hedging Counterparty to request from time to time redelivery of the Hedging Collateral pursuant to the terms of the corresponding Hedging Agreement. Any distributions (including any cash, securities, or any other property) received in respect of the Hedging Collateral will be delivered to such Hedging Counterparty and will not be subject to any security created pursuant to the Series Instrument.

The Issuer may, if “2-Way Hedging Collateral Posting” is specified in the relevant Final Terms, also be required to deliver credit support comprising the Collateral to the Hedging Counterparty in order to collateralise its obligations to the Hedging Counterparty. To the extent that eligible credit support is due from the Issuer to the Hedging Counterparty in accordance with the Credit Support Document, the security over such eligible credit support comprising the Collateral will be deemed to be released and the Issuer shall deliver such Collateral to the Hedging Counterparty.

The obligation of the Issuer to deliver eligible credit support comprising the Collateral to the Hedging Counterparty under the Credit Support Document is limited to the amount of Collateral held by the Issuer from time to time.

### 8.3 Security

The Series Assets are subject to security created in favour of the Trustee on behalf of the Series Parties as follows.

The Issuer has created the following security in the Series Instrument:

- (a) (i) a first fixed charge and/or assignment by way of first fixed charge in favour of the Trustee of the Collateral and all of the Issuer’s rights in respect of and sums derived from the Collateral (including, without limitation, any proceeds of the sale thereof) and (ii) an assignment by way of first fixed charge in favour of the Trustee of all of the Issuer’s rights in respect of the Collateral held by the Custodian against the Custodian. To the extent that eligible credit support is due from the Issuer to the Hedging Counterparty in accordance with the Credit Support Document, the security over such eligible credit support comprising the Collateral will be deemed to be released and the Issuer shall deliver such Collateral to the Hedging Counterparty;
- (b) an assignment by way of first fixed charge in favour of the Trustee of all of the Issuer’s rights, title and interest under each relevant Hedging Agreement and any sums of money, securities or other property received or receivable by the Issuer thereunder;
- (c) a first fixed charge in favour of the Trustee over (i) the Issuer’s right to all sums held by the Principal Agent and/or any Paying Agent and/or the Custodian to meet payments due in respect of the Instruments and under the Series Instrument and (ii) any sums of money, securities or other property received or receivable by the Issuer under any relevant Hedging Agreement;
- (d) an assignment by way of first fixed charge in favour of the Trustee of all of the Issuer’s rights, title and interest under the Agency Agreement and the Purchase Agreement and all sums derived therefrom in respect of the Instruments;
- (e) to the extent that at any time the Collateral has not been delivered to the Custodian (or, if so specified in the Purchase Agreement, any Sub-custodian) to be held on behalf of the Issuer as provided in the Purchase Agreement, an assignment by way of first fixed charge in favour of the Trustee of the Issuer’s rights, title and interest under the Purchase Agreement any sums received or receivable by the Issuer thereunder; and
- (f) (i) a first fixed charge and/or assignment by way of first fixed charge in favour of the Trustee over the Hedging Collateral (subject to the rights of any Hedging Counterparty to request from time to time redelivery of the Hedging Collateral pursuant to the terms of the corresponding Hedging Agreement) and all of the Issuer’s rights in respect of any proceeds of the sale thereof and (ii) an

assignment by way of first fixed charge in favour of the Trustee of all the Issuer's rights in respect of the Hedging Collateral held by the Custodian against the Custodian.

The Trustee shall release from such charges any part of the Series Assets to the extent that such part is required to enable the Issuer to meet payment of all sums and performance of all obligations under the Hedging Agreement and/or the Instruments.

#### 8.4 **General provisions relating to security**

The security constituted or created pursuant to the Series Instrument will be granted to the Trustee for itself and as trustee under the Series Instrument as continuing security (i) for the payment of all sums due to the Trustee or any receiver under the Series Instrument, (ii) for the payment of all sums due under the Instruments, (iii) for the performance of the Issuer's obligations under each Hedging Agreement, (iv) for the payment of all sums payable to the Custodian for reimbursement in respect of payments made to any Hedging Counterparty by the Custodian relating to sums receivable on or in respect of the Collateral pursuant to any provision of the Agency Agreement which requires the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) the Custodian for any payment made by the Custodian to any Hedging Counterparty relating to sums receivable on or in respect of the Collateral before actual payment to the Custodian of the amount receivable on or in respect of the Collateral and (v) for the payment of all sums payable to the Principal Agent, pursuant to any provision of the Agency Agreement which requires the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) the Principal Agent, for any amount paid out by the Principal Agent, to the Instrumentholders before receipt of the corresponding amount due from the Issuer.

#### 8.5 **Enforceability**

The security constituted by or created pursuant to the Series Instrument shall become enforceable (i) upon the occurrence of an Event of Default (as defined in General Condition 12 (*Events of Default*)), (ii) if the Hedging Agreement(s) have each terminated in accordance with their respective terms prior to the respective Hedging Agreement Termination Dates or, on or after the latest Hedging Agreement Termination Date(s), if sums remain owing to any Hedging Counterparty under the Hedging Agreement(s), (iii) if any event of default (as defined in the applicable Hedging Agreement) has occurred and is continuing in respect of any Hedging Counterparty under the applicable Hedging Agreement and (iv) where "Hedging Agreement" is specified as Not Applicable in the relevant Final Terms, upon the Instruments becoming subject to mandatory cancellation pursuant to General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*) or General Condition 7.6 (*Cancellation for Taxation or other reasons*).

#### 8.6 **Holder of Collateral**

The Collateral and the Hedging Collateral (in each case, to the extent constituting "liquid assets and securities" for the purposes of Article 22 of the Securitisation Act 2004, and subject to delivery thereof) will be held by the Custodian on behalf of the Issuer on and subject to the terms and conditions of the Agency Agreement and subject to the security referred to in General Condition 8.3 (*Security*). The Issuer reserves the right at any time with the prior written consent of the Trustee to change the Custodian, provided that in respect of Instruments which are rated by one or more Relevant Rating Agencies, each Relevant Rating Agency has been given prior notice in writing of such change. Notice of such change shall be given to the Instrumentholders in accordance with General Condition 17 (*Notices and Provision of Information*). Under the terms of the Agency Agreement, the Custodian may appoint one or more sub-custodians in relation to the Collateral, but such appointment shall not relieve the Custodian of any of its duties under the Agency Agreement.

#### 8.7 **Floating charge**

The obligations of the Issuer in relation to all Series of Instruments in relation to which the Issuer appoints the Trustee as the trustee pursuant to, in accordance with and on the terms of, the Series Instrument constituting such Series will also be secured pursuant to the Deed of Floating Charge dated 16 December 2004, as supplemented by the First Supplemental Deed of Floating Charge dated 30 May 2007 (the "**Deed of Floating Charge**"), by a floating charge over the whole of its undertaking and assets (other than its share capital and any fees generated in respect of the issue of Instruments and, for the avoidance of doubt, any moneys available to the Issuer after application of the Series Assets of any Series in accordance with the priorities set out in the applicable Series Instrument) to the extent that (i) such undertaking and assets are not effectively

encumbered by any security created in favour of the Trustee by or pursuant to any Series Instrument entered into in relation to a Series or any security created by or pursuant to any other issue of securities by the Issuer and (ii) such undertaking and assets are not allocated to a compartment (within the meaning of the Securitisation Act 2004) which has been set up by the Issuer in connection with a Series or any other issue of securities by the Issuer. The Trustee is entitled to enforce the security constituted by the floating charge only if an application to the English courts for an administration order has been made but shall not be obliged to enforce the security created by the floating charge unless directed by an Extraordinary Resolution of the holders of any secured Series of Instruments and indemnified or secured to its satisfaction. The obligations of the Issuer are, however, limited in recourse as provided in General Condition 13 (*Enforcement*), and accordingly, even if the security created by the floating charge may become enforceable, the amounts due to the Instrumentholders and any Hedging Counterparty will not be increased as a result thereof and shall be limited to the net proceeds of realisation of the Series Assets and subject to the provisions of General Condition 8 (*Series Assets, Collateral and Security*) as to application of such net proceeds and to the provisions of General Condition 13 (*Enforcement*).

The Series Instrument provides that the Trustee shall not be bound or concerned to make any investigation into, or be responsible for, *inter alia*:

- (1) the creditworthiness of the Collateral or any Collateral Obligor, Collateral Guarantor or Collateral Support Provider (if any) or of any Hedging Counterparty or other person which is a party to any other agreement or document constituting or evidencing any of the Collateral or the other Series Assets; or
- (2) the validity, sufficiency or enforceability of the obligations of any such person as is referred to in sub-paragraph (1) above or of the security constituted by or pursuant to the Series Instrument or any other agreement or document constituting the security for the Instruments; or
- (3) whether the cashflows relating to the Collateral and/or the Series Assets and the Instruments are matched.

In the event that a Replacement Trustee replaces Deutsche Trustee Company Limited as Trustee in accordance with the General Trust Terms as amended by the relevant Series Instrument, the floating charge granted in favour of Deutsche Trustee Company Limited pursuant to the Deed of Floating Charge as described above shall not be assigned to the Replacement Trustee nor to any subsequent replacement trustee. As a result, the obligations of the Issuer in relation to all Series of Instruments in relation to which the Replacement Trustee is the Trustee pursuant to, in accordance with and on the terms of, the Series Instrument constituting such Series will not be secured pursuant to the Deed of Floating Charge.

This is because at the time the Deed of Floating Charge was entered into, it was arguable that the floating charge granted to Deutsche Trustee Company Limited as Trustee by virtue of the Deed of Floating Charge gave Deutsche Trustee Company Limited as Trustee the ability to appoint an administrative receiver over the assets of the Issuer pursuant to the Deed of Floating Charge. Where an application is made (whether by court order or out of court process) to appoint administrators in respect of a company and there is in office an administrative receiver of the company, the application to appoint administrators will not be granted unless the person who appointed the administrative receiver has consented to the appointment of administrators. Even if such consent is not obtained, the application to appoint administrators could still be ordered by the court if the court thinks that the security by virtue of which the administrative receiver was appointed would be liable to be released or discharged under sections 238 to 240 (transactions at an undervalue and preferences), or would be liable to be avoided under section 245 (avoidance of certain floating charges), of the United Kingdom Insolvency Act 1986, as amended (the “**Insolvency Act**”), if such an order were made. Therefore, the ability of Deutsche Trustee Company Limited as Trustee under the Deed of Floating Charge, if an administration application were to be made in respect of the Issuer, to appoint an administrative receiver and, by the appointment of such a receiver prior to the grant of such application, would have entitled Deutsche Trustee Company Limited as Trustee to prevent the appointment of the administrator.

However, on 1 October 2009, what is now section 28(1) of the Insolvency Act came into force which makes it clear that an administrative receiver cannot be appointed to a company, unless that company is registered under the Companies Act 2006 in England and Wales or Scotland. As the Issuer is not so registered, it is not possible for any party to appoint an administrative receiver to the Issuer, whether under the Deed of Floating Charge or otherwise. As a result, there is no benefit to the Replacement Trustee becoming the beneficiary of the rights granted to Deutsche Trustee Company Limited as Trustee under the Deed of Floating Charge or pursuant to an equivalent instrument.

## 8.8 Application of proceeds of Series Assets

The Trustee shall collect all moneys in relation to the Series Instrument and apply those moneys under the provisions of the Series Instrument in connection with the realisation or enforcement of the Series Assets pursuant to the Series Instrument in accordance with the following provisions of this General Condition 8.8 (General Conditions 8.8.1 to 8.8.4, inclusive, “**Hedging Counterparty Priority**”):

- 8.8.1 first, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts incurred by or payable to the Trustee or any receiver under or pursuant to the Series Instrument (which for the purpose of this General Condition 8.8 and the Series Instrument shall include any taxes required to be paid, the costs of realising any security and the Trustee’s remuneration);
- 8.8.2 secondly, *pro rata* in payment of any amounts owing to:
  - (a) the Hedging Counterparty under a Hedging Agreement (which for the purpose of this General Condition 8.8 and the Series Instrument shall include any amounts owing to the Custodian for reimbursement in respect of payments made to a Hedging Counterparty relating to sums receivable on or in respect of the Collateral (which, for the avoidance of doubt, shall include any amounts payable in respect of an Option Premium)); and
  - (b) the Principal Agent for reimbursement in respect of any payment made to Instrumentholders or to a Clearing Agent on behalf of such holders;
- 8.8.3 thirdly, *pro rata* in payment of any amounts owing to the Instrumentholders; and
- 8.8.4 fourthly, in payment of the balance (if any) to the Issuer,

such ranking a “**Hedging Counterparty Priority Basis**”, PROVIDED THAT, if “**Hedging Counterparty Priority Default Flip**” is specified as Applicable in the relevant Final Terms for a Series of Instruments, the realisation or enforcement of the Series Assets pursuant to the Series Instrument has arisen as a result of any event of default (as defined in a Hedging Agreement) relating to any Hedging Counterparty, then the Trustee shall apply all moneys received by it under the provisions of the Series Instrument:

- (A) if “**Instrumentholder Pari Passu Basis**” is specified in the relevant Final Terms:
  - (1) first, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts incurred by or payable to the Trustee or any receiver under or pursuant to the Series Instrument (which for the purpose of this General Condition 8.8 and the Series Instrument shall include any taxes required to be paid, the costs of realising any security and the Trustee’s remuneration);
  - (2) secondly, in payment of any amounts owing to the Principal Agent for reimbursement in respect of any payment made to Instrumentholders or to a Clearing Agent on behalf of such holders;
  - (3) thirdly, *pro rata* in payment of any amounts owing to the Hedging Counterparty under a Hedging Agreement (which for the purpose of this General Condition 8.8 and the Series Instrument shall include any amounts owing to the Custodian for reimbursement in respect of payments made to a Hedging Counterparty relating to sums receivable on or in respect of the Collateral) and the Instrumentholders; and
  - (4) fourthly, in payment of the balance (if any) to the Issuer; or
- (B) if “**Instrumentholder Priority Basis**” is specified in the relevant Final Terms:
  - (1) first, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts incurred by or payable to the Trustee or any receiver under or pursuant to the Series Instrument (which for the purpose of this General Condition 8.8 and the Series Instrument shall include any taxes required to be paid, the costs of realising any security and the Trustee’s remuneration);

- (2) secondly, in payment of any amounts owing to the Principal Agent for reimbursement in respect of any payment made to Instrumentholders or to a Clearing Agent on behalf of such holders;
- (3) thirdly, *pro rata* in payment of any amounts owing to the Instrumentholders;
- (4) fourthly, *pro rata* in payment of any amounts owing to the Hedging Counterparty under a Hedging Agreement (which for the purpose of this General Condition 8.8 and the Series Instrument shall include any amounts owing to the Custodian for reimbursement in respect of payments made to a Hedging Counterparty relating to sums receivable on or in respect of the Collateral); and
- (5) fifthly, in payment of the balance (if any) to the Issuer.

***By subscribing to, or otherwise acquiring, the Instruments, each Instrumentholder expressly consents to the provisions of this General Condition 8.8 and the limitation of his/its rights in accordance with article 64 of the Securitisation Act 2004 and is deemed to have accepted such provisions and the consequences thereof.***

## 8.9 Purchase of Collateral maturing after the Maturity Date

If any securities forming all or part of the Collateral have a maturity date falling after the Maturity Date (in the case of Instruments), the Issuer may agree to sell such Collateral to any Hedging Counterparty for value on the Maturity Date at a price equal to the principal amount thereof.

## 8.10 Realisation of the Series Assets

### 8.10.1 Realisation of the Series Assets

In the event of the realisation of the security over the Series Assets constituted by or pursuant to the Series Instrument the Trustee may, at its discretion, and shall:

- (a) if requested in writing by the holders of at least one-fifth in Aggregate Nominal Amount of the Instruments then outstanding; or
- (b) if directed by an Extraordinary Resolution (as defined in the Series Instrument) of the Instrumentholders; or
- (c) if directed in writing by the Hedging Counterparty in respect of the relevant Series (but only if the Hedging Agreement(s) have each terminated in accordance with their respective terms prior to the respective Hedging Agreement Termination Dates or, on or after the latest Hedging Agreement Termination Date(s), if sums remain owing to any Hedging Counterparty under the Hedging Agreement(s)),

do one or more of the following:

- (i) instruct the Selling Agent to endeavour to sell or otherwise realise the Collateral in accordance with General Condition 8.10.2 (*Selling Agent*) and the provisions of the Agency Agreement;
- (ii) take other steps to realise all or some of the Collateral;
- (iii) terminate and/or enforce and/or realise each Hedging Agreement or other agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Series Assets; and
- (iv) otherwise enforce the security constituted by or pursuant to the Series Instrument,

in each case without any liability as to the consequences of such action and without having regard to the effect of such action on individual Instrumentholders and provided that the Trustee shall not be

required to take any action under this General Condition 8.10 without first being indemnified and/or secured to its satisfaction or to do anything which is or may be contrary to any applicable law. Subject as provided in the following paragraph, any request or direction given by the person or persons ranking in priority immediately after the Trustee pursuant to the provisions of General Condition 8.8 (*Application of Proceeds of Series Assets*) will have priority over any conflicting direction given under this General Condition 8.10.1 and, in the absence of any such request or direction, the Trustee may at its discretion decline to act on any request or discretion given by any other person.

If Instrumentholder Pari Passu Basis is specified in the relevant Final Terms and is applicable, any request of the kind referred to in General Condition 8.10.1(a) or direction of the kind referred to in General Condition 8.10.1(b) shall have priority over any conflicting request or direction under this General Condition 8.10.1 and the Trustee may at its discretion decline to act on any other request or direction.

#### 8.10.2 **Selling Agent**

If the Selling Agent is instructed by the Trustee in accordance with General Condition 8.10.1 to endeavour to sell or otherwise realise the Collateral, the Selling Agent shall, on behalf of and as the agent of the Trustee pursuant to, and in accordance with, the provisions of the Agency Agreement, use all reasonable endeavours to sell or otherwise realise the Collateral as soon as reasonably practicable on or after the date on which it receives such instruction at its best execution price less any commissions or expenses charged by the Selling Agent and specified for this purpose in the Series Instrument.

If, however, the Selling Agent determines that there is no available market for the Collateral, or if the Selling Agent otherwise determines that it is impossible to sell or otherwise realise the Collateral or any part of it, the Selling Agent will promptly notify the Issuer, the Trustee and the Hedging Counterparty of such lack of availability or impossibility and the Selling Agent shall not be required to effect the sale or other realisation of the Collateral or any further part of it. Any such determination by the Selling Agent shall be in its sole discretion and shall be binding on the Issuer, the Trustee, any Hedging Counterparty and the Instrumentholders. In the event that the Selling Agent makes such determination, the Trustee may, at its discretion, and shall if so requested or directed in accordance with General Condition 8.10.1 (but subject in each case to its first being indemnified and/or secured to its satisfaction in accordance with such General Condition) realise all or part of the Collateral by other means.

In order to obtain its best execution price for the above purposes, the Selling Agent shall be required to take reasonable care to ascertain the price which is the best available for the sale or other realisation of the Collateral at the time of the sale or other realisation for transactions of the kind and size concerned and, unless circumstances require the Selling Agent to do otherwise in the interests of the Instrumentholders, to deal at a price which is not less advantageous to the Instrumentholders.

*The Trustee shall have no responsibility or liability for the performance by the Selling Agent of its duties under this General Condition 8.10.2 or for the price or time at which any of the Collateral may be sold or otherwise realised.*

*The Issuer expressly agrees with the provisions of this General Condition 8.10 and authorises the Trustee to act in accordance with such provisions.*

#### 8.11 **Shortfall after application of proceeds**

If the Net Proceeds are not sufficient to make all payments due in respect of the Instruments and for the Issuer to meet its obligations, if any, in respect of the termination of any Hedging Agreement (or a part of any such Hedging Agreement) and/or any other obligations secured thereby, then the obligations of the Issuer in respect of the Instruments and any Hedging Agreement and/or any such other obligations will be limited to such Net Proceeds. The other assets of the Issuer will not be available for payment of any Shortfall arising therefrom. Any Shortfall shall be borne by the Instrumentholders, any Hedging Counterparty and any other persons entitled to the benefit of such security according to the priorities specified in the General Conditions and applied in reverse order.

The Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any right to receive any further sum in each case in respect of any Shortfall remaining after realisation of the Series Assets under General Condition 8.10 (*Realisation of the Series Assets*) and application of the proceeds in accordance with the Series Instrument shall be extinguished and neither the Trustee nor any Hedging Counterparty nor any Instrumentholders nor any other Series Party (nor any person acting on behalf of any of them) may take any further action to recover such Shortfall. In particular, no such party will be able to petition for the winding-up, the liquidation or the bankruptcy of the Issuer or any similar insolvency related proceedings. Failure to make any payment in respect of any Shortfall shall in no circumstances constitute an Event of Default under General Condition 12 (*Events of Default*). In addition, no Instrumentholders may start proceedings against the Issuer which are based on article 98 of the Luxembourg act dated 10 August 1915 on commercial companies, as amended.

## 8.12 **Issuer's rights as holder of Collateral**

The Issuer may exercise any rights in its capacity as holder of the Collateral only (i) with the prior written consent of both the Trustee and the Hedging Counterparty (which consent may only be given or withheld by the Trustee or the Hedging Counterparty in its absolute discretion) or (ii) as directed by an Extraordinary Resolution of the Instrumentholders and with the prior written consent of the Hedging Counterparty (which consent may be given or withheld by the Hedging Counterparty in its absolute discretion) and, if such consent or direction is given, the Issuer will act only in accordance with such consent or direction. In particular, the Issuer will not attend or vote at any meeting of holders of the Collateral, or give any consent or notification or make any declaration in relation to the Collateral, unless (i) the Trustee and the Hedging Counterparty shall each give its prior written consent (which consent may be given or withheld by the Trustee or the Hedging Counterparty in its absolute discretion) or (ii) by direction of any Extraordinary Resolution of the Instrumentholders and with the prior written consent of the Hedging Counterparty (which consent may be given or withheld by the Hedging Counterparty in its absolute discretion).

## 9. **Hedging Agreements**

### 9.1 **Hedging Agreements**

#### 9.1.1 **The Hedging Agreements**

The Hedging Agreement(s) is/are entered into by the execution of the Series Instrument by the Issuer and any Hedging Counterpart(y)(ies).

#### 9.1.2 **Hedging Collateral**

In order to secure the performance of any Hedging Counterparty's obligations, if so specified in the Final Terms, under each Hedging Agreement, as part of the corresponding Hedging Agreement, a Credit Support Document may be entered into by the Issuer and any Hedging Counterparty on or after the Issue Date pursuant to which the Hedging Collateral may, from time to time, be delivered by such Hedging Counterparty to the Custodian in order to collateralise the Hedging Counterparty's exposure to the Issuer. The Issuer may, if "2-Way Hedging Collateral Posting" is specified in the relevant Final Terms, also be required to deliver securities comprising the Collateral to the Hedging Counterparty in order to collateralise its obligations to the Hedging Counterparty. Any Hedging Collateral delivered under the Credit Support Document is subject to the right of such Hedging Counterparty to request redelivery of such Hedging Collateral in accordance with the corresponding Hedging Agreement. The amount of the Hedging Collateral may be adjusted from time to time pursuant to the terms of such Hedging Agreement.

The Hedging Counterparty will, in accordance with the Credit Support Document, calculate the collateral requirements of the Issuer and the Hedging Counterparty based on each party's exposure to the other party under the Hedging Agreement on a daily basis and (i) if "2-Way Hedging Collateral Posting" is specified in the relevant Final Terms, to the extent that eligible credit support is due from the Issuer to the Hedging Counterparty in accordance with the Credit Support Document, the security over such eligible credit support comprising the Collateral will be deemed to be released and the Issuer shall deliver such Collateral to the Hedging Counterparty and (ii) to the extent that eligible credit support is due to be delivered by the Hedging Counterparty to the Issuer in accordance with the Credit Support Document, the Hedging Counterparty shall deliver eligible credit support to the Issuer.

If “2-Way Hedging Collateral Posting” is specified in the relevant Final Terms, the obligation of the Issuer to deliver eligible credit support comprising the Collateral to the Hedging Counterparty under the Credit Support Document is limited to the amount of Collateral held by the Issuer from time to time.

Any Hedging Collateral delivered to the Issuer in accordance with the Credit Support Document will be held by the Custodian on behalf of the Issuer and will upon such delivery be subject to the security created in favour of the Issuer pursuant to General Condition 8.3 (*Security*).

### 9.1.3 Termination

Each Hedging Agreement will terminate on the Hedging Agreement Termination Date, unless terminated earlier in accordance with its terms. Each Hedging Agreement will terminate in full if all the Instruments are cancelled prior to the Maturity Date pursuant to any provision of General Condition 7 (*Redemption and purchase*) or upon the occurrence of an Event of Default and each Hedging Agreement will terminate in part (on a *pro rata* basis in a proportion of its nominal amount equal to the proportion that the nominal amount of the Instruments being cancelled bears to the Aggregate Nominal Amount of all the Instruments immediately prior to such cancellation) if some of the Instruments are cancelled prior to the Maturity Date pursuant to any provision of General Condition 7 (*Redemption and purchase*). In the event of an early termination of any Hedging Agreement, either the Issuer or the Hedging Counterparty may be liable to make a termination payment to the other party in an amount determined in accordance with the provisions of such Hedging Agreement. The termination payment will be determined by the Hedging Counterparty on the basis of such Hedging Counterparty’s reasonable determination in good faith of its total losses and costs in connection with the termination of such Hedging Agreement. In the event of an early termination of any Hedging Agreement as a result of the cancellation of the Instruments pursuant to General Condition 7.3 (*Mandatory cancellation*), any obligation of the Issuer at any time to deliver the relevant Collateral Item(s) to the Hedging Counterparty shall for the purposes of the calculation of such termination payment be deemed to be replaced by an obligation of the Issuer to pay to the Hedging Counterparty a sum equal to the nominal amount of such Collateral Item(s).

### 9.1.4 Taxation

Neither the Issuer nor any Hedging Counterparty is obliged under any Hedging Agreement to gross up payments to be made by it to the other if withholding taxes are imposed on such payments, but the Hedging Agreement(s) is terminable in such event. If the Issuer, on the occasion of the next payment due under a Hedging Agreement, would be required to withhold or deduct amounts for or on account of tax such that it would be rendered unable to make payment of the full amount due or would be required to account for tax or would suffer tax on its income in respect of the amount paid to it, in each case either (1) pursuant to the laws and regulations of any jurisdiction or of any political sub-division thereof or any authority or agency therein or thereof having power to tax; or (2) as a result of a FATCA Withholding, the Issuer shall so inform the Trustee in writing.

### 9.1.5 Transfer by Hedging Counterparty

Any transfer of the rights and obligations of any Hedging Counterparty or any guarantee of the obligations of any Hedging Counterparty (or of any transferee of the rights and obligations of Hedging Counterparty) in respect of any Hedging Agreement will be subject to:

- (a) the Trustee being satisfied that such rights and obligations have been effectively transferred to and/or guaranteed by, as the case may be, the transferee and/or guarantor selected by such Hedging Counterparty and that all the Issuer’s right, title, benefit and interest in, to, under and in respect of the relevant Hedging Agreement following any such transfer and/or guarantee in respect of the obligations of such Hedging Counterparty (or, as the case may be, any transferee to whom the obligations of such Hedging Counterparty are transferred), are effectively secured in favour of the Trustee for the benefit of the Instrumentholders, in each case in form and substance reasonably satisfactory to the Trustee;
- (b) in respect of rated Instruments, the Relevant Rating Agency having been given prior notice in writing of such transfer and/or guarantee as is referred to above; and

- (c) the Hedging Counterparty having indemnified the Issuer and the Trustee against any stamp or other documentary charges and all expenses (if any) incurred by the Issuer and/or the Trustee in connection with such transfer.

*To the extent that any Hedging Counterparty fails to make payments due to the Issuer under a Hedging Agreement, the Issuer will be unable to meet its obligations in respect of the Instruments. In such event, each Hedging Agreement will be terminated and the Instruments will be cancelled in accordance with General Condition 7.6 (Cancellation for taxation and other reasons). Upon realisation of the Series Assets, the net proceeds thereof may be less than the claims of the Hedging Counterparty(ies), the Instrumentholders and the other persons entitled to the proceeds of realisation of the Series Assets. The Trustee shall not be bound or concerned to make any investigation into the creditworthiness of a Hedging Counterparty to which the rights and obligations of any Hedging Counterparty or any guarantee of the obligations of any Hedging Counterparty in respect of a Hedging Agreement for any Series have been transferred.*

## 10. Restrictions

The Issuer has covenanted in the Series Instrument that, *inter alia*, so long as any of the Instruments remain outstanding, it will not, without the consent of the Trustee (which may only be given if the Trustee is of the opinion that to do so will not be materially prejudicial to the interests of the Instrumentholders):

10.1 engage in any activity or do any thing whatsoever except:

10.1.1 issue Instruments (which as defined herein include further Instruments) which are subject to the Securitisation Act 2004 and the enforcement and limited recourse provisions contained in the Series Instrument (“**Permitted Investments**”) or otherwise incur indebtedness in respect of moneys borrowed or raised where such indebtedness is incurred on terms that it is subject to the Securitisation Act 2004 and/or relates to assets or other property which are not part of the Series Assets of any other Instruments and on terms which provide for the extinguishment of all claims in respect of such indebtedness after application of the proceeds of the assets on which such indebtedness is secured (“**Permitted Indebtedness**”);

10.1.2 enter into any agency agreement, Series Instrument, hedging agreement, deed of floating charge or any deed or agreement of any other kind related to any Permitted Investment or Permitted Indebtedness, but provided always that any such deed or agreement is entered into on terms that the obligations of the Issuer thereunder relate to a Compartment of specified assets of the Issuer (other than its non-compartmented assets) which do not form part of the Series Assets and on terms which provide for extinguishment of all claims in respect of such obligations after application of the proceeds of the assets on which such indebtedness is secured;

10.1.3 acquire, or enter into any agreement constituting, the Collateral in respect of any Permitted Investment or the assets securing any Permitted Indebtedness;

10.1.4 perform its obligations under each Permitted Investment or Permitted Indebtedness, agency agreement, Series Instrument, hedging agreement, deed of floating charge or other deeds or agreements incidental to the issue and constitution of, or the granting of security for, any Permitted Investment or Permitted Indebtedness;

10.1.5 enforce any of its rights under each agency agreement, Series Instrument, hedging agreement, the deed of floating charge or any other deed or agreement entered into in relation to any Permitted Investment or Permitted Indebtedness;

10.1.6 perform any act incidental to or necessary in connection with any of the above;

10.1.7 as permitted by the General Conditions and the relevant Final Terms;

10.2 have any employees;

10.3 subject to this General Condition 10, dispose of any of its property or other assets or any part thereof or interest therein (subject as provided in the General Conditions relating to any Permitted Investment or the terms and conditions of any Permitted Indebtedness);

- 10.4 issue or create any other Series of Instruments unless either (a) the trustee thereof is the same person as the Trustee for the Instruments or (b) the Trustee has received legal advice satisfactory to it from reputable legal advisers in England and the jurisdiction of incorporation of the Issuer to the effect that the appointment of a person other than the Trustee as trustee of such Series of Instruments will not adversely affect the ability, where applicable, of the Trustee to appoint an administrative receiver over the assets of the Issuer pursuant to the floating charge contained in the Series Instrument, unless in the case of rated Instruments, each Relevant Rating Agency has received prior notice in writing of such issue or creation;
- 10.5 purchase, own, lease or otherwise acquire any real property (including office premises or like facilities), unless in the case of rated Instruments, each Relevant Rating Agency has received prior notice in writing of such purchase, ownership, letting or acquisition by other means;
- 10.6 consolidate or merge with any other person; or
- 10.7 incur any indebtedness for borrowed money other than in respect of the Instruments or any Permitted Investment or any Permitted Indebtedness.

## 11. Prescription

Claims against the Issuer for payment in respect of the Instruments shall be prescribed and become void unless made within 10 years or, where applicable, five years (in the case of interest) from the date on which payment in respect thereof first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which notice is duly given to the Instrumentholders in accordance with General Condition 17 (*Notices and Provision of Information*) that, upon further presentation of the Instrument being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

## 12. Events of Default

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-fifth in Aggregate Nominal Amount of the Instruments then outstanding, or if so directed by an Extraordinary Resolution of such holders, shall (subject in each case to being indemnified and/or secured to its satisfaction), give notice to the Issuer that, in respect of each such Instrument, the Early Termination Amount (which, for the avoidance of doubt, if indicated as such in the relevant Final Terms, shall include accrued interest (if any) thereon to the date of payment in respect of Instruments) is, and shall accordingly forthwith become, immediately due and payable, and the Series Assets will be subject to realisation in accordance with the Securitisation Act 2004 and the terms of the Series Instrument and the security constituted by or created pursuant to the Series Instrument shall become enforceable, as provided in the Series Instrument, in any of the following events (each, an “**Event of Default**”):

- 12.1 if default is made in the payment of any sum due in respect of the Instruments or any of them is made for a period exceeding the Grace Period; or
- 12.2 if the Issuer fails to perform or observe any of its other obligations under the Instruments, the Series Instrument and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 30 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
- 12.3 if any order shall be made by any competent court or any resolution passed for the winding-up or dissolution (including, without limitation, any bankruptcy (*faillite*), insolvency, voluntary, forced or judicial liquidation (*liquidation volontaire ou judiciaire ou forcée*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) of the Issuer or the Company (as appropriate) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution or formal notice is given of an intention to appoint an administrator (including, without limitation, any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), *juge délégué* or *juge commissaire*), provisional administrator (*administration provisoire*) or any application is made or petition is lodged or documents are filed with the court or administrator in relation to the Issuer or the Company (as appropriate).

The Issuer has undertaken in the Series Instrument that, on each anniversary of the date of the first entry into of a Series Instrument between the Issuer and the Trustee and also within 14 days upon request by the Trustee, it will send to the Trustee a certificate signed by a director of the Issuer (each, a “**Director**”) to the effect that, after making all reasonable enquiries by such Director, to the best of the knowledge, information and belief of such Director there did not exist, as at a date not more than five days prior to the date of the certificate, nor had there existed at any time prior thereto since the date of the Series Instrument or the date as of which the last such certificate was given if any, any Event of Default or Potential Event of Default or, if such an Event of Default or Potential Event of Default did then exist or had existed, specifying the same and to such other effect as the Trustee may require.

*The Series Instrument provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default has occurred or is continuing and until expressly notified to the contrary may assume that no such event has occurred and that the Issuer is complying with all its obligations under the Series Instrument or any other document.*

### **13. Enforcement**

At any time the Trustee may, at its discretion and without further notice, take such action or institute such proceedings, other than insolvency related proceedings, against the Issuer as it may think fit to enforce the terms of the Series Instrument and the Instruments and, at any time after the Instruments or any of them become due and payable or after the security in respect of the relevant Series becomes enforceable, to the extent provided in the Series Instrument, to enforce the security constituted by the Series Instrument, but it shall not be obliged to take any such action or any such proceedings unless (a) it shall have been so requested or directed by any person entitled to make such request or give such direction pursuant to General Condition 8.10.1 (*Realisation of the Series Assets*) and (b) it shall have been indemnified and/or secured to its satisfaction and provided that it shall not be obliged to take any action or bring any proceedings if it would be against any applicable law.

Only the Trustee (or, to the extent provided in General Condition 8.10.2 (*Selling Agent*), the Selling Agent) may pursue the remedies available under the Series Instrument to enforce the rights of the Instrumentholders and/or any Hedging Counterparty and/or the Custodian, and/or any applicable Servicer in respect of the Series Assets and the security in respect of the relevant Series and none of any Instrumentholder, any Hedging Counterparty, the Custodian or the Principal Agent is entitled to proceed against the Issuer with respect to realisation of the Series Assets or the security unless the Trustee, having become bound to proceed in accordance with the terms of the Series Instrument, fails or neglects to do so for a reasonable period.

The Trustee, any Hedging Counterparty, the Instrumentholders, the Custodian, any Servicer and the Principal Agent shall have recourse only to the Series Assets and the Selling Agent or the Trustee having realised the same and distributed the net proceeds in accordance with Condition 8.4 (*General provisions relating to security*), the Trustee, any Hedging Counterparty, the Instrumentholders, the Custodian, the Principal Agent or anyone acting on behalf of any of them shall not be entitled to take any further steps against the Issuer or the Trustee to recover any further sum (save for lodging a claim in the liquidation of the Issuer initiated by another party or taking proceedings to obtain a declaration or judgment as to the obligations of the Issuer) and the right to receive any such sum shall be extinguished. In particular, none of the Trustee, any Hedging Counterparty, the Custodian, any Servicer, the Principal Agent, any Instrumentholder nor any other party to the Series Instrument shall be entitled to petition or take any other step for the winding-up, liquidation or bankruptcy of the Issuer or any other insolvency related proceedings, nor shall any of them have any claim in respect of any asset of the Issuer not forming part of the Series Assets. In addition, no Instrumentholders may start proceedings against the Issuer which are based on article 98 of the Luxembourg act dated 10 August 1915 on commercial companies, as amended.

The Trustee shall not be obliged to take any action under the Series Instrument or any other document in respect of a Series unless it (a) has been directed by an Extraordinary Resolution of the Instrumentholders; or (b) has been so requested or directed by any person entitled to make such request or give such direction pursuant to General Condition 8.10.1 (*Realisation of the Series Assets*) or this General Condition 13; and (c) in each case, the Trustee shall have been indemnified and/or secured to its satisfaction, and provided further that it shall not be obliged to take any action if it would be against any applicable law.

### **14. Meetings of Instrumentholders; Modifications; Waiver; Substitution**

#### **14.1 Meetings of Instrumentholders**

The Series Instrument contains provisions for convening meetings of Instrumentholders to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Instruments (including these General Conditions or the provisions of the Series Instrument insofar as the same may apply

to such Instruments). The quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons holding or representing a clear majority in Aggregate Nominal Amount of the Instruments for the time being outstanding or, at any adjourned such meeting, one or more persons being or representing Instrumentholders, whatever the Aggregate Nominal Amount of the Instruments so held or represented, and an Extraordinary Resolution duly passed at any such meeting shall be binding on all the Instrumentholders, whether present or not, except that any Extraordinary Resolution proposed, *inter alia*, (i) to amend the dates of maturity of the Instruments, or any date for any payment in respect thereof, (ii) to cancel any Instrument or reduce the nominal amount or Calculation Amount of any Instrument or reduce any amount payable on redemption or cancellation of, the Instruments, (iii) other than as determined by the Calculation Agent in accordance with these General Conditions, to reduce the rate or rates of interest (if any) or to modify, except where such modification is in the opinion of the Trustee bound to result in an increase, the method of calculating the amount payable or to modify of the date of payment, or, where applicable the method of calculating the date of payment in respect of any principal, premium or interest (if any) in respect of the Instruments, (iv) if a Minimum Interest Rate and/or a Maximum Interest Rate is shown in the relevant Final Terms, to reduce any such Minimum Interest Rate and/or Maximum Interest Rate, (v) to change any method of calculating the Early Termination Amount or any other amount payable in respect thereof, (vi) to change the currency or currencies of payment or denomination of the Instruments, (vii) to take any steps which as specified in the Series Instrument may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply, (viii) to modify the provisions concerning the quorum required at any meeting of Instrumentholders or the majority required to pass an Extraordinary Resolution, (ix) to modify the provisions of the Series Instrument concerning this exception or (x) to modify any other provisions specifically identified for this purpose in the Series Instrument, will only be binding if passed at a meeting of the Instrumentholders, the quorum at which shall be one or more persons holding or representing 75 per cent. or, at any adjourned meeting, not less than 25 per cent., in Aggregate Nominal Amount of the Instruments for the time being outstanding.

Instrumentholders will be entitled to examine 15 days before the annual general meeting at the registered office of the Issuer (i) the annual accounts and the list of directors as well as the list of the approved statutory auditors (*réviseurs d'entreprises agréés*), (ii) the list of sovereign debt, shares, bonds and other company securities making up the portfolio, (iii) the report of the Board and (iv) the report of the approved statutory auditors.

Instrumentholders may attend general meetings of the shareholders of the Company and shall be entitled to speak but not to vote.

*The provisions relating to meetings of bondholders contained in articles 86 to 97 of the Luxembourg Company Law will not apply in respect of the Instruments.*

## 14.2 **Modification**

Without prejudice to the need to obtain the consent of each other party to the relevant agreement or deed, the Trustee may, without the consent of the Instrumentholders but only with the prior written consent of any Hedging Counterparty, agree to (i) any modification to the Series Instrument, any Hedging Agreement or any other agreement or document entered into in relation to the Instruments which is of a formal, minor or technical nature or is made to correct a manifest error or an error which is, in the opinion of the Trustee, proven, (ii) any modification of any of the provisions of the Series Instrument, any Hedging Agreement or any other agreement or document entered into in relation to the Instruments which in the opinion of the Trustee is not materially prejudicial to the interests of the Instrumentholders and provided in each case that, in the case of rated Instruments, each Relevant Rating Agency has received prior notice in writing of such modification and (iii) any modification of the provisions of the Series Instrument, any Hedging Agreement or any other agreement or document entered into in relation to the Instruments which is made to satisfy any requirement of (in the case of rated Instruments) any Relevant Rating Agency or any stock exchange on which the Instruments are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the interests of the Instrumentholders. The Series Instrument provides that the Issuer shall not agree to any amendment or modification of the Series Instrument without first obtaining the consent in writing of the Hedging Counterparty, which consent shall not be unreasonably withheld or delayed.

If the Trustee shall so require, any such modification shall be notified by the Issuer to the Instrumentholders as soon as practicable thereafter in accordance with General Condition 17 (*Notices and Provision of Information*).

### 14.3 **Waiver**

The Trustee may, without the consent of the Instrumentholders but only with the prior written consent of any Hedging Counterparty and without prejudice to its rights in respect of any subsequent breach, from time to time and at any time, but only if and in so far as in its opinion the interests of the Instrumentholders shall not be materially prejudiced thereby, waive or authorise, on such terms and conditions as to it shall seem expedient, any breach or proposed breach by the Issuer of any of the covenants or provisions in the Series Instrument or these Instruments or determine that any Event of Default or Potential Event of Default shall not be treated as such provided always that the Trustee shall not exercise any powers conferred on it by this General Condition 14.3 in contravention of any express direction given by an Extraordinary Resolution of the Instrumentholders but no such direction shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination shall be binding on the Instrumentholders and any Hedging Counterparty.

### 14.4 **Substitution**

The Series Instrument contains provisions permitting the Trustee to agree, subject to such amendment of the Series Instrument and such other conditions as the Trustee may require but without the consent of the Instrumentholders but subject to the prior written consent of any Hedging Counterparty, to the substitution of any other company (a “**Substitute Company**”) in place of the Issuer or of any previous substituted company, as principal obligor under the Series Instrument and all of the Instruments then outstanding (subject, in the case of rated Instruments, to each Relevant Rating Agency having received prior notice in writing of such substitution) provided that such substitution would not, in the opinion of the Trustee, be materially prejudicial to the interests of the Instrumentholders and subject to the other Conditions in the Series Instrument being complied with. In the case of such a substitution the Trustee may agree, without the consent of the Instrumentholders but subject to the prior written consent of any Hedging Counterparty (and to the extent permitted under applicable laws and international conventions), to a change of the law governing the Instruments and/or the Series Instrument provided that (i) such change would not, in the opinion of the Trustee, be materially prejudicial to the interests of the Instrumentholders and (ii) in the case of rated Instruments, each Relevant Rating Agency has received prior notice in writing of such change.

The Series Instrument provides that, if a Director or other authorised officer of any Substitute Company certifies that the Substitute Company will be solvent immediately after the time at which the substitution is to be effected, the Trustee shall not have regard to the financial condition, profits or prospects of such Substitute Company or compare the same with those of the Issuer (or any previously substituted company).

*In the case of a substitution of the Issuer in accordance with this General Condition 14.4, a notice will, in the case of any Series of Instruments listed on the Official List of the Luxembourg Stock Exchange and/or any other stock exchange (and for so long as the rules and regulations of the Luxembourg Stock Exchange or, as the case may be, such other stock exchange so require), be published on the Luxembourg Stock Exchange website ([www.bourse.lu](http://www.bourse.lu)) or, as the case may be, such other stock exchange. In addition, in the case of a substitution of the Issuer in accordance with this General Condition 14.4, for so long as any securities of the Issuer are listed on the Official List of the Luxembourg Stock Exchange so require, the Issuer will comply with such other requirements as may be reasonably necessary to maintain the listing on the Official List of the Luxembourg Stock Exchange.*

*By subscribing to, or otherwise acquiring, the Instruments, the Instrumentholders expressly consent to the substitution of the Issuer and to the release of the Issuer from any and all obligations in respect of the Instruments and any relevant agreements and are expressly deemed to have accepted such substitution and the consequences thereof.*

### 14.5 **Entitlement of the Trustee**

In connection with the exercise of its functions (including but not limited to those referred to in this General Condition 14) the Trustee shall have regard to the interests of the Instrumentholders as a Series and shall not have regard to the consequences of such exercise for individual Instrumentholders whatever their number and, in particular but without limitation, shall not have regard to the consequence of any such exercise for individual Instrumentholders resulting from their being domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Instrumentholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon such individual Instrumentholders.

## 15. Replacement of Instruments

If an Instrument is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws at the specified office of the Principal Agent in London or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Instrumentholders in accordance with General Condition 17 (*Notices and Provision of Information*), in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Instruments must be surrendered before replacements will be issued.

## 16. Further issues

The Issuer may, from time to time without the consent of the Instrumentholders, create and issue further securities so as to be consolidated and form a single series with the existing Instruments subject to General Condition 10 (*Restrictions*) and subject, (1) in the case of rated Instruments, to each Relevant Rating Agency having received prior notice in writing of such issue and (2) in the case of unrated Instruments, the Trustee being satisfied that the value of the Series Assets relating to the relevant Series is correspondingly increased.

Any such securities shall be constituted in accordance with the Series Instrument.

## 17. Notices and provision of information

In the case of Instruments represented by one or more Global Instruments, notices to the Instrumentholders will be valid if delivered to the Clearing Agent(s) for communication by them to the accountholders with interests in such Instruments, provided that so long as the Instruments are listed on any stock exchange or publicly offered in any jurisdiction, any notice to the Instrumentholders shall be published in accordance with the rules and regulations of each such stock exchange and each such jurisdiction. If and so long as the Instruments are listed on the Official List of the Luxembourg Stock Exchange and the rules of such exchange so require, any notice delivered to the Instrumentholders shall also be published in English in accordance with the rules and regulations of the Luxembourg Stock Exchange (which include publication on the website of the Luxembourg Stock Exchange (*www.bourse.lu*)).

Any such notice shall be deemed to have been given to the Instrumentholders on the Business Day immediately following the day on which the said notice was given to the Clearing Agent(s) or, as long as the Instruments are listed on the Official List of the Luxembourg Stock Exchange, following the day on which the notice was published in accordance with the rules and regulations of the Luxembourg Stock Exchange.

## 18. Agents

The Agents act solely as agents of the Issuer and do not assume any obligation or duty to, or any relationship of agency or trust for or with, any Instrumentholder.

Subject as provided in General Condition 8.8 (*Application of Proceeds of Series Assets*) relating to the Custodian, the Issuer reserves the right pursuant to the Agency Agreement at any time with the prior written approval of the Trustee to vary or terminate the appointment of any of the Agents and to appoint additional or other Paying Agents, provided that the Issuer will at all times maintain (i) a Principal Agent, (ii) a Calculation Agent where the relevant Final Terms so requires, (iii) a Paying Agent having a specified office in a European city approved by the Trustee, (iv) a Custodian where the relevant Final Terms so requires, (v) a Selling Agent where the relevant Final Terms so requires and (vi) a Servicer where the relevant Final Terms so requires. If, and to the extent that, any of the Instruments are listed on any stock exchange or publicly offered in any jurisdiction, a Paying Agent will be maintained in each country as may be required by the rules and regulations of each such stock exchange and each such jurisdiction. Notice of any such change or any change of any specified office of any Paying Agent will promptly be given to the Instrumentholders in accordance with General Condition 17 (*Notices and Provision of Information*). All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of the relevant Final Terms whether by the Calculation Agent or the Trustee or its appointee shall, in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Principal Agent, the Paying Agents, the Calculation Agent and all Instrumentholders and no liability to the Issuer, the Instrumentholders or any other person shall attach to (in the absence as aforesaid) the Calculation Agent or (in the absence of wilful default) the Trustee or its appointee (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

## **19. Indemnification and obligations of the Trustee; replacement of the Trustee**

The Series Instrument contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Collateral or for the value, validity and sufficiency of the Series Assets and enforceability (which the Trustee has not investigated) of the security created over the Series Assets. The Trustee is not obliged to take any action under the Series Instrument unless directed or requested as provided in General Conditions 8.10 (*Realisation of the Series Assets*), 12 (*Events of Default*) and 13 (*Enforcement*) and indemnified to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, any Collateral Obligor, Collateral Guarantor or Collateral Support Provider (where applicable), any Hedging Counterparty, or any of their subsidiary, holding or associated companies without accounting to the Instrumentholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value of the Collateral, from any obligation to insure or to procure the insuring of the Collateral (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Collateral is held in an account with Euroclear, Clearstream, Luxembourg, Clearstream, Frankfurt or any other clearance system in accordance with that system's rules or otherwise held in safe custody by the Custodian or any custodian selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by any other person of their obligations to the Issuer.

The Series Instrument provides that the Trustee will be under no obligation or duty to act on any directions of the Instrumentholders or any Hedging Counterparty (save in each case as expressly provided in the Series Instrument) and (save as aforesaid) in the event of any conflict between directions given by the Instrumentholders and any Hedging Counterparty (in any case where it is expressly provided in the Series Instrument that the Instrumentholders and the Hedging Counterparty(ies) are entitled to give directions to the Trustee) it shall be entitled to act in accordance only with the directions of the Instrumentholders (but without prejudice to the provisions concerning the enforcement of security under General Conditions 8.10 (*Realisation of the Series Assets*) and 13 (*Enforcement*) and the Series Instrument and to the provisions concerning the application of moneys received by the Trustee upon such enforcement under General Condition 8.4 (*General provisions relating to security*) and the Series Instrument) subject in each case to the Trustee being indemnified or secured to its satisfaction.

The Series Instrument provides that the Issuer may replace the Trustee subject to the prior approval by Extraordinary Resolution of the Instrumentholders and the consent of the Hedging Counterparty.

## **20. Governing Law and Jurisdiction**

### **20.1 Governing Law**

The Series Instrument and the Instruments (and any non-contractual obligations arising out of or in connection with the Series Instrument and the Instruments) are governed by, and shall be construed in accordance with, English law. For the avoidance of doubt, articles 86 to 97 of the Companies Act 1915, as amended, are excluded.

### **20.2 Jurisdiction**

The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Series Instrument or the Instruments (including any disputes relating to any non-contractual obligations arising out of or in connection with the Series Instrument and/or the Instruments) and accordingly any legal action or proceedings arising out of or in conjunction with the Series Instrument or the Instruments may be brought in such courts. The Issuer has in the Series Instrument irrevocably submitted to the jurisdiction of such courts.

### **20.3 Agent for Service of Process**

The Issuer has irrevocably appointed the person specified in the Series Instrument as its agent for service of process, at its registered office for the time being, as its agent to receive, for it and on its behalf, service of process in any proceedings in England.

## 21. **Contracts (Rights of Third Parties) Act 1999**

No person shall have any right to enforce any term or condition of the Instruments under the Contracts (Rights of Third Parties) Act 1999.

## 22. **Index Adjustment Provisions**

### 22.1 **Delay of Publication of the Index**

22.1.1 If a First Index Level or a Second Index Level for any applicable month has not been published or announced on or before the day that is five Business Days prior to the next Interest Payment Date, the Calculation Agent shall determine a Substitute Index Level in place of such First Index Level or Second Index Level, as the case may be, by using the following methodology:

- (i) if “Related Bond” is specified as being Applicable in the relevant Final Terms, the Calculation Agent will take the same action to determine the Substitute Index Level for the relevant month as that taken by the calculation agent pursuant to the terms and conditions of the Related Bond;
- (ii) if “Related Bond” is specified as being Not Applicable in the relevant Final Terms or if the process described in (i) above does not result in a Substitute Index Level for the relevant month for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:

“**Substitute Index Level**” = Base Level x (Latest Level / Reference Level)

Where:

“**Base Level**” means the level of the Index (excluding any “flash” estimates) published or announced by the Index Sponsor in respect of the month which is 12 calendar months prior to the relevant month.

“**Latest Level**” means the latest level (the relevant month of such calculation being the “**Earlier Month**”) of the Index (excluding any “flash” estimates) published or announced by the Index Sponsor prior to the relevant month.

“**Reference Level**” means the level of the Index (excluding any “flash” estimates) published or announced by the Index Sponsor in respect of the month that is 12 calendar months prior to the Earlier Month referred to in “Latest Level” above.

“**Related Bond**” means a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation the Index relates and which pays a coupon or redemption amount which is calculated by reference to the Index, with a maturity date which falls on (a) the same day as the Maturity Date, (b) the next longest maturity after the Maturity Date if there is no such bond maturing on the Maturity Date, or (c) the next shortest maturity before the Maturity Date if no bond defined in (a) or (b) is selected by the Calculation Agent. If the Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any governmental agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. The Calculation Agent will select the Related Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Related Bond shall be selected by the Calculation Agent from those bonds. If the Related Bond redeems the Calculation Agent will select a new Related Bond on the same basis, but selected from all eligible bonds in issue at the time the original Related Bond redeems (including any bond for which the redeemed bond is exchanged).

22.1.2 If the level of the Index is published or announced at any time after the day that is five Business Days prior to the next Interest Payment Date, such level will not be used in any calculations. The

Substitute Index Level so determined pursuant to this provision, will be the definitive level for the relevant month.

- 22.1.3 The Issuer shall give notice to the Instrumentholders in accordance with General Condition 17 (*Notices and Provision of Information*) of any Substitute Index Level calculated pursuant to this General Condition 22.

## 22.2 Cessation of Publication

If a level for the Index has not been published or announced for two consecutive months or the Index Sponsor announces that it will no longer continue to publish or announce the Index then the Calculation Agent shall determine a successor index (in lieu of any previously applicable Index) for the purposes of the Instruments by using the following methodology:

- 22.2.1 If “Related Bond” is specified as being Applicable in the relevant Final Terms, if at any time a successor index has been designated by the calculation agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a “**Successor Index**” for the purposes of all subsequent Interest Periods in relation to the Instruments, notwithstanding that any other Successor Index may previously have been determined pursuant to paragraphs 22.2.2, 22.2.3 or 22.2.4; or
- 22.2.2 if a Successor Index has not been determined under 22.2.1 above and a notice has been given or an announcement has been made by an Index Sponsor, specifying that the Index will be superseded by a replacement Index specified by the Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, such replacement index shall be the Index for purposes of the Instruments from the date that such replacement Index comes into effect; or
- 22.2.3 if no replacement index or Successor Index has been determined under paragraphs 22.2.1 or 22.2.2 above, the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be. If between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the “**Successor Index**”. If three responses are received, and two or more leading independent dealers state the same index, this index will be deemed the “**Successor Index**”. If fewer than three responses are received, the Calculation Agent will adopt the methodology described in paragraph 22.2.4 below; or
- 22.2.4 if no replacement index or Successor Index has been determined or deemed, as the case may be, under 22.2.1, 22.2.2 or 22.2.3 above by the fifth Business Day prior to the next Interest Payment Date, the Calculation Agent will determine an appropriate alternative index for such Interest Payment Date, and such index will be deemed a “**Successor Index**”; or
- 22.2.5 if the Calculation Agent determines that there is no appropriate alternative index:
- (i) if “Early Redemption on Cessation of Publication” is specified as Applicable in the relevant Final Terms, the Issuer shall give not more than 30 and not less than 15 calendar days’ notice to the Instrumentholders and upon expiry of such notice shall redeem all but not some only of the Instruments at the Early Termination Amount (if any); or
  - (ii) if “Early Redemption on Cessation of Publication” is specified as Not Applicable in the relevant Final Terms, the Inflation Rate for the relevant Interest Period shall be deemed to be zero.

## 22.3 Rebasing of the Index

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the “**Rebased Index**”) will be used for purposes of determining level of the Index from the date of such rebasing; provided, however, that the Calculation Agent shall make any adjustments made by the calculation agent pursuant to the terms and conditions of the Related Bond (if “Related Bond” is specified as being Applicable in the relevant Final Terms) to the levels of the Rebased Index so that the Rebased Index

levels reflect the same rate of inflation as the Index before it was rebased. Otherwise the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Instruments.

#### 22.4 **Material Modification Prior to Interest Payment Date**

If, on or prior to the day that is five Business Days before an Interest Payment Date, the relevant Index Sponsor announces that it will make a material change to the Index then the Calculation Agent shall make any such adjustments to the Index consistent with adjustments made to the Related Bond (if “Related Bond” is specified as being Applicable in the relevant Final Terms) or, otherwise, only those adjustments necessary for the modified Index to continue as the Index.

#### 22.5 **Manifest Error in Publication**

If, within thirty days of publication and in any event prior to the day that is five Business Days before an Interest Payment Date, the Calculation Agent determines that the relevant Index Sponsor has corrected the level of the Index to remedy a manifest error in its original publication, the Calculation Agent will notify the parties of (i) that correction, (ii) the amount that is payable as a result of that correction and (iii) take such other action as it may deem necessary to give effect to such correction.

### 23. **Market Disruption and non-Trading Day**

#### 23.1 **Consequences of Market Disruption and non-Trading Day**

A Market Disruption or a day not being a Trading Day may affect the valuation of an Exchange Rate or Hedging Arrangements of the Hedging Counterparty(ies) in an unintended way. It is therefore necessary when a Market Disruption occurs or a day is not a Trading Day for the valuation of the Exchange Rate to be adjusted as follows:

- (i) if any day in respect of which the Calculation Agent is required to determine the level of the Exchange Rate for the purposes of General Condition 5 (*Interest*) is not a Trading Day, the relevant price or level shall be determined on the first succeeding Trading Day, subject as provided below. Any such day for determination is referred to as a “**Scheduled Observation Date**”;
- (ii) if, in the opinion of the Calculation Agent acting in good faith and a commercially reasonable manner, on any Scheduled Observation Date, a Market Disruption has occurred in relation to the Exchange Rate the determination on such Scheduled Observation Date for the Exchange Rate only shall be deferred to the first succeeding Trading Day on which there is no Market Disruption for such Exchange Rate, provided that in each case if such first succeeding Trading Day has not occurred by the Ultimate Trading Day following the Scheduled Observation Date the Calculation Agent shall in its reasonable discretion determine, acting in good faith and a commercially reasonable manner, the level of the Exchange Rate as of the Ultimate Trading Day following the Scheduled Observation Date which in the case of the Exchange Rate for which a Market Disruption then exists shall be such price or level that it determines would have prevailed but for the occurrence of a Market Disruption, having regard to the then prevailing market conditions, the last reported, published or traded level of the Exchange Rate, if applicable in accordance with the formula for and method of calculating the level of the Exchange Rate last in effect prior to the occurrence of the Market Disruption. The Calculation Agent shall give notice of any such determination as soon as reasonably practicable in accordance with General Condition 17 (*Notices and Provision of Information*).

If any determination(s) of the Calculation Agent in respect of any day and the Exchange Rate is delayed pursuant to this General Condition 23.1 then, for the avoidance of doubt, such day will itself also be deemed to be delayed in the same manner as such determination(s) and by reference to the Exchange Rate, until the day on which each relevant delayed determination for the Exchange Rate has been made. In such circumstances, where the Interest Payment Date falls on a date prior to the determination of the Exchange Rate, payment of the Bonus Interest Amount (if any) shall be made three (3) Business Days following such determination, provided that the Bonus Threshold is

determined to have been satisfied in respect of the relevant Interest Period, and, where such payment date falls after the Maturity Date, for the purposes of payment only the Maturity Date shall be deemed to be such day.

## 23.2 Events and/or situations constituting Market Disruption

“**Market Disruption**” means any of the following events or situations if, in the determination of the Calculation Agent acting in good faith and a commercially reasonable manner, any of these is material to the valuation of the Exchange Rate or any Hedging Arrangements of the Hedging Counterparty(ies) in relation to the Hedging Agreement:

- (i) if the Reference Source for the Exchange Rate is an exchange, a trading system or a quotation system as determined by the Calculation Agent:
  - (a) the failure of a relevant Related Exchange or Reference Source, to open for trading during its regular trading session on any Trading Day; or
  - (b) the occurrence or existence on any Trading Day at the Relevant Valuation Time for the Exchange Rate or at any time during the one hour period that ends at the Relevant Valuation Time for the Exchange Rate:
    - (A) of any suspension of or limitation imposed on trading by the relevant Reference Source or Related Exchange or otherwise (and whether by reason of movements in price exceeding limits permitted by the relevant Reference Source or any Related Exchange or otherwise):
      - (v) of the Exchange Rate on the relevant Reference Source; or
      - (x) on the relevant Reference Source as a whole; or
      - (y) in options contracts or futures contracts on or relating to the Exchange Rate on any Related Exchange; or
      - (z) on any other exchange or trading system or quotation system on which the Exchange Rate is quoted; or
    - (B) of any event that disrupts or impairs (as determined by the Calculation Agent acting in good faith and a commercially reasonable manner) the ability of market participants in general (x) to effect transactions in relation to or to obtain market values for, the Exchange Rate on the relevant Reference Source or (y) to effect transactions in, or obtain market values for options contracts or futures contracts on or relating to the Exchange Rate on any relevant Related Exchange; or
  - (c) the closure on any Reference Business Day of the relevant Reference Source or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by the Reference Source or Related Exchange(s) at least one hour prior to the earlier of (A) the actual closing time for the regular trading session on such Reference Source or Related Exchange(s) on such Reference Business Day and (B) the submission deadline (if applicable) for orders to be entered into the Reference Source or Related Exchange system for execution at the Relevant Valuation Time on such Reference Business Day;
- (ii) if the Reference Source for the Exchange Rate is not an exchange, a trading system or a quotation system as determined by the Calculation Agent, it is not possible, for reasons beyond the reasonable control of the Calculation Agent, to determine the price or value (or an element of such price or value) of the Exchange Rate by reference to such Reference Source according to the rules or normal or accepted procedures for the determination of such price or value (whether due to non-publication of such price or value or otherwise);

- (iii) a general banking moratorium is declared in respect of banking activities in any Relevant Country.

### 23.3 Additional definitions

For the purposes of this General Condition 23:

“**Hedging Arrangements**” means the arrangements each Hedging Counterparty makes to have available to it the relevant cash amounts or assets to be paid or delivered under the Hedging Agreement as these fall due. This may involve the Hedging Counterparty investing directly or indirectly in the currencies comprising the Exchange Rate. An indirect investment might be made by an Affiliate or agent of the Hedging Counterparty or other third party making an investment in the currencies comprising the Exchange Rate. Alternatively an indirect investment might involve the Hedging Counterparty or an Affiliate, agent or other third party entering into or acquiring a derivative contract referencing the currencies comprising the Exchange Rate. The Hedging Counterparty will select Hedging Arrangements which are efficient for it in the context of the tax, regulatory and business environment in which it operates. The Hedging Counterparty may also adjust Hedging Arrangements from time to time but it will not always be able to avoid adverse costs, taxes or regulatory changes which affect its Hedging Arrangements;

“**Reference Business Day**” means any Trading Day on which each Reference Source and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Reference Source or Related Exchange closing prior to its Scheduled Closing Time;

“**Related Exchange**” means, with respect to an Exchange Rate, each exchange, trading system or quotation system whose trading has an effect on the overall market for options contracts or futures contracts on the Exchange Rate, and any successor acceptable to the Calculation Agent, as determined by the Calculation Agent;

“**Relevant Country**” means, as determined by the Calculation Agent, any country (or any political or regulatory authority thereof) in which any of the currencies comprising the Exchange Rate is the legal tender or currency.

“**Scheduled Closing Time**” means, in respect of a Reference Source or Related Exchange and a Trading Day, the scheduled weekday closing time of such Reference Source or Related Exchange on such Trading Day, without regard to after hours or any other trading outside of the regular trading session hours; and

“**Trading Day**” means (i) in respect of a Reference Source which is an exchange, trading system or quotation system, a day on which the relevant Reference Source and the relevant Related Exchange, if any, in respect of the Exchange Rate are scheduled to be open for trading during their respective regular trading session(s), and (ii) in respect of a Reference Source which is not an exchange, trading system or quotation system, a day on which commercial banks and foreign exchange markets are open in the country(ies) where each Reference Source in respect of the Exchange Rate is located.

## 24. Adjustment Events and Adjustment/Termination Events

### 24.1 Adjustment Events

The occurrence of any of the following events set out below in respect of the Exchange Rate specified in the relevant Final Terms shall constitute an “**Adjustment Event**”, in each case as determined by the Calculation Agent acting in good faith and a commercially reasonable manner:

- (i) an event occurs which materially affects or may materially affect the theoretical economic value of the Exchange Rate or which has or may have an economic, dilutive or concentrative effect on the theoretical economic value of the Exchange Rate; and/or
- (ii) an event occurs that materially disrupts the economic link between the value of the Exchange Rate and the Instruments subsisting immediately prior to the occurrence of such event; and/or

- (iii) the Exchange Rate, or the underlying constituent(s) or reference basis(es) for the Exchange Rate, is materially modified; and/or
- (iv) one of the currencies comprising the Exchange Rate (a “**Relevant Currency**”) is, in its function as legal tender, in the country or jurisdiction, or countries or jurisdictions, maintaining the authority, institution or other body which issues such Relevant Currency, replaced by another currency, or merged with another currency to become a common currency; and/or
- (v) a Relevant Currency in its function as legal tender ceases, for any reason, to be legal tender in the country or jurisdiction, or countries or jurisdictions, maintaining the authority, institution or other body which issues such Relevant Currency; and/or
- (vi) where the Reference Source for any Exchange Rate is an exchange or a trading system or a quotation system, the Reference Source announces that pursuant to the rules of such Reference Source, the exchange rate between the relevant First Currency and Second Currency ceases (or will cease) to be listed, traded or publicly quoted on the Reference Source for any reason and is not immediately re-listed, re-traded or re-quoted on an exchange, trading system or quotation system acceptable to the Calculation Agent.

As used herein:

“**First Currency**” means the currency appearing first in the definition of the relevant Exchange Rate.

“**Second Currency**” means the currency appearing second in the definition of the relevant Exchange Rate.

For the avoidance of doubt, an event or a circumstance may at the same time qualify as an Adjustment Event under more than one of the above items (i)-(vi).

## 24.2 **Consequences of an Adjustment Event**

Following the occurrence of an Adjustment Event the Calculation Agent may, acting in good faith and a commercially reasonable manner, make such adjustments to the Conditions (including, but not limited to, adjusting the Bonus Threshold, the Bonus Interest Rate, the Bonus Interest Amount, the Bonus Fixed Amount (if any) and the Bonus Broken Amount (if any) specified in the relevant Final Terms) as it, in its reasonable discretion, determines necessary or appropriate in order to account for the effect of such Adjustment Event and/or to preserve as nearly as practicable the economic equivalence of the Instruments and the Hedging Agreement before and after the occurrence of such Adjustment Event and the economic link between the Exchange Rate, the Hedging Agreement and the Instruments and/or to enable the Hedging Counterparty to maintain its Hedging Arrangements (as applicable), and will determine when these adjustments become effective.

Such adjustments may take into account and pass on to Instrumentholders any increased direct or indirect cost to the Issuer and/or the Hedging Counterparty as a result of or in connection with the relevant Adjustment Event including, without limitation any tax, duty, withholding, deduction or other charge whatsoever (including but not limited to a change in tax consequences) in each case for the Issuer or the Hedging Counterparty, as applicable. Such change in tax consequences may include, but is not limited to, any changes resulting from Hedging Arrangements of the Hedging Counterparty in relation to the Instruments and the Hedging Agreement.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such event made by a Related Exchange to options or futures contracts on the Exchange Rate traded on that Related Exchange.

Upon making any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Instrumentholders in accordance with General Condition 17 (*Notices and Provision of Information*), stating the adjustment made to the conditions and giving brief details of the relevant Adjustment Event.

### 24.3 Adjustment/Termination Event

The occurrence of any of the following events set out below in respect of (i) the Instruments; (ii) the Hedging Agreement, (iii) any Hedging Arrangements in respect of the Hedging Agreement, or (iv) the Exchange Rate shall constitute an “**Adjustment/Termination Event**”:

- (i) an event occurs which materially affects the method by which the Calculation Agent determines the level of the Exchange Rate or the ability of the Calculation Agent to determine the level of the Exchange Rate;
- (ii) the Exchange Rate is materially modified or affected, whether as a result of a material change in the formula or method for calculating the Exchange Rate or any other event which the Calculation Agent determines, in its reasonable discretion, constitutes a material modification of or materially affects the Exchange Rate;
- (iii) an Adjustment Event has occurred in respect of which the Calculation Agent determines that it is not able to make an appropriate adjustment pursuant to General Condition 24.2 (*Consequences of an Adjustment Event*) above;
- (iv) the Hedging Counterparty determines that: (i) the performance of its obligations under the Hedging Agreement has or will become illegal or not reasonably practical in whole or in part, or such performance would incur materially increased direct or indirect costs, taxes, duties or expenses (as compared to the position on the Issue Date); or (ii) it is or will become illegal or not reasonably practical for the Hedging Counterparty to acquire, establish, re-establish, substitute, maintain, unwind or dispose of its Hedging Arrangements with respect to the Instruments, in whole or in part, or the Hedging Counterparty will incur materially increased direct or indirect costs, taxes, duties or expenses or fees in acquiring, establishing, re-establishing, substituting, maintaining, unwinding or disposing of its Hedging Arrangements (as compared to the position on the Issue Date), including, without limitation, due to any increase in tax liability, decrease in tax benefits or other adverse effect on the tax position of the Hedging Counterparty, (without limitation the Hedging Counterparty may determine this in circumstances where there is a change in applicable law or regulation (including without limitation, any tax law) in any relevant jurisdiction or interpretation by any court, tribunal or regulatory authority of any such relevant law or regulation (including any action taken by a taxing authority), a decline in the number of appropriate third parties with whom to contract or with whom to contract on reasonable terms in relation to the Exchange Rate, a material lack of liquidity in the market for any instruments or other assets typically used for offsetting risk in relation to the Exchange Rate);
- (v) the Hedging Counterparty determines that it is unable, after using commercially reasonable efforts, to realise, recover or remit the proceeds of any Hedging Arrangement(s);
- (vi) the Calculation Agent determines, at any time, that a Market Disruption exists on any Ultimate Trading Day pursuant to General Condition 23 (*Market Disruption and non-Trading Day*) and that any valuation methods provided in General Condition 23 (*Market Disruption and non-Trading Day*) for this case would not be appropriate for the purposes of making the relevant calculation, and the Hedging Counterparty then elects to treat such Market Disruption as an Adjustment/Termination Event;
- (vii) a force majeure event occurs. For these purposes force majeure event means an event or circumstance which prevents or materially affects the performance of the Issuer's and/or the Hedging Counterparty's obligations and may include a system failure, fire, building evacuation, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labour disruption or any similar intervening circumstances; and/or
- (viii) liquidity or market conditions in relation to the Exchange Rate are materially adversely affected other than where this leads to a Market Disruption.

For the avoidance of doubt, an event or circumstance may at the same time qualify as an Adjustment/Termination Event under more than one of the above items (i)-(viii). In each case, the

above items (i)-(viii) shall be determined by the Calculation Agent or Hedging Counterparty, as applicable, acting in good faith and a commercially reasonable manner.

#### 24.4 Consequences of an Adjustment/Termination Event

Following the occurrence of an Adjustment/Termination Event, the Calculation Agent may take any of the following actions. **In particular, it should be noted that sub-paragraph (ii) permits a termination and cancellation of the Instruments:**

- (i) other than in respect of an Adjustment/Termination Event in General Condition 24.3(iii) (*Adjustment/Termination Event*) above, the Calculation Agent may, acting in good faith and a commercially reasonable manner, make such adjustments to the Conditions (including, but not limited to, adjusting the Bonus Threshold, the Bonus Interest Rate, the Bonus Interest Amount, the Bonus Fixed Amount (if any) and the Bonus Broken Amount (if any) specified in the relevant Final Terms) as it, in its reasonable discretion, determines necessary or appropriate in order to account for the effect of such Adjustment/Termination Event and/or to preserve as nearly as practicable the economic equivalence of the Instruments and the Hedging Agreement before and after the occurrence of such Adjustment/Termination Event and the economic link between the Exchange Rate, the Hedging Agreement and the Instruments and/or to enable the Hedging Counterparty to maintain its Hedging Arrangements (as applicable) and determine when these adjustments become effective.

Such adjustments may take into account and pass on to Instrumentholders any increased direct or indirect cost to the Hedging Counterparty as a result of or in connection with the relevant Adjustment/Termination Event including, without limitation, any tax, duty, withholding, deduction or other charge whatsoever (including but not limited to a change in tax consequences) for the Hedging Counterparty. Such change in tax consequences may include, but is not limited to, any changes resulting from any Hedging Arrangements of the Hedging Counterparty in relation to the Hedging Agreement.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such event made by a Related Exchange to options or futures contracts on the currencies comprising the relevant Exchange Rate traded on that Related Exchange or the adjustments that would follow from the rules and precedents set by an exchange or trading system or quotation system to account for the relevant Adjustment/Termination Event that in the determination of the Calculation Agent would have given rise to an adjustment by the exchange or trading system or quotation system if such options or futures contracts were traded thereon; or

- (ii) if the Calculation Agent is not able to determine or effect an appropriate adjustment in a commercially reasonable manner pursuant to sub-paragraph (i) above:
  - (a) if “Early Redemption on Adjustment/Termination Event” is specified as Applicable in the relevant Final Terms, the Issuer shall give not more than 30 and not less than 15 calendar days’ notice to the Instrumentholders and upon expiry of such notice the Instruments will be terminated and cancelled by the Issuer in accordance with General Condition 7.6 (*Cancellation for taxation and other reasons*); or
  - (b) if “Early Redemption on Adjustment/Termination Event” is specified as Not Applicable in the relevant Final Terms, the Bonus Interest Amount for the relevant Interest Period shall be zero.

Upon the Calculation Agent determining the occurrence of an Adjustment/Termination Event, the Calculation Agent shall give notice as soon as practicable to the Instrumentholders in accordance with General Condition 17 (*Notices and Provision of Information*), confirming the determination of an Adjustment/Termination Event and giving brief details of the relevant Adjustment/Termination Event.

## ARTICLES OF ASSOCIATION

The following is only a summary of certain provisions of the Articles and is subject to the express terms of the Articles which are binding on all Instrumentholders. You should also refer to the Articles, which are available for inspection as set out in “*General Information*” below. The Articles are incorporated by reference in full into this Base Prospectus.

The Articles contain provisions to the following effect:

(a) **Compartments and application of assets**

The Board may establish one or more Compartments which may be distinguished by the nature of acquired risks or assets, the distinctive terms of the issues made in their respect, the reference currency or other distinguishing characteristics. The terms and conditions of the Instruments issued in respect of, and the specific objects of, each Compartment shall be determined by the Board and shall be stated in the Conditions relating to that Compartment. Each Instrumentholder shall be fully aware of the Conditions applicable to these Instruments and the Articles. Each Compartment may issue relevant Instruments.

Subject to any particular rights or variation of the following provisions or limitations for the time being attached to any Instruments, as may be specified in the Articles or upon which such Instruments may be issued including, without limitation, the relevant Conditions, if a Compartment is liquidated, its assets shall be applied in the following order:

- (i) first, *pro rata* in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts incurred by or payable in respect of such liquidation, including, if applicable, any such amounts incurred by or payable to the Trustee (if any) in respect of such Instruments, any appointee thereof, or any receiver made or pursuant to the Series Instrument (if any) executed in respect of such Instruments (including any taxes required to be paid, the costs of realising any security and the Trustee’s remuneration);
- (ii) secondly, *pro rata* in payment of any amounts owing to the Hedging Counterparty (which for this purpose shall include any amounts owing to the Custodian for reimbursement in respect of payments made to the Hedging Counterparty relating to sums receivable on or in respect of the Collateral);
- (iii) thirdly, *pro rata* in payment of any amounts owing to the holders of such Instruments (which for this purpose shall include any amount owing to the issuing and paying agent for reimbursement in respect of any payment made to beneficial Instrumentholders or to a Clearing Agent on behalf of such holders); and
- (iv) fourthly, in payment of the balance (if any) to the Issuer which shall use such proceeds to pay, among other things, all other claims that have arisen in connection with the creation, operation or liquidation of the Compartment and which are not provided for in the previous paragraphs or in the waterfall included in the Conditions (and any creditors of such claims, the “**Compartment-Specific Claims Creditors**”).

No Instruments shall be issued on terms that entitle the holders of any Series of Instruments to participate in the assets of the Issuer other than the assets (if any) of the relevant Compartment. If the realised net assets of any Compartment are insufficient to pay any amounts otherwise payable on the relevant Series in full in accordance with the Conditions and these Articles, the relevant holders shall have no claim against the Issuer for or in respect of any shortfall and shall have no claim against any other Compartment or any other assets of the Issuer.

Each Compartment corresponds to a separate part of the Company’s assets and liabilities. The rights of Instrumentholders issued in respect of a Compartment and the rights of creditors (including, without limitation, the Compartment-Specific Claims Creditors) are limited to the assets of that Compartment, where these rights relate to that Compartment or have arisen at the occasion of the constitution, the operation or the liquidation of that Compartment. The assets of a Compartment are, subject to the Pro Rata Rights of the Non Compartment-Specific Claims Creditors (both as defined below) set forth below, exclusively available to satisfy the rights of Instrumentholders issued in relation to that Compartment and the rights of creditors (including, without limitation, the Compartment-Specific Claims Creditors) whose claims have arisen at the occasion of the constitution, the operation or the liquidation of that Compartment and such Instrumentholders

and such creditors acknowledge and accept that once all the assets allocated to that Compartment under which they have invested or in respect of which their claims have arisen, have been realised, they are not entitled to take any further steps against the Issuer or the Company to recover any further sums due and the right to receive any such sum shall be extinguished.

In the relationship between the Instrumentholders, each Compartment is deemed to be a separate entity.

The rights of creditors (the “**Non Compartment-Specific Claims Creditors**”) whose claims have not arisen in connection with the creation, operation or liquidation of a Compartment and which have not waived their recourse to the assets of any Compartment, shall be allocated by the Company on a half year basis in arrears to all the Compartments (on an equal basis and *pro rata temporis* for Compartments created within such half year) where the relevant Conditions or the Articles expressly authorise Non Compartment-Specific Claims Creditors to have recourse against the rights and assets allocated to such Compartments. Such rights of a Non Compartment-Specific Claims Creditor against a Compartment are hereinafter referred to as the “**Pro Rata Rights**”. Each Non Compartment-Specific Claims Creditor acknowledges and accepts that once all the assets allocated to a Compartment in respect of which it has Pro Rata Rights have been realised, it is not entitled to take any further steps against the Issuer or the Company to recover such Pro Rata Rights and the right to receive any sum in respect of the Pro Rata Rights shall be extinguished.

The Compartment-Specific Claims Creditors and the Non Compartment-Specific Claims Creditors expressly accept, and shall be deemed to have accepted by entering into contractual obligations with the Issuer or the Company (as applicable), that priority of payment and waterfall provisions are included in the Articles and will be included in the Conditions and they expressly accept, and shall be deemed to have accepted the consequences of such priority of payments and waterfall provisions.

The Board shall establish and maintain separate accounting records for each of the Compartments of the Company for the purposes of ascertaining the rights of Instrumentholders issued in respect of each Compartment for the purposes of these Articles and the Conditions, such accounting records to be conclusive evidence of such rights in the absence of manifest error.

Where any asset is derived from another asset (whether cash or otherwise) such derivative asset shall be applied in the books of the Issuer to the same Compartment as the asset from which it was derived and on each revaluation of an asset the increase or diminution in the value of such asset shall be applied to the relevant Compartment.

In the case of any asset of the Company (not being attributable to the ordinary shares) which the Board, or any person acting on behalf of the Board, does not consider is attributable to a particular Compartment, the Board, or any person acting on behalf of the Board, shall have the discretion to determine the basis upon which any such asset shall be allocated or apportioned between Compartments, if at all, and the Board shall have power at any time and from time to time to vary such basis.

Unless otherwise determined in the Conditions of a Compartment, the Board (or its delegate) may at any time liquidate single Compartments, unless such liquidation occurs in the context of a general liquidation of the Company.

Consolidated accounts of the Company, including all Compartments, shall be expressed in the reference currency of the corporate capital of the Company. The reference currencies of the Compartments may be in different denominations.

The rights of the ordinary shareholders or the sole ordinary shareholder of the Company are limited to the assets of the Company which are not allocated to a Compartment.

(b) **Meetings of the Board**

The Board can deliberate and/or act validly only if at least the majority of the Company’s directors is present or represented at a meeting of the Board and if at least 50 per cent. of the directors who are present at such meeting are resident in Luxembourg for tax purposes. Decisions shall be taken by a majority of the votes of the directors present or represented at such meeting. In the event that at any meeting the number of votes for and against a resolution are equal, the chairman of the board shall have a casting vote.

(c) **Directors**

The Company shall be managed by a Board composed of at least three directors who need not be ordinary shareholders. They shall be elected for a term not exceeding six years and shall be eligible for re-election.

A majority of the directors are not resident in the UK for tax purposes.

Each director shall be appointed by the ordinary shareholders at the general meeting of the ordinary shareholders. The ordinary shareholders shall also determine the number of directors, their remuneration and the term of their office. The Articles do not provide for the directors to retire by rotation or by virtue of their attaining a certain age.

When a legal person is appointed as a member of the Board (the “**Legal Entity**”), the Legal Entity must designate a permanent representative (*représentant permanent*) who will represent the Legal Entity as member of the Board in accordance with article 51bis of the Companies Act 1915.

(d) **Delegation of Powers**

The Board may appoint one or more persons, who may be, but need not be, directors, who shall have full authority to act on behalf of the Issuer or the Company (as appropriate) in all matters concerned with the daily management and affairs of the Issuer or the Company (as appropriate). The Board is also authorised to appoint one or more persons, who may be, but need not be, directors without the prior authorisation of the general meeting of the ordinary shareholders, for the purposes of performing specific functions at every level within the Issuer or the Company (as appropriate).

The Board is further authorised to appoint proxies for specific transactions.

(e) **Directors’ Interests**

*No contract or other transaction between the Issuer or the Company (as appropriate) and any other company or firm shall be affected or invalidated by the fact that any one or more of the directors or officers of the Company is interested in, or is a director, associate, officer or employee of, such other company or firm.*

Any director or officer of the Company who serves as director, officer or employee of any company or firm with which the Company shall contract or otherwise engage in business shall not, solely by reason of such affiliation with such other issuer or firm, be prevented from considering and voting or acting upon any matters with respect to such contract or other business.

In the event that any director of the Company may have any personal and opposite interest in any transaction of the Company, such director shall make known to the Board such personal and opposite interest and shall not consider or vote upon any such transaction, and such transaction, and such director’s interest therein, shall be reported to the next following general meeting of the ordinary shareholders.

The paragraph above does not apply to resolutions of the Board concerning transactions made in the ordinary course of business of the Issuer or the Company (as appropriate) which are entered into on arm’s length terms.

(f) **Winding-up**

The Company may be dissolved, at any time, by a resolution of the general meeting of ordinary shareholders adopted in the manner required for amendment of the Articles. In the event of a dissolution of the Company, the liquidation shall be carried out by one or more liquidators (who may be physical persons or legal entities) named by the general meeting of ordinary shareholders deciding such liquidation. Such general meeting of ordinary shareholders shall also determine the powers and the remuneration of the liquidator(s).

The liquidation of a Compartment will not affect the status of any other Compartment nor of the Company in general.

Sums and assets payable to investors (be they holders of Instruments, other securities issued by the Issuer or Company or ordinary shareholders) who failed to present themselves at the time of the closure of the

liquidation shall be paid to the public trust office (Caisse de consignation) to be held for the benefit of the persons entitled thereto.

## DESCRIPTION OF THE ISSUER

### General

Palladium Securities 1 S.A. (the “**Company**”) is a special purpose vehicle incorporated as a *société anonyme* (public limited liability company) under the laws of the Grand Duchy of Luxembourg for the purpose of issuing asset backed securities on 8 September 2004 and its activities as a regulated securitisation undertaking are subject to the Securitisation Act 2004. A copy of the incorporation deed containing the Articles was published in the *Mémorial C, Recueil des sociétés et associations* on 22 November 2004 and the Issuer is registered with the Luxembourg trade and companies register (*Registre de commerce et des sociétés, Luxembourg*) under number B.103.036. The Articles were amended on 23 April 2009. Copies of the amended and restated Articles was published in the *Mémorial C. Recueil des sociétés et associations* number 1012 on 15 May 2009.

The registered office of the Company is at 2, boulevard Konrad Adenauer, L-1115 Luxembourg and its telephone number is +352 4 21 22 - 1.

In accordance with the Securitisation Act 2004, the Company entrusts the custody of its liquid assets and securities to Deutsche Bank Luxembourg S.A., a credit institution established in Luxembourg.

### Share Capital and Shareholders

The authorised share capital and the issued share capital of the Company is €227,272.50 divided into 181,818 Ordinary Shares (as defined in the Articles) of €1.25 each.

The Company has issued 181,818 Ordinary Shares, all of which are fully paid and are held by the following persons:

Ordinary Shareholders	No. of Ordinary Shares owned
The Freesia Charitable Trust Anson House, Havilland Street, St Peter Port, Guernsey, Channel Islands GY1 3GF	181,816
Ansons Fund Managers Limited Anson House, Havilland Street, St Peter Port, Guernsey, Channel Islands GY1 3GF	2

Each of the issued Ordinary Shares is held on trust by the holders thereof (each holder a “**Share Trustee**” and, together, the “**Share Trustees**”) under the terms of a declaration of trust dated 3 September 2004, under which the relevant Share Trustee holds its Ordinary Shares on trust for charity. The Share Trustees have no beneficial interest in and derive no benefit (other than any expenses for acting as Share Trustee) from their holding of the issued shares. The Share Trustees will apply any income derived by them from the Company solely for charitable purposes.

### Business

So long as any of the Instruments remain outstanding, the Company acting in respect of a specific compartment (the “**Issuer**”) will be subject to the restrictions set out in General Condition 10 for Instruments, the relevant Series Instrument and the Articles.

The preliminary expenses of the Company acting in its capacity as Issuer for establishing the Programme are payable by the Arranger.

The corporate objects of the Company set out in the Articles are to enter into, perform and serve as a vehicle for any securitisation transactions as permitted under the Securitisation Act 2004.

The Company may acquire or assume, directly or through another entity or vehicle, the risks relating to the holding or ownership of claims, structured deposits, receivables and/or other goods, structured products relating to commodities or assets (including securities of any kind), either movable or immovable, tangible or intangible, and/or risks relating to liabilities or commitments of third parties or which are inherent to all or part of the activities undertaken by third parties, by issuing securities (*valeurs mobilières*) of any kind whose value or return is linked to these risks. The Company may assume or acquire these risks by acquiring, by any means, claims, deposits, receivables and/or other goods, structured products relating to commodities or assets, by guaranteeing the liabilities or commitments of third

parties or by binding itself in any other way. The method that will be used to determine the value of the securitised assets will be set out in the relevant issue documentation proposed by the Issuer.

The Company may, within the limits of the Securitisation Act 2004, proceed, so far as they relate to securitisation transactions, to (i) the acquisition, holding and disposal, in any form, by any means, whether directly or indirectly, of participations, rights and interests in, and obligations of, Luxembourg and foreign companies, (ii) the acquisition by purchase, subscription, or in any other manner, as well as the transfer by sale, exchange or in any other manner of stock, bonds, debentures, notes and other securities or financial instruments of any kind (including notes or parts or units issued by Luxembourg or foreign mutual funds or similar undertakings and exchangeable or convertible securities) and receivables, claims or loans or other credit facilities and agreements or contracts relating thereto, and (iii) the ownership, administration, development and management of a portfolio of assets (including, among other things, the assets referred to in (i) and (ii) above) in accordance with the provisions of the relevant issue documentation.

The Company may, within the limits of the Securitisation Act 2004 and for as long as it is necessary to facilitate the performance of its corporate objects, borrow in any form and enter into any type of loan agreement. It may issue notes, bonds (including exchangeable or convertible securities and securities linked to an index or a basket of indices or shares), debentures, certificates, shares, beneficiary shares, warrants and any kind of debt or equity securities, including under one or more issue programmes. The Company may lend funds including the proceeds of any borrowings and/or issues of securities, within the limits of the Securitisation Act 2004 and provided such lending or such borrowing relates to securitisation transactions, to its subsidiaries or affiliated companies or to any other company.

The Company may, within the limits of the Securitisation Act 2004, give guarantees and grant security over its assets in order to secure the obligations it has assumed for the securitisation of those assets or for the benefit of investors (including their Trustee or representative, if any) and/or any issuing entity participating in a securitisation transaction of the Company. The Company may not pledge, transfer, encumber or otherwise create security over some or all of its assets or transfer its assets for guarantee purposes, unless permitted by the Securitisation Act 2004.

The Company may enter into, execute and deliver and perform any swaps, futures, forwards, derivatives, options, repurchase, stock lending and similar transactions for as long as such agreements and transactions are necessary to facilitate the performance of the Company's corporate objects. The Company may generally employ any techniques and instruments relating to investments for the purpose of their efficient management, including, but not limited to, techniques and instruments designed to protect it against credit, currency exchange, interest rate risks and other risks.

The Board is entitled to create one or more Compartments (representing the assets of the Company relating to an issue by the Company of securities), in each case corresponding to a separate part of the Company's estate.

The description above is to be understood in its broadest sense and it is without limitation. The corporate objects of the Company shall include any transaction or agreement which is entered into by the Company, provided it is not inconsistent with the objects listed above.

In general, the Company may take any controlling and supervisory measures and carry out any operation or transaction which it considers necessary or useful in the accomplishment and development of its corporate objects to the largest extent permitted under the Securitisation Act 2004.

The Company has, and will have, no assets other than the sum of €249,999.75 representing the issued and paid-up share capital and the statutory capital reserve, such expenses (as agreed) per issue payable to it in connection with the issue of Instruments or the purchase, sale or incurring of other obligations and any Series Assets. Save in respect of the expenses generated in connection with each issue of Instruments, any related profits and the proceeds of any deposits and investments made from such expenses or from amounts representing the Company's issued and paid-up share capital and share premium, the Company will not accumulate any surpluses.

The Instruments are obligations of the Company acting in its capacity as Issuer alone and not of, or guaranteed in any way by, the Share Trustees or the Trustee. Furthermore, they are not obligations of, or guaranteed in any way by, the Arranger, any Hedging Counterparty or any Agent.

#### **Administration, Management and Supervisory Bodies**

The Directors of the Company are as follows:

<b>Director</b>	<b>Principal outside activities</b>
Mr. Graeme Jenkins	Employee of Deutsche Bank Luxembourg S.A.
Mr. Fabien Rossignol	Managing Director of Lealex Consult S.a.r.l. (Luxembourg)
Mr. Stéphane Weyders	Managing Director of Platinum Advisory Services

Stéphane Weyders has been appointed by the directors of the Company as chairman of the board of directors of the Issuer.

The business address of Graeme Jenkins is 2, boulevard Konrad Adenauer, L-1115 Luxembourg, and the business address of each of Fabien Rossignol and Stéphane Weyders is 22, rue Goethe, L-1637 Luxembourg. The principal outside activities of Graeme Jenkins as an employee of Deutsche Bank may be significant with respect to the Company to the extent that Deutsche Bank Luxembourg S.A. is the Custodian, Servicer and Domiciliation Agent (as defined below) of, and may be an affiliate of any other party participating in, the issuance of a Series of Instruments. To the extent that a conflict between Deutsche Bank Luxembourg S.A. and the Company exists, there may be a conflict of interest between the private interests of Graeme Jenkins as a Director of the Company and those of the Issuer.

Deutsche Bank Luxembourg S.A. acts as the domiciliation agent of the Company (the “**Domiciliation Agent**”). The office of the Domiciliation Agent will serve as the registered office of the Company which is located at 2, Boulevard Konrad Adenauer, L-1115 Luxembourg. Pursuant to the terms of the Domiciliation Agreement dated 9 September 2004 and entered into between the Domiciliation Agent and the Company, the Domiciliation Agent will perform in Luxembourg certain administrative, accounting and related services. In consideration of the foregoing, the Domiciliation Agent will receive various expenses payable by the Company at rates agreed upon from time to time. The appointment of the Domiciliation Agent may be terminated by either the Company or the Domiciliation Agent upon not less than two months’ prior written notice. The Domiciliation Agent is an affiliate of the Arranger and any Purchaser and may be an affiliate of any other party participating in the issuance of a Series of Instruments. To the extent that a conflict between such party and the Company exists, there may be a conflict of interest between the private interests of the Domiciliation Agent and those of the Company.

No corporate governance regime to which the Company would be subject exists in Luxembourg as at the date of this Base Prospectus.

### **Financial Statements**

The financial year of the Company begins on 1 February of each year and ends on 31 January of the following year save that the first financial year started on the date of incorporation of the Company and ended on 31 January 2006. The Company is currently in the process of filing with the Luxembourg trade and companies register its last audited financial statements in respect of the period ending on 31 January 2014.

In accordance with Articles 72, 74 and 75 of the Companies Act 1915 the Company is obliged to publish its annual accounts on an annual basis following approval of the annual accounts by the annual general meeting of its shareholders. Subject as provided below, the ordinary general meeting of shareholders takes place annually on the fourth Friday of April or the next following Business Day (as defined in the Articles) at 2pm at the registered office of the Issuer or at such other place as may be specified in the convening notice. The last ordinary general meeting of shareholders took place on 23 May 2014.

Any future published annual audited financial statements prepared for the Company will be obtainable free of charge from the specified office of the Paying Agents in London and the Grand Duchy of Luxembourg, as described in “General Information”.

### **Dividends**

The Company has not paid any dividends since its incorporation on 8 September 2004.

## **Approved Statutory Auditors**

The approved statutory auditors (*réviseurs d'entreprises agréés*) of the Company, which have been appointed until the annual general meeting of shareholders to be held in 2015 by a resolution of the Board dated 16 May 2014, are KPMG Luxembourg S.à r.l., 9, Allée Scheffer, L-2520 Luxembourg Luxembourg and who belong to the Luxembourg institute of auditors (*Instituts des réviseurs d'entreprises*).

KPMG Luxembourg S.à r.l. are entrusted with the auditing of the accounts of the Company. According to the Securitisation Act 2004, they shall inform the Board and also the CSSF of any irregularities and inaccuracies which they detect during the accomplishment of their duties.

## **CSSF supervision**

The Company is supervised by the CSSF which ascertains that it complies with the law and its obligations. This supervision will continue until such time as the Company is liquidated.

According to the Securitisation Act 2004, the CSSF may request from the Company a periodical statement of its assets and liabilities and its operating results. The CSSF may furthermore require communication of any information or carry out on-site investigations and inspect all the documents of the Company and of the Domiciliation Agent which relate to the organisation, administration, management, or operation of the Company or to the valuation of and return on the assets, in order to verify compliance with the provisions of the Securitisation Act 2004 and the provisions set out in the Articles, and in agreements relating to the issuance of securities (including, for instance, the Instruments), and the accuracy of the information it has been provided with.

If the CSSF finds that the Company is not complying with the provisions of the Securitisation Act 2004, the Articles or the agreements relating to the issuance of securities, or that the rights attached to the securities issued by the Company may be impaired, it may summon the Company to remedy the situation within a period it determines. If such summons is not complied with, the CSSF may (i) render public its position regarding the findings it has made, (ii) prohibit the issuance of securities, (iii) request the listing of the securities issued by the Company to be suspended, (iv) request the presiding judge of the chamber of the Luxembourg district court dealing with commercial matters to appoint a provisional administrator for the Company, or (v) withdraw its authorisation.

## **ADDITIONAL INFORMATION IN RELATION TO THE PARTIES TO THE STRUCTURE**

### **Deutsche Bank Group**

Deutsche Bank Aktiengesellschaft (“**Deutsche Bank AG**”) originated from the reunification of Norddeutsche Bank Aktiengesellschaft, Hamburg, Rheinisch-Westfälische Bank Aktiengesellschaft, Düsseldorf and Süddeutsche Bank Aktiengesellschaft, Munich; pursuant to the Law on the Regional Scope of Credit Institutions, these had been disincorporated in 1952 from Deutsche Bank AG which was founded in 1870. The merger and the name were entered in the Commercial Register of the District Court Frankfurt am Main on 2 May 1957. Deutsche Bank AG is a banking institution and a stock corporation incorporated under the laws of Germany under registration number HRB 30 000. Deutsche Bank AG has its registered office in Frankfurt am Main, Germany. It maintains its head office at Taunusanlage 12, 60325 Frankfurt am Main (telephone: +49-69-910-00) and branch offices in Germany and abroad including in London, New York, Sydney, Tokyo and an Asia-Pacific Head Office in Singapore which serve as hubs for its operations in the respective regions.

Deutsche Bank AG is the parent company of a group consisting of banks, capital market companies, fund management companies, a property finance company, instalment financing companies, research and consultancy companies and other domestic and foreign companies (the “**Deutsche Bank Group**”).

The objects of Deutsche Bank AG, as laid down in its Articles of Association, include the transaction of all kinds of banking business, the provision of financial and other services and the promotion of international economic relations. Deutsche Bank AG may realise these objectives itself or through subsidiaries and affiliated companies. To the extent permitted by law, Deutsche Bank AG is entitled to transact all business and to take all steps which appear likely to promote the objects of Deutsche Bank AG, in particular: to acquire and dispose of real estate, to establish branches at home and abroad, to acquire, administer and dispose of participations in other enterprises, and to conclude enterprise agreements.

### **Deutsche Bank AG, acting through its London Branch**

Deutsche Bank AG, acting through its London branch (Deutsche Bank AG, London Branch) will act as Arranger and Principal Agent with respect to the Instruments and may also act as Hedging Counterparty, Calculation Agent and Selling Agent, if so specified in the relevant Final Terms. Deutsche Bank AG, London Branch may also be appointed by the Custodian as its sub-custodian with respect to some or all of the Instruments. On 12th January 1973, Deutsche Bank AG filed in the United Kingdom the documents required pursuant to section 407 of the Companies Act 1948 to establish a place of business within Great Britain. On 14th January, 1993, Deutsche Bank AG registered under Schedule 21A to the Companies Act 1985 as having established a branch (Registration No. BR000005) in England and Wales.

Deutsche Bank AG, London Branch is an authorised person for the purposes of section 19 of the Financial Services and Markets Act 2000. In the United Kingdom, it conducts wholesale banking business and through its Private Wealth Management division it provides holistic wealth management advice and integrated financial solutions for wealthy individuals, their families and selected institutions.

### **Deutsche Bank Luxembourg S.A.**

Deutsche Bank Luxembourg S.A. will act as Custodian and Servicer in respect of the Instruments to the extent of any Collateral and/or Hedging Collateral constituting “liquid assets and securities” for the purposes of Article 22 of the Securitisation Act 2004. Deutsche Bank Luxembourg S.A. was founded in 1970 as the first foreign subsidiary of Deutsche Bank AG, Frankfurt since the second world war. Deutsche Bank AG’s activities are based on three main pillars: Private Wealth Management, International Loans and Treasury & Global Markets. Deutsche Bank Luxembourg S.A. is a member of the Deutsche Bank Group. For further information on the Deutsche Bank Group please see the section above.

### **Deutsche Trustee Company Limited**

Deutsche Trustee Company Limited is the Trustee. The Trustee’s relationship with the Issuer is to act as trustee in relation to the Instruments under the Series Instrument.

## TAXATION

### Country Specific Taxation

*You are advised to consult your own tax advisers as to the tax consequences of transactions involving the Instruments.*

#### Austrian Taxation

This section on taxation contains a brief summary of the Issuer's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Instruments in the Republic of Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. These comments are not intended to be, nor should they be construed to be, legal or tax advice. It is based on the currently valid tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. Potential purchasers should be aware that the tax authorities generally have a critical attitude towards structured financial products that may result in a beneficial tax treatment. It is recommended that potential purchasers of the Instruments consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of those Instruments. Tax risks resulting from the Instruments (in particular from a potential classification as a foreign investment fund within the meaning of sec 188 of the Austrian Investment Funds Act) shall in any case be borne by the purchaser. For the purposes of the following it is assumed that the Instruments are legally and factually offered to an indefinite number of persons. In addition, the following information is based on the assumption that the Issuer neither has its seat nor its place of management in Austria.

The Issuer assumes no responsibility with respect to taxes withheld at source.

#### *Income tax*

##### *General remarks*

Individuals having a domicile (*Wohnsitz*) or their habitual abode (*gewöhnlicher Aufenthalt*) in Austria as well as corporations having their corporate seat (*Sitz*) or their place of management (*Ort der Geschäftsleitung*) in Austria are considered residents for Austrian income and corporate income tax purposes, respectively. These individuals and corporations are subject to Austrian (corporate) income tax with their worldwide income (unlimited (corporate) income tax liability, *unbeschränkte Steuerpflicht*). Austria's right to tax may be restricted by double taxation treaties.

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*) investment income comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest;
- income from realized increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the sale, redemption and other realisation of assets that lead to income from the letting of capital, including income from zero coupon bonds and broken-period (accrued) interest; and
- income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale, the settlement or other realization of forward contracts like options, futures and swaps and other derivatives such as index certificates.

In addition, the withdrawal of the Instruments from a bank deposit (*Depotentnahme*) would generally deem to constitute a sale of the Instruments. In case certain notification requirements are met, no taxation is triggered. Furthermore, circumstances leading to a loss of Austria's taxation right regarding the Instruments *vis-à-vis* other countries, eg a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (cf. sec. 27(6)(1) of the Austrian Income Tax Act). In case of relocation to a Member State of the European Union or to certain Member States of the European Economic Area, a deferral of taxation may be feasible.

### ***Instruments held as non-business assets by tax resident individuals***

Income from investment in Instruments that qualify as bonds (*Forderungswertpapiere*) for Austrian tax purposes thereby securitizing the investor's debt claim and that are legally and factually offered to an indefinite number of persons ("public placement"), are subject to a special tax rate of 25 per cent. pursuant to sec 27a (1) of the Austrian Income Tax Act. In case the Securities are not offered to an indefinite number of persons ("private placement"), the special tax rate of 25 per cent. does not apply. Pursuant to the Austrian Ministry of Finance's interpretation, the special tax rate of 25 per cent. only applies to income from derivatives pursuant to sec. 27(4) of the Austrian Income Tax Act if the derivatives are securitized and are offered in a public placement or if the Austrian paying agent voluntarily withholds 25 per cent. tax pursuant to sec. 27(a)(2)(7) of the Austrian Income Tax Act.

In case of income from the letting of capital pursuant to sec. 27(2) of the Austrian Income Tax Act, the special tax rate of 25 per cent. is levied by way of a withholding tax (*Kapitalertragsteuer*) if such income is paid or credited by an Austrian paying agent (*auszahlende Stelle*). In case of income from realized increases in value pursuant to sec. 27(3) of the Austrian Income Tax Act or income from derivatives pursuant to sec. 27(4) of the Austrian Income Tax Act the 25 per cent. withholding tax applies if such income is paid or credited by an Austrian custodian agent (*inländische depotführende Stelle*, also referred to as 'securities account keeping agent') or – if no Austrian custodian agent exists – by an Austrian paying agent (*auszahlende Stelle*) that executes in collaboration with the custodian agent the sales or derivative transaction and is involved in that transaction, ie credits the proceeds from realized increases in value, cash settlements, gains from the sale of derivatives or option premiums and the custodian agent is either a permanent establishment or a group member of the paying agent. In both cases, the 25% withholding tax generally results in a final income taxation meaning that – with the exception of the option for regular taxation or the option for setting-off of losses - such income has generally not to be included in the income tax return of the investor. If no withholding tax is generally imposed (e.g., due to the lack of an Austrian paying agent or an Austrian custodian agent), the investment income arising from the Instruments generally has to be included into the income tax return in accordance with the law and is subject to the special income tax rate of 25 per cent. (with certain exceptions if *inter alia* the deposit is held with a Swiss paying agent, including Swiss banks, and the investor opts for withholding by the Swiss paying agent under the Tax Treaty between Austria and Switzerland; this applies *mutatis mutandis* with respect to the application of a withholding tax by a Liechtenstein paying agent under the Tax Treaty between Austria and Liechtenstein).

In both cases upon application, the option exists to tax all income subject to the special tax rate of 25 per cent. at lower progressive income tax rates (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Subject to certain restrictions a set-off (but no carry forward) of losses is available among income from investment (but not with any other types of the investor's income). For such loss offset generally the investor must opt for assessment to income tax (option for setting-off of losses, sec. 97(2) in conjunction with sec. 27(8) of the Austrian Income Tax Act). Negative income subject to the special tax rate of 25 per cent. may not be offset with income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation). Furthermore, an offset of losses from realized increases in value and from securitized derivatives with (i) interest from deposits or other claims against credit institutions and (ii) income from Austrian or foreign private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) is not permissible. In case of an Austrian depository agent, the setting-off of losses has to be effected by the depository for all deposits of the investor held with that Austrian depository agent (sec. 93(6) of the Austrian Income Tax Act, see also below). In order to achieve an offset of losses for deposits held with different credit institutions, the investor has to exercise the option for the offsetting of losses in the course of filing the annual income tax return.

### ***Instruments held as business assets by tax resident individuals***

Individuals subject to unlimited income tax liability in Austria holding the Instruments as a business asset are subject to income tax on resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Again, the application of the special tax rate of 25 per cent. for income from bonds conveying debt claims depends on whether the Instruments are legally and factually offered to an indefinite number of persons (ie public placement).

In case of income from the letting of capital pursuant to sec 27(2) of the Austrian Income Tax Act, the special tax rate of 25 per cent. is levied by way of a withholding tax if such income is paid or credited by an Austrian paying agent. In case of income from realized increases in value pursuant to sec 27(3) of the Austrian Income Tax Act or income from derivatives pursuant to sec 27(4) of the Austrian Income Tax Act, the 25 per cent. withholding tax applies if such income is paid or credited by an Austrian custodian agent or – if no Austrian custodian agent exists – by an Austrian paying agent under the conditions outlined above. While the 25 per cent. withholding tax has the effect of final taxation for income from the letting of capital, income from realized increases in value and income from derivatives must on the other hand be included in the investor's income tax return (nevertheless application of flat income tax rate of 25 per cent.). Investment income without an Austrian nexus – due to the lack of an Austrian paying agent or an

Austrian custodian agent– must be included in the investor’s income tax return and is generally subject to a special tax rate of 25 per cent.

In both cases upon application, the option exists to tax all income subject to the tax rate of 25 per cent. at the lower progressive income tax rates (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, an impairment due to a lower fair market value and losses from the sale, redemption and other realization of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to the special tax rate of 25 per cent., are primarily to be offset against income from realized increases in value of such financial assets and derivatives and with appreciations in value of such assets; only half of the remaining negative difference may be offset against other types of income (and carried forward).

### ***Instruments held as business assets by tax resident corporations***

Investment income derived from the Instruments by corporations is subject to corporate income tax at the general corporate income tax rate of 25%. In case of investment income with an Austrian nexus (as described above), corporations deriving business income from the Instruments may avoid the application of withholding tax under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act by filing an exemption declaration (*Befreiungserklärung*). Any Austrian withholding tax levied can be credited against the corporate income tax liability. The restrictions for the offsetting of losses are not applicable to corporations as investors. Losses from the sale of the Instruments can be offset against other income (and carried forward under general conditions).

A special tax regime applies for private foundations (*Privatstiftungen*).

### ***Offsetting of losses by an Austrian depository agent***

Pursuant to sec. 93(6) of the Austrian Income Tax Act, the Austrian custodian agent is obliged to automatically offset negative investment income against positive investment income, taking into account all of a taxpayer's bank deposits with the custodian agent. If negative and at the same time or later positive income is earned, then the negative income is to be offset against the positive income. If positive and later negative income is earned, then the withholding tax on the positive income is to be credited, with such tax credit being limited to 25 per cent. of negative income. In certain cases, the offsetting is not permissible. The custodian agent has to issue a written confirmation regarding the offsetting of losses for each bank deposit.

### ***Taxpayers Not Resident in Austria***

Individuals who have neither a domicile (*Wohnsitz*) nor their habitual abode (*gewöhnlichen Aufenthalt*) in Austria and corporations which have neither their corporate seat (*Sitz*) nor their place of management (*Ort der Geschäftsleitung*) in Austria (“non-residents”) are only taxable in Austria with Austrian source income (limited (corporate) income tax liability, *beschränkte Steuerpflicht*).

Individuals and corporations subject to limited (*coprrate*) income tax liability in Austria are taxable on interest from bonds if the investor has an Austrian permanent establishment (*Betriebsstätte*) and the bonds as well as income resulting therefrom is attributable to such permanent establishment. An Austrian paying agent or an Austrian custodian agent may abstain from levying 25 per cent. withholding tax under the conditions set forth in sec 94(13) of the Austrian Income Tax Act which in particular requires the fulfilment of specific documentation requirements.

As of January 1, 2014, non-residents will also be taxable in Austria with interest in the sense of the Austrian EU Withholding Tax Act (*EU-Quellensteuergesetz*) from the Instruments if 25% Austrian withholding tax is levied on such interest. Such limited (corporate) income tax liability does, however, not comprise interest earned by investors which are within the scope of the Austrian EU Withholding Tax Act (see below) as well as interest the debtor of which neither has its domicile, its effective place of management nor its legal seat in Austria nor is an Austrian branch of a foreign credit institution. Reference is made to the exemption from Austrian withholding tax pursuant to sec. 94(13) of the Austrian Income Tax Act.

### ***EU withholding tax***

Sec. 1 of the Austrian EU Withholding Tax Act – which transforms into national law the provisions of Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments – provides that interest payments paid or credited by an Austrian paying agent (*Zahlstelle*) to a beneficial owner who is an individual resident in another EU member state (or in certain dependent or associated territories) are subject to a withholding tax

of 35% per cent. if no exception from such withholding applies. Sec. 10 of the Austrian EU Withholding Tax Act provides for an exemption from withholding tax where the beneficial owner presents to the paying agent a certificate drawn up in his/her name by the competent authority of his/her member state of residence for tax purposes, indicating the name, address and tax or other identification number or, failing such, the date and place of birth of the beneficial owner, the name and address of the paying agent, and the account number of the beneficial owner or, where there is none, the identification of the security; such certificate shall be valid for a period not exceeding three years. It is expected that changes to the Austrian EU Withholding Tax Act – implementing Council Directive 2014/48/EU of 24 March 2014 amending Directive 2003/48/EC on taxation of savings income in the form of interest payments – will enter into effect by 1 January 2017.

### ***Tax Treaties between Austria and Switzerland and Austria and Liechtenstein***

The Treaty between the Republic of Austria and the Swiss Confederation on Cooperation in the Areas of Taxation and Capital Markets and the Treaty between the Republic of Austria and the Principality of Liechtenstein on Cooperation in the Areas of Taxation provide that a Swiss, respectively Liechtenstein, paying agent has to withhold a tax amounting to 25 per cent. on, inter alia, interest income, dividends and capital gains from assets booked with an account or deposit of such Swiss, respectively Liechtenstein paying agent, if the relevant holder of such assets (i.e. in general individuals on their own behalf and as beneficial owners of assets held by a domiciliary company *Sitzgesellschaft*) is tax resident in Austria. The same applies to such income from assets managed by a Liechtenstein paying agent if the relevant holder of assets (i.e. in general individuals as beneficial owners of a transparent structure or individuals receiving contributions from an intransparent structure) is tax resident in Austria. For Austrian income tax purposes this withholding tax has the effect of final taxation regarding the underlying income if the Austrian Income Tax Act provides for the effect of final taxation for such income. The treaties, however, do not apply to interest covered by the Agreement between the European Community and the Swiss Confederation, respectively the Principality of Liechtenstein, providing for measures equivalent to those laid down in Council Directive 2003/48/EC on taxation of savings income in the form of interest payments. The taxpayer can opt for voluntary disclosure instead of the withholding tax by expressly authorising the Swiss, respectively Liechtenstein, paying agent to disclose to the competent Austrian authority income on the account or deposit; this income subsequently has to be included in the investor's income tax return.

### ***Risk of re-qualification of Instruments as investment fund units***

Pursuant to sec. 188 of the Austrian Investment Funds Act prior to its amendment by the Austrian Alternative Investment Funds Manager Act (BGBl I 135/2013), a non-Austrian investment fund was defined as any assets subject to a foreign jurisdiction which, irrespective of the legal form they are organized in, are invested according to the principles of fund risk diversification on the basis either of a statute, of the entity's articles or of customary exercise. Certain collective investment vehicles investing in real estate are exempt. The Austrian tax authorities commented upon the distinction between index certificates of foreign issuers on the one hand and foreign investment funds on the other hand in the Austrian Investment Funds Act Guidelines. Pursuant thereto, no foreign investment fund may be assumed if for purposes of the issuance no predominant actual purchase of the underlying assets by the issuer or a trustee of the issuer, if any, is made and no actively managed assets exist. Directly held bonds should not be considered as foreign investment funds if the performance of the bonds depends on an index, notwithstanding the fact of whether the index is a well-known one, an individually constructed "fixed" index or an index which is changeable at any time. Special rules apply with respect to hedge-index funds as well as to real estate investment funds comprising inter alia Alternative Investment Funds in real estate as well as other certain other investment vehicles in real estate.

In the course of the implementation of the Alternative Investment Funds Managers Directive (EC Directive 2011/61/EU) into domestic law, the definition of the term non-Austrian investment fund was significantly changed and now comprises (i) any Undertakings for Collective Investments in Transferable Securities (UCITS), the country of origin of which is not Austria, (ii) any Alternative Investment Fund in the sense of the Austrian Alternative Investment Funds Managers Act – other than Alternative Investment Funds (AIF) in real estate –, the country of origin of which is not Austria, and (iii) unless such vehicle is either a UCITS fund or an AIF as described above, any organism subject to a foreign jurisdiction, irrespective of its legal form, the assets of which are invested according to the principles of fund risk diversification on the basis of a statute, of the entity's articles or of customary exercise provided that one of the following criteria is given: (a) the vehicle is in its residence state effectively – neither directly nor indirectly – subject to tax which is comparable to Austrian corporate income tax; (b) although the foreign vehicle is in its residence state subject to tax which is comparable to Austrian corporate income tax such foreign tax is lower than Austrian corporate income tax (25 per cent.) by more than 10 basis points; or (c) the vehicle is subject to a comprehensive individual or factual tax exemption in its residence state.

Pursuant to sec 2(1)(2) of the Austrian Alternative Investment Funds Manager Act, an alternative investment fund is defined as any collective investment undertaking, including investment compartments thereof which (i) raises capital from a number of investors with a view to investing it in accordance with a defined investment policy for the benefit of those investors without the capital raised serving active operating activities and (ii) does not require an authorization pursuant to art 5 of Directive 2009/65/EC. The amended definition of the term non-Austrian investment fund became legally effective for business years of investment funds starting after 21 July 2013. Due to the lack of any updated guidelines by the Austrian Ministry of Finance so far, the scope of the term non-Austrian investment fund is rather currently unclear. The same holds true as to whether the distinction described above between index certificates offered by foreign issuers on the one hand and foreign investment funds on the other hand still applies. The risk of the qualification of the Instruments as units in a non-Austrian investment fund must be assessed on a case-by-case basis.

### ***Gift tax notification requirements, Austrian Foundation Tax***

Austria does currently not levy any inheritance and gift taxes (*Erbschafts- und Schenkungssteuer*).

However, certain gratuitous transfers of assets to (Austrian or foreign) private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to a foundation tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Tax Act (*Stiftungseingangssteuergesetz*). Such tax is triggered if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat or their place of effective management in Austria. Certain exemptions apply in case of a transfer *mortis causa* of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in Austrian and non-Austrian corporations) if income from such financial assets is subject to the special tax rate of 25 per cent. The tax basis is the fair market value of the assets transferred minus any debts which are economically related to the assets transferred, calculated at the time of transfer. The tax rate is in general 2.5 per cent., with a higher rate of 25 per cent. applying in special cases. The Tax Treaty between Austria and Liechtenstein provides for special rules with respect to the transfer of assets to an intransparent foundation or similar vehicles (*Vermögensstrukturen*).

Even if no inheritance and gift taxes are levied, gift notification obligations exist. A special notification obligation exists for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles. The notification obligation applies if the donor and/or the donee have a domicile, their habitual abode, their legal seat or their place of effective management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of Euro 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of Euro 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may lead to the levying of fines of up to 10 per cent. of the fair market value of the assets transferred.

Further, it should be noted that gratuitous transfers of the Instruments may trigger income tax on the level of the transferor pursuant to sec. 27(6)(1) of the Austrian Income Tax Act (see above).

### **Belgian Taxation**

*The following summary describes the principal Belgian tax considerations with respect to the holding of Instruments. This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Instruments. In some cases, different rules can be applicable. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.*

*Each prospective holder of Instruments should consult a professional adviser with respect to the tax consequences of an investment in the Instruments, taking into account the influence of each regional, local or national law.*

### ***Withholding Tax and Income Tax***

#### **(i) Tax rules applicable to natural persons resident in Belgium**

Belgian natural persons who are Belgian residents for tax purposes, i.e., who are subject to the Belgian personal income tax ("*Personenbelasting*" / "*Impôt des personnes physiques*") and who hold the Instruments as a private investment, are in Belgium subject to the following tax treatment with respect to the Instruments. Other tax rules apply to Belgian resident individuals who do not hold the Instruments as a private investment.

In accordance with Belgian tax law, the following amounts are qualified and taxable as “interest”: (i) periodic interest income (ii) amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date) (iii) if the Instruments qualify as “fixed income securities” (in the meaning of article 2, §1, 8° Belgian Income Tax Code), in case of a realisation of the Instruments between two interest payment dates, the pro rata of accrued interest corresponding to the detention period. “Fixed income securities” are defined as bonds, specific debt certificates issued by banks (“*kasbon*”/“*bon de caisse*”) and other similar securities, including securities where income is capitalised or securities which do not generate a periodic payment of income but are issued with a discount corresponding to the capitalised interest up to the maturity date of the security.

Payments of interest on the Instruments made through a paying agent in Belgium will in principle be subject to a 25% withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Instruments in their personal income tax return, provided withholding tax was levied on these interest payments. They may nevertheless elect to declare interest in respect of the Instruments in their personal income tax return.

If the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return.

Interest income which is declared in the annual personal income tax return will in principle be taxed at a flat rate of 25% (or at the progressive personal tax rate taking into account the taxpayer’s other declared income, whichever is more beneficial). If the interest payment is declared, any withholding tax retained may be credited.

Capital gains realised on the sale of the Instruments are in principle tax exempt, unless the capital gains are realised outside the scope of the management of one’s private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

**(ii) Belgian resident companies**

Corporations Instrumentholders who are Belgian residents for tax purposes, i.e. who are subject to Belgian Corporate Income Tax (“*Vennootschapsbelasting*”/“*Impôt des sociétés*”) are in Belgium subject to the following tax treatment with respect to the Instruments.

Interest derived by Belgian corporate investors on the Instruments and capital gains realised on the Instruments will be subject to Belgian corporate income tax of 33.99 per cent. Capital losses are in principle deductible.

Interest payments on the Instruments (except Zero Coupon Instruments) made through a paying agent in Belgium can under certain circumstances be exempt from withholding tax, provided a special certificate is delivered. The Belgian withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

**(iii) Belgian legal entities**

Legal entities Instrumentholders who are Belgian residents for tax purposes, i.e. who are subject to Belgian tax on legal entities (“*Rechtspersonenbelasting*”/“*impôt des personnes morales*”) are in Belgium subject to the following tax treatment with respect to the Instruments.

Payments of interest (as defined above in the Section “Tax rules applicable to natural persons resident in Belgium”) on the Instruments made through a paying agent in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is required to declare and pay the 25 per cent. withholding tax to the Belgian tax authorities.

Capital gains realised on the sale of the Instruments are in principle tax exempt, unless the capital gain qualifies as interest (as defined above). Capital losses are in principle not tax deductible.

(iv) **Organization for Financing Pensions**

Belgian pension fund entities that have the form of an Organization for Financing Pensions (OFP) are subject to Belgian Corporate Income Tax (“*Vennootschapsbelasting*”/“*Impôt des sociétés*”). OFPs are in Belgium subject to the following tax treatment with respect to the Instruments.

Interest derived by OFP holders on the Instruments and capital gains realised on the Instruments will be exempt from Belgian Corporate Income Tax. Capital losses are in principle not tax deductible.

The Belgian withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

(v) **Belgian non-residents**

The interest income on the Instruments paid through a professional intermediary in Belgium will, in principle, be subject to a 25 per cent. withholding tax, unless the holder of the Instruments is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit. If the income is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident investors can also obtain an exemption of Belgian withholding tax on interest from the Instruments if they are the owners or *usufructors* of the Instruments and they deliver an affidavit confirming that they have not allocated the Instruments to business activities in Belgium and that they are non-residents, provided that (i) the interest is paid through a Belgian credit institution, stock market company or clearing or settlement institution and that (ii) the Instruments are not used by the Issuer for carrying on a business in Belgium.

The non-residents who use the Instruments to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian resident companies (see above).

***European Directive on taxation of savings income in the form of interest payments***

The EU has adopted a directive (European Council Directive 2003/48/EC) regarding the taxation of savings income (hereinafter “**EU Savings Tax Directive**”). The EU Savings Tax Directive requires Member States to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual or to certain other persons resident in another Member State (hereinafter “**Disclosure of Information Method**”), except that Austria and Luxembourg may instead impose a withholding system (hereinafter “**Source Tax**”) for a transitional period (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld), unless during such period they elect otherwise. A number of third countries and territories have adopted similar measures to the EU Savings Tax Directive.

(i) **Individuals not resident in Belgium**

Interest paid or collected through Belgium on the Instruments and falling under the scope of application of the EU Savings Tax Directive will be subject to the Disclosure of Information Method.

(ii) **Individuals resident in Belgium**

An individual resident in Belgium will be subject to the provisions of the EU Savings Tax Directive, if he receives interest payments from a paying agent (within the meaning of the EU Savings Tax Directive) established in another EU Member State, Switzerland, Liechtenstein, Andorra, Monaco, San Marino, Curaçao, Bonaire, Saba, Sint Maarten, Sint Eustatius (formerly the Netherlands Antilles), Aruba, Guernsey, Jersey, the Isle of Man, Montserrat, the British Virgin Islands, Anguilla, the Cayman Islands or the Turks and Caicos Islands.

If the interest received by an individual resident in Belgium has been subject to a Source Tax, such Source Tax does not liberate the Belgian individual from declaring the interest income in the personal income tax declaration. The Source Tax will be credited against the personal income tax. If the Source Tax withheld exceeds the personal income tax due, the excessive amount will be reimbursed, provided it reaches a minimum of Euro 2.5.

***Tax on stock exchange transactions and tax on repurchase transactions***

A *taxe sur les opérations de bourse* (tax on stock exchange transactions) will be levied on the purchase and sale of the Instruments through a professional intermediary in Belgium. The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.09 per cent. with a maximum amount of Euro 650 per transaction

and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

A *taxe sur les reports* (tax on repurchase transactions) at the rate of 0.085 per cent. will be due from each party to any such transaction entered into or settled in Belgium in which a stockbroker acts for either party (with a maximum amount of Euro 650 per transaction and per party).

However none of the taxes referred to above will be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126.1 2° of the *Code des droits et taxes divers* (Code of various duties and taxes) for the *taxe sur les opérations de bourse* and Article 139, second paragraph, of the same code for the *taxe sur les reports*.

### ***Gift, estate or inheritance tax***

Except for the gift tax payable in the case of a gift by deed made in Belgium, no gift, estate or inheritance tax is due in Belgium in respect of Instruments, unless a holder of the Instruments is resident in Belgium at the time of his death.

### **Republic of France Taxation**

*The following is an overview of certain material French tax considerations relating to Instruments issued to holders resident in or otherwise subject to tax in France or Instruments held through a Paying Agent or custodian located in France.*

*This information is of a general nature and does not purport to be a comprehensive description of all French tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Instruments. In some cases, different rules can be applicable, depending, in particular, on the characterisation of the Instruments for French tax purposes or on the purchaser's specific circumstances. The comments below only apply to Instrumentholders that are the beneficial owners of the Instruments who acquire and hold the Instruments as an investment and do not apply to dealers in Instruments.*

*Furthermore, the tax rules are based on what is understood to be the current law and revenue practice on 1st June 2014 and can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change. This overview is based on the French tax legislation, treaties, rules, and administrative interpretations and similar documentation, in force as of the date of the publication of this offer in France, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect.*

Each prospective Instrumentholder should consult a professional adviser with respect to the tax consequences of an investment in the Instruments, taking account in particular of the potential Instrumentholder's own individual situation and the characteristics of the relevant Instruments.

### **Instrumentholders Individuals resident in France: French Income and Capital Gains Tax**

#### *Taxation of interest payments*

Interest paid to an individual is in principle subject to personal income tax, according to the standard progressive income tax rate, whose top rate is currently 45 per cent., and to social contributions at the rate global rate of 15.5 per cent. (5.1 per cent. being deductible from the taxable income of the year of payment of these contributions). This income would also be included in the "reference income" on which the *contribution exceptionnelle sur les hauts revenus* would apply (see below).

Income tax is payable by way of a mandatory prepayment of 24 per cent., which is later set off against the final income tax liability of the taxpayer (and refunded if in excess of the final income tax liability).

When the Paying Agent is established in France, it is responsible for withholding and reporting the social contributions and the 24 per cent. income tax prepayment. When the Paying Agent is established outside France, it is in principle not involved in this withholding obligation and the taxpayer is responsible for paying the income tax prepayment and the social contributions directly to the French tax authorities no later than the 15th of the month following the payment of interest. If the Paying Agent is established in an EU or EEA member state, the Paying Agent can however be appointed by the taxpayer to do so.

If the total amount of interest and assimilated income of the taxpayer in a given year does not exceed € 2,000, he / she can elect to be subject to a 24 per cent. flat income tax on such income.

#### *Taxation of gains*

Gains derived from the disposal of the Instruments are subject to personal income tax, according to the standard progressive income tax schedule, whose top rate is currently 45 per cent. A reduction of the taxable basis (up to 65 per cent.) applies to gains or losses arising from the sale of Instruments. Social contributions of 15.5 per cent. are also due (5.1 per cent. is however deductible from the taxable income of the year of payment of these contributions). This income would also be included in the "reference income" on which the *contribution exceptionnelle sur les hauts revenus* would apply (see below).

If the Instrumentholder sells Instruments at a loss, such loss may be offset against capital gains of the same nature during the year of the loss or the ten following years, subject to filing obligations.

The Instruments are not eligible for the *plan d'épargne en actions* ("PEA").

#### *Contribution exceptionnelle sur les hauts revenus*

An exceptional contribution could be applicable to Instrumentholders. This tax takes the form of a levy equal to 3 per cent. of the fraction of the "reference income" above € 250,000 (or € 500,000 for a couple taxed on a joint basis) and 4 per cent. on "reference income" over € 500,000 (€ 1,000,000 for a couple). The contribution is levied on the "reference income" for the relevant fiscal year, which would include income and gains realised in relation to the Instruments.

#### *Instrumentholders subject to French corporate income tax*

Income or gains in relation to the Instruments are subject to corporate income tax at the standard rate. Additional contributions to corporate income tax may also be applicable depending on the amount of (i) corporate income tax due by the company (additional contribution at a 3.3 per cent. rate, if the amount of corporate income tax due is higher than Euros 763.000) or (ii) the gross sales of the company (exceptional contribution at a 10.7 per cent. rate, if gross sales are higher than Euros 250 million. Losses are generally treated as ordinary losses which may be set off against operational profits and any remaining balance carried forward in accordance with standard rules (i.e. unlimited carry forward, in principle, it being noted however that carry forward losses can only be offset against profits of a given year up to an amount of € 1,000,000 plus 50 per cent. of the taxable profit of that year).

Interest payments are taxed on an accruals basis.

The timing of recognition of income, gains or losses in relation to the holding or disposal of the Instruments may vary, depending on the characteristics of the Instruments.

#### **Investors residing abroad**

In principle, income or gains derived from the Instruments by non-resident individuals or companies are not subject to taxation in France, provided that the Instruments are not recorded by a permanent establishment or a fixed base they have in France.

#### **Transfer tax**

Subscription or transfers of the Instruments would not be subject to transfer tax or stamp duty in France.

#### **Gift and Inheritance Taxes**

French gift or inheritance taxes would not be levied on the transfer of the Instruments by way of gift by, or on the death of, a Instrumentholder, unless, subject to applicable double tax treaty provisions:

- (a) the Instrumentholder is resident of France; or
- (b) the beneficiary is resident of France and has been so resident for at least six years over the ten preceding years; or

- (c) if both the Instrumentholder and the beneficiary are residents outside of France, the transferred assets are located in France.

Assets considered as located in France would include receivables over a debtor which is established in France.

Applicable brackets and rates vary depending in particular on the relationships between the individuals concerned.

### **Wealth Tax applicable to Individuals**

The value of the Instruments at 1 January of each year will, in general and subject to the relevant applicable double tax treaty provisions or specific rules in relation to new residents, be included in the French resident Instrumentholder's taxable assets. When taxable assets exceed € 1,300,000, wealth tax is levied at a progressive rate from 0.5 per cent. up to 1.50 per cent. of the net wealth above €800,000.

Wealth tax may be capped where the sum of the wealth tax and the personal income tax of the French tax resident exceeds 75 per cent. of his / her income of the preceding year.

Non-residents are only subject to French wealth tax on their French assets but are generally exempt in relation to their Instruments, even if regarded as French assets.

### **Paying Agent or Custodian located in the Republic of France**

#### *French implementation of the EU Savings Tax Directive*

The EU has adopted a directive (European Council Directive 2003/48/EC) regarding the taxation of savings income (hereinafter “**EU Savings Tax Directive**”). The EU Savings Tax Directive requires Member States to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual or to certain other persons resident in another Member State. The EU Savings Tax Directive has been implemented in French law under article 242 ter of the French Code Général des Impôts. These provisions impose on paying agents established in France an obligation to report to the French tax authorities, certain information with respect to interest payments made to beneficial owners (individuals or certain entities) domiciled in another Member State (or certain territories), including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest (within the meaning of the EU Savings Tax Directive) paid to that beneficial owner.

### **German Taxation**

*The following general summary does not consider all aspects of income taxation in the Federal Republic of Germany (“Germany”) that may be relevant to a holder of the Instruments in the light of the holder’s particular circumstances and income tax situation. This summary applies to Instrumentholders, who are solely tax resident in Germany, and it is not intended to be, nor should it be construed to be, legal or tax advice. It is based on German tax laws and regulations, all as currently in effect and all subject to change at any time, possibly with retroactive effect.*

*Prospective holders are urged to consult their own tax advisers as to the particular tax consequences to them of subscribing, purchasing, holding and disposing of the Instruments, including the application and effect of state, local, foreign and other tax laws and the possible effects of changes in the tax laws of Germany.*

### **Income Taxation**

#### *Interest income*

If the Instruments are held as private assets (*Privatvermögen*) by an individual investor whose residence or habitual abode is in Germany, payments of interest under the Instruments are generally taxed as investment income (*Einkünfte aus Kapitalvermögen*) at a 25 per cent. flat tax (*Abgeltungsteuer*) (plus a 5.5 per cent. solidarity surcharge (*Solidaritätszuschlag*) thereon and, if applicable to the individual investor, church tax (*Kirchensteuer*)).

The flat tax is generally collected by way of withholding (see subsequent paragraph – *Withholding tax*) and the tax withheld shall generally satisfy the individual investor's tax liability with respect to the Instruments. If, however, no or not sufficient tax was withheld (e.g., in case there is no Domestic Disbursing Agent, as defined below), the investor will have to include the income received with respect to the Instruments in its annual income tax return. The flat tax

will then be collected by way of tax assessment. The investor may also opt for inclusion of investment income in its income tax return if the aggregated amount of tax withheld on investment income during the year exceeded the investor's aggregated flat tax liability on investment income (e.g., because of available losses carried forward or foreign tax credits). If the investor's individual income tax rate which is applicable on all taxable income including the investment income is lower than 25 per cent., the investor may opt to be taxed at individual progressive tax rates with respect to its investment income.

Individual investors are entitled to a saver's lump sum tax allowance (*Sparer-Pauschbetrag*) for investment income of 801 Euro per year (1,602 Euro for jointly assessed husband and wife). The saver's lump sum tax allowance is also considered for purposes of withholding tax (see subsequent paragraph – *Withholding tax*) if the investor has filed a withholding tax exemption request (*Freistellungsauftrag*) with the respective Domestic Disbursing Agent (as defined below). The deduction of related expenses for tax purposes is not permitted.

If the Instruments are held as business assets (*Betriebsvermögen*) by an individual or corporate investor which is tax resident in Germany (i.e., a corporation with its statutory seat or place of management in Germany), interest income from the Instruments is subject to personal income tax at individual progressive tax rates or corporate income tax (each plus 5.5 per cent. solidarity surcharge thereon and church tax, if applicable) and, in general, trade tax. The effective trade tax rate depends on the applicable trade tax factor (*Gewerbesteuer-Hebesatz*) of the relevant municipality where the business is located. In case of individual investors the trade tax may, however, be partially or fully creditable against the investor's personal income tax liability depending on the applicable trade tax factor and the investor's particular circumstances. The interest income will have to be included in the investor's personal or corporate income tax return. Any German withholding tax (including surcharges) is generally fully creditable against the investor's personal or corporate income tax liability or refundable, as the case may be.

If Luxembourg tax was withheld by the Issuer on interest paid to German investors according to the Luxembourg laws of 21 June 2005 implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income, the German investor will generally be entitled to a credit or a refund of the tax withheld against its German income tax liability.

#### ***Withholding tax on interest***

If the Instruments are kept or administered in a domestic securities deposit account with a German credit or financial services institution (*Kredit- oder Finanzdienstleistungsinstitut*) (or with a German branch of a foreign credit or financial services institution), or with a German securities trading business (*Wertpapierhandelsunternehmen*) or a German securities trading bank (*Wertpapierhandelsbank*) (altogether a “**Domestic Disbursing Agent**”) which pays or credits the interest, a 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, resulting in a total withholding tax charge of 26.375 per cent., is levied on the interest payments. The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

#### ***Capital gains from sale or redemption***

Subject to the saver's lump sum tax-allowance for investment income described under the paragraph *Interest income* above, capital gains from the sale or redemption of the Instruments held as private assets are taxed at the 25 per cent. flat tax (plus a 5.5 per cent. solidarity surcharge thereon and, if applicable to the individual investor, church tax). The capital gain is determined as the difference between the proceeds from the sale or redemption of the Instruments and the acquisition costs. Expenses directly and factually related (*unmittelbarer sachlicher Zusammenhang*) to the sale or redemption are taken into account. Otherwise, the deduction of related expenses for tax purposes is not permitted.

Where the Instruments are acquired and/or sold in a currency other than Euro, the acquisition costs will be converted into Euro at the time of acquisition, the sales proceeds will be converted in Euro at the time of sale, and only the difference will then be computed in Euro.

Capital losses from the sales or redemption of the Instruments held as private assets should generally be tax-recognised irrespective of the holding period of the Instruments. However, in case where no (or only de minimis) payments are made to the investors on the maturity or redemption date of the Instruments (e.g., due to the limited recourse), any capital losses might not be recognised by the German tax authorities. Any tax-recognised capital losses may not be used to offset other income like employment or business income but may only be offset against investment income. Capital losses not utilised in one annual assessment period may be carried forward into subsequent assessment periods but may not be carried back into preceding assessment periods.

The flat tax is generally collected by way of withholding (see subsequent paragraph – *Withholding tax*) and the tax withheld shall generally satisfy the individual investor's tax liability with respect to the Instruments. With respect to the return filing, investors shall refer to the description under paragraph *Interest income* above.

If the Instruments are held as business assets (*Betriebsvermögen*) by an individual or corporate investor which is tax resident in Germany, capital gains from the Instruments are subject to personal income tax at individual progressive tax rates or corporate income tax (plus 5.5 per cent. solidarity surcharge thereon and church tax, if applicable) and, in general, trade tax. The effective trade tax rate depends on the applicable trade tax factor of the relevant municipality where the business is located. In case of an individual investor the trade tax may, however, be partially or fully creditable against the investor's personal income tax liability depending on the applicable trade tax factor and the investor's particular circumstances. The capital gains will have to be included in the investor's personal or corporate income tax return. Capital losses from the sale or redemption of the Securities should generally be tax-recognised and may generally be offset against other income. It cannot be ruled out that certain Instruments may be classified as derivative transaction (*Termingeschäft*) for tax purposes. In this case, any losses from the Instruments would be subject to a special ring-fencing provision and could only be offset against gains from other derivative transactions. Any German withholding tax (including surcharges) is generally fully creditable against the investor's personal or corporate income tax liability or refundable, as the case may be.

### ***Withholding tax on capital gains***

If the Instruments are kept or administered by a Domestic Disbursing Agent from the time of their acquisition, a 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, is generally levied on the capital gains, resulting in a total withholding tax charge of 26.375 per cent. If the Instruments were sold or redeemed after being transferred to a securities deposit account with another Domestic Disbursing Agent, the 25 per cent. withholding tax (plus solidarity surcharge thereon) would be levied on 30 per cent. of the proceeds from the sale or the redemption, as the case may be, unless the investor or the previous depository bank was able and allowed to provide evidence for the investor's actual acquisition costs to the current Domestic Disbursing Agent. The applicable withholding tax rate is in excess of the aforementioned rate if church tax applies to the individual investor.

No withholding is generally required on capital gains from the disposal or redemption of the Instruments which is derived by German resident corporate investors and upon application by individual investors holding the Instruments as business assets, subject to certain requirements.

### **Inheritance and gift tax**

The transfer of Instruments to another person by way of gift or inheritance may be subject to German gift or inheritance tax, respectively, if *inter alia*

- (i) the testator, the donor, the heir, the donee or any other acquirer had his residence, habitual abode or, in case of a corporation, association of persons (*Personenvereinigung*) or asset pool (*Vermögensmasse*), has its seat or place of management in Germany at the time of the transfer of property,
- (ii) except as provided under (i), the testator's or donor's Instruments belong to business assets attributable to a permanent establishment or a permanent representative in Germany.

Prospective investors are urged to consult with their tax advisor to determine the particular inheritance or gift tax consequences in light of their particular circumstances.

### **Other taxes**

The purchase, sale or other disposal of Instruments does not give rise to capital transfer tax, value added tax, stamp duties or similar taxes or charges in Germany. However, under certain circumstances entrepreneurs may choose liability to value added tax with regard to the sales of Instruments to other entrepreneurs which would otherwise be tax exempt. Net wealth tax (*Vermögensteuer*) is, at present, not levied in Germany.

### **Italian Taxation**

***The following is a summary of current Italian law and practice relating to the taxation of the Instruments. The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive***

*basis. The Issuer will not update this summary to reflect changes in laws and if such a change occurs the information in this summary could become invalid.*

*The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Instruments and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.*

*With regard to certain innovative or structured financial instruments there is currently neither case law nor comments of the Italian tax authorities as to the tax treatment of such financial instruments. Accordingly, it cannot be excluded that the Italian tax authorities and courts or Italian intermediaries may adopt a view different from that outlined below.*

*This summary assumes that the Issuer (and, in case of Substitution, the Substitute Company) is not a tax resident nor deemed to be a tax resident of Italy and that it has no permanent establishment within the Italian territory.*

*Prospective purchasers are advised to consult their own tax advisers concerning the overall tax consequences of their interest in the Instruments.*

## **Tax Treatment of the Instruments**

### **(i) Instruments qualified as bonds or debentures similar to bonds**

Legislative Decree No. 239 of 1 April 1996 (“**Decree No. 239**”) provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price “**Interest**”) from Instruments falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli simili alle obbligazioni*) issued, *inter alia*, by non-Italian resident issuers. For this purpose, securities similar to bonds are debt instruments implying a “use of capital” issued in mass that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and that do not allow a direct or indirect participation in the management of the issuer.

In addition, according to the guidelines provided by the Italian tax authorities in Circular letter of 3 May 2011, no. 53/E, the same regime applies on securities issued by foreign securitisation vehicles in relation to securitisation transactions that – though governed by a foreign law – are fully compliant with Italian law provisions governing securitisation transactions laid down in law of 30 April 1999, No. 130.

#### ***Italian resident Instrumentholders***

Where the Italian resident Instrumentholder who is the beneficial owner of the Instruments is (i) an individual not engaged in an entrepreneurial activity to which the Instruments are connected (unless he has opted for the application of the *risparmio gestito regime*, see paragraph “Capital gains Tax” below), (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Instruments are subject to a withholding tax, referred to as “*imposta sostitutiva*”, levied at the rate of 20 per cent. (26 per cent. starting from 1st July 2014, according to Law Decree no. 66 of 24 April 2014 (the “**Decree no. 66**”), if such decree is converted into law within 60 days from its publication on the Italian Official Gazette), either when the interest is paid by the Issuer, or when payment thereof is obtained by the Instrumentholder on a sale of the relevant Instruments. The *imposta sostitutiva* may not be recovered as a deduction from the income tax due.

In case the Instruments are held by an individual or a non-commercial private or public institution engaged in a business activity and are effectively connected with same business activity, the Interest will be subject to the *imposta sostitutiva* and will be included in the relevant income tax return. As a consequence, the interest will be subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the income tax due.

Where an Italian resident Instrumentholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Instruments are effectively connected and the Instruments are deposited with an authorised intermediary, Interest from the Instruments will not be subject to *imposta sostitutiva*, but must be included in the relevant Instrumentholder’s income tax return and are therefore subject to general Italian corporate tax (*imposta sul reddito delle società*, “**IRES**” is currently applicable at a rate of 27.5 per cent.) or to personal income taxation (as business income), as the case may be,

according to the ordinary rules. In certain circumstances, depending on the "status" of the Instrumentholder, such proceeds may also be included in its taxable base for regional income tax on productive activities (IRAP, currently applicable at a rate of 3.9 per cent.; the IRAP rate may be increased in certain Italian regions; the IRAP rate has also been increased to 4.65 per cent. and 5.9 per cent. by Article 23(5) of Law decree no. 98 of 6 July 2011 for the categories of companies indicated, respectively, under Article 6 and Article 7 of Legislative Decree no. 446 of 15 December 1997).

Where the Instrumentholder is an Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998 (the "**Real Estate Investment Funds**"), or a SICAFs (to which the provisions of Article 9 of Legislative Decree No. 44 of 4 March 2014 ("**Decree No. 44**") apply), Interest is subject neither to substitute tax nor to any other income tax in the hands of the Fund or the SICAFs. A withholding tax may apply in certain circumstances at the rate of up to 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) on distributions made by Italian Real Estate Funds or by SICAFs.

Where the Instrumentholder is an Italian investment funds (which includes Fondi Comuni d'Investimento, or SICAV), as well as Luxembourg investment funds regulated by article 11-bis of Law Decree No. 512 of 30 September 1983 (collectively, the "**Funds**"), Interest is subject neither to substitute tax nor to any other income tax at the fund/SICAV level. A withholding tax may apply in certain circumstances at the rate of up to 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) on distributions made by the Fund or SICAV.

Where the Instrumentholder is a pension fund (subject to the tax regime set forth by Article 17 of Legislative Decree No. 252 of 05/12/2005, the "**Pension Funds**") Interest must be included in the Pension Fund's annual net accrued result that is subject to an 11 per cent. substitutive tax.

Pursuant to Decree No. 239, *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Economy and Finance (each an "**Intermediary**"). An Intermediary must (i) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary and (ii) intervene, in any way, in the collection of interest or in the transfer of the Instruments. For the purpose of the application of the *imposta sostitutiva*, a transfer of Instruments includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Instruments or in a change of the Intermediary with which the Instruments are deposited.

Where the Instruments are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a Instrumentholder.

#### ***Non-Italian resident Instrumentholders***

Interest payments relating to Instruments received by non-Italian resident beneficial owners are generally, provided that certain conditions and formalities are met, not subject to tax in Italy.

#### **(ii) Instruments qualified as Atypical securities**

Instruments that (i) are not deemed to be bonds (*obbligazioni*), debentures similar to bonds (*titoli similari alle obbligazioni*), shares (*azioni*), or securities similar to shares (*titoli similari alle azioni*) pursuant to Presidential Decree 22 December 1986 n. 917 ("**TUIR**") and (ii) generate income from the investment of capital (*reddito di capitale*) pursuant article 44 of TUIR would be considered as "atypical" securities pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 converted by Law No. 649 of 25 November 1983. In this event, payments relating to Instruments made by non-Italian resident issuers are subject to withholding tax, levied at the rate of 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette), if made to the following Italian resident Instrumentholders: (i) individuals, (ii) non-commercial partnerships; (iii) Real Estate Investment Funds and SICAFs, (iv) Funds, (v) Pension Fund and (vi) entities exempt from Italian corporate income tax. Payments made to Italian resident Instrumentholders which are companies or similar commercial entities (including a permanent establishment in Italy of a foreign entity to which the Instruments are effectively connected) are not subject to the 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) withholding tax, but will form part of their aggregate income subject to IRES

according to ordinary rules. In certain cases, such amounts may also be included in the taxable base for IRAP purposes.

Payments relating to Instruments received by non-Italian resident beneficial owners are generally, provided that certain conditions and formalities are met, not subject to tax in Italy.

This withholding is levied by any entities, resident in Italy, which intervene, in any way, in the collection of payment of the Instruments or in the transfer of the Instruments.

(iii) **Instruments representing financial instruments non entailing a static “use of capital”**

Based on the principles stated by the Italian tax authorities in resolution No. 72/E of 12 July 2010, income deriving from Instruments representing a securitized derivative financial instrument or a bundle of derivative financial instruments not entailing a static “use of capital” (“*impiego di capitale*”), but rather an indirect investment in underlying financial instruments for the purpose of obtaining a profit deriving from the negotiation of such financial instruments as well as capital gains realised through the sale of the same Instruments should be subject to Italian taxation according to the principles provided under paragraph “Capital gains Tax” below.

### **Capital gains Tax**

Where the Italian resident holder of Instruments who is the beneficial owner of the Instruments is (i) an individual not engaged in an entrepreneurial activity to which the Instruments are connected, (ii) a non-commercial partnership, pursuant to article 5 TUIR (with the exception of general partnership, limited partnership and similar entities) (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, and the Instruments generate capital gains pursuant to article 67 TUIR, capital gains accrued on the sale of the Instruments are subject to a 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) substitute tax (*imposta sostitutiva*). The recipient who is an Italian resident individual not engaged in an entrepreneurial activity to which the Instruments are connected may opt for three different taxation criteria provided for by article 67 TUIR and Legislative Decree No. 461 of 21 November 1997 (“**Decree No. 461**”), as subsequently amended:

- under the tax declaration regime (*regime della dichiarazione*), which is the standard regime for taxation of capital gains realised by Italian resident individuals not engaged in an entrepreneurial activity to which the Instruments are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a yearly cumulative basis, on all capital gains, net of any offsettable capital loss, realised by the Italian resident individual holding the Instruments not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Instruments carried out during any given tax year. Italian resident individuals holding the Instruments not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Any capital loss realised between the date this Base Prospectus is published and 30 June 2014 is carried forward to offset any capital gain realized after that date for 76.92 per cent. of its amount;
- as an alternative to the tax declaration regime, Italian resident individuals holding the Instruments not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Instruments (the “*risparmio amministrato*” regime provided for by Article 6 of the Decree No. 461). Such separate taxation of capital gains is allowed subject to (i) the Instruments being deposited with Italian banks, SIMs or certain authorised financial intermediaries and (ii) an express election for the *risparmio amministrato* regime being timely made in writing by the relevant holder of the Instruments. The depository is responsible for accounting the *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Instruments (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the holder of Instruments or using funds provided by the holder of Instruments for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Instruments results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same relationship of deposit, in the same tax year or in the following tax years up to the fourth. Any capital loss realised between the date this Base Prospectus is published and 30 June 2014 is carried forward to offset any capital gain realized after that date for 76.92 per cent. of its amount. Under the *risparmio amministrato* regime, the holder of Instruments is not required to declare the capital gains in the annual tax return;

- any capital gains realised or accrued by Italian resident individuals holding the Instruments not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Instruments, to an authorised intermediary and have opted for the so-called “*risparmio gestito*” regime (provided for by Article 7 of the Decree No. 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Any capital loss realised between the date this Base Prospectus is published and 30 June 2014 is carried forward to offset any capital gain realized after that date for 76.92 per cent. of its amount. Under the *risparmio gestito* regime, the holder of Instruments is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident holder of the Instruments who is the beneficial owner of the Instruments is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Instruments are effectively connected, capital gains arising from the Instruments will not be subject to *imposta sostitutiva*, but must be included in the relevant holder of Instruments’ income tax return and are therefore subject to IRES and, in certain circumstances, depending on the “status” of the Instrumentholder, also as a part of the net value of production for IRAP purposes.

Any capital gains realised on the transfer of or redemption of the Instruments by beneficial owners which are Italian Real Estate Funds or SICAFs (to which the provisions of Article 9 of Legislative Decree No. 44 of 4 March 2014 (“**Decree No. 44**”) apply) are not subject to any substitute tax at the fund/SICAF level nor to any other income tax in the hands of the fund or the SICAF. Italian Real Estate Funds and SICAFs are not subject to any substitute tax at the fund/SICAF level nor to any other income tax in the hands of the fund or the SICAF, whereas a withholding tax at a rate of up to 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) will be applied under certain circumstances on income realised by the participants to the fund or to the SICAF on distributions or redemption made by the fund or by the SICAF (where the item of income realised by the participants may include the capital gains on the Instruments).

Any capital gains realised through the transfer for consideration or redemption of the Instruments by beneficial owners which are Funds or SICAV will not be subject to any withholding or substitute tax applied at source. A withholding tax may apply in certain circumstances at the rate of up to 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) on distributions or redemptions made by the Fund or SICAV to certain categories of investors.

Any capital gains realised through the transfer for consideration or redemption of the Instruments by beneficial owners which are Pension Funds subject to the regime provided for by Article 17 of Decree 252/2005 are included in the calculation of the management result of the fund, accrued in each year, subject to substitute tax at the rate of 11 per cent..

Any capital gains realised on the transfer for consideration or redemption of the Instruments by non-Italian resident beneficial owners without a permanent establishment in Italy to which the Instruments are effectively connected:

- are not subject to taxation in Italy pursuant to Article 23 TUIR, in case the Instruments are traded in a regulated market. Non-Italian resident beneficial owners may be required to timely produce an appropriate self-declaration stating that they are not resident in Italy for tax purposes, in order to benefit from the exemption from taxation in Italy of capital gains realised on the transfer or the redemption of the Instruments;
- are in principle subject to a 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) substitute tax on capital gains pursuant to Article 5 of Decree No. 461 in case the Instruments are held in Italy and are not traded in a regulated markets. However, in such case, pursuant to Article 5, paragraph 5 of Decree No. 461, capital gains are exempt from the 20 per cent. (26 per cent. starting from 1st July 2014, according to the Decree no. 66, if such decree is converted into law within 60 days from its publication on the Italian Official Gazette) substitute tax if realised by (a) non-Italian resident persons, which are resident for tax purposes in a State or territory with which Italy has an adequate exchange of information (b) international bodies and organisations established in accordance with international agreements ratified in Italy; (c) foreign institutional investors, even if they are not taxable persons, set up in a State or territory with which Italy has an adequate exchange of information; and (d) Central Banks and entities also managing official State

reserves. In relation to non-Italian resident investors holding the Instruments with an Italian authorized financial intermediary, the exclusion of Italian taxation may be subject to certain procedural formalities.

In case the above exemption does not apply, the provisions of Decree No. 461 do not preclude the application of more favourable provisions laid down in any applicable double tax treaty entered into by Italy.

### **Inheritance and gift taxes**

Pursuant to Law Decree No. 262 of 3 October 2006 (“**Decree No. 262**”), converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (i) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the total value of the inheritance or the gift exceeding € 1,000,000 per beneficiary;
- (ii) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the total value of the inheritance or the gift exceeding € 100,000 per beneficiary; and
- (iii) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the beneficiary of any such transfer is a disabled individual, whose handicap is recognised pursuant to Law No. 104 of 5 February 1992, the tax is applied only on the value of the assets (including the Instruments) received in excess of € 1,500,000.00 at the rates illustrated above, depending on the type of relationship existing between the deceased or donor and the beneficiary.

Moreover, an anti-avoidance rule is provided for in case of gift of assets, such as the Instruments, whose sale for consideration would give rise to capital gains to be subject to the *imposta sostitutiva* provided for by Decree No. 461, as subsequently amended. In particular, if the donee sells the Instruments for consideration within five years from their receipt as a gift, the donee is required to pay the relevant *imposta sostitutiva* as if the gift had never taken place.

### **Transfer Tax**

Contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarized deeds are subject to fixed registration tax at rate of € 200.00; (ii) private deeds are subject to registration tax only in case of voluntary registration or if the so called “*caso d’uso*” and “*enunciazione*” occur.

### **Wealth Tax**

According to Article 19(18) of Decree of 6 December 2011, No. 201 (“**Decree No. 201**”), converted with Law of 22 December 2011, No. 214, Italian resident individuals holding certain financial assets – including the Instruments – outside of the Italian territory are required to pay a wealth tax at the rate of 0.2 per cent. The tax applies on the market value at the end of the relevant year or – in the lack of the market value – on the nominal value or redemption value of such financial assets held outside of the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

### **Stamp duty**

Pursuant to Article 19(1) of Decree No. 201, a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries, carrying out their business activity within the Italian territory, to their clients for the Instruments deposited therewith. The stamp duty applies at the current rate of 0.2 per cent.; this stamp duty is determined on the basis of the market value or — if no market value figure is available — the nominal value or redemption amount of the Instruments held. The stamp duty can be no lower than €34.20. If the client is not an individual, the stamp duty cannot be higher than € 14,000.00.

## **Tax Monitoring**

Pursuant to Italian Law Decree no 167 of 28 June 1990, converted by Law No. 227 of 4 August 1990, as amended by Law of 6 August 2013, no. 97 (Legge Europea 2013), individuals, non-commercial institutions and non-commercial partnerships resident in Italy, under certain conditions, will be required to report in their yearly income tax return, for tax monitoring purposes, the amount of investments (including the Securities) directly or indirectly held abroad during each tax year. Inbound and outbound transfers and other transfers occurring abroad in relation to investments should not be reported in the income tax return.

## **Italian Financial Transaction Tax**

Law No. 228 of 24 December 2012 (the “**Stability Law**”) introduced a fixed levy Italian Financial Transaction Tax (the “**Italian FTT**”) that applies to all transactions involving equity derivatives which have Italian shares, Italian equity-like instruments or Italian equity-related instruments as their underlying assets. An equity derivative is subject to the Italian FTT if the underlying or reference value consists as to more than 50 per cent., of the market value of Italian shares, Italian equity-like instruments or Italian equity-related instruments. The Italian FTT applies even if the transfer takes place outside Italy and/or any of the parties to the transaction are not resident in Italy.

The Italian FTT on derivative trades also applies to transactions in bonds and debt securities which allow the acquisition or the transfer of the financial instruments referred to above and which do not entail an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

The amount of tax due depends on the type of derivative instrument and on the contract’s value, but is subject to a maximum of EUR 200. This Italian FTT is reduced to 1/5 of the relevant amount if the transfer takes place on a regulated market or multilateral trading system.

The Italian FTT must be paid and accounted for to the Italian tax authorities by any intermediary intervening in any way in the execution of such transactions, e.g. banks, fiduciary companies or investment firms licensed to provide investment services on a professional basis to the public in accordance with Article 18 of Italian Legislative Decree No. 58 of 24 February 1998, including non-Italian resident intermediaries. However, the Stability Law provides that such an intermediary is permitted to refrain from executing the relevant transaction until they have received from the relevant person referred to above the amount of Italian FTT due on the transaction. In terms of compliance with the Italian FTT, non-Italian resident intermediaries may (i) fulfil all the relevant obligations through their Italian permanent establishment, if any; (ii) appoint an Italian withholding agent as a tax representative; or (iii) identify themselves by filing a request with the Italian Tax Administration for an Italian tax code. In the event that several financial intermediaries are involved, the obligation to make payment of the Italian FTT to the Italian tax authorities falls on the party that directly receives the transaction order from the parties. If no intermediary is involved in a transaction, the relevant parties referred to above must pay the Italian FTT due directly to the Italian tax authorities.

If a derivative is equity-settled, the consequent share transaction is ordinarily subject to the Italian FTT on equity transactions (i.e. a stamp duty-like Italian FTT of 0.2 per cent. on the transfer of shares and other equity-like instruments issued by Italian resident entities).

Some exemptions may apply.

## **Luxembourg Taxation**

***The following overview is of a general nature. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Instruments should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.***

### **Taxation of the Issuer**

A fixed registration duty (*droit fixe spécifique d’enregistrement*) of EUR75 is payable at the moment of the amendment of the articles of association of the Company. The transfer or sale of securities of the Issuer or the Company (as appropriate) will not be subject to Luxembourg registration or stamp duty.

The Company will be considered a fiscal resident of Luxembourg both for purposes of Luxembourg domestic tax law and for purposes of the tax treaties entered into by Luxembourg and should therefore be able to obtain a residence certificate from the Luxembourg tax authorities.

The Company will be liable for Luxembourg corporation taxes. The standard applicable rate in Luxembourg city, including corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and solidarity taxes, is 29.22 per cent.. Liability for such corporation taxes extends to the Company's worldwide profits including capital gains, subject to the provisions of any relevant double taxation treaty. The taxable income of the Company is computed by application of all rules of the Luxembourg income tax law of 4 December 1967, as amended (*loi concernant l'impôt sur le revenu*), as commented and currently applied by the Luxembourg tax authorities. Under certain conditions, dividends received by the Company from qualifying participations and capital gains realised by the Company on the sale of qualifying participations may be exempt from Luxembourg corporation taxes under the Luxembourg participation exemption. The Company may further deduct from its taxable profits interest payments made to Instrumentholders. For tax purposes, payments made by the Issuer or the Company (as appropriate) to Instrumentholders are treated as interest.

The Company will be exempt from wealth tax (*impôt sur la fortune*).

## **Taxation of the holders of Instruments**

### ***Withholding tax***

#### **(i) Non-resident holders of Instruments**

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005, as amended, (the "**Laws**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Instruments, nor on accrued but unpaid interest in respect of the Instruments, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Instruments held by non-resident holders of Instruments.

Under the Laws implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the "**Territories**"), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which are resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 35 per cent.. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Instruments are currently subject to withholding tax of 35 per cent.. The Luxembourg government has announced its intention to elect out of the withholding system in favour of an automatic exchange of information with effect as from 1 January 2015.

#### **(ii) Resident holders of Instruments**

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Law**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Instruments, nor on accrued but unpaid interest in respect of Instruments, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Instruments held by Luxembourg resident holders of Instruments.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be reportable and taxable at the progressive rate unless the interest has been subject to a withholding tax of 10 per cent.

Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Instruments coming within the scope of the Law would be subject to withholding tax of 10 per cent.

## ***Income Taxation***

A holder of Instruments who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Instruments are attributable, is subject to Luxembourg income tax in respect of the interest paid or accrued on, or any other income derived from, the Instruments. An individual holder of Instruments, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest or any other income received, except if withholding tax has been levied on such payments in accordance with the Law.

Under Luxembourg domestic tax law, gains realised by an individual holder of Instruments, who acts in the framework of the management of his private wealth and who is a resident of Luxembourg for tax purposes, on the sale or disposal, in any form whatsoever, of Instruments are not subject to Luxembourg income tax, provided this sale or disposal took place six months after the acquisition of the Instruments. An individual holder of Instruments, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, has further to include the portion of the gain corresponding to accrued but unpaid interest in respect of the Instruments in his taxable income, except if (i) withholding tax has been levied on such payments in accordance with the Law, or (ii) the individual holder of the Instruments has opted for the application of a 10 per cent. tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State), or in a state that has entered into a treaty with Luxembourg relating to the Council Directive 2003/48/EC of 3 June 2003.

Gains realised by a corporate holder of Instruments or by an individual holder of Instruments, who acts in the framework of the management of a professional or business undertaking, who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a fixed place of business in Luxembourg, to which the Instruments are attributable, on the sale or disposal, in any form whatsoever, of Instruments are subject to Luxembourg income tax.

Gains realised by a non-resident holder of Instruments, who does not have a permanent establishment or fixed place of business in Luxembourg, to which the Instruments are attributable, on the sale or disposal of Instruments are not subject to Luxembourg income tax.

A Luxembourg holder of Instruments that is governed by the law of 11 May 2007 on family estate companies, as amended by the laws of 13 February 2007 and 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, will not be subject to any Luxembourg income tax in respect of interest received or accrued on the Instruments, or on gains realised on the sale or disposal, in any form whatsoever, of Instruments.

## ***Wealth tax***

A corporate holder of Instruments, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Instruments are attributable, is subject to Luxembourg wealth tax on such Instruments, except if the holder of Instruments is governed by the law of 11 May 2007 on family estate companies, as amended, by the laws of 13 February 2007 and 17 December 2010 on undertakings for collective investment, as amended, by the law of 13 February 2007 on specialised investment funds, or is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended.

An individual holder of Instruments, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on Instruments.

## **Other Taxes**

Under present Luxembourg tax law, in the case where a holder of Instruments is a resident for tax purposes of Luxembourg at the time of his death, the Instruments are included in his taxable estate, for inheritance tax purposes and gift tax may be due on a gift or donation of Instruments, if the gift is recorded in a Luxembourg deed.

## **Polish Taxation**

***The following summary outlines certain principal Polish tax law consequences resulting from investing in the Instruments. It does not purport to be a comprehensive description of all potentially relevant Polish tax considerations. This summary is not tax advice; it is intended as general information only, and each prospective investor should consult a professional tax advisor with respect to the tax consequences of an investment in the***

***Instruments. This summary has been prepared on the basis of the tax legislation, published case law, treaties, regulations, and published official interpretations of Polish tax law in force as at the date of this Base Prospectus, and does not take into account any developments or amendments thereto after that date, whether or not such developments or amendments operate retroactively.***

## **Taxation of Polish tax resident individuals**

### ***Taxation of income gained outside the scope of business activity***

#### *Interest income*

The interest income received by a Polish tax resident outside the scope of business activity is subject to Polish personal income tax at a flat rate of 19%. If the interest is sourced outside Poland, it must be generally declared in the personal income tax return and relevant tax must be paid by holders of Instruments by 30 April of the calendar year immediately following the year in which such gains were obtained (or losses incurred). Taxpayers are entitled to deduct non-Polish tax based on the rules stipulated in the Polish Personal Income Tax Act and the double tax treaty between Poland and Luxembourg.

#### *Income from sale of Instruments*

According to the double tax treaty between Poland and Luxembourg, income from the sale of Instruments is taxed exclusively in the country in which the person disposing of the Instruments is resident. The income from the sale of the Instruments by a Polish tax resident outside the scope of business activity is generally subject to Polish personal income tax at a flat rate of 19%. The taxable income is the positive difference between revenue obtained from the sale of the Instruments and the costs of obtaining that revenue as defined in the relevant provisions of the Polish Personal Income Tax Act. The losses may be set off against the income from the sale of other financial instruments. Incomes from the sale of financial instruments received by a taxpayer in Poland and abroad are as a rule aggregated, and non-Polish tax is deducted from the tax calculated on the aggregated amount of income based on the rules stipulated in the Polish Personal Income Tax Act and the double tax treaty between Poland and Luxembourg.

The Issuer is not required to calculate, withhold or pay taxes as a tax remitter from income earned by individuals who are Polish tax residents. An individual who obtains gains (or incurs losses) on the sale of the Instruments is required to calculate and pay the tax due as well as submit, by 30 April of the calendar year immediately following the year in which such gains were obtained (or losses incurred), a separate tax return identifying the amount of the gains or losses.

### ***Taxation of income gained within the scope of business activity***

Both, the interest income and the income from the sale of the Instruments received by a Polish tax resident within the scope of his business activity is subject to Polish personal income tax either at a 19% flat rate or at progressive rates up to 32%, depending on the individual tax situation of the holder of instruments. Attributable costs are tax-deductible. The losses may be set off against the income resulting from the business activity.

According to the double tax treaty between Poland and Luxembourg, profits generated by a Polish enterprise should be taxed only in Poland, unless the enterprise carries out business in Luxembourg through a permanent establishment situated therein. Income received by a Polish tax resident from business activity carried out through a permanent establishment situated in Luxembourg can be taxed in Luxembourg in the scope attributable to the permanent establishment. The above-mentioned provisions also apply if the owner of the interest is a Polish tax resident who carries on business in Luxembourg through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment.

Foreign-sourced income is accumulated with the income earned within the territory of Poland unless such income is exempted from taxation in Poland on the basis of the provisions of the relevant double tax treaty. Non-Polish tax is deducted from tax calculated on aggregated amount of income on the rules stipulated in Polish Personal Income Tax Act and the double tax treaty between Poland and Luxembourg.

Generally, deduction cannot exceed the part of tax calculated before the deduction and proportionally corresponding to the income earned abroad.

## **Tax treatment of Polish tax resident legal persons**

Both the interest income and the income from the sale of the Instruments obtained by legal entities with their registered office or place of management in Poland is aggregated with other income received by such an entity and is subject to corporate income tax levied at the rate of 19%. Attributable costs are tax deductible. The losses may be set off against other income.

According to the double tax treaty between Poland and Luxembourg, profits received by a Polish enterprise should be taxed only in Poland, unless the enterprise carries out business in Luxembourg through a permanent establishment situated therein. Income received by a Polish tax resident from business activity carried out through a permanent establishment situated in Luxembourg can be taxed in Luxembourg in the scope attributable to such permanent establishment. The above-mentioned provisions shall apply also if the owner of the interest is a Polish tax resident who carries on business in Luxembourg through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment.

Foreign-sourced income is accumulated with the income earned within the territory of Poland unless such income is exempted from taxation in Poland on the basis of the provisions of the relevant double tax treaty. Non-Polish tax is deducted from tax calculated on aggregated amount of income. However, deduction cannot exceed the part of tax calculated before the deduction and proportionally corresponding to the income earned abroad.

The Issuer is not required to calculate, withhold and pay taxes as a tax remitter from income earned by legal entities who are Polish tax residents.

### **Tax treatment of non-residents**

Interest and income from the sale of the Instruments by an entity who is not a Polish tax resident cannot be classified as income obtained in Poland, and as a result, is not taxed in Poland unless it is received from business activity carried out through a permanent establishment of such taxpayer located in Poland.

### **Civil law transactions tax**

A civil law transactions tax at the rate of 1 per cent applies to a sale or exchange of property rights, including the Instruments, provided that the right attached to the Instruments is exercisable in Poland, or that the right is exercisable outside of Poland but the civil law transaction was concluded in Poland and the purchaser has its registered office or place of residence in Poland. Please note that civil law transaction tax may apply exclusively in the case of the sale or exchange of the Instruments. In the case of a sale agreement, the buyer is solely liable for paying civil law transaction tax. Taxpayers are required to, without being summoned by the tax office, file a tax return for civil law transaction tax and calculate and pay the due amount of tax within 14 days of the tax liability arising.

If the transaction is generally subject to civil law transactions tax in the light of the above rules, it still may be exempted. Exempt from civil law transactions tax is, among other things, the sale of property rights that are financial instruments:

- 1) to investment firms and foreign investment firms,
- 2) effected through investment firms and foreign investment firms,
- 3) effected as a part of organised trading,
- 4) effected outside organised trading by investment firms and foreign investment firms if such rights had been acquired by such firms as a part of organised trading,

within the meaning of relevant regulations of the Polish Act on Trading in Financial Instruments.

### **Donation and inheritance tax**

Gift and inheritance tax is charged in the case of a donation or inheritance of property rights exercisable in Poland if, at the time of the donation or the inheritance, either the donor/decedent or donator/heir was a Polish resident or had a permanent place of residence in Poland, and also in the case of property rights exercisable outside the territory of Poland where, at the time of the donation or inheritance, the acquirer was a Polish resident or had a permanent place of residence in Poland. Donations and inheritances are taxed at a progressive rate of from 3% to 20%, depending on the relationship between the donor/decedent and beneficiary/heir, and on the value of the acquired property rights. Polish tax law on donations and inheritance also provides for certain exemptions from donation and inheritance tax, in

particular for close family donations/inheritance as provided in the Polish Donation and Inheritance Tax Act. Taxpayers are required to file with the competent head of the tax office, within one month from the date when the tax liability arose, a tax return specifying the receipt of the property or property rights in a standard form. The tax return should be accompanied by documents that may influence the determination of the tax. Such tax should be paid within 14 days from the receipt of the decision issued by the head of the tax office assessing the amount of the tax liability.

## **Portuguese Taxation**

*The following overview is of a general nature. It does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any particular holder of Instruments, including tax considerations that arise from rules of general application or that are generally assumed to be known to holder of Instruments. It also does not contain in-depth information about all special and exceptional regimes, which may entail tax consequences at variance with those described herewith. Additionally, it does not analyse the tax implications that may indirectly arise from the decision to invest in the Instruments, such as those relating to the tax framework of financing obtained to support such investment or those pertaining to the counterparties of the potential investors, regarding any transaction involving the Instruments. The overview is based on the laws presently in force in Portugal, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Instruments should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Portuguese tax law, to which they may be subject.*

**Portuguese tax resident individuals or individuals with a permanent establishment in Portugal to which income associated with the Instruments is imputable**

### *Income arising from the ownership of Instruments*

Economic benefits derived from interest, amortisation, reimbursement premiums and other instances of remuneration arising from the Instruments (including, upon a transfer of the Instruments, the interest accrued since the last date on which interest was due), are classified as “investment income” for Portuguese tax purposes.

In case investment income arising from the Instruments is paid by a Portuguese paying agent, acting on behalf of, or contractually obliged by, either the non-resident entity (bound to pay the income) or the Portuguese resident individual (i.e. the recipient), Personal Income Tax (*Imposto sobre o Rendimento das Pessoas Singulares* (“**IRPS**”)) at a 28 per cent flat rate will be withheld when such income is due to its recipient. In this case, the Portuguese resident individual, unless deriving such income in the capacity of entrepreneur or self-employed professional, may choose to declare such income in his or her tax return, together with the remaining items of income derived. If such election is made, all income must be declared and subject to IRPS at the rate resulting from the application of the relevant progressive tax brackets for the year in question of up to 48 per cent, plus a 3.5 per cent surtax on income exceeding €6,790 and a solidarity tax of up to 5 per cent on income exceeding €250,000 (2.5 per cent on income exceeding €80,000, up to €250,000). The domestic withholding tax suffered will constitute a payment in advance of such final IRPS liability. Foreign withholding tax suffered, if any, may be considered as a tax credit against the final IRPS liability, in accordance with the applicable Double Taxation Treaty. If no such election is made, the domestic 28 per cent withholding tax suffered constitutes the final Portuguese liability and the income does not need to be disclosed in the tax return (and therefore no foreign tax credit is granted). In case interest arising from the Instruments is not paid by a Portuguese paying agent, no Portuguese withholding tax is due. A Portuguese resident individual must declare the relevant income in his or her tax return and either subject it to the final flat 28 per cent rate or aggregate it with the remaining elements of income (in which case all income of the same category should be aggregated) and subject the global amount to IRPS at the rate resulting from the application of the relevant progressive tax brackets for the year in question of up to 48 per cent, plus a 3.5 per cent surtax on income exceeding €6,790 and a solidarity tax of up to 5 per cent on income exceeding €250,000 (2.5 per cent on income exceeding €80,000, up to €250,000). Only in the latter alternative may any foreign withholding tax suffered be considered as a tax credit against the final IRPS liability.

### *Capital gains and capital losses arising from the disposal of Instruments for consideration*

The annual positive balance between capital gains and capital losses arising from the disposal of Instruments (and other assets indicated in the law) for consideration, deducted of the costs necessary and effectively incurred in such disposal, is taxed at a special 28 per cent IRPS rate. Alternatively, the holder of Instruments may opt for the application of the relevant progressive tax brackets to this annual positive balance, together with the remaining items of income obtained during the tax year. In that event, the capital gains shall be liable for tax at the rate resulting from the application of the relevant progressive tax brackets for the year in question of up to 48 per cent, plus a 3.5 per cent surtax on income exceeding €6,790 and a solidarity tax of up to 5 per cent on income exceeding €250,000 (2.5 per cent on income exceeding €80,000, up to €250,000). No Portuguese withholding tax is levied on capital gains.

Losses arising from disposals for consideration in favour of counterparties subject to a clearly more favourable tax regime in the country, territory or region where it is a tax resident, listed in the Ministerial Order no. 150/2004 of 13th February, as amended by Ministerial Order no.292/2011, of 8th November, are disregarded for purposes of assessing the positive or negative balance referred to in the previous paragraph.

Where the Portuguese resident individual opts for the application of the relevant progressive tax brackets, any capital losses which were not offset against capital gains in the relevant tax period may be carried forward for 2 years and offset future capital gains.

### ***Gratuitous acquisition of Instruments***

The gratuitous acquisition (per death or in life) of the Instruments by Portuguese tax resident individuals is not liable for Stamp Tax (otherwise due at a 10 per cent rate) since the Issuer is not a Portuguese tax-resident entity. Spouses, ancestors and descendants would nonetheless avail of an exemption from Stamp Tax on such acquisitions.

### **Corporate entities resident for tax purposes in Portugal or with a permanent establishment to which income associated with the Instruments is imputable**

#### ***Income arising from the ownership of Instruments***

Investment income arising from the Instruments is liable for Corporate Income Tax (*Imposto sobre o Rendimento das Pessoas Colectivas* (“IRC”). IRC is levied on the taxable basis (computed as the taxable profit deducted of eligible tax losses carried forward) at a rate of up to 23 per cent. A municipal surcharge, at variable rates according to the decision of the municipal bodies, up to 1.5 per cent of the taxable profit, may also apply. Moreover, if the taxable basis exceeds 1.500.000 euros a State surtax will be levied, at a rate from 3 to 7 per cent.

In case investment income arising from the Instruments is paid by a Portuguese paying agent, acting on behalf of, or contractually obliged by, either the non-resident entity (bound to pay the income) or the Portuguese corporate entity (i.e. the recipient), IRC at a 25 per cent flat rate will be withheld when such income is due to its recipient. The domestic withholding tax suffered will constitute a payment in advance of the final IRC liability. Foreign withholding tax suffered, if any, may be considered as a tax credit against the final IRC liability, in accordance with the applicable Double Taxation Treaty.

Taxpayers globally exempt from IRC include the State and other corporate entities subject to administrative law; corporate entities recognised as having public interest and charities; pension funds; retirement savings funds, education savings funds and retirement and education savings funds; and venture capital funds, provided that, with respect to all the above funds, they are organised and operate in accordance with Portuguese law. If organised and operating in accordance with the domestic law of a European Union or a European Economic Area Member State some of such funds may still be entitled to a similar tax regime in case certain conditions are met.

#### ***Capital gains and capital losses arising from the disposal of Instruments for consideration***

Capital gains and capital losses are taken into consideration for purposes of computing the taxable profit for IRC purposes. IRC is levied on the taxable basis (computed as the taxable profit deducted of eligible tax losses carried forward) at a rate of up to 23 per cent. A municipal surcharge, at variable rates according to the decision of the municipal bodies, up to 1.5 per cent of the taxable profit, may also apply. Moreover, if the taxable basis exceeds 1.500.000 euros a State surtax will be levied, at a rate from 3 to 7 per cent.

### ***Gratuitous acquisition of Instruments***

The positive net variation in worth, not reflected in the profit and loss account of the financial year, arising from the gratuitous transfer of Instruments to Portuguese tax resident corporate entities liable for IRC, even if exempt therefrom, or to permanent establishments to which it is imputable, is taken into consideration for purposes of computing the taxable profit for IRC purposes.

IRC is levied on the taxable basis (computed as the taxable profit deducted of eligible tax losses carried forward) at a rate of up to 25 per cent. A municipal surcharge, at variable rates according to the decision of the municipal bodies, up to 1.5 per cent of the taxable profit, may also apply. Moreover, if the taxable basis exceeds 1.500.000 euros a State surtax will be levied, at a rate from 3 to 7 per cent.

## **Spanish Taxation**

*The following general summary does not consider all aspects of income taxation in Spain that may be relevant to a holder of the Instruments in the light of the holder's particular circumstances and income tax situation. This summary applies to Instrumentholders, who are solely tax resident in Spain, and it is not intended to be, nor should it be construed to be, legal or tax advice. It is based on Spanish tax laws and regulations, all as currently in effect and all subject to change at any time, possibly with retroactive effect.*

*Prospective holders are urged to consult their own tax advisers as to the particular tax consequences to them of subscribing, purchasing, holding and disposing of the Instruments, including the application and effect of state, local, foreign and other tax laws and the possible effects of changes in the tax laws of Spain.*

### **Spanish resident individuals**

#### ***Personal Income Tax (“Impuesto sobre la Renta de las Personas Físicas”) (“PIT”)***

In principle, any income obtained by Spanish resident individuals under the Instruments, whether in the form of interest or as per the transfer or redemption of the Instruments, will be regarded as capital-sourced income (i.e. financial income) subject to PIT. This income will form part of the relevant Spanish holder savings taxable base and taxed at a flat rate of 21 per cent. for the first EUR 6,000, 25 per cent. between EUR 6,001 and EUR 24,000 and 27 per cent. for any amount in excess of EUR 24,000. From 01 January 2015 onwards it is currently scheduled that the rates applicable on financial income will be 19 per cent. for taxable income up to EUR6,000 and 21 per cent. for any taxable income in excess.

The withholding tax regime will be as follows:

- (i) Interest paid to holders who are Spanish resident individuals will be subject to Spanish withholding tax at 21 per cent. (currently scheduled to go down to 19 per cent. from 01 January 2015) to be deducted by the depositary entity of the Instruments or the entity in charge of collecting the income derived thereunder, provided such entities are resident for tax purposes in Spain or have a permanent establishment in the Spanish territory.
- (ii) Income obtained upon transfer of the Instruments will be subject to Spanish withholding tax at 21 per cent. (currently scheduled to go down to 19 per cent. from 01 January 2015) to be deducted by the financial entity acting on behalf of the seller, provided such entity is resident for tax purposes in Spain or has a permanent establishment in the Spanish territory.
- (iii) Income obtained upon redemption of the Instruments will be subject to Spanish withholding tax at 21 per cent. (currently scheduled to go down to 19 per cent. from 01 January 2015) to be deducted by the financial entity appointed by the Issuer (if any) for redemption of the Instruments, provided such entity is resident for tax purposes in Spain or has a permanent establishment in the Spanish territory.

#### ***Wealth Tax (“Impuesto sobre el Patrimonio”)***

Spanish resident individuals are subject to the Spanish Wealth Tax on all their assets (such as the Instruments) in tax year 2014. According to Wealth Tax regulations as amended by Royal Decree-Law 13/2011 (subject to any exceptions provided under relevant legislation in an autonomous region (*Comunidad Autónoma*)), the net worth of any individuals with tax residency in Spain up to the amount of EUR 700,000 is not subject to Wealth Tax in respect of tax year 2014. Therefore, Spanish resident individuals should take into account the value of the Instruments which they hold as at 31 December 2014, the applicable marginal rates ranging between 0.2 per cent. and 2.5 per cent. Wealth Tax is currently scheduled to be removed from 01 January 2015.

#### ***Inheritance and Gift Tax (“Impuesto sobre Sucesiones y Donaciones”)***

Individuals resident in Spain for tax purposes who acquire instruments by inheritance or gift will be subject to the Spanish Inheritance and Gift Tax (“IGT”) in accordance with the IGT law, without prejudice to the specific legislation applicable in each Autonomous Region. The effective tax rate, after applying all relevant factors, ranges from 7.65 per cent. to 81.6 per cent. Some tax benefits could reduce the effective tax rate.

## **Spanish resident corporates**

### ***Corporate Income Tax (“Impuesto sobre Sociedades”) (“CIT”)***

Any income derived by Spanish resident companies under the Instruments will be included in their CIT taxable income in accordance with applicable CIT legislation. The general CIT rate is of 30% (although other rates may be applicable to certain investors).

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Instruments or acts as manager on the collection of any income under the Instruments such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Instruments.

The current withholding tax in Spain is 21 per cent. (currently scheduled to go down to 19 per cent. from 01 January 2015). However, investors who are CIT payers may benefit from a withholding tax exemption if the Instruments are listed in an OECD organised market. This should be the case as long as the Instruments are traded on the Luxembourg Stock Exchange or on the unregulated Euro MTF market in Luxembourg.

Amounts withheld in Spain, if any, can be credited against the final CIT liability corresponding to the corporate taxpayer.

Non-residents acting in Spain through a permanent establishment in relation to the Instruments will be taxed in equivalent terms to Spanish corporates, as described above.

### ***Wealth Tax***

Companies are not subject to Wealth Tax.

### ***Inheritance and Gift Tax***

Spanish companies are not subject to Inheritance and Gift Tax. Conversely, Spanish companies receiving Instruments by inheritance, gift or legacy will be taxed under CIT on the market value of the Instruments.

### **Other Taxes**

Whatever the nature and residence of the holder, the acquisition and transfer of Instruments will be exempt from indirect taxes in Spain, i.e., exempt from transfer tax and stamp duty and from value added tax.

### **New disclosure obligations in connection with assets held abroad by Spanish resident natural and legal persons (form 720)**

According to Law 7/2012, of 30 October 2012, Spanish resident natural or legal persons holding certain categories of assets abroad (including inter alia all types of debt securities) may be potentially liable to report them to the Spanish tax authorities on a yearly basis in certain circumstances. Accordingly, any Spanish resident individual and corporate Instrumentholders using a non-Spanish resident custodian to hold the Instruments may be potentially liable to comply with such reporting obligations in respect of the Instruments, if certain conditions are met. Failure to meet this new reporting obligation may trigger significant tax penalties and other tax implications. Any Spanish resident Instrument holders are therefore encouraged to consult with their own tax advisors as to whether this reporting obligations may be applicable to them in connection with the holding of the Instruments.

### **Swiss Taxation**

The following statements and discussions of certain Swiss tax considerations relevant to the purchase, ownership and disposition of Instruments are of a general nature only and do not address every potential tax consequence of an investment in Instruments under Swiss law. This summary is based on treaties, laws, regulations, rulings and decisions currently in effect, all of which are subject to change. Potential investors will therefore need to consult their own tax advisers to determine the special tax consequences of the receipt, ownership and sale or other disposition of Instruments. In particular, the precise tax treatment of a holder of Instruments needs to be determined for each issue with reference to the full Conditions of the Instruments specified in the applicable Final Terms under the law and practice at the relevant time.

## *Swiss Withholding Tax*

Payments on the Instruments are currently not subject to Swiss federal withholding tax provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

On 24 August 2011, the Swiss Federal Council issued draft legislation, which, if enacted, may require a paying agent in Switzerland to deduct Swiss withholding tax at a rate of 35 per cent. on any payment of interest in respect of an Instrument to an individual resident in Switzerland. If this legislation or similar legislation were enacted and a payment in respect of an Instrument were to be made or collected through Switzerland and an amount of, or in respect of, Swiss withholding tax were to be deducted or withheld from that payment, neither the Issuer, nor any paying agent nor any other person would pursuant to the Terms and Conditions of the Instruments be obliged to pay additional amounts with respect to any Instrument as a result of the deduction or imposition of such withholding tax.

## ***Income Taxation***

### *Instruments held as Private Assets by a Swiss resident Holder*

#### **(a) Structured Instruments**

If an Instrument qualifies as a structured note, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Instrument qualifies as a structured note with or without a predominant one-time interest payment:

**Non-transparent derivative financial instruments:** If the embedded bond is not recorded separately from the embedded derivative financial instrument(s), the Instrument typically qualifies as non-transparent structured note and any return over the initial investment qualifies as taxable income. Non-transparent derivative financial instruments generally include a predominant one-time interest payment and are taxed in accordance with the principles set forth below under “—Transparent derivative financial instruments with a predominant one-time interest payment”.

**Transparent derivative financial instruments without a predominant one-time interest payment:** If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment (see below “—Transparent derivative financial instruments with a predominant one-time interest payment”), then any periodic interest payment and the one-time interest payment (if any) are taxed when paid to the holder of the Instrument. A gain, including interest accrued, a loss, respectively, realised on the sale of an Instrument is a tax-free private capital gain, or a non-tax-deductible private capital loss, respectively (see below “—Capital Gains, Instruments held as Private Assets by a Swiss resident Holder”). The same applies if the Instrument is redeemed except that interest accrued is taxed when paid.

**Transparent derivative financial instruments with a predominant one-time interest payment:** If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments, then any periodic interest payments and on the sale or redemption of the Instrument, the difference between the value of the embedded bond at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, converted, in each case, into Swiss Francs at the exchange rate prevailing at the time of redemption or sale, issuance or purchase, respectively (modified differential taxation method) constitutes taxable income. A value decrease on the embedded bond respectively realised on the sale or redemption of the Instrument may be offset against any gains (including periodic interest payments) realised within the same taxation period from all instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax-deductible private capital loss, respectively (see below “—Capital Gains, Instruments held as Private Assets by a Swiss resident Holder”).

#### **(b) Bonds**

**Bonds without a predominant one-time interest payment:** If an Instrument qualifies as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments (if any), converted into Swiss Francs at the exchange rate prevailing at the time of payment. A gain, including interest accrued, a loss, respectively, realised on the sale of an Instrument is a tax-free private capital

gain, or a non-tax-deductible private capital loss, respectively (see below “—Capital Gains, Instruments held as Private Assets by a Swiss resident Holder”).

*Bonds with a predominant one-time interest payment:* If an Instrument qualifies as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any periodic interest payments and on any gains, including capital and foreign exchange gains, realised on the Instruments (differential taxation method).

**(c) Pure Derivative Financial Instruments**

Periodic and one-time dividend equalisation payments realised on an Instrument which qualifies as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of their private assets constitute taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below “—Capital Gains, Instruments held as Private Assets by a Swiss resident Holder”).

**(d) Low Exercise Price Options**

According to the current practice of the Swiss Federal Tax Administration low exercise price options are given if the underlying of an option has been pre-financed by at least 50 per cent. at the time of issuance.

For low exercise price options with a maturity exceeding one year the interest component of the low exercise price option (i.e. issue discount) constitutes taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below “—Capital Gains, Instruments held as Private Assets by a Swiss resident Holder”).

**(e) Fund-like Instruments**

An Instrument characterized as a fund-like instrument will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income (less attributable costs) from, and capital gains and losses (less costs attributable) realised on, the underlying investments, are reported and distributed separately. Under such conditions, an individual holding a fund-like Instrument as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derive from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain and any respective loss on the underlying investments is a non-tax-deductible private capital loss. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain, and, conversely, any loss realised a non-tax-deductible capital loss (see below “—Capital Gains, Instruments held as Private Assets by a Swiss resident Holder”).

*Instruments held as Assets of a Swiss Business*

Corporate entities and individuals who hold Instruments as part of a trade or business in Switzerland, in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland, are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption of, such Instruments (irrespective of their classification) in their income statement for the respective taxation period and will be taxed on any net taxable earnings for such period.

The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are characterized as “professional securities dealers” for reasons of, inter alia, frequent dealing, leveraged investments in securities etc.

**Capital Gains Taxation**

*Instruments held as Private Assets by a Swiss resident Holder*

A gain, a loss, respectively, realized by an individual resident in Switzerland for tax purposes upon the sale or other disposal of an Instrument held as part of his or her private assets is a tax-free private capital gain or a non-tax deductible capital loss, respectively, unless such individual is characterized, for income tax purposes, as a

“professional securities dealer” for reasons of, inter alia, frequent dealings, leveraged investments in securities, etc. If an individual is characterized as a “professional securities dealer” he or she will be subject to tax in accordance with the principles set forth above under “—Instruments held as Assets of a Swiss Business”. Concerning the distinction of a tax-exempt capital gains component, non-tax deductible capital loss component, respectively, from taxable income components of an Instrument see the distinction principles set forth above with regard to the different instruments under “—Income Taxation, Instruments held as Private Assets by a Swiss resident Holder”).

#### *Instruments held as assets of a Swiss Business*

Capital gains realized on Instruments held as assets of a Swiss Business are taxed in accordance with the taxation principles set forth above under “—Income Taxation, Instruments held as Swiss Business Assets”).

### **Stamp Taxes**

#### *Swiss Federal Issue Stamp Tax*

The Instruments are not subject to Swiss federal stamp tax on the issuance of securities.

#### *Swiss Federal Securities Turnover Tax*

Dealings in Instruments which qualify as pure derivative financial instruments (such as pure call and put options, including low exercise price options with a maturity not exceeding twelve months, pure futures with a maximal pre-financing of 25 per cent., static certificates replicating an index or a basket of at least five shares and with a fixed maturity on an annual redemption right) are not subject to the Swiss federal securities turnover tax.

Dealings in Instruments which have been issued by an issuer outside of Switzerland and which qualify as bonds with a maturity exceeding more than 12 months, structured Instruments, share-like instruments (including Low Exercise Price Warrants on shares with a maturity exceeding twelve months) or fund-like instruments are subject to Swiss federal securities turnover tax of 0.3 per cent. on the consideration paid, however, only if a Swiss securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Dealing in bonds and structured Instruments with a maturity not exceeding one year are exempt from Swiss federal turnover tax.

The delivery of an underlying taxable security at exercise or redemption to the holder of the Instrument is subject to Swiss federal securities turnover tax of up to 0.3 per cent. in case a security issued by an issuer outside Switzerland is delivered and of 0.15 per cent. in case a security issued by a domestic issuer is delivered, however, in each case, only if a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

### **Gift, Inheritance and Estate Taxes**

Subject to an applicable tax treaty in an international scenario, transfers of Instruments may be subject to cantonal and/or communal inheritance tax, estate tax or gift tax if the deceased person has had his or her last residence in Switzerland, the donor is resident in Switzerland, respectively, or in the case of a foreign deceased or resident person the transfer involves an unincorporated business in Switzerland and Instruments are held as part of such business. No such taxes exist at the federal level. Rates depend upon the existing relationship (i.e. the relationship between the deceased and the heirs, or between the donor and the donee) and the size of the inheritance or gift. Interspousal gifts and gifts to descendants and inheritances collected by the surviving spouse and descendants are frequently exempt or taxed at very low rates (up to 6 per cent.). Gifts and inheritances received from unrelated persons attract rates ranging from 20 per cent. to 54.6 per cent. The taxable base is usually the market value of the property transferred.

### **Net Worth and Capital Taxes**

A holder of Instruments who is an individual resident in Switzerland for tax purposes or is a non-Swiss resident holding Instruments as part of a Swiss business operation or a Swiss permanent establishment is required to report Instruments as part of private wealth or as part of Swiss business assets, as the case may be, and is subject to annual cantonal and/or communal private wealth tax on any net taxable wealth (including the Instruments), in the case of non-Swiss resident individual holding Instruments as part of a Swiss business operation or a Swiss permanent establishment to the extent the aggregate taxable wealth is allocable to Switzerland. Incorporated holders of Instruments are subject to cantonal and communal capital tax on net taxable equity, in the case of non-Swiss resident

person holding Instruments as part of a Swiss permanent establishment, to the extent the aggregate taxable equity is allocable to Switzerland. No net worth and capital taxes exist at the federal level.

### **Non-Swiss resident Holders**

A holder of an Instrument who is not resident in Switzerland for tax purposes and who during the taxation year has not engaged in trade or business carried on through a business operation or permanent establishment in Switzerland, will neither be subject to income tax and capital gains tax nor net wealth or capital tax in Switzerland.

### **EU Savings Tax**

The Agreement between the European Community and the Confederation of Switzerland dated as of 26 October 2004 provides for measures equivalent to those laid down in the EU Savings Tax Directive and requires a Swiss paying agent to deduct EU savings tax on an interest payment to an individual resident in an EU member state. The tax is withheld at a rate of 35 per cent., with the option of the individual to have the paying agent and Switzerland provide to the tax authorities of the EU member state the details of the interest payments in lieu of the withholding. The individual may be entitled to a tax credit or refund of the withholding, provided that he or she is the beneficial owner of the interest payments and certain other conditions are met.

### **Final Foreign Withholding Taxes**

On 1 January 2013 treaties on final withholding taxes between the Switzerland and the United Kingdom and between Switzerland and Austria entered into force. The treaties, inter alia, require a Swiss paying agent to levy final withholding tax at specified rates in respect of an individual resident in the United Kingdom or resident in Austria, as applicable, on interest or capital gain paid, or credited to an account, relating to the Instruments. The final withholding tax substitutes the United Kingdom or Austrian income tax, as applicable, on such income of interest or capital gain. Such a person may, however, in lieu of the final withholding tax opt for voluntary disclosure of the interest or capital income to the tax authority of his or her country of residency. Note that Switzerland may conclude similar treaties with other European countries, negotiations currently being conducted with Greece and Italy.

### **The proposed financial transactions tax (“FTT”)**

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”).

The Commission’s Proposal has a very broad scope and could, if introduced, apply to certain dealings in the Instruments (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Instruments where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

A joint statement issued in May 2014 by ten of the eleven participating Member States indicated an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives, with this initial implementation occurring by 01 January 2016.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate.

Prospective Instrumentholders are advised to seek their own professional advice in relation to the FTT.

### **The Foreign Account Tax Compliance Act**

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES

THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, and US Treasury regulations promulgated thereunder that took effect on 28 January 2013, as amended from time to time (together "FATCA") impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "FFI" (as defined by FATCA)) that does not become a "Participating FFI" by entering into an agreement with the U.S. Internal Revenue Service ("IRS") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether such investor is a U.S. person or should otherwise be treated as holding a United States Account of the Issuer (a "Recalcitrant Holder").

FATCA implementation is being phased in from 01 July 2014 for payments from sources within the United States and is currently proposed to apply to "foreign passthru payments" (a term not yet defined) made by an FFI to a non-participating FFI or Recalcitrant Holder no earlier than 01 January 2017. This withholding would potentially apply to payments in respect of (i) any Instruments issued or materially modified on or after the "grandfathering date", which is the later of (a) 01 July 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term 'foreign passthru payment' are filed with the Federal Register; and (ii) any Instruments characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Instruments are issued before the grandfathering date, and additional Instruments of the same series are issued on or after that date, the additional Instruments may not be treated as grandfathered, which may have negative consequences for the existing Instruments, including a negative impact on market price.

The United States and a number of other jurisdictions announced their intention to enter into intergovernmental agreements to facilitate the implementation of FATCA (each, an "IGA"). In some cases such IGAs have been signed; in other cases, negotiations are still ongoing. Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, most FFIs in an IGA signatory country should be treated as a "Reporting FI" that would generally not be subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would not be required to withhold under FATCA or an IGA (or any law implementing an IGA or agreement with the IRS relating to FATCA) from payments it makes (unless it has agreed to do so under the U.S. "qualified intermediary," "withholding foreign partnership," or "withholding foreign trust" regimes or, in certain limited circumstances, where the payments are made to a Recalcitrant Holder). The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The US IRS announced in Notice 2013-43 its intention to provide a list of jurisdictions that will be treated as having in effect an IGA, even though that IGA may not have entered into force as of 01 July 2014.

The United States and Luxembourg entered into a Model 1 IGA on 28 March 2014. The Issuer will therefore be required to comply with FATCA under Luxembourg national legislation implementing such Model 1 IGA with the United States.

The Issuer is currently not expected to be required to make any FATCA Withholdings from the payments it makes. There can be no assurance, however, that the Issuer would not in the future be required to deduct FATCA Withholding from future payments. Accordingly, the Issuer and financial institutions through which payments on the Instruments are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Instruments is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

If a FATCA Withholding were to be made from interest, principal or other payments made in respect of the Instruments, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Instruments, be required to pay any additional amounts as a result of the FATCA Withholding. As a result, investors may receive less interest or principal than expected.

Whilst the Instruments are in global form and held within a clearing system, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Instruments by the Issuer or any paying agent for such clearing system, given that each of the entities in the payment chain between the Issuer and the clearing system is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Instruments. The relevant Global Instrument for a particular

Series of Instruments may provide that such Global Instrument may, in certain limited circumstances, be exchanged for instruments in definitive form and therefore cease to be held through a clearing system. If this were to happen then, depending on the circumstances, payments to a non-FATCA compliant holder could be subject to FATCA Withholding. However, conversion into definitive instruments is only anticipated to occur in certain limited circumstances.

However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA Withholding. It may also affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA Withholding. Investors should choose the custodians or intermediaries with care (to ensure that each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms and/or other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA Withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Instruments are discharged once it has paid the depositary for the clearing system (as legal owner of the Instruments) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the hands of the clearing systems and custodians or intermediaries.

THE FATCA PROVISIONS ARE PARTICULARLY COMPLEX AND THEIR APPLICATION TO THE ISSUER AND THE INSTRUMENTS IS UNCERTAIN AT THIS TIME. THE ABOVE DESCRIPTION IS BASED IN PART ON REGULATIONS, OFFICIAL GUIDANCE AND MODEL IGAS, ALL OF WHICH ARE SUBJECT TO CHANGE OR MAY BE IMPLEMENTED IN A MATERIALLY DIFFERENT FORM. NOTHING IN THIS SECTION CONSTITUTES OR PURPORTS TO CONSTITUTE TAX ADVICE AND INSTRUMENTHOLDERS ARE NOT ENTITLED TO RELY ON ANY PROVISION SET OUT IN THIS SECTION FOR THE PURPOSES OF MAKING ANY INVESTMENT DECISION, TAX DECISION OR OTHERWISE. EACH INVESTOR SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF THE FATCA PROVISIONS AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT IT IN ITS PARTICULAR CIRCUMSTANCE.

### **EU Savings Tax Directive**

Under European Directive 2003/48/EC (the “**EU Savings Tax Directive**”) on taxation of savings income Member States are required to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person within its jurisdiction to an individual resident in another Member State, except that for a transitional period Luxembourg and Austria instead operate a withholding system unless during that period they elect otherwise (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries and territories). The rate of withholding tax in those jurisdictions is 35%. In April 2013, the Luxembourg government announced its intention to end its transitional period and move to automatic exchange of information under the Directive with effect from 01 January 2015. Certain other jurisdictions, including Switzerland, have enacted equivalent legislation which imposes a withholding tax in substantially the same circumstances as envisaged by the EU Savings Tax Directive.

On 24 March 2014, the Council of the European Union adopted an EU Council Directive amending and broadening the scope of the requirements described above. In particular, the changes expand the range of payments covered by the EU Savings Tax Directive to include certain additional types of income, and widen the range of recipients payments to whom are covered by the EU Savings Tax Directive, to include certain other types of entity and legal arrangement. Member States are required to implement national legislation giving effect to these changes by 01 January 2016 (which national legislation must apply from 01 January 2017).

Instrumentholders should note that should any payment in respect of the Instruments be subject to withholding imposed as a consequence of the EU Savings Tax Directive or under equivalent legislation, no additional amounts would be payable by the Issuer pursuant to the provisions of General Condition 6.6 (Taxation) of the Instruments.

## SALES AND TRANSFER RESTRICTIONS

### General

The distribution of this document and the offering of the Instruments in certain jurisdictions may be restricted by law. Persons into whose possession this document comes are required by the Issuer to inform themselves about and to observe any such restrictions.

The Issuer will enter into a Purchase Agreement with the Purchaser in respect of each issue of Instruments, pursuant to which the Purchaser will agree, among other things, to procure purchasers for such Instruments.

The Instruments of each Series will be offered on a global basis to retail clients, professional clients and other eligible counterparties and those Instruments issued will be purchased by the Purchaser at the relevant Issue Price. Such Instruments will then be sold by the Purchaser at such times and at such prices as the Purchaser may select provided that where the Instruments are listed on any stock exchange this shall be subject to applicable rules and regulations of any such stock exchange. The Instruments of each Series may be offered or sold from time to time in one or more transactions, in the over-the-counter market or otherwise at prevailing market prices or in negotiated transactions, in each case at the discretion of the Purchaser. Neither the Issuer nor the Purchaser shall be obliged to sell all or any of the Instruments of any Series.

Unless otherwise provided in the relevant Purchase Agreement, the Purchaser will in each Purchase Agreement to which it is party agree that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Instruments or has in its possession or distributes this Base Prospectus or any part thereof or any other offering material in all cases at its own expense unless otherwise agreed and the Issuer shall have no responsibility therefor.

### Austria

The Instruments have not been offered or sold and will not be offered, sold or delivered directly or indirectly in the Republic of Austria by way of a public offering, unless in compliance with the Austrian Capital Market Act (*Kapitalmarktgesetz*) as amended from time to time.

Prospective Purchasers in the Republic of Austria should note and each Purchaser will be required to represent and agree that it has not offered, sold or distributed, and will not offer, sell or distribute any Instruments or any copy of this Base Prospectus or any other offer document in the Republic of Austria except:

- (a) to qualified investors within the meaning of § 1 para 1 no 5a of the Austrian Capital Markets Act (*Kapitalmarktgesetz, KMG*); or
- (b) in any other circumstances where an express exemption pursuant to § 3 of the Austrian Capital Markets Act (*Kapitalmarktgesetz, KMG*) from the obligation to publish a prospectus applies.

Each holder of Instruments notes that the Instruments may only be offered, (re)sold, or distributed in the Republic of Austria in accordance with the Austrian Capital Markets Act (*Kapitalmarktgesetz, KMG*) and provided that no such offer, (re)sale or distribution of Instruments shall require the Issuer or any Purchaser to publish a prospectus pursuant to § 2 of the Austrian Capital Markets Act (*Kapitalmarktgesetz, KMG*) or supplement a prospectus pursuant to § 6 of the Austrian Capital Markets Act (*Kapitalmarktgesetz, KMG*).

### European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Purchaser will be required to represent and agree that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Instruments which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Instruments to the public in that Relevant Member State:

- (a) if the Final Terms in relation to the Instruments specify that an offer of those Instruments may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication, or, where the Non-exempt Offer is made in Austria, the period

beginning on the day after publication on a banking day, of a prospectus in relation to such Instrument which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

- (b) at any time to any person or entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Purchaser or Purchasers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Instruments referred to in (b) to (d) above shall require the Issuer or Purchaser to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Instruments to the public**” in relation to any Instruments in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe the Instruments, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

## France

The offering of the Instruments has not been registered with the *Autorité des Marchés Financiers* pursuant to French law, consequently, no Instruments may be offered or sold and will not be offered or sold, directly or indirectly, to the public in France and no Instruments has been distributed or caused to be distributed and will be distributed or caused to be distributed to the public in France, the Base Prospectus, the relevant Final Terms or any other offering material relating to the Instruments. Such offers, sales and distributions have been and will be made in France only to (a) persons providing investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*), and/or (b) qualified investors (*investisseurs qualifiés*) acting for their own account, as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 of the French Code monétaire et financier.

## Italy

The offering of the Instruments has not been registered with the *Commissione Nazionale per le Società e la Borsa* (“**CONSOB**”) pursuant to Italian securities legislation and, accordingly, no Instruments may be offered, sold or distributed, nor may copies of this Base Prospectus or any other document relating to any Instruments be distributed in the Republic of Italy, except in accordance with all Italian securities, tax, exchange control and other applicable laws and regulations.

Each Purchaser will be required to represent and agree that it has not offered, sold or distributed, and will not offer, sell or distribute any Instruments or any copy of this Base Prospectus or any other offer document in the Republic of Italy (“**Italy**”) except:

- (a) to qualified investors (*investitori qualificati*), pursuant to Article 100 of Legislative Decree no. 58 of 24 February 1998 (the “**Consolidated Financial Services Act**”) and Article 34-ter, paragraph 1, letter (b) of CONSOB regulation No. 11971 of 14 May 1999 (the “**CONSOB Regulation**”), all as amended; or
- (b) in any other circumstances where an express exemption from compliance with the restrictions on offers to the public applies, as provided under Article 100 of the Consolidated Financial Services Act and Article 34-ter of the CONSOB Regulation.

Moreover, and subject to the foregoing, any offer, sale or delivery of the Instruments or distribution of copies of this Base Prospectus or any other document relating to the Instruments in Italy under (a) or (b) above must be:

- (i) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Consolidated Financial Services Act, Legislative Decree No. 385 of 1 September 1993, CONSOB Regulation No. 16190 of 29 October 2007, all as amended; and
- (ii) in compliance with any securities, tax, exchange control and any other applicable laws and regulations, including any limitation or requirement which may be imposed from time to time, *inter alia*, by CONSOB or the Bank of Italy.

*Investors should note that, in accordance with Article 100-bis of the Consolidated Financial Services Act, where no exemption from the rules on public offerings applies under paragraphs (a) and (b) above, the subsequent distribution of the Instruments on the secondary market in Italy must be made in compliance with the public offer and the prospectus requirement rules provided under the Consolidated Financial Services Act and the CONSOB Regulation. Furthermore, where no exemption from the rules on public offerings applies, the Instruments which are initially offered and placed in Italy or abroad to professional investors only but in the following year are “systematically” distributed on the secondary market in Italy become subject to the public offer and the prospectus requirement rules provided under the Consolidated Financial Services Act and CONSOB Regulation. Failure to comply with such rules may result in the sale of such Instruments being declared null and void and in the liability of the intermediary transferring the financial instruments for any damages suffered by the purchasers of Instruments who are acting outside of the course of their business or profession. This Base Prospectus and the information contained herein are intended only for the use of its recipient and are not to be distributed to any third-party resident or located in Italy for any reason. No person resident or located in Italy other than the original recipients of this document may rely on it or its contents.*

## **Poland**

Each Purchaser will be required to represent and agree that it has not made and will not make an offer of Instruments which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in Poland, except that it may make an offer of such Instruments to the public in Poland:

- (a) if the Final Terms in relation to the Instruments specify that an offer of those Instruments may be made other than in the situations mentioned in Article 7 section 4 of the Polish Act on Public Offering, the Conditions of Introducing Financial Instruments to Organised Trading, and on Public Companies of 29 July 2005 (as amended) (the “**Polish Act on Public Offering**”) (a “**Non-exempt Offer**”) when the Base Prospectus in relation to such Instruments has been approved in another Member State of the European Economic Area and notified to the Polish Financial Supervision Authority, provided that the Base Prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer in accordance with Directive 2003/71/EC (as amended) and its implementing measures in the relevant Member State in the period beginning and ending on the dates specified in the Base Prospectus or the Final Terms, as applicable, and the Company has consented in writing to its use for the purpose of such Non-exempt Offer; or
- (b) at any time to any legal entity which is a professional client as defined in Article 3 item 39b) of the Polish Act on Trading in Financial Instruments of 29 July 2005 (as amended); or
- (c) at any time in any other circumstances falling within Article 7 section 4 of the Act on Public Offering than as described in (b) above.

For the purposes of this provision only, the expression “**an offer of Instruments to the public**” in relation to any Instruments in Poland means a public offer as defined in Article 3 section 1 of the Act on Public Offering, i.e. the communication in any form and by any means of sufficient information on the subscription terms and the Instruments to be offered so as to enable an investor to decide to subscribe for the Instruments which is at any time addressed to at least 150 natural or legal persons or an unspecified addressee.

## **Spain**

This Base Prospectus has not been registered with the Spanish *Comisión Nacional del Mercado de Valores*. Accordingly, each Purchaser will be required to represent and agree that the Instruments cannot be offered or sold in Spain by means of a public offer save in accordance and in compliance with the requirements of Law 24/1988, of 28 July, on the Securities Market (*Ley 24/1988, de 28 de Julio, del Mercado de Valores*), Royal Decree 1310/2005, of 4

November, on the admission to trading of securities to official stock exchanges, public offers and the required prospectus (“*Real Decreto 1310/2005, de 4 de noviembre, por el que se desarrolla parcialmente la Ley 24/1988, de 28 de julio, del Mercado de Valores, en materia de admisión a negociación de valores en mercados secundarios oficiales, de ofertas públicas de venta o suscripción y del folleto exigible a tales efectos*”) both as amended from time to time, and any other applicable Spanish regulation.

### United Kingdom

Each Purchaser will be required to represent and agree that:

- (a) in relation to any Instruments which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Instruments other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Instruments would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 (the “**FSMA**”) by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Instruments in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Instruments in, from or otherwise involving the United Kingdom.

### United States

The Instruments have not been and will not be registered under the Securities Act or under the securities law of any state or political sub-division of the United States. No person has registered nor will register as a commodity pool operator of the Issuer under the United States Commodity Exchange Act of 1936, as amended (the “**CEA**”) and the rules thereunder (the “**CFTC Rules**”) of the Commodity Futures Trading Commission (the “**CFTC**”), and the Issuer has not been and will not be registered under the United States Investment Company Act of 1940, as amended, nor under any other United States federal laws. The Instruments are being offered and sold in reliance on an exemption from the registration requirements of the Securities Act pursuant to Regulation S.

Accordingly, the Instruments may not be offered, sold, pledged or otherwise transferred except in an “Offshore Transaction” (as such term is defined under Regulation S) to or for the account or benefit of a Permitted Transferee.

The following definitions shall apply for the purposes of this United States selling and transfer restriction:

“**Permitted Transferee**” means any person who is not:

- (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S; or
- (b) a person who comes within any definition of U.S. person for the purposes of the CEA or any CFTC Rule, guidance or order proposed or issued under the CEA (for the avoidance of doubt, any person who is not a “Non-United States person” as such term is defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for purposes of subsection (D) thereof, the exception for qualified eligible persons who are not “Non-United States persons”, shall be considered a U.S. person).

Transfers of Instruments within the United States or to any person other than a Permitted Transferee are prohibited. Any transfer of Instruments to a person other than a Permitted Transferee (a “**Non-Permitted Transferee**”) will be void *ab initio* and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in an Instrument in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Instrument. The Issuer shall have the right at any time after becoming aware that any legal or beneficial ownership interest in an Instrument is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law); or (ii) a person who is not a Non-Permitted Transferee, in each case in accordance with General Condition 7.4.

The foregoing restrictions on the offer, sale, pledge or other transfer of Instruments to a Non-Permitted Transferee may adversely affect the ability of an investor in the Instruments to dispose of the Instruments in the secondary market, if any, and significantly reduce the liquidity of the Instruments. As a result, the value of the Instruments may be materially adversely affected.

As defined in Rule 902(k)(1) of Regulation S, “**U.S. person**” means:

- (a) Any natural person resident in the United States;
- (b) Any partnership or corporation organized or incorporated under the laws of the United States;
- (c) Any estate of which any executor or administrator is a U.S. person;
- (d) Any trust of which any trustee is a U.S. person;
- (e) Any agency or branch of a foreign entity located in the United States;
- (f) Any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person;
- (g) Any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organized, incorporated, or (if an individual) resident in the United States; and
- (h) Any partnership or corporation if:
  - (i) Organized or incorporated under the laws of any foreign jurisdiction; and
  - (ii) Formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organized or incorporated, and owned, by accredited investors (as defined in §230.501(a)) who are not natural persons, estates or trusts.

As defined in CFTC Rule 4.7, modified as indicated above, “**Non-United States person**” means:

- (a) A natural person who is not a resident of the United States;
- (b) A partnership, corporation or other entity, other than an entity organized principally for passive investment, organized under the laws of a foreign jurisdiction and which has its principal place of business in a foreign jurisdiction;
- (c) An estate or trust, the income of which is not subject to United States income tax regardless of source;
- (d) An entity organized principally for passive investment such as a pool, investment company or other similar entity; provided, that units of participation in the entity held by persons who do not qualify as Non-United States persons represent in the aggregate less than 10 per cent. of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by persons who do not qualify as Non-United States persons in a pool with respect to which the operator is exempt from certain requirements of part 4 of the Commodity Futures Trading Commission’s regulations by virtue of its participants being Non-United States persons; and
- (e) A pension plan for the employees, officers or principals of an entity organized and with its principal place of business outside the United States.

As defined in the CFTC’s interpretive guidance and policy statement regarding compliance with certain swap regulations, 78 Fed. Reg. 45292, 316 (Jul. 26, 2013), “**U.S. person**” includes, but is not limited to:

- (a) Any natural person who is a resident of the United States;
- (b) Any estate of a decedent who was a resident of the United States at the time of death;

- (c) Any corporation, partnership, limited liability company, business or other trust, association, joint-stock company, fund or any form of enterprise similar to any of the foregoing (other than an entity described in clauses (d) or (e), below) (a “legal entity”), in each case that is organized or incorporated under the laws of a state or other jurisdiction in the United States or having its principal place of business in the United States;
- (d) Any pension plan for the employees, officers or principals of a legal entity described in clause (c), unless the pension plan is primarily for foreign employees of such entity;
- (e) Any trust governed by the laws of a state or other jurisdiction in the United States, if a court within the United States is able to exercise primary supervision over the administration of the trust;
- (f) Any commodity pool, pooled account, investment fund, or other collective investment vehicle that is not described in clause (c) and that is majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e), except any commodity pool, pooled account, investment fund, or other collective investment vehicle that is publicly offered only to non-U.S. persons and not offered to U.S. persons;
- (g) Any legal entity (other than a limited liability company, limited liability partnership or similar entity where all of the owners of the entity have limited liability) that is directly or indirectly majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e) and in which such person(s) bears unlimited responsibility for the obligations and liabilities of the legal entity; and
- (h) Any individual account or joint account (discretionary or not) where the beneficial owner (or one of the beneficial owners in the case of a joint account) is a person described in clause (a), (b), (c), (d), (e), (f), or (g).

Each prospective purchaser of the Instruments, by accepting delivery of this Base Prospectus and the Instruments, and each transferee of the Instruments by accepting the transfer of the Instruments, will be deemed to have represented and agreed as follows:

- (a) it understands that the Instruments have not been and will not be registered under the Securities Act and agrees that it will not, at any time during the term of the Instruments, offer, sell, pledge or otherwise transfer the Instruments, except in an “Offshore Transaction” (as such term is defined under Regulation S) to or for the account of a Permitted Transferee;
- (b) it understands and acknowledges that no person has registered nor will register as a commodity pool operator of the Issuer under the CEA and the CEA Rules;
- (c) (i) it is a Permitted Transferee and (ii) if it is acting for the account or benefit of another person, such other person is also a Permitted Transferee;
- (d) it understands and agrees that the Issuer has the right to compel any legal or beneficial owner of an interest in the Instruments to certify periodically that such legal or beneficial owner is a Permitted Transferee;
- (e) it understands and acknowledges that the Issuer has the right to refuse to honour the transfer of an interest in the Instruments in violation of the transfer restrictions applicable to the Instruments;
- (f) it understands and acknowledges that the Issuer has the right at any time after becoming aware that any legal or beneficial ownership interest in an Instrument is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law) or (ii) a person who is not a Non-Permitted Transferee, in each case in accordance with Condition 8.3;
- (g) it agrees to provide notice of the restrictions set forth herein to any transferee of its interest in the Instruments;
- (h) it understands that Instruments will bear a legend regarding the restrictions set forth herein; and
- (i) it understands that any purported transfer in violation of the transfer restrictions applicable to the Instruments will be void *ab initio* and will not operate to transfer any rights to the Non-Permitted Transferee.

The Instruments have not been approved or disapproved by the United States Securities and Exchange Commission (“SEC”) or any other regulatory agency in the United States, nor has the SEC or any other regulatory agency in the United States passed upon the accuracy or adequacy of this document or the merits of the Instruments. Any

representation to the contrary is a criminal offence. Furthermore, the Instruments do not constitute, and have not been marketed as, contracts for the sale of a commodity for future delivery (or options thereon) subject to the CEA, and neither trading in the Instruments nor this document has been approved by the CFTC under the CEA, and no person other than a Permitted Transferee may at any time trade or maintain a position in the Instruments.

## **USE OF PROCEEDS**

The net proceeds from each issue of a Series of Instruments will be used to acquire the Collateral comprised in the Series Assets in respect of the Instruments, to pay for, or enter into, any Hedging Agreement(s) in connection with such Instruments and to pay expenses in connection with the administration of the Company or the issue of the Instruments.

## GENERAL INFORMATION

1. This Base Prospectus was presented to the Board and approved by a resolution of the Board passed on 18 July 2014. The issue of each Series of Instruments will be authorised by a separate resolution of the Board.
2. There has been no significant change in the financial or trading position of the Company, and no material adverse change in the financial position or prospects of the Company in each case, since 31 January 2014.
3. There are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Company is aware) which may have, or have had since its incorporation on 8 September 2004, a significant effect on the financial position or profitability of the Company.
4. Application has been made in accordance with the Prospectus Act 2005 which implements Directive 2003/71/EC of the European Parliament and Council of 4 November 2003 into Luxembourg law, for Instruments issued under the Programme (a) to be admitted to trading on (i) the Luxembourg Stock Exchange's regulated market pursuant to the MiFID Directive or (ii) the Euro MTF (the alternative market of the Luxembourg Stock Exchange) and (b) to be listed on the Official List of the Luxembourg Stock Exchange. Instruments may be issued under the Programme which are not listed or admitted to trading, as the case may be, on the Luxembourg Stock Exchange or any other stock exchange or market or Instruments may be issued which are listed or admitted to trading, as the case may be, on such other stock exchange or markets as the Issuer and the relevant Purchaser(s) may agree. This Base Prospectus is expected to be approved by the CSSF on 30 July 2014.
5. Each Instrument having a maturity of more than one year, Receipt, Coupon and Talon will bear the following legend: "Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1278(a) of the Internal Revenue Code".
6. For the period of 12 months following the publication of this Base Prospectus, copies of the following documents (in English) will, when possible, be available for inspection free of charge during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted) from the registered office of the Company and from the specified offices of the Paying Agents:
  - (i) the Articles;
  - (ii) the Declarations of Trust;
  - (iii) this Base Prospectus;
  - (iv) as soon as published, any future prospectuses, offering circulars, information memoranda, Supplements and Final Terms (save that, the Final Terms relating to an unlisted issue of Instruments will only be available for inspection by a holder of such Instruments and such holder must produce evidence satisfactory to the Company or the relevant Paying Agent, as the case may be, as to its holding of Instruments and identity) to this Base Prospectus and any other documents incorporated herein or therein by reference;
  - (v) the Series Instrument relating to such issue of Instruments and such documents incorporated by reference into such Series Instrument (including, for the avoidance of doubt, any Hedging Agreement) save that a Series Instrument and each document incorporated by reference into such Series Instrument relating to an unlisted issue of Instruments will only be available for inspection by a holder of such Instrument and such holder must produce evidence satisfactory to the Paying Agent as to its holding of Instruments and identity);
  - (vi) the published annual report and audited financial statements of the Company for the years ending 31 January 2014 and 31 January 2013; and
  - (vii) such other documents as may be required by the rules of any stock exchange on which any Instrument is at the relevant time listed.
7. The Instruments have been accepted for clearance through Euroclear and Clearstream, Luxembourg (which are the entities in charge of keeping the records). The appropriate Common Code and ISIN for each Series of

Instruments allocated by Euroclear and Clearstream, Luxembourg will be specified in the applicable Final Terms. If the Instruments are to clear through an additional or alternative clearing system the appropriate information will be specified in the applicable Final Terms. The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg.

8. The price and amount of Instruments to be issued under the Programme will be determined by the Issuer and the Arranger at the time of issue in accordance with prevailing market conditions.
9. The Issuer does not intend to provide any post-issuance transaction information in relation to any Series of Instruments or the performance of any Collateral or Series Assets in respect of such Series of Instruments.
10. This Base Prospectus and the Articles may be consulted on the website of the Luxembourg Stock Exchange (*www.bourse.lu*).

## GLOSSARY

In this Base Prospectus, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**2010 PD Amending Directive**” means Directive 2010/73/EU.

“**Adjustment Event**” means the occurrence of any of the events set out in General Condition 24.1 (*Adjustment Events*).

“**Adjustment/Termination Event**” means the occurrence of any of the events set out in General Condition 24.3 (*Adjustment/Termination Event*).

“**Affected Collateral**” means any Collateral Item with a Postponed Collateral Maturity Date pursuant to General Condition 7.1.2 (*Collateral Maturity Postponement Adjustment*).

“**Affiliate**” means, in relation to any entity (the “**First Entity**”), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes “control” means ownership of a majority of the voting power of an entity.

“**Agency Agreement**” means the agency agreement in respect of the Instruments entered into by the Issuer, the Trustee and the Agents by their execution of the Series Instrument, as amended, restated and/or supplemented from time to time.

“**Agents**” means the Principal Agent, the Paying Agents, the Custodian, any applicable Servicer, the Calculation Agent, the Selling Agent or any of them and all references to an Agent shall include such further or other person or persons as may be appointed from time to time an agent under the Agency Agreement with the prior written approval of the Trustee under the Series Instrument.

“**Aggregate Nominal Amount**” means, in relation to any Series of Instruments, the aggregate nominal amount of such Series of Instruments for the time being outstanding. The Aggregate Nominal Amount as of the Issue Date will be as specified in the relevant Final Terms.

“**AIF**” means an alternative investment fund.

“**AIFM**” means a designated alternative investment fund manager with responsibility for portfolio and risk management with respect to an AIF.

“**AIFMD**” means the EU Directive 2011/61/EU on Alternative Investment Fund Managers which became effective on 22 July 2013.

“**AIFM Law**” means the Law of 12 July 2013 of Luxembourg on alternative investment fund managers.

“**Alternative Collateral Support Arrangement**” means an arrangement that is not a Collateral Guarantee or a Keepwell Agreement entered into by a Collateral Support Provider, intended to improve the ability of the Collateral Obligor to meet its payment obligations in respect of the Collateral.

“**Amortisation Amount**” means the redemption proceeds of a Matured Collateral Item.

“**Amortisation Yield**” is as specified in the relevant Final Terms.

“**Arranger**” means Deutsche Bank AG, London Branch of Winchester House, 1 Great Winchester Street, London EC2N 2DB.

“**Articles**” means the incorporation deed containing the articles of incorporation of the Company.

“**Atypical Securities**” means Instruments representing a securitized debt claim implying a static “use of capital” (*impiego di capitale*), issued in mass, that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) since they do not incorporate an unconditional obligation

to pay, at maturity, an amount at least equal to their nominal value, as further described in the section entitled “Taxation — Italian Taxation”.

“**Bank**” means a bank in the principal financial centre for a particular currency, or, in the case of euro, in a city in which banks have access to the TARGET2 System.

“**Banking Days**” is as specified in the relevant Final Terms.

“**Base Level**” means the level of the Index (excluding any “flash” estimates) published or announced by the Index Sponsor in respect of the month which is 12 calendar months prior to the relevant month.

“**Base Prospectus**” means a base prospectus for the purposes of Article 5.4 of the Prospectus Directive.

“**bearer instruments**” means Instruments that are issued in bearer form.

“**Benchmark Rate**” means one of the following, as specified in the relevant Final Terms:

- (i) EURIBOR;
- (ii) CHF-LIBOR;
- (iii) EUR-LIBOR;
- (iv) GBP-LIBOR;
- (v) USD-LIBOR;
- (vi) EUR-CMS;
- (vii) USD-CMS; and
- (viii) the sum of or difference between any of the rates in (i) to (vii), provided that “Structured Floating Rate (Aggregate Benchmark Rate)” is specified in the relevant Final Terms.

“**Benefit Plan Investor**” means:

- (a) an employee benefit plan (as defined in section 3(3) of ERISA, whether or not subject to ERISA);
- (b) a plan described in section 4975(e)(1) of the US Internal Revenue Code of 1986, as amended; or
- (c) an entity whose underlying assets include plan assets by reason of a plan's investment in the entity under US Department of Labor Regulations § 2510.3-101 (29 c.f.r. § 2510.3-101).

“**BLG – Non-revised Consumer Price Index—Health Index (CPI)**” means the “Non-revised Consumer Price Index—Health Index”, or relevant Successor Index, measuring the rate of inflation in Belgium, expressed as an index and published by the relevant Index Sponsor. The first publication or announcement of a level of such index for an applicable month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

“**BLG – Non-revised Harmonised Consumer Price Index (HICP)**” means the “Non-revised Harmonised Index of Consumer Prices”, or relevant Successor Index, measuring the rate of inflation in Belgium, expressed as an index and published by the relevant Index Sponsor. The first publication or announcement of a level of such index for an applicable month shall be final and conclusive and later revisions to the level for such applicable month will not be used in any calculations.

“**Board**” means the board of directors of the Company.

“**Bonus Interest Amount**” means, in respect of each Instrument, an amount calculated by the Calculation Agent in accordance with General Condition 5 (*Interest*) and the relevant Final Terms.

“**Bonus Interest Rate**” means the rate specified as such in the relevant Final Terms.

“**Bonus Threshold**” is as specified in the relevant Final Terms.

“**Business Day**” means a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in London, Luxembourg and such other location as may be specified in the relevant Final Terms, and a day on which each Clearing Agent is open for business and, for the purpose of making payments in euro, if applicable, any day on which TARGET2 is open.

“**Business Day Convention**” means one of the following, as specified in the relevant Final Terms:

- (i) “**Floating Rate Business Day Convention**” means that if a specified date would otherwise fall on a day which is not a Business Day, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Business Day and (B) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment;
- (ii) “**Following Business Day Convention**” means that if a specified date would otherwise fall on a day which is not a Business Day, such date shall be postponed to the next day which is a Business Day;
- (iii) “**Modified Following Business Day Convention**” means that if a specified date would otherwise fall on a day which is not a Business Day, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day; or
- (iv) “**Preceding Business Day Convention**” means that if a specified date would otherwise fall on a day which is not a Business Day, such date shall be brought forward to the immediately preceding Business Day.

“**Calculation Agent**” means the person (if any) executing the Series Instrument for the purpose of entering into the Agency Agreement in the capacity of calculation agent.

“**Calculation Amount**” means the amount specified as such in the relevant Final Terms.

“**Calculation Amount Factor**” means the number equal to the Specified Denomination of the relevant Instrument divided by the relevant Calculation Amount.

“**CEA**” means the U.S. Commodity Exchange Act of 1936, as amended, including by the Dodd-Frank Act.

“**CFTC**” means the Commodity Futures Trading Commission of the United States.

“**CFTC Rules**” means the rules of the CFTC.

“**CHF-EUR Rate**” means the CHF/EUR exchange rate expressed as the amount of Swiss Francs per one Euro, for settlement in two FX Business Days, calculated by reference to the USD rates published on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date and rounded to four decimal places.

“**CHF-LIBOR**” means the rate for deposits in CHF which appears on the Reuters Screen LIBOR01 Page (or any Successor Source).

“**CHF-USD Rate**” means the CHF/USD exchange rate expressed as the amount of Swiss Francs per one U.S. Dollar, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**CIT**” means Spanish Corporate Income Tax (“*Impuesto sobre Sociedades*”)

“**Clearing Agent**” means the person specified as such in the relevant Final Terms.

“**Clearstream, Frankfurt**” means Clearstream Banking AG in Frankfurt am Main, Germany.

“**Clearstream, Luxembourg**” means Clearstream Banking, société anonyme in Luxembourg.

“**Code**” means the U.S. Internal Revenue Code of 1986 as amended.

“**Collateral**” means, in respect of any Series of Instruments as specified in the relevant Final Terms, certain securities each issued by a Collateral Obligor, and cash deposits denominated in any currency, as specified in the relevant Final Terms.

“**Collateral Currency**” means the currency in which a Collateral Item is denominated.

“**Collateral Default Event**” means a default, event of default or other similar event or circumstance occurs with respect to the Collateral (howsoever described and including, without limitation, a failure to pay any principal or interest when and where due in accordance with the terms of the Collateral as at the Issue Date and further provided that if any of the Collateral comprises asset-backed securities, then any deferral of interest or other payment thereunder in accordance with its terms shall not constitute a “default”).

“**Collateral Guarantee**” means a guarantee given by the Collateral Guarantor in respect of the Collateral Obligor’s payment obligations under a Collateral Item.

“**Collateral Guarantor**” means, in respect of a Collateral Item, each entity specified as such in the relevant Final Terms, and such entity shall also be listed in Annex 1 (*Collateral Annex*) hereto.

“**Collateral Item**” means each item of Collateral held by the Issuer in respect of a Series of Instruments.

“**Collateral Item Notional Amount**” means, in respect of each Collateral Item, the product of (a) the Collateral Item Notional Percentage and (b) the Aggregate Nominal Amount of the Instruments as of the Issue Date, provided that each Collateral Item Notional Amount may be adjusted by the Calculation Agent at any time, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, including, without limitation, upon the purchase and cancellation of any Instruments by the Issuer pursuant to General Condition 7.8 (*Purchases*).

“**Collateral Item Notional Percentage**” means, in respect of each Collateral Item, the percentage specified as such in the relevant Final Terms.

“**Collateral Obligor**” means, in respect of a Collateral Item, each entity specified as such in the relevant Final Terms, and such entity shall also be listed in Annex 1 (*Collateral Annex*) hereto.

“**Collateral Payment Date**” means if “Collateral Maturity Postponement Adjustment” is specified as Applicable in the relevant Final Terms, any date on which a Principal Distribution Amount or an Interest Distribution Amount, as the case may be, is received by the Issuer.

“**Collateral Put/Call Redemption Event**” means if “Collateral Put/Call Redemption Event” is specified as “Applicable” in the relevant Final Terms, if any of the Collateral becomes repayable at the option of the Collateral Obligor in accordance with the terms of such Collateral.

“**Collateral Support**” means a Collateral Guarantee, a Keepwell Agreement or an Alternative Collateral Support Arrangement.

“**Collateral Support Provider**” means, in respect of a Collateral Item, each entity specified as such in the relevant Final Terms, and such entity shall also be listed in Annex 1 (*Collateral Annex*) hereto.

“**Commission’s Proposal**” means the proposal published by the European Commission on 14 February 2013 for a Directive for a common FTT in the participating Member States.

“**Companies Act 1915**” means the Luxembourg law dated 10 August 1915 on Commercial Companies, as amended.

“**Company**” means Palladium Securities 1 S.A.

“**Compartment**” means the compartment established by the Board in respect of a Series of Instruments. Claims against the Company by holders of each Series of Instruments will be limited to the net assets of the relevant Series included in the relevant Compartment.

“**Compartment-Specific Claims Creditors**” means creditors of claims that have arisen in connection with the creation, operation or liquidation of a Compartment and which are not provided for in the waterfall included in the Conditions.

“**Conditions**” means the terms and conditions of the Instruments comprising of the General Conditions and the relevant Final Terms.

“**CONSOB**” means *Commissione Nazionale per le Società e la Borsa*.

“**CONSOB Regulation**” means CONSOB Regulation No. 11971 of 14 May 1999.

“**Consolidated Financial Services Act**” means Legislative Decree no. 58 of 24 February 1998.

“**CPO**” means a “commodity pool operator” under the CEA.

“**CRA Regulation**” means Regulation (EC) No 1060/2009 on credit rating agencies.

“**Credit Support Annex**” means, in relation to any Hedging Agreement, a Credit Support Annex (Bilateral Form – Transfer) (1995 version for ISDA Agreements subject to English law) as published by the International Swaps and Derivatives Association Inc., entered into by the Issuer and such Hedging Counterparty and dated the relevant Issue Date and as amended, restated and/or supplemented from time to time, pursuant to which the Hedging Collateral (if any) is delivered by the Hedging Counterparty to the Custodian or if “2-Way Hedging Collateral Posting” is specified in the relevant Final Terms, by the Issuer to the Hedging Counterparty.

“**Credit Support Deed**” means, in relation to any Hedging Agreement, a Credit Support Deed (Bilateral Form – Security Interest) (1995 version for ISDA Agreements subject to English law) as published by the International Swaps and Derivatives Association Inc., entered into by the Issuer and such Hedging Counterparty and dated the relevant Issue Date and as amended, restated and/or supplemented from time to time, pursuant to which the Hedging Collateral is delivered by the Hedging Counterparty to the Custodian or if “2-Way Hedging Collateral Posting” is specified in the relevant Final Terms, by the Issuer to the Hedging Counterparty.

“**Credit Support Document**” means a Credit Support Annex or a Credit Support Deed, as specified in the relevant Final Terms.

“**CSSF**” means the *Commission de Surveillance du Secteur Financier*, the Luxembourg financial sector and stock exchange regulator, in its capacity as competent authority under the Luxembourg act dated 10 July 2005 on prospectuses for securities, as amended, to approve this document as a base prospectus.

“**CTA**” means a “commodity trading advisor” under the CEA.

“**Custodian**” means Deutsche Bank Luxembourg S.A. in the capacity of custodian and any successor, substitute or additional Custodian from time to time appointed.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest on any Instrument for any period of time (whether or not constituting an Interest Period, the “**Calculation Period**”):

- (i) if “**Actual/Actual**” or “**Actual/Actual (ISDA)**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Fixed)**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365;
- (iii) if “**Actual/360**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 360;
- (iv) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (v) if “**30E/360**” or “**Eurobond Basis**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (vi) if “**30E/360 (ISDA)**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30;

(vii) If “**Actual/Actual (ICMA)**” is specified in the relevant Final Terms:

- (a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
- (b) if the Calculation Period is longer than one Determination Period, the sum of:
  - (I) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
  - (II) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year,

where:

“**Determination Period**” means the period from and including a Determination Date in any year to but excluding the next Determination Date; and

“**Determination Date**” means each date specified as such in the relevant Final Terms or, if none is so specified, each Interest Accrual Date.

“**Declarations of Trust**” mean the declarations of trust dated 3 September 2004 under which the relevant Share Trustee holds its ordinary shares on trust for charity.

“**Decree No. 44**” means Legislative Decree No. 44 of 4 March 2014 of Italy, as amended.

“**Decree No. 66**” means Law Decree No. 66 of 24 April 2014 of Italy, as amended.

“**Decree No. 201**” means Law Decree No. 201 of 6 December 2011 of Italy, as amended.

“**Decree No. 239**” means Legislative Decree No. 239 of 1 April 1996 of Italy, as amended.

“**Decree No. 262**” means Law Decree No. 262 of 3 October 2006 of Italy, converted into Law No. 286 of 24 November 2006, as amended.

“**Decree No. 461**” means Legislative Decree No. 461 of 21 November 1997 of Italy, as amended.

“**Deed of Floating Charge**” means the Deed of Floating Charge dated 16 December 2004, as supplemented by the First Supplemental Deed of Floating Charge dated 30 May 2007, granted in favour of Deutsche Trustee Company Limited.

“**Deutsche Bank AG**” means Deutsche Bank Aktiengesellschaft, a banking institution and a stock corporation incorporated under the laws of Germany which has its registered office in Frankfurt am Main, Germany. It maintains its head office at Taunusanlage 12, 60325 Frankfurt am Main.

“**Deutsche Bank Group**” means a group consisting of banks, capital market companies, fund management companies, a property finance company, instalment financing companies, research and consultancy companies and other domestic and foreign companies, whose parent company is Deutsche Bank Aktiengesellschaft.

“**Director**” means a director of the Issuer.

“**Distributor**” means any entity which has been offered the Instruments by the Arranger.

“**Dodd-Frank Act**” means the Wall Street Transparency and Accountability Act of 2010 of the United States.

“**dollars**”, “**US dollars**”, “**USD**” and “**US\$**” means United States dollars.

“**Domestic Disbursing Agent**” means a German credit or financial services institution (*Kredit- oder Finanzdienstleistungsinstitut*) (or a German branch of a foreign credit or financial services institution), or a German securities trading business (*Wertpapierhandelsunternehmen*) or a German securities trading bank (*Wertpapierhandelsbank*).

“**Domiciliation Agent**” means Deutsche Bank Luxembourg S.A. of 2, Boulevard Konrad Adenauer, L-1115 Luxembourg.

“**Early Termination Amount**” means an amount calculated in accordance with General Condition 7.2 (*Early Termination*).

“**Early Termination Interest Period**” means the Interest Period in which the Instruments become due and payable pursuant to General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*), General Condition 7.6 (*Cancellation for Taxation or other reasons*) or General Condition 12 (*Events of Default*).

“**Early Termination Unwind Costs**” means the sum (the result of which may be positive, negative or zero) of:

- (a) an amount, if any, determined by the Calculation Agent acting in good faith and a commercially reasonable manner, equal to the gain or loss realised by the Hedging Counterparty upon an unwind of the Hedging Agreement (expressed as a negative amount if a gain, and as a positive amount otherwise), taking into account (i) the sum of (without duplication) all amounts, costs, expenses (including loss of funding), tax and duties incurred by or payable to the Hedging Counterparty and (ii) the redemption of the Instruments and the related termination, settlement or re-establishment of any hedge or related trading position (but, for the avoidance of doubt in determining any such gain or loss, the obligation of the Hedging Counterparty under the Hedging Agreement to make payment of the aggregate Early Termination Amounts and any obligation of the Issuer under the Hedging Agreement to deliver the Collateral in connection with the early termination shall be disregarded), and with (i) and (ii) above to be determined by the Calculation Agent, in its sole and absolute discretion acting in good faith and a commercially reasonable manner, by reference to such factors as it sees fit, including, without limitation, hedging arrangements, unwind and termination costs, commissions, fees and any arrangements entered into with third parties as well as:
  - (1) market variables including interest rates and implied volatility; and
  - (2) costs to the Hedging Counterparty of unwinding any underlying related hedging arrangements; and (without duplication)
- (b) (expressed as a positive amount) any legal and other ancillary costs (including if applicable, without limitation, any costs in relation to the realisation of the Collateral) incurred by the Issuer, the Trustee, the Custodian or the Hedging Counterparty as a result of the Instruments becoming subject to mandatory cancellation under General Condition 7.3 (*Mandatory Cancellation*), General Condition 7.5 (*Redemption at*

*the option of the Issuer for Regulatory Event*), General Condition 7.6 (*Cancellation for taxation and other reasons*) and General Condition 12 (*Events of Default*).

“**Early Termination Valuation Date**” means:

- (a) for the purposes of a cancellation under General Condition 7.3 (*Mandatory cancellation*), General Condition 7.5 (*Redemption at the option of the Issuer for Regulatory Event*) or General Condition 7.6 (*Cancellation for taxation and other reasons*), the Business Day immediately preceding the due date for cancellation; or
- (b) for the purposes of a cancellation under General Condition 12 (*Events of Default*), the due date for cancellation.

“**ECB Regulation**” means Regulation (EC) n°24/2009 of the European Central Bank of 19 December 2008 concerning statistics on the assets and liabilities of financial vehicle corporations engaged in securitisation transactions.

“**Effective Date**” means, with respect to any Interest Rate to be determined on an Interest Determination Date, the first day of the Interest Period to which such Interest Determination Date relates.

“**EMIR**” means the European Market Infrastructure Regulation EU 648/2012 which entered into force on 16 August 2012.

“**ERISA**” means the US Employee Retirement Income Security Act of 1974, as amended.

“**ERISA Plan**” means employee benefit plans subject to Title 1 of ERISA or an individual retirement account or employee benefit plan subject to Section 4975 of the Code or entities which may be deemed to hold the assets of any such plans.

“**ESMA**” means the European Securities and Markets Authority.

“**ESP – National-Revised Consumer Price Index (CPI)**” means the “Year on Year Revised Index of Consumer Prices”, or relevant Successor Index, measuring the rate of inflation in Spain, expressed as an annual percentage and published by the relevant Index Sponsor. The first publication or announcement of a level of such index, or, if revised, any subsequent revisions of such level for an applicable month shall be final and conclusive, provided that such revisions are published or announced up to and including the day that is two Business Days prior to the relevant Payment Date.

“**EU Savings Tax Directive**” means EU Council Directive 2003/48/EC dated 3 June 2003 on the taxation of savings income in the form of interest payments.

“**EUR – Excluding Tobacco-Non-revised Consumer Price Index**” means the “Non-revised Index of Consumer Prices excluding Tobacco”, or relevant Successor Index, measuring the rate of inflation in the European Monetary Union excluding tobacco, expressed as an index and published by the relevant Index Sponsor. The first publication or announcement of a level of such index for an applicable month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

“**EUR-CMS**” means the annual swap rate for euro swap transactions, expressed as a percentage, which appears on the Reuters Screen ISDAFIX2 Page (or any Successor Source) under the heading “EURIBOR BASIS - EUR” and above the caption “11:00 AM FRANKFURT”.

“**EUR-GBP Rate**” means the EUR/GBP exchange rate expressed as the amount of Euros per one pound sterling, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**EUR-JPY Rate**” means the EUR/JPY exchange rate expressed as the amount of Japanese yen per one Euro, for settlement in two FX Business Days, calculated by reference to the USD rates published on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date and rounded to two decimal places.

“**EUR-LIBOR**” means the rate for deposits in EUR which appears on the Reuters Screen LIBOR01 Page (or any Successor Source).

“**EUR-USD Rate**” means the USD/EUR exchange rate expressed as the amount of U.S. Dollars per one Euro, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**EURIBOR**” means the rate for deposits in EUR which appears on the Reuters Screen EURIBOR01 Page (or any Successor Source).

“**euro**”, “**EUR**” and “**€**” means the lawful currency of the member states of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community as amended by the Treaty of European Union as amended by the Treaty of Amsterdam.

“**Euroclear**” means Euroclear Bank S.A./N.V.

“**Euro-zone**” means the region comprising the member states of the European Union that adopt and retain the euro as their lawful currency in accordance with the Treaty establishing the European Community, as amended by the Treaty of European Union as amended by the Treaty of Amsterdam but excluding those members states acceded to the European Union after May 2004.

The first publication or announcement of a level of such index for an applicable month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

“**General Conditions**” means the general conditions set out in this Base Prospectus which comprise a part of the Conditions of the Instruments.

“**General Trust Terms**” means the trust terms module in respect of the Series of Instruments entered into by the Issuer, the Trustee and the Hedging Counterparty by their execution of the Series Instrument, as amended, restated and/or supplemented from time to time.

“**Germany**” means the Federal Republic of Germany.

“**Global Instrument**” has the meaning given to that term in General Condition 3.1 (*Form of Instruments*).

“**Grace Period**” means a period of 14 days, or if “Collateral Matched Grace Period” is specified as Applicable in the relevant Final Terms, the period specified in the relevant Final Terms which shall be equal to the grace period applicable to the payment of any sum due in respect of the Collateral before a default may be declared.

“**Hedging Agreement**” means each hedging agreement between the Issuer and a Hedging Counterparty in respect of any Series of the Instruments on the terms of the ISDA Master Agreement (including the related schedule) set out in

and/or incorporated by reference into the Series Instrument, as supplemented by (a) a confirmation, and (b) if so specified in the relevant Final Terms, a Credit Support Document, in each case, entered into by the Issuer and such Hedging Counterparty and dated the relevant Issue Date and as amended, restated and/or supplemented from time to time.

“**Hedging Agreement Termination Date**” means the date specified as such in the relevant Final Terms.

“**Hedging Arrangements**” means the arrangements each Hedging Counterparty makes to have available to it the relevant cash amounts or assets to be paid or delivered under the Hedging Agreement as these fall due.

“**Hedging Collateral**” means, such cash and/or government bonds and/or other assets delivered by the Hedging Counterparty to the Custodian from time to time pursuant to the terms of the Credit Support Document, if applicable.

“**Hedging Counterparty**” means Deutsche Bank AG, London Branch of Winchester House, 1 Great Winchester Street, London EC2N 2DB, United Kingdom where it executes the Series Instrument in the capacity of Hedging Counterparty.

“**Hedging Counterparty Priority**” means the priority of payments set out in General Conditions 8.8.1 to 8.8.4, inclusive.

“**Hedging Counterparty Priority Basis**” means the priority of payments set out in General Condition 8 (*Order of Priorities*).

“**IGA**” means an intergovernmental agreement between the United States and another jurisdiction to facilitate the implementation of FATCA.

“**IGT**” means Spanish Inheritance and Gift Tax.

“**Index**” means the index specified in the Final Terms.

“**Index Sponsor**” means the sponsor of the Index specified in the Final Terms.

“**Inflation Rate**” means, in respect of an Interest Period, the amount determined by the Calculation Agent to be equal to (a) the Second Index Level divided by the First Index Level minus (b) 1, subject to a minimum of zero.

“**Insolvency Act**” means the United Kingdom Insolvency Act 1986, as amended.

“**Instrumentholders**” means the holders of Instruments of the relevant Series and each such holder shall be an “**Instrumentholder**”.

“**Instrumentholder Expenses**” means, in respect of an Instrument, all taxes, duties and/or expenses, including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties, in each case payable by or on behalf of the Issuer and arising in connection with (i) the exercise of such Instrument and/or (ii) any payment and/or delivery due following exercise, cancellation, repurchase, redemption or otherwise in respect of such Instrument.

“**Instrumentholder Pari Passu Basis**” means the priority of payments set out in General Condition 8.8(A).

“**Instrumentholder Priority Basis**” means the priority of payments set out in General Condition 8.8(B).

“**Instruments**” means the secured notes issued under this Programme.

“**Interest Accrual Date**” means each date specified as such in the relevant Final Terms.

“**Interest Amount**” means, in respect of each Instrument, an amount calculated by the Calculation Agent in accordance with General Condition 5 (*Interest*) and the relevant Final Terms.

“**Interest Commencement Date**” means the date specified as such in the relevant Final Terms, or, if no such date is specified, the Issue Date.

“**Interest Component Adjustment Date**” means the date specified as such in the relevant Final Terms.

“**Interest Determination Date**” means, with respect to an Interest Period, the date specified as such in the relevant Final Terms.

“**Interest Distribution Amount**” means any payment of interest received by the Issuer in respect of the Collateral on a Collateral Payment Date.

“**Interest Payment Date**” means each date specified as such in the relevant Final Terms.

“**Interest Period**” means the period commencing on (and including) the Interest Commencement Date if so specified in the relevant Final Terms) to (but excluding) the first Interest Accrual Date and each period commencing on (and including) an Interest Accrual Date to (but excluding) the next following Interest Accrual Date and, if interest is required to be calculated for a period ending other than on (but excluding) the relevant Interest Accrual Date, the period commencing on (and including) the most recent Interest Accrual Date to (but excluding) the relevant payment date.

“**Interest Rate**” means, subject as provided below, (i) in respect of a fixed Interest Rate, the Fixed Rate as specified in the relevant Final Terms, or (ii) in respect of a floating Interest Rate, the rate of interest payable from time to time in respect of the Instruments calculated in accordance with the provisions of General Condition 5.2 (*Floating rate interest*) and adjusted to reflect any Maximum Interest Rate or Minimum Interest Rate specified in the Final Terms. In the case of Instruments in respect of which the relevant Final Terms specify that “Interest Component Adjustment” is Applicable, the Calculation Agent in its reasonable discretion may determine an adjustment to any component of the initial Interest Rate in accordance with its normal pricing methodology on the applicable Interest Component Adjustment Date.

“**Interest Rate Switch Date**” means each date specified as such in the relevant Final Terms.

“**Intermediary**” means, in relation to Decree No. 239, banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Italian Ministry of Economy and Finance.

“**IRC**” means Portuguese Corporate Income Tax (*Imposto sobre o Rendimento das Pessoas Colectivas*).

“**IRS**” means the U.S. Internal Revenue Service.

“**IRPS**” means Portuguese Personal Income Tax (*Imposto sobre o Rendimento das Pessoas Singulares*).

“**Issue Date**” means the date specified as such in the relevant Final Terms.

“**Issuer**” means the Company acting in respect of the compartment created for the Series of Instruments.

“**Italian FTT**” means the fixed levy Italian Financial Transaction Tax introduced by the Stability Law.

“**Italy**” means the Republic of Italy.

“**ITL – Inflation for Blue Collar Workers and Employees–Excluding Tobacco Consumer Price Index**” means the “*Indice dei prezzi al consumo per famiglie di operai e impiegati (FOI) senza tabacchi*”, or relevant Successor Index, measuring the rate of inflation in Italy expressed as an index and published by the relevant Index Sponsor. The first publication or announcement of a level of such index for an applicable month shall be final and conclusive and later revisions to the level for such applicable month will not be used in any calculations.

“**JPY-USD Rate**” means the JPY/USD exchange rate expressed as the amount of Japanese yen per one U.S. Dollar, for settlement in two FX Business Days, which appears on the Reference Source (or any Successor Source) at approximately the Relevant Valuation Time, on the Observation Date.

“**Keepwell Agreement**” means an agreement evidencing an undertaking by a Collateral Support Provider to ensure that a Collateral Obligor has sufficient funds to meet its obligations under a Collateral Item.

“**Latest Level**” means the latest level (the relevant month of such calculation being the “**Earlier Month**”) of the Index (excluding any “flash” estimates) published or announced by the Index Sponsor prior to the relevant month.

“**Law**” means the Luxembourg law of 23 December 2005.

“**Law 130**” means Italian law No. 130 of 30 April 1999, as amended from time to time (*Disposizioni sulla cartolarizzazione dei crediti*).

“**Laws**” means the Luxembourg laws of 21 June 2005.

“**Legal Entity**” means a legal person who is appointed as a member of the Board.

“**Leverage Factor**” means, where applicable, the number specified in the relevant Final Terms. In the case of Instruments in respect of which the relevant Final Terms specify that “Interest Component Adjustment” is Applicable, the Calculation Agent, may, if applicable, in its reasonable discretion determine an adjustment to the Leverage Factor specified in the relevant Final Terms in accordance with its normal pricing methodology on the applicable Interest Component Adjustment Date.

“**Linear Interpolation**” means the straight-line interpolation by reference to two rates based on the Relevant Rate, one of which will be determined as if the Specified Duration were the period of time for which rates are available next shorter than the length of the affected Interest Period and the other of which will be determined as if the Specified Duration were the period of time for which rates are available next longer than the length of such Interest Period.

“**Luxembourg**” means the Grand Duchy of Luxembourg.

“**Market Disruption**” means the events and situations set out in General Condition 23.2 (*Events and/or situations constituting Market Disruption*).

“**Market Value Collateral**” means, in respect of each Collateral Item, (i) where the Collateral Item has not been redeemed, an amount in the relevant Collateral Currency calculated by the Calculation Agent equal to the highest firm bid quotation obtained by the Calculation Agent from the Reference Banks for the Collateral Item (excluding accrued but unpaid interest in respect thereof), on the relevant Early Termination Valuation Date provided that if no firm bid quotation is obtained, the Market Value Collateral shall be calculated by the Calculation Agent in good faith and may in certain circumstances be zero, or (ii) in circumstances where the Collateral Item has been redeemed, the proceeds of redemption of the Collateral Item.

“**Matured Collateral Item**” means each Collateral Item that has redeemed on its scheduled maturity date in accordance with the terms of such Collateral Item.

“**Maturity Date**” means (a) if “Collateral Maturity Postponement Adjustment” is specified as Applicable in the relevant Final Terms, the Scheduled Maturity Date or the Postponed Maturity Date, as the case may be, or (b) otherwise, the date specified as such in the relevant Final Terms.

“**Mémorial**” means the *Mémorial C, Recueil des sociétés et associations*.

“**MiFID Directive**” means Directive 2004/39/EC.

“**Maximum Range Percentage**” has the meaning given to it in the relevant Final Terms.

“**Minimum Range Percentage**” has the meaning given to it in the relevant Final Terms.

“**Net Proceeds**” means the net proceeds of the realisation of the security created pursuant to the Series Instrument.

“**Non-Affected Collateral**” means each Collateral Item that has redeemed on its scheduled maturity date.

“**Non Compartment-Specific Claims Creditors**” means creditors whose claims against the Company have not arisen in connection with the creation, operation or liquidation of a Compartment and which have not waived their recourse to the assets of any Compartment.

“**Non-exempt Offer**” means an offer of Instruments, if the Final Terms in relation to the Instruments specify that such an offer may be made, other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State.

“**Non-Permitted Transferee**” means:

- (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S of the Securities Act; or
- (b) a person who comes within any definition of U.S. person for the purposes of the Commodity Exchange Act of 1936, as amended, or any rule, guidance or order proposed or issued by the Commodity Futures Trading Commission (the “**CFTC**”) thereunder (including but not limited to any person who is not a “Non-United States person” under CFTC Rule 4.7(a)(1)(iv) (excluding for purposes of CFTC Rule 4.7(a)(1)(iv)(D) the exception for qualified eligible persons who are not “**Non-United States persons**”)).

“**Non-United States persons**” means any person who is a “Non-United States person” under CFTC Rule 4.7(a)(1)(iv).

“**Notice Period**” means, in respect of a Collateral Item, the number of days specified as the Notice Period in the relevant Final Terms.

“**Observation Date**” means each date specified as such in the relevant Final Terms.

“**offer of Instruments to the public**” means, in relation to any Relevant Member State, the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe the Instruments, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State.

“**Offer Price**” has the meaning specified in the relevant Final Terms.

“**Option Premium**” means the premium payable to the Hedging Counterparty by the Issuer in respect of an option contained in the Hedging Agreement as further described in the relevant Final Terms.

“**Optional Redemption Amount**” means the amount specified as such in the relevant Final Terms.

“**Original Base Prospectus**” means the base prospectus in respect of the Programme dated 25 July 2013.

“**Outgoing Trustee**” means the entity acting as Trustee which the Hedging Counterparty elects to replace upon the occurrence of a Replacement Event.

“**Page**” means such page, section, caption, column or other part of a particular information service (including, but not limited to, the Reuters Monitor Money Rates Service (“**Reuters**”) and the Bloomberg service (“**Bloomberg**”)) as may be specified as such in the relevant Final Terms for the purpose of providing a Relevant Rate, or such other page, section, caption, column or other page as may replace it on that information service or on such other information service, in each case as may be nominated by the person or organisation providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to that Relevant Rate.

“**Participating FFI**” means an FFI which has entered into an agreement with the IRS to provide the IRS with certain information in respect of its account holders and investors.

“**participating Member States**” means Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia.

“**Pass-through Period**” means the period from and including the Scheduled Maturity Date to and including the Postponed Maturity Date.

“**Paying Agent**” means the person(s) executing the Agency Agreement in the capacity of paying agent and any successor, substitute or additional Paying Agent from time to time appointed.

“**Payment Day**” means any day which is (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the relevant place of presentation and London and Luxembourg; and (ii) either (1) in relation to any sum payable in a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are

open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of such currency (if other than the place of presentation) or (2) in relation to any sum payable in euro, a day that TARGET2 is open.

“**PEA**” means the *plan d'épargne en actions*.

“**Pension Funds**” means pension funds subject to the tax regime set forth by Article 17 of Legislative Decree No. 252 of 05/12/2005.

“**Permanent Global Instrument**” means a Series of Instruments represented by interests in a permanent global instrument.

“**Permitted Indebtedness**” has the meaning given to that term in General Condition 10.1.1 (*Restrictions*).

“**Permitted Investments**” has the meaning given to that term in General Condition 10.1.1 (*Restrictions*).

“**Permitted Transferee**” means any person who is not a Non-Permitted Transferee.

“**PIT**” means Spanish Personal Income Tax (*Impuesto sobre la Renta de las Personas Físicas*).

“**Polish Act on Public Offering**” means the Act on Public Offering, Conditions Governing the Introduction of Financial Instruments to Organised Trading, and Public Companies of 29 July 2005, as amended.

“**Polish FSA**” means the Polish competent authority for the approval of prospectuses for the public offering of securities in Poland or the admission of the Instruments to trading on an EU regulated market in Poland.

“**Postponed Collateral Maturity Date**” means the date on which the last outstanding Collateral Item is redeemed in full.

“**Postponed Maturity Date**” shall have the meaning given to such term in General Condition 7.1.2 (*Collateral Maturity Postponement Adjustment*).

“**Potential Event of Default**” means an event which, with the giving of notice and/or lapse of time and/or the forming of an opinion and/or the giving of any certificate and/or the making of any determination, would become an Event of Default.

“**Primary Market End Date**” means the date specified as such in the relevant Final Terms.

“**Principal Agent**” means the person executing the Series Instrument for the purpose of entering into the Agency Agreement in the capacity of issuing and paying agent and any successor, substitute or additional Principal Agent from time to time appointed.

“**Principal Distribution Amount**” means any payment of principal received by the Issuer in respect of the Collateral on a Collateral Payment Date.

“**Programme**” means this programme for the issuance of secured notes.

“**Pro Rata Rights**” means the rights of a Non Compartment-Specific Claims Creditor whose claims have not arisen in connection with the creation, operation or liquidation of a Compartment and which have not waived their recourse to the assets of any Compartment, to be allocated by the Company on a half year basis in arrears to all the Compartments (on an equal basis and *pro rata temporis* for Compartments created within such half year) where the relevant Conditions or the Articles expressly authorise Non Compartment-Specific Claims Creditors to have recourse against the rights and assets allocated to such Compartments.

“**Prospectus Directive**” means the Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive).

“**Prospectus Regulation**” means Regulation (EC) NO 809/2004 of 29 April 2004.

“**Public Offer Jurisdiction**” means each jurisdiction specified as such in the relevant Final Terms.

“**Purchase Agreement**” means the purchase agreement in respect of the Instruments pursuant to which the Instruments are purchased by the Purchaser on the Issue Date, entered into by the Issuer and the Purchaser by their execution of the Series Instrument, as amended, restated and/or supplemented from time to time.

“**Purchaser**” means the person (if any) executing the Series Instrument in the capacity of purchaser.

“**rated**” and “**rating**” means ratings by each Relevant Rating Agency.

“**Rating Agency**” means one or more independent credit rating agencies who may assign credit ratings to a Series of Instruments, as specified in the relevant Final Terms.

“**Rating Agency Confirmation**” means a written confirmation from a Relevant Rating Agency that any action proposed to be taken by the Issuer or any Series Party will not have an adverse effect on the then current rating of any rated Instruments.

“**Real Estate Investment Funds**” means real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998.

“**Rebased Index**” means, where the Calculation Agent determines that the Index has been or will be rebased pursuant to General Condition 22.3 (*Rebasing of the Index*) the Index as so rebased.

“**Recalcitrant Holder**” means an accountholder that has not provided information requested to establish that the accountholder is exempt from reporting under the FATCA reporting regime.

“**Redemption Amount**” means the Final Redemption Amount, Early Termination Amount, Amortisation Amount or Optional Redemption Amount, as applicable.

“**Redemption Date**” means the Maturity Date, the Optional Redemption Date or the date on which any Early Termination Amount is due to be paid, as applicable.

“**Reference Banks**” means Deutsche Bank AG and two banks unaffiliated to Deutsche Bank AG designated by the Calculation Agent at the relevant time.

“**Reference Business Day**” means any Trading Day on which each Reference Source and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Reference Source or Related Exchange closing prior to its Scheduled Closing Time.

“**Reference Level**” means the level of the Index (excluding any “flash” estimates) published or announced by the Index Sponsor in respect of the month that is 12 calendar months prior to the Earlier Month referred to in “Latest Level”.

“**Reference Source**” means the reference source for the Exchange Rate as specified in the relevant Final Terms.

“**Regulatory Event**” means the occurrence of any of the following (including, without limitation, in connection with the application of the Alternative Investment Fund Managers Directive 2011/61/EU): (a) as a result of an implementation or adoption of, or change in, law, regulation, interpretation, action or response of a regulatory authority or (b) as a result of the promulgation of, or any interpretation by any Relevant Authority of, any relevant law or regulation or (c) as a result of the public or private statement or action by, or response of, any Relevant Authority or any official or representative of any Relevant Authority acting in an official capacity, such that it is or will be unlawful or there is a reasonable likelihood of it being unlawful for (i) the Issuer to maintain the Instruments or that the maintenance of the existence of the Instruments would make it unlawful to maintain the existence of any other instruments issued by the Issuer or, (ii) for the Issuer or Deutsche Bank AG, London Branch in its capacity as Arranger to perform any duties in respect of the Instruments.

“**Regulation S**” means Regulation S of the Securities Act.

“**Related Bond**” means a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation the Index relates and which pays a coupon or redemption amount which is calculated by reference to the Index, with a maturity date which falls on (a) the same day as the Maturity Date, (b) the next longest maturity after the Maturity Date if there is no such bond maturing on the Maturity Date, or (c) the next shortest maturity before the Maturity Date if no bond defined in (a) or (b) is selected by the Calculation Agent. If the Index

relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any governmental agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. The Calculation Agent will select the Related Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Related Bond shall be selected by the Calculation Agent from those bonds. If the Related Bond redeems the Calculation Agent will select a new Related Bond on the same basis, but selected from all eligible bonds in issue at the time the original Related Bond redeems (including any bond for which the redeemed bond is exchanged).

“**Related Exchange**” means, with respect to an Exchange Rate, each exchange, trading system or quotation system whose trading has an effect on the overall market for options contracts or futures contracts on the Exchange Rate, and any successor acceptable to the Calculation Agent, as determined by the Calculation Agent.

“**Relevant Authority**” means any court, tribunal, government or regulatory authority with competent jurisdiction.

“**Relevant Country**” means, as determined by the Calculation Agent, any country (or any political or regulatory authority thereof) in which any of the currencies comprising the Exchange Rate is the legal tender or currency.

“**Relevant Currency**” means one of the currencies comprising the Exchange Rate.

“**Relevant Financial Centre**” means, with respect to any floating Interest Rate to be determined on an Interest Determination Date, the financial centre specified as such in the Final Terms or, if none is so specified the financial centre with which the relevant Benchmark Rate is most closely connected or, if none is so connected or if the Specified Currency is euro, London.

“**Relevant Implementation Date**” in relation to a Relevant Member State means the date on which the Prospectus Directive is implemented in that Relevant Member State.

“**Relevant Member State**” means each Member State of the European Economic Area which has implemented the Prospectus Directive.

“**Relevant Rate**” means, if “Benchmark Rate” is specified in the applicable Final Terms, the Benchmark Rate for a Representative Amount of the Specified Currency for a period (if applicable or appropriate to the Benchmark Rate) equal to the Specified Duration commencing on the Effective Date provided that, if the Relevant Rate is specified as “Structured Floating Rate (SD1 – SD2)” in the applicable Final Terms, the Relevant Rate shall be (i) the Benchmark Rate for a Representative Amount of the Specified Currency for a Specified Duration equal to SD1 specified in the applicable Final Terms, minus (ii) the Benchmark Rate for a Representative Amount of the Specified Currency for a Specified Duration equal to SD2 specified in the applicable Final Terms, each as determined in accordance with General Condition 5.2.3 (*Determination of Interest Rate*).

“**Relevant Rating Agency**” means, in respect of a series of Instruments, each rating agency which has assigned a credit rating to such Instruments as specified in the relevant Final Terms.

“**Relevant Time**” means, with respect to any Interest Determination Date, the local time in the Relevant Financial Centre specified in the relevant Final Terms or, if none is specified, the local time in the Relevant Financial Centre (or, if the Relevant Financial Centre is the Euro-zone, Central European Time) at which it is customary to determine bid and offered rates in respect of deposits in the Specified Currency in the interbank market in the Relevant Financial Centre.

“**Relevant Valuation Time**” means the relevant time specified in the relevant Final Terms, or, if none is specified, the local time in the relevant financial centre at which it is customary to determine relevant Exchange Rate, as determined by the Calculation Agent.

“**Re-offer Price**” means a price per Instrument which is either a fixed percentage or an amount determined by the Arranger and the Distributor at the end of the Offer Period in accordance with market conditions during the Offer Period.

“**Repayable Assets**” means Collateral which has become repayable or capable of being declared due and repayable prior to its stated maturity or in respect of which there is a payment default together with all remaining Collateral (which may or may not form obligations of the same person as those which have become repayable or in respect of

which there has been such a payment default) shall be deemed to have become immediately repayable in accordance with General Condition 7.3 (*Mandatory Cancellation*).

“**Repayable Collateral Item**” means a Collateral Item which has become so repayable or capable of being declared due and repayable prior to its stated maturity or in respect of which there is a payment default shall be deemed to have become immediately repayable in accordance with General Condition 7.3 (*Mandatory Cancellation*).

“**Replacement Event**” means where the Hedging Counterparty acting in its sole and absolute discretion determines that for legal, regulatory or other similar reasons, it is in the interests of any Series Party (excluding the Trustee) to replace the Trustee.

“**Replacement Trustee**” means any replacement trustee appointed by the Hedging Counterparty in accordance with the General Trust Terms as amended by the relevant Series Instrument.

“**Representative Amount**” means, in relation to any floating Interest Rate to be calculated in accordance with General Condition 5.2 (*Floating rate interest*), with respect to any floating Interest Rate to be determined on an Interest Determination Date, the amount specified as such in the relevant Final Terms or, if none is specified, an amount that is representative for a single transaction in the relevant market at the time.

“**Responsible Person**” means, in respect of the information provided in this Base Prospectus, the Company.

“**Scheduled Closing Time**” means, in respect of a Reference Source or Related Exchange and a Trading Day, the scheduled weekday closing time of such Reference Source or Related Exchange on such Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“**Scheduled Maturity Date**” means the date specified as such in the relevant Final Terms.

“**Scheduled Observation Date**” means any day on which the Calculation Agent is required to determine the price or level of the Exchange Rate for the purposes of General Condition 5 (*Interest*).

“**Second Currency**” means the currency appearing second in the definition of the relevant Exchange Rate.

“**Second Index Level**” means, subject to General Condition 22 (*Index Adjustment Provisions*), in respect of an Interest Period, the level of the Index reported for the Second Index Level Month specified in the Final Terms as determined by the Calculation Agent, without regard to any subsequently published correction.

“**Second Index Level Month**” shall have the meaning given to it in the Final Terms.

“**SEC**” means the U.S. Securities and Exchange Commission.

“**Securities Act**” means the United States Securities Act of 1933, as amended.

“**Securitisation Act 2004**” means the Luxembourg act dated 22 March 2004 on securitisation, as amended.

“**SEK – Non-revised Consumer Price Index (CPI)**” means the “Non-revised Index of Consumer Prices”, or relevant Successor Index, measuring the rate of inflation in Sweden, expressed as an index and published by the relevant Index Sponsor. The first publication or announcement of a level of such index for an applicable month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

“**Selling Agent**” means the person executing the Agency Agreement in the capacity of selling agent and any successor, substitute or additional Selling Agent from time to time appointed.

“**Series**” means a series of Instruments.

“**Series Assets**” means the Collateral and the other property, assets and/or rights of the Issuer so specified to be Series Assets in the Series Instrument for the relevant Series of Instruments and which have been charged, assigned, pledged and/or otherwise made subject to the security created by the Issuer in favour of the Trustee pursuant to the Series Instrument. The Series Assets shall have characteristics whereby, taken together, they demonstrate a capacity to produce funds to service the Issuer’s obligations to make payments due and payable under the Instruments.

“**Series Instrument**” means the Series Instrument dated the Issue Date of the relevant Series made between, *inter alia*, the Issuer and the Trustee, by which such Series of Instruments is constituted and secured, as amended, restated and/or supplemented from time to time.

“**Series Parties**” means the Instrumentholders, the Trustee, the Custodian and any Hedging Counterparty, all of whom expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions on limited recourse, no petition, subordination, waterfall and priority of payments as included in the General Conditions and the relevant Final Terms.

“**Servicer**” means Deutsche Bank Luxembourg S.A. in the capacity of servicer and any successor, substitute or additional Servicer from time to time appointed.

“**Share Trustees**” mean the holders of the issued ordinary shares of the Company held on trust by these holders.

“**Shortfall**” means the amount, if any, by which the amount of the Net Proceeds is less than the payments which would, but for the provisions of General Condition 8.10 (*Realisation of the Series Assets*), have been due under the Instruments and each Hedging Agreement and/or to any other Series Parties.

“**Source Tax**” means a withholding system optionally imposed by Austria and Luxembourg for a transitional period (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld).

“**Specified Currency**” means the currency in which payment in respect of the Instruments is to be made, as specified in the relevant Final Terms.

“**Specified Denomination**” means the denomination(s) specified in the relevant Final Terms.

“**Specified Duration**” means, with respect to any floating Interest Rate to be determined on an Interest Determination Date, the period of 3 months, 6 months, 12 months, 1 year, 2 years, 5 years, 10 years or 30 years specified in the relevant Final Terms.

“**Specified Office**” means, in relation to an Agent, the office identified with its name in the applicable Final Terms or such other office as may otherwise be determined pursuant to the Series Instrument.

“**Specified Rate**” has the meaning given to it in the relevant Final Terms.

“**Stability Law**” means Law No. 228 of 24 December 2012 of Italy, as amended.

“**Substitute Company**” has the meaning given to that term in General Condition 14.4 (*Substitution*).

“**Sub-Custodian**” means one or more sub-custodians appointed by the Custodian to hold the Collateral and any Hedging Collateral.

“**Substitute Index Level**” means Base Level x (Latest Level / Reference Level)

“**Successor Index**” has the meaning given to that term in General Condition 22.2.1, 22.2.3 or 22.2.4 (*Cessation of publication*), as applicable.

“**Successor Source**” means, in respect of a page, screen or other published source, (i) any successor display page, other published source, information vendor, service or provider that has been officially designated by the sponsor of the original page or source, or (ii) if the sponsor has not officially designated a successor display page, other published source, information vendor, service or provider (as the case may be), the successor display page, other published source, information vendor, service or provider, if any, designated by the relevant information vendor, service or provider (if different from the sponsor).

“**Supplement**” means any supplement to this Base Prospectus.

“**TARGET2**” means the Trans-European Automated Real-time Gross Settlement Express Transfer System.

“**TEFRA C Rules**” means the U.S. Treasury Regulation § 1.163-5(c)(2)(i)(C).

“**TEFRA D Rules**” means the U.S. Treasury Regulation § 1.163-5(c)(2)(i)(D).

“**Temporary Global Instrument**” means a Series of Instruments initially represented by interests in a temporary global instrument.

“**Territories**” means Luxembourg and certain dependent and associated territories of EU Member States.

“**Trading Day**” means (i) in respect of a Reference Source which is an exchange, trading system or quotation system, a day on which the relevant Reference Source and the relevant Related Exchange, if any, in respect of the Exchange Rate are scheduled to be open for trading during their respective regular trading session(s), and (ii) in respect of a Reference Source which is not an exchange, trading system or quotation system, a day on which commercial banks and foreign exchange markets are open in the country(ies) where each Reference Source in respect of the Exchange Rate is located.

“**Trustee**” means Deutsche Trustee Company Limited of Winchester House, 1 Great Winchester Street, London EC2N 2DB or the Replacement Trustee, in the event that the Replacement Trustee is appointed as Trustee in accordance with the General Trust Terms as amended by the relevant Series Instrument, and any successor, substitute or additional Trustee from time to time appointed.

“**TUIR**” means Presidential Decree 22 December 1986 n. 917.

“**Typical Securities**” means bonds (*obbligazioni*) or debentures similar to bonds representing a securitized debt claim implying a static “use of capital” (*impiego di capitale*), issued in mass that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and that do not allow a direct or indirect participation to the management of the issuer, as further described in the section entitled “Italian Taxation”.

“**Ultimate Trading Day**” means the day specified as such in the relevant Final Terms or, if none is specified in the Final Terms, the eighth Trading Day.

“**United States**” means United States of America or any of its territories, possessions or other areas subject to its jurisdiction including the Commonwealth of Puerto Rico.

“**USA – Non-revised Consumer Price Index – Urban (CPI-U)**” means the “Non-revised index of Consumer Prices for All Urban Consumers (CPI-U) before seasonal adjustment”, or relevant Successor Index, measuring the rate of inflation in the United States expressed as an index and published by the relevant Index Sponsor. The first publication or announcement of a level of such index for an applicable month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

“**USD-CMS**” means the annual swap rate for USD swap transactions, expressed as a percentage, which appears on the Reuters Screen ISDAFIX1 Page (or any Successor Source) under the heading “USD 11:00 AM” and above the caption “<USDSFIX=>”.

“**USD-LIBOR**” means the rate for deposits in USD which appears on the Reuters Screen LIBOR01 Page (or any Successor Source).

“**U.S. Persons**” or individually a “**U.S. Person**” has the meaning given to that term in Rule 902 under the Securities Act.

ANNEX 1

COLLATERAL ANNEX

Each of the following entities shall be a “Collateral Obligor”, a “Collateral Guarantor” or a “Collateral Support Provider” for the purposes of this Base Prospectus.

Name of the Collateral Obligor	Registered Address	Country of Incorporation	Regulated Market on which Collateral Obligor has securities listed	General Description of the Collateral Obligor	Method of creation of the Collateral issued by the Collateral Obligor
Abertis Infraestructuras S.A.	Abertis Infraestructuras S.A Avinguda del Parc Logístic, 12-20 - 08040,Barcelona	Spain	AIAF Mercado de Renta Fija	The Collateral Obligor is an international group which manages mobility and telecommunications infrastructures through three business areas: tollroads, telecommunications infrastructures and airports. Compagnie de Financement Foncier (“CFF”)	19, rue des Capucines, 75001 Paris	France	Euronext Paris	The Collateral Obligor is a limited liability company organized under the laws of the Republic of France. It is licensed as a specialized credit institution known as a “financial company,” which is one of six types of credit institutions recognized and regulated under French banking law. It is also licensed by the Prudential Control Authority (into which the Credit Institutions and Investment Companies Committee (Comité des Etablissements de Crédit et des Entreprises d’Investissements) was merged in March 2010) as a Société de Crédit Foncier, which is a restricted	Issued in the normal course of its business.

				<p>category of financial company with a specific purpose.</p> <p>The sole permitted business of a Société de Crédit Foncier, and therefore of CFF, is to provide financing to the housing and public sectors in France and to a number of other developed countries. The Collateral Obligor finances its business principally by the issuance of obligations foncières and other forms of privileged debt benefiting from a legal priority in right of payment. Under the French regulatory framework, CFF may only make or acquire mortgage loans (which include loans incurred to acquire real property and secured by a mortgage or, in certain limited circumstances, other high-quality credit support), extend financing to public sector entities by making public sector loans or acquiring public sector obligations, and/or acquire debt securities backed by mortgage loans or public sector obligations. The Collateral Obligor is also permitted to invest in certain highly liquid cash-like securities, instruments, deposits and loans. However, CFF may not hold equity participations or other forms of equity interest.</p> <p>Holders of obligations foncières issued by CFF benefit from a legal priority in right of payment called the Privilège on all assets and cash flows of CFF. Pursuant to French law, no creditors of a Société de Crédit Foncier, and therefore of CFF, except for the holders of its obligations foncières and other privileged liabilities, can claim cash flows generated by its asset portfolio until CFF's obligations in respect of its privileged liabilities are discharged in full.</p> <p>Further information on the Collateral Obligor can be found on its website: <a href="http://www.foncier.fr">http://www.foncier.fr</a></p>

## ANNEX 2

### PRINCIPAL TERMS AND CONDITIONS OF UNLISTED COLLATERAL

*This section provides a brief overview of some of the principal terms and conditions of certain types of Collateral that are not traded on a regulated or equivalent market. The section entitled “Provisions Relating to Series Assets” in the Final Terms for a Series of Instruments in respect of which the Collateral is not traded on a regulated or equivalent market will indicate which of the principal terms and conditions described in this section are applicable to the Collateral for such Series of Instruments and will complete the information contained in this section to the extent that the relevant details were not known at the time of approval of this Base Prospectus.*

#### 1. Collateral issued pursuant to a medium term note programme

##### 1.1 Redemption, purchase and options

- (a) **Redemption for taxation reasons:** If “Redemption for taxation reasons” is specified in the Final Terms as “Applicable”, the Collateral may be redeemed at the option of the Collateral Obligor in whole, but not in part, on any date specified in the Final Terms, on giving the amount of notice specified in the Final Terms to the holders of the Collateral at the early redemption amount specified in the Final Terms, if certain tax events occur.
- (b) **Redemption at the option of the Collateral Obligor:** If “Redemption at the option of the Collateral Obligor” is specified in the Final Terms as “Applicable”, the Collateral Obligor may, on giving the amount of notice specified in the Final Terms to the holders of the Collateral redeem, or exercise the Issuer's option in relation to, all or, if so provided, some of the Collateral on the date or dates specified in the Final Terms at the optional redemption amount specified in the relevant Final Terms.
- (c) **Redemption at the option of holders of the Collateral:** If “Redemption at the option of holders of the Collateral” is specified in the Final Terms as “Applicable”, the Collateral Obligor shall, at the option of the holder of any Collateral, redeem such Collateral on the date or dates so provided at the optional redemption amount specified in the relevant Final Terms.
- (d) **Redemption by instalments:** If “Redemption by Instalments” is specified in the Final Terms as “Applicable”, the Collateral will be partially redeemed on each instalment date at the instalment amount specified in the Final Terms.

##### 1.2 Taxation

If “Collateral gross-up” is specified in the Final Terms as being applicable, all payments of principal and interest in respect of the Collateral by the Collateral Obligor or (if applicable) the Collateral Guarantor or Collateral Support Provider in respect thereof will be made without withholding or deduction for, or on the account of, as more particularly described in the terms and conditions of the Collateral, certain taxes, duties, assessments or governmental charges imposed or levied by or on behalf of the relevant jurisdictions specified in the Final Terms or any political subdivision thereof or any agency or authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law, in which case the Collateral Obligor or (if applicable) the Collateral Guarantor or Collateral Support Provider will pay such additional amounts as may be necessary in order that the net amounts received by holders of the Collateral are equal to the amount that would have been received had no such withholding or deduction applied, provided that in certain circumstances as more particularly described in the terms and conditions of the Collateral, no such additional amounts shall be payable with respect to any payment in respect of the Collateral.

##### 1.3 Events of default

If any of the following events is specified in the Final Terms as “Applicable” and such event occurs and is continuing, the Collateral shall become repayable at the early redemption amount specified in the Final Terms:

- (a) **Payment Default:** default is made after the passing of the grace period specified in the Final Terms in the payment of any principal or interest in respect of the Collateral;

- (b) **Failure to perform any other Obligation:** the Collateral Obligor or (if applicable) the Collateral Guarantor in respect of the Collateral fails duly to perform any other obligation under or in respect of the Collateral and such failure continues for more than the grace period specified in the Final Terms;
- (c) **Insolvency events:** certain events relating to the winding-up or dissolution of the Collateral Obligor or (if applicable) the Collateral Guarantor or Collateral Support Provider in respect of the Collateral occur;
- (d) **Guarantee events:** if applicable, the Collateral Guarantee in respect of the Collateral is not in full force and effect; or
- (e) **Other events:** other events that are specified in the Final Terms.

#### 1.4 **Meetings of holders of the Collateral**

The Collateral contains provisions for convening meetings of holders thereof to consider matters affecting their interests generally with respect to the Collateral. These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

#### 1.5 **Further issues**

If specified in the Final Terms as “Applicable”, the Collateral Obligor may from time to time create and issue further notes having the same terms and conditions as the Collateral in all respects (or in all respects except for the issue price, the issue date and/or the first payment of interest) and so that the same shall be consolidated and form a single series with the Collateral.

#### PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be as defined in the General Conditions set out in the Base Prospectus dated 30 July 2014 ([as supplemented by a supplement dated [●],] [together] a “**Base Prospectus**” for the purposes of Directive 2003/71/EC (the “**Prospectus Directive**”) (and amendments thereto, including the 2010 PD Amending Directive)), in respect of asset backed securities issued by the Issuer. This document constitutes the Final Terms of the Instruments described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus. Full information on the Issuer and the offer of Instruments is only available on the basis of a combination of these Final Terms and the Base Prospectus [as so supplemented]. A summary of the individual issue of the Instruments is annexed to these Final Terms. The Base Prospectus [is] [and the supplements are] available for viewing on the website of the Luxembourg Stock Exchange (*www.bourse.lu*) and copies may be obtained free of charge during normal business hours from the offices of the Luxembourg listing and paying agent (Deutsche Bank Luxembourg SA, 2 boulevard Konrad Adenauer, L-1115 Luxembourg) and at the registered office of the Issuer (Palladium Securities 1 S.A., 2 boulevard Konrad Adenauer, L-1115 Luxembourg). [A copy of the Final Terms will be available on the website of the Luxembourg Stock Exchange at *www.bourse.lu*.]

*[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or sub-paragraphs. Italicised text denotes directions for completing these Final Terms.]*

- |   |  |   |
|---|--|---|
| 1 | Aggregate Nominal Amount of Instruments being issued and (if different) Aggregate Nominal Amount of Instruments being admitted to trading: | [●]   |
| 2 | Specified Denomination:  | [●]   |
| 3 | Series Number:   | [●]   |
| 4 | Specified Currency or Currencies:  | [●]   |
| 5 | Issue Price:   | [[Price] per Instrument]<br>[[●] per cent. of the Aggregate Nominal Amount] |

		[plus accrued interest from [Date] (in the case of fungible issues only, if applicable)]
		[Indicate amount of any expenses and taxes specifically charged to the purchasers of the Instrument]
6	Calculation Amount per Instrument:	[●]
7	(i) Issue Date:	[●]
	(ii) Interest Commencement Date:	[Issue Date][●]
	[(iii) Primary Market End Date:	[[●] or, if such day is not a Business Day, the first succeeding Business Day;]
8	(i) Collateral Maturity Postponement Adjustment:	[Applicable – the Scheduled Maturity Date is specified in paragraph 8(ii) below] [Not Applicable – the Maturity Date is specified in paragraph 8(ii) below]]
	(ii) [Scheduled Maturity Date] [Maturity Date]:	<b>[Fixed Rate Instruments:</b> [●], or, if such day is not a Payment Day, the [next following] Payment Day]
		<b>[Floating Rate Instruments:</b> Details of Interest Payment Date falling in the relevant month and year]
9	Interest Basis:	[[●] per cent. Fixed Rate] [plus a [●] per cent. Bonus Interest Rate, subject to the applicable Bonus Threshold being satisfied]
		[[specify Benchmark Rate] +/- [[●] per cent.][specify Benchmark Rate] Floating Rate]
		[[specify Index] +/- [[●] per cent.][specify Index] Floating Rate]
		[Zero Coupon]
10	Change of Interest Basis:	[Applicable – the method by which Interest is determined shall alter on a specified Interest Rate Switch Date]
		[Not Applicable – the method of determining the Interest will not change on a specified Interest Rate Switch Date]
	Interest Rate Switch Date(s):	[●] [Not Applicable]
		[Insert description of change of interest rate]
11	Authorisation:	[Not applicable][In the case of new issues, provide a statement of the resolutions, authorisations and approvals by virtue of which the securities have been or will be created and/or issued]
12	Multiple Collateral Issue:	[Applicable] [Not Applicable]
	(i) Separate Collateral Item Default:	[Applicable] [Not Applicable]

	(ii) Amortisation:	[Applicable] [Not Applicable]
13	Hedging Counterparty right to replace Trustee:	[Applicable] [Not Applicable]

**Provisions Relating to Interest**

14	Type of Interest:	[Fixed Rate] [Floating Rate] [Structured Floating Rate] [Zero Coupon]
----	-------------------	---

*[If the Interest Rate is fixed, use the following subparagraphs (i)-(vii), otherwise delete such sub-paragraphs]*

- |       |                            |  |
|-------|----------------------------|--|
| (i)   | Interest Rate:             | [●] per cent. per annum payable in arrear [annually] [semi-annually] [quarterly] [monthly]   |
| (ii)  | Interest Payment Date(s):  | [The Interest Payment Dates are [●] in each year up to and including the Maturity Date]<br><br>[The Interest Payment Dates are [●] in each year up to and including the Scheduled Maturity Date]<br><br>[or, if any such day is not a Payment Day, the next following Payment Day]   |
| (iii) | Interest Accrual Dates(s): | [The Interest Accrual Dates are [●] in each year up to and including the Maturity Date [subject to the Business Day Convention].] [The Interest Accrual Dates are [●] in each year up to and including the Scheduled Maturity Date [subject to the Business Day Convention]] [The Interest Accrual Dates shall be the Interest Payment Dates.] |
| (iv)  | Interest Amount:           | [Not Applicable]   |
|       | [[A] Fixed Amount[(s)]:    | In respect of each Interest Period [,other than the [first] [and] [last][●] Interest Period,] [●].]  |
|       | [(B) Broken Amount[(s)]:   | In respect of the [first][last][●] Interest Period,] [●].]   |
| (v)   | Day Count Fraction:        | [Actual/Actual (ISDA)]<br>[Actual/Actual (ICMA)]<br>[Actual/365 (Fixed)]<br>[Actual/360]<br>[30/360]<br>[30E/360]<br>[30E/360 (ISDA)]  |
| (vi)  | Determination Date(s):     | [The Determination Dates are [●] in each year.]  |

[Not Applicable]

[Only relevant where Day Count Fraction is Actual/Actual (ICMA)]

(vii) Interest Component Adjustment:

[[Leverage Factor – Applicable, [subject to [a maximum Leverage Factor of [●]][a minimum Leverage Factor of [●]]]]

[Interest Rate – Applicable, [subject to [a maximum Interest Rate of [●]][a minimum Interest Rate of [●]]]

The Interest Component Adjustment Date[s] [is][are] [●].]

[Not Applicable]

[If a Bonus Interest Rate is payable in addition to the Interest Rate, use the following subparagraphs (viii)-(xiii), otherwise delete such sub-paragraphs]

(viii) Bonus Interest Rate:

Applicable - [●] per cent. per annum payable in arrear [annually] [semi-annually] [quarterly] [monthly]

(ix) Bonus Interest Amount:

[Not Applicable]

[(A) Bonus Fixed Amount[(s)]:

In respect of each Interest Period [, other than the [first][last][●] Interest Period,] [●].]

[(B) Bonus Broken Amount[(s)]:

In respect of the [first][last][●] Interest Period,] [●].]

(x) Observation Date(s):

[The Observation Date in respect of each Interest Period is [the first day of each Interest Period] [the second day on which TARGET2 is open prior to the first day of each Interest Period] [the day falling two FX Business Days prior to the first day of each Interest Period] [the day falling two FX Business Days prior to the last day of each Interest Period] [●].]

(xi) Bonus Threshold:

In respect of each Interest Period [beginning][ending] [on or before][prior to (but excluding)] [in the period from (including) [●] to (but excluding) [●]] [●],] the Exchange Rate is [above] [below] [or equal to] [●] [and] [in respect of each Interest Period [beginning][ending] [on or before][prior to (but excluding)] [●]] [thereafter] the Exchange Rate is [above] [below] [or equal to] [●].

“**Exchange Rate**” means [in respect of each Interest Period [beginning][ending] [on or before][prior to (but excluding)] [●],] the [CHF-EUR Rate] [CHF-USD Rate] [EUR-GBP Rate] [EUR-JPY Rate] [EUR-USD Rate] [GBP-JPY Rate] [GBP-USD Rate] [JPY-USD Rate] [and] [in respect of each Interest Period [beginning][ending] [on or before][prior to (but excluding)] [●]] [thereafter] [CHF-EUR Rate] [CHF-USD Rate] [EUR-GBP Rate] [EUR-JPY Rate] [EUR-USD Rate] [GBP-JPY Rate] [GBP-USD Rate] [JPY-USD Rate]].]

- (xii) FX Business Days: [London] [New York] [TARGET] [Tokyo] [Zurich] [●]
- (xiii) Reference Source: [●]
- (xiv) Relevant Valuation Time: [●]
- (xv) Ultimate Trading Day: [●] [As per General Conditions]

*[If the Interest Rate is floating rate and or structured floating rate, use the following subparagraphs (i)-(xxii) as applicable, otherwise delete such sub-paragraphs]*

- (i) Interest Rate: [The sum of (i) the Relevant Rate and (ii) the Margin [, subject to [a Minimum Interest Rate] [and] [a Maximum Interest Rate]]  
[The Structured Floating Rate (Range Accrual)]
- (ii) Specified Period(s)/Interest Payment Dates/Specified Duration: The Interest Payment Dates are [●] [or, if any such day is not a Payment Day, the next following Payment Day].  
[The Specified Duration for the purpose of the Relevant Rate is [3 months/6 months/12 months/1 year/2 years/5 years/10 years/30 years]  
[SD1: the Specified Duration for SD1 for the purpose of the Relevant Rate is [3 months/6 months/12 months/1 year/2 years/5 years/10 years/30 years]]  
[SD2: the Specified Duration for SD2 for the purpose of the Relevant Rate is [3 months/6 months/12 months/1 year/2 years/5 years/10 years/30 years]]
- (iii) Interest Accrual Dates(s): [The Interest Accrual Dates are [●] in each year up to and including the Maturity Date [subject to the Business Day Convention].] [The Interest Accrual Dates are [●] in each year up to and including the Scheduled Maturity Date [subject to the Business Day Convention]]
- (iv) Interest calculation method for short or long Interest Periods: [Linear Interpolation]  
[The applicable Relevant Rate on the Interest Determination Date]  
[Not Applicable] [there are no short or long Interest Periods]
- (v) Business Day Convention: [Floating Rate Business Day Convention]  
[Following Business Day Convention]  
[Modified Following Business Day Convention]  
[Preceding Business Day Convention]  
[Not Applicable]
- (vi) Business Day(s): London, New York, TARGET2 and Tokyo

- (vii) Relevant Financial Centre: [●]
- (viii) Margin(s): [+/-][●] per cent. per annum
- (ix) Relevant Rate: [Benchmark Rate]  
[Structured Floating Rate - as per sub-paragraph (xiii)]
- (x) Benchmark Rate: [EURIBOR] [CHF-LIBOR] [EUR-LIBOR] [GBP-LIBOR] [USD-LIBOR] [EUR-CMS] [USD-CMS] [Not Applicable]  
  
[in the case of a sum of two Benchmark Rates insert: Structured Floating Rate (Aggregate Benchmark Rate) - as per sub-paragraph (xiii)]
- (xi) Method of determining Relevant Rate: [Screen Rate Determination]  
[CMS Rates Determination]  
[Inflation Rate Determination]
- (xii) Interest Component Adjustment: [[Leverage Factor – Applicable, [subject to [a maximum Leverage Factor of [●]][a minimum Leverage Factor of [●]]]]  
[Margin – Applicable, [subject to [a maximum Margin of [●]][a minimum Margin of [●]]]]  
[Maximum Interest Rate – Applicable, [subject to [a maximum Maximum Interest Rate of [●]][a minimum Maximum Interest Rate of [●]]]]  
[Minimum Interest Rate – Applicable, [subject to [a maximum Minimum Interest Rate of [●]][a minimum Minimum Interest Rate of [●]]]]  
[Interest Rate – Applicable, [subject to [a maximum Interest Rate of [●]][a minimum Interest Rate of [●]]]]  
The Interest Component Adjustment Date[s] [is][are] [●].]  
[Not Applicable]

*[If the floating interest rate is structured, use the following subparagraphs as applicable, otherwise delete such subparagraphs]*

- (xiii) Structured Floating Rate: [The “**Structured Floating Rate (Leverage Factor)**” applies whereby the Interest Rate will be multiplied by a Leverage Factor of [●].]  
  
[The “**Structured Floating Rate (Range Accrual)**” applies, whereby the Interest Rate for each Interest Period will be the sum of:  
  
Specified Rate x (N/D)  
  
where:

“**D**” means the actual number of Business Days in the relevant Interest Period;

“**Maximum Range Percentage**” means [●];

“**Minimum Range Percentage**” means [●];

“**N**” means the number of Business Days in the relevant Interest Period on which the Relevant Rate (as determined in accordance with General Condition 5.2.3(a), but read as if “the Interest Determination Date” is replaced with “each Business Day”) is greater than or equal to the Minimum Range Percentage and less than or equal to the Maximum Range Percentage; and

“**Specified Rate**” means [●],

as set out in General Condition 5.2.3(c)]

[The “**Structured Floating Rate (SD1 – SD2)**” applies whereby the Relevant Rate shall be (i) the Benchmark Rate for a Representative Amount of the Specified Currency for a Specified Duration equal to SD1, minus (ii) the Benchmark Rate for a Representative Amount of the Specified Currency for a Specified Duration equal to SD2, each as determined in accordance with General Condition 5.2.3(b).]

[The “**Structured Floating Rate (Aggregate Benchmark Rate)**” shall apply whereby the Benchmark Rate is the [sum of][difference between] [EURIBOR] [CHF-LIBOR] [EUR-LIBOR] [GBP-LIBOR] [USD-LIBOR] [EUR-CMS] [USD-CMS] and [EURIBOR] [CHF-LIBOR] [EUR-LIBOR] [GBP-LIBOR] [USD-LIBOR] [EUR-CMS] [USD-CMS]].

[The “**Structured Floating Rate (Inflation Index Linked Rate)**” shall apply whereby the Inflation Index in respect of an Interest Period shall be the amount determined by the Calculation Agent to be equal to (a) the Second Index Level divided by the First Index Level minus (b) 1, subject to a minimum of zero and the Index is [BLG – Non-revised Consumer Price Index—Health Index (CPI)] [BLG – Non-revised Harmonised Consumer Price Index (HICP)] [ESP – National- Revised Consumer Price Index (CPI)] [EUR – Excluding Tobacco-Non-revised Consumer Price Index] [FRC – Excluding Tobacco-Non-Revised Consumer Price Index] [GBP – Non-revised Retail Price Index (UKRPI)] [ITL – Inflation for Blue Collar Workers and Employees—Excluding Tobacco Consumer Price Index] [USA – Non-revised Consumer Price Index – Urban (CPI-U)] [SEK – Non-revised Consumer Price Index (CPI)]

- |       |                        |  |
|-------|------------------------|--|
| (xiv) | Minimum Interest Rate: | The Minimum Interest Rate is [●] per cent. per annum |
| (xv)  | Maximum Interest Rate: | The Maximum Interest Rate is [●] per cent. per annum |
| (xvi) | Day Count Fraction:    | [Actual/Actual (ISDA)]                               |

- [Actual/Actual (ICMA)]
- [Actual/365 (Fixed)]
- [Actual/360]
- [30/360]
- [30E/360]
- [30E/360 (ISDA)]
- (xvii) Interest Determination Date(s): [The Interest Determination Date in respect of each Interest Period is [the first day of each Interest Period] [the second day on which TARGET2 is open prior to the first day of each Interest Period] [the day falling two Banking Days prior to the first day of each Interest Period] [the last day of each Interest Period [●].]
- [Insert regular payment dates]
- (xviii) Banking Days: [●]
- (xix) Index Sponsor: [[●] who publishes the index performance on [●]] [Not Applicable]
- (xx) First Index Level Month: [The month falling [●] months prior to the month in which the relevant Interest Period ends] [Insert other time period for Index reporting] [Not Applicable]
- (xxi) Second Index Level Month: [The month falling [●] months prior to the month in which the relevant Interest Period ends] [Insert other time period for Index reporting] [Not Applicable]
- (xxii) Related Bond: [Applicable][Not Applicable]

*[If the Instrument is zero coupon, use the following subparagraph (i), otherwise delete such sub-paragraph]*

- (i) [Amortisation Yield: [●]]

### Provisions Relating to Redemption

- 15 Issuer Call Option: [Applicable – The Issuer is entitled to call the Instruments early in accordance with General Condition 7.7 (*Issuer Call Option*)]
- [Not Applicable – The Issuer is not entitled to call the Instruments early]
- [If not applicable, delete the remaining sub paragraphs of this paragraph]*
- (i) Optional Redemption Date(s): [●]
- (ii) Optional Redemption Amount: [[●] per cent. per Calculation Amount]/

Optional Redemption	Optional Redemption
---------------------	---------------------

Date:	Amount:
[●]	[●]
[●]	[●]

(iii) Optional Redemption Period: [●]

- 16 Collateral Put/Call Redemption Event: [Applicable – The Issuer shall redeem some or all of the Instruments in accordance with General Condition 7.3.3 if any of the Collateral becomes repayable at the option of the Collateral Obligor in accordance with its terms.]  
[Not Applicable – The Issuer shall not redeem any of the Instruments if any of the Collateral becomes repayable at the option of the Collateral Obligor in accordance with its terms.]  
[Not Applicable - The Collateral Obligor has no option to redeem the Collateral in accordance with its terms.]
- 17 Early Redemption on Cessation of Publication: [Applicable]/[Not Applicable]
- 18 Early Redemption on Adjustment/Termination Event: [Applicable]/[Not Applicable]
- 19 Early Termination Amount:
- (i) Early Termination Amount inclusive of accrued interest: [Yes: no additional amount in respect of accrued interest to be paid, such that the amount payable on the date on which any Early Termination Amount is due to be paid shall comprise the Early Termination Amount only]  
[No: accrued interest shall be paid as an additional amount, such that the amount payable on the date on which any Early Termination Amount is due to be paid shall comprise (i) the Early Termination Amount and (ii) an additional amount in respect of accrued interest]
- (ii) Early Termination Interest Period: [The Interest Rate shall be zero]  
[The Interest Rate shall be calculated in accordance with General Condition 5.5.3]  
[The Bonus Interest Rate shall be zero]  
[The Bonus Interest Rate shall be calculated in accordance with General Condition 5.5.6]  
[Not Applicable]
- 20 Collateral Matched Grace Period: [Applicable – The Grace Period will be [●] days, which is equal to the grace period applicable to the payment of any sum due in respect of the Collateral before a default may be declared.]  
[Not Applicable – The Grace Period will be as defined

in the Base Prospectus.]

**Provisions Relating to Series Assets**

21	(i)	Collateral:	[Not Applicable]/[As at the Issue Date the Issuer shall hold the following securities as Collateral and further information on the Collateral is set out in Part C of these Final Terms:]				
		<table border="0" style="width: 100%;"> <tr> <td style="width: 30%;"><b>Collateral Obligor</b></td> <td style="width: 20%;"><b>Title</b></td> <td style="width: 20%;"><b>ISIN</b></td> <td style="width: 30%;"><b>Collateral Item Notional Percentage</b></td> </tr> </table>	<b>Collateral Obligor</b>	<b>Title</b>	<b>ISIN</b>	<b>Collateral Item Notional Percentage</b>	
<b>Collateral Obligor</b>	<b>Title</b>	<b>ISIN</b>	<b>Collateral Item Notional Percentage</b>				
		[Collateral][Collateral Item 1][Collateral Item 2][•]:	[•] per cent.				
	(ii)	- Series Assets:	[Collateral]  [Issuer’s rights under [the Hedging Agreement dated the Issue Date and,] the Agency Agreement dated the Issue Date]				
		- Originator of the Collateral:	[Applicable – [Deutsche Bank AG, London Branch][•][insert name, address and main business of the dealers if not Deutsche Bank AG, London Branch]][Not Applicable]				
		- Amount of Collateral:	[The nominal amount of the Collateral is equal to the Aggregate Nominal Amount of the Instruments.][•] The ratio between the amount of Collateral and the principal amount of the Instrument is [1/1][•].				
22	(i)	Hedging Agreement:	[Applicable – the Issuer shall enter into a Hedging Agreement with the Hedging Counterparty in connection with the Instruments  The “ <b>Hedging Agreement Termination Date</b> ” is [•][the [Scheduled] Maturity Date]  [Not Applicable – the Issuer will not enter into a Hedging Agreement with the Hedging Counterparty in connection with the Instruments]				
	(ii)	Option Premium:	[Applicable – [•]][Not Applicable]				
	(iii)	Credit Support Document:	[Applicable – a Credit Support Annex shall be entered into in connection with the Hedging Agreement]  [Applicable – a Credit Support Deed shall be entered into in connection with the Hedging Agreement]  [Not Applicable– the Issuer will not enter into a Credit Support Document with the Hedging Counterparty in connection with the Instruments]				
	(iv)	Method of Collateral Posting:	[1-Way Hedging Collateral Posting – only [the Issuer] [the Hedging Counterparty] may be required to post eligible credit support under the Credit Support Document]				

		[2-Way Hedging Collateral Posting – both the Issuer and the Hedging Counterparty may be required to post eligible credit support under the Credit Support Document]
		[Not Applicable – the Issuer will not enter into a Credit Support Document with the Hedging Counterparty in connection with the Instruments]
23	Security Ranking Basis:	[Hedging Counterparty Priority Basis]
		[Hedging Counterparty Priority Default Flip applicable - Instrumentholder Pari Passu Basis]
		[Hedging Counterparty Priority Default Flip applicable - Instrumentholder Priority Basis]

### General Provisions Applicable to the Instruments

24	Form of Instruments:	[Permanent Global Instrument which, in accordance with the terms of that Permanent Global Instrument, is exchangeable for Instruments in definitive form only in the limited circumstances as contemplated therein]
		[Temporary Global Instrument exchangeable for a Permanent Global Instrument, which, in accordance with the terms of that Permanent Global Instrument, is exchangeable for Instruments in definitive form only in the limited circumstances as contemplated therein.]

### Agents and Other Parties

25	[Servicer:	[Deutsche Bank Luxembourg SA][Not Applicable – there will be no Servicer appointed with respect to the Instruments]
26	[Calculation Agent:	<i>[Details][Give name, address and significant business activities of the calculation agent together with a summary, if applicable, of the calculation agent's responsibilities, their relationship with the Collateral Obligor or the Hedging Counterparty (whichever is relevant) and a summary of the provisions relating to termination of the appointment of such entity/provisions for appointing an alternative].]</i>
27	[Paying Agent and Specified Office:	[Deutsche Bank AG, London Branch]  [Deutsche Bank Luxembourg SA]  <i>[Relevant if the Instruments are listed and the rules of the relevant stock exchange require a paying agent in such jurisdiction]</i>
28	[Listing Agent:	<i>[Details (name and address)]]</i>
29	[Selling Agent:	<i>[Details (name and address)]]</i>
30	[Common Depositary and Specified Office:	<i>[Details]</i>

**Distribution**

- 31 [Application of TEFRA or TEFRA rules: [TEFRA C restrictions applicable] [TEFRA D restrictions applicable]]
- 32 [Total commission and concession: [[Up to][●] per cent. of the Aggregate Nominal Amount][●]]

**Miscellaneous**

- 33 Separate Compartment: A separate compartment has been created by the board of directors of the Company in respect of the Instruments (“**Compartment [●]**”). Compartment [●] is a separate part of the Company’s assets and liabilities. The Collateral (relating to the Instruments) is exclusively available to satisfy the rights of the Instrumentholders (in accordance with the terms and conditions set out in these Final Terms) and the rights of the creditors whose claims have arisen at the occasion of the creation, the operation or the liquidation of Compartment [●], as contemplated by articles 5.7 and 9 of the articles of incorporation of the Company.
- 34 [Type of Instruments: [Typical Securities – As of the date of these Final Terms, the Italian tax regime applying to payments of interest in respect of the Instruments is governed by legislative Decree No. 239 on the basis that such Instruments qualify as Typical Securities. As a consequence, under the provisions of Decree No. 239, payments of interest in respect of the Instruments may be subject to a substitute tax (imposta sostitutiva) at the rate of 26 per cent. in the Republic of Italy depending on the circumstances of the relevant Instrumentholder. However, in the event that the Italian fiscal authorities in the future decide that the Instruments no longer qualify as Typical Securities, the Instruments will instead qualify as Atypical Securities for Italian tax purposes as more fully described in the section of the Base Prospectus entitled “Italian Taxation”.]  
  
[Atypical Securities – As of the date of these Final Terms, the Instruments will qualify as Atypical Securities for Italian tax purposes and may be subject to a withholding tax levied at the rate of 26 per cent. as more fully described in the section of the Base Prospectus entitled “Italian Taxation”.]  
  
*[Only relevant if the Instruments are to be offered into Italy or to Italian investors]*

Signed on behalf of the Issuer:

By: .....

Duly authorised

## **Underwriting**

*[Include name and address of entities agreeing to underwrite the issue on a firm commitment basis, and name and address of entities agreeing to place the issue without a firm commitment or under “best efforts” arrangements, where known, together with details of the relevant purchase date of the Instruments under the relevant subscription or underwriting agreement, material features of the underwriting agreement including quotas, indication of the overall amount of the underwriting commission and the placing commission. Where not all of the issue is underwritten, include a statement of the portion not covered.]*

## **Secondary Trading**

[●] in its capacity as financial intermediary, may engage in subsequent resale or final placement of the securities in [Austria][Italy][Spain][Portugal][Belgium][Germany][Poland][Switzerland] during the period commencing on [●] and ending on [●] [subject to *[insert any relevant conditions attached to the Issuer’s consent]*].

## PART B – OTHER INFORMATION

### 1 Listing and Admission to Trading

(i) Listing: [Luxembourg][●][None]

Admission to trading: [Application has been made for the Instruments to be admitted to trading on][Application is expected to be made for the Instruments to be admitted to trading on][the regulated market of the Luxembourg Stock Exchange][●] with effect from [the Issue Date or thereabouts][●].] [Not Applicable.]

*[N.B. The concept of admission to trading will be Not Applicable for Instruments listed on the [Professional Securities Market].]*

*[Where documenting a fungible issue need to indicate that original securities are already admitted to trading if Instruments have denomination of less than €100,000.]*

(ii) Estimate of total expenses related to admission to trading:<sup>1</sup> [●]

### 2 Ratings

Ratings [The Instruments to be issued have [not] been rated:

[S & P: [●]]

[Moody's: [●]]

[DBRS: [●]]

[[Other]:[●]]

[and endorsed by [●]] (*Insert this wording where one or more ratings included in the Final Terms has been endorsed by an EU registered credit rating agency for the purposes of Article 4(3) of the CRA Regulation*)

[The Instruments to be issued are expected to be rated on or about the Issue Date by [S&P entity][Moody's entity][DBRS entity][other]. The rating of the Instruments on or about the Issue Date will be published on the website of [the Luxembourg Stock Exchange (www.bourse.lu)][●] and on the website [www.it.investmentprodukte.db.com][●] on or about the Issue Date. No assurance is given that the Instruments will have a particular rating, or any rating at all, on or about the Issue Date.]

*[Include here a brief explanation of the meaning of the ratings if this has previously been published by the rating provider.]<sup>2</sup>*

*Insert one (or more) of the following options, as applicable:*

[[Insert credit rating agency/ies] [is]/[are] established in the European Union and [has]/[have each] applied for registration under Regulation (EC) No 1060/2009, although the result of such

<sup>1</sup> Delete if the minimum denomination is less than EUR100,000.

<sup>2</sup> Delete if the minimum denomination is EUR100,000.

application has not yet been determined.]

[[*Insert credit rating agency/ies*][*Moody's entity*][*S&P entity*][*DBRS entity*] [is]/[are] established in the European Union and registered under Regulation (EC) No 1060/2009.]

[[*Insert credit rating agency/ies*] [is]/[are] not established in the European Union and [has]/[have] not applied for registration under Regulation (EC) No 1060/2009.]

*[The above disclosure should reflect the rating allocated to Instruments issued under the Programme generally or, where the issue has been specifically rated, that rating.]*

3 **[Notification]**

The CSSF [has been requested to provide/has provided]<sup>3</sup> the [*names of competent authorities of host Member States*] with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive.<sup>4</sup>

4 **Interests of Natural and Legal Persons involved in the Issue**

[Save for any fees payable to the Arranger [and the Distributors set out in the following paragraph], so far as the Issuer is aware, no person involved in the issue of the Instruments has an interest material to the offer.][*Insert details of any person that has a material interest in the offer and details of such interests*]

5 **Estimated Net Proceeds and Total Expenses<sup>5</sup>**

(i) Estimated net proceeds: [•]

*(If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding.)*

(ii) Estimated total expenses: [•] [Include breakdown of expenses]

6 **Yield (Fixed Rate Instruments Only)**

Indication of yield: [•]

7 **Historic Interest Rates (Floating Rate Instruments Only)**

*[Details of where the past and further performance of the underlying [LIBOR/EURIBOR/BLG – Non-revised Consumer Price Index—Health Index (CPI)/EUR – Excluding Tobacco-Non-revised Consumer Price Index/BLG – Non-revised Harmonised Consumer Price Index (HICP)/ESP – National-Revised Consumer Price Index (CPI)/FRC – Excluding Tobacco-Non-Revised Consumer Price Index/GBP – Non-revised Retail Price Index (UKRPI)/ITL – Inflation for Blue Collar Workers and Employees—Excluding Tobacco Consumer Price Index/USA – Non-revised Consumer Price Index – Urban (CPI-U)/SEK – Non-revised Consumer Price Index (CPI)] and its volatility can be obtained]*

[Not Applicable – the Instruments are not Floating Rate Instruments]

<sup>3</sup> Include first alternative for an issue which is contemporaneous with the establishment or update of the Programme and the second alternative for subsequent issues.

<sup>4</sup> This is relevant where the document is to be passported into other countries in the EEA.

<sup>5</sup> Delete if the minimum denomination is EUR100,000.
