Terms and conditions of the offer:

Prohibition of Sales to EEA Retail Investors: Not applicable

Day of the first public offer: 20 May 2020

The Securities are offered during a Subscription Period.

Subscription Period from 20 May 2020 to 25 June 2020.

A public offer will be made in Italy.

The smallest transferable unit is 1 Security.

The smallest tradable unit is 1 Security.

The Securities will be offered to qualified investors, retail investors and institutional investors by way of a public offering by financial intermediaries.

The public offer may be terminated by the Issuer at any time without giving any reason.

The effectiveness of the offer is subject to the adoption of the admission provision for trading by EuroTLX prior to the Issue Date. The Issuer undertakes to request the admission to trading on EuroTLX in time for the adoption of the admission provision by the Issue Date.

Manner and date in which results of the offer are to be made public: the Issuer will communicate the results of the Offer, within 5 business days from the end of the Subscription Period, by means of a notice to be published on the Issuer's website.

The Distributor is Deutsche Bank S.p.A., with registered office at Piazza del Calendario 3, 20100 Milano.

UniCredit Bank AG is the intermediary responsible for the placement of the Securities ('*Responsabile del Collocamento*'), as defined in article 93-bis of the Italian Legislative Decree 24 February 1998, n. 58 (as subsequently amended and supplemented).

No specific allocation method is established. Subscription requests shall be satisfied by the relevant office in a chronological order and within the limits of the available amount.

Subscription orders are irrevocable, except for provisions in respect to the "door to door selling", in relation to which the subscription orders will be accepted starting from 20 May 2020 to 18 June 2020 and in respect to the "long distance technique selling", in relation to which subscription orders will be accepted starting from 20 May 2020 to 11 June 2020 – unless closed in advance and without previous notice – and will be satisfied within the limits of the maximum number of Securities on offer.

The Securities can be placed by the relevant Distributor through "door to door selling" (through financial sales agents, pursuant to the articles 30 and 31 of the Italian Legislative Decree 24 February 1998, n. 58). Therefore, the effects of the subscription agreements will be suspended for seven days, with reference to those "door to door selling", from the date of the subscription by the investors. Within such terms, the investor can withdraw by means of a notice to the financial promoter or the Distributors without any liability, expenses or other fees according to the conditions indicated in the subscription agreement.

Consent to the use of the Base Prospectus:

The Issuer consents to the use of the Base Prospectus by all financial intermediaries (so-called general consent).

Such consent to use the Base Prospectus is given during the period of the validity of the Base Prospectus.

General consent for the subsequent resale or final placement of Securities by the financial intermediary is given in relation to Italy.

The Issuer's consent to the use of the Base Prospectus is subject to the condition that (i) each financial intermediary complies with the applicable selling restrictions and the terms and conditions of the offer and (ii) the consent to the use of the Base Prospectus has not been revoked.

Moreover, the Issuer's consent to the use of the Base Prospectus is subject to the condition that the financial intermediary using the Base Prospectus commits itself towards its customers to a responsible distribution of the Securities. This commitment is made by the publication of the financial intermediary on its website stating that the prospectus is used with the consent of the Issuer and subject to the conditions set forth with the consent.

Besides, the consent is not subject to any other conditions.

Interest of Natural and Legal Persons involved in the Issue/Offer:

Any of the distributors and their affiliates may be customers or borrowers of the Issuer and its affiliates. In addition, any of such distributors and their affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer, or its affiliates in the ordinary course of business.

UniCredit S.p.A. and UniCredit Bank AG have a conflict of interest with regard to the Securities as they belong to UniCredit Group.

Deutsche Bank S.p.A. is the Distributor of the Securities.

UniCredit Bank AG is the Calculation Agent of the Securities.

UniCredit S.p.A. is the Principal Paying Agent of the Securities.

UniCredit Bank AG is the arranger of the Securities.

The relevant Distributor may receive from the Issuer an implied placement commission comprised in the Issue Price up to 5.00% of the Issue Price per Security.

Other than as mentioned above, so far as the Issuer is aware, no person involved in the issue of the Securities has an interest material to the offer, including conflicting interests.

PART A - GENERAL CONDITIONS OF THE SECURITIES

(the "General Conditions")

§ 1

Form, Book Entry, Clearing System

- (1) *Form:* This tranche (the "**Tranche**") of securities (the "**Securities**") of UniCredit S.p.A. (the "**Issuer**") will be issued as certificates in dematerialized registered form pursuant to these Terms and Conditions with a Nominal Amount in the Specified Currency.
- (2) *Book Entry:* The Securities are registered in the books of the Clearing System, in accordance with the Legislative Decree no. 58 of 24 February 1998, as amended (*Testo Unico della Finanza, "Consolidated Law on Financial Intermediation"*) and with the rules governing central depositaries, settlement services, guarantee systems and related management companies, issued by the Bank of Italy and by the Italian securities regulator 'Commissione Nazionale per le Società e la Borsa' (CONSOB) on 22 February 2008, as amended. No physical document of title will be issued to represent the Securities, without prejudice to the right of the Security Holder to obtain the issuance of the certification as per Sections 83-*quinquies* and 83-*novies*, paragraph 1, lett. b) of the Consolidated Law on Financial Intermediation. The transfer of the Securities operates by way of registration on the relevant accounts opened with the Clearing System by any intermediary adhering, directly or indirectly, to the Clearing System ("**Account Holders**"). As a consequence, the respective Security Holder who from time to time is the owner of the account held with an Account Holder will be considered as the legitimate owner of the Securities and will be authorised to exercise all rights related to them, in accordance with the Terms and Conditions of the Securities and applicable provisions of law.

§ 2

Principal Paying Agent, Paying Agent, Calculation Agent

- (1) *Paying Agents:* The "**Principal Paying Agent**" is UniCredit S.p.A., Piazza Gae Aulenti 3 - Tower A - 20154 Milan, Italy. The Issuer may appoint additional paying agents (the "**Paying Agents**") and revoke such appointment. The appointment and revocation shall be published pursuant to § 6 of the General Conditions.
- (2) *Calculation Agent:* The "**Calculation Agent**" is UniCredit Bank AG, Arabellastraße 12, 81925 Munich.
- (3) *Transfer of functions:* Should any event occur which results in the Principal Paying Agent or Calculation Agent being unable to continue in its function as Principal Paying Agent or Calculation Agent, the Issuer is obliged to appoint another bank of international standing as Principal Paying Agent or another person or institution with the relevant expertise as Calculation Agent. Any such transfer of the functions of the Principal Paying Agent or Calculation Agent shall be notified by the Issuer without undue delay pursuant to § 6 of the General Conditions.
- (4) *Agents of the Issuer:* In connection with the Securities, the Principal Paying Agent, the Paying Agents and the Calculation Agent act solely on behalf of the Issuer and do not assume any obligations towards or relationship of mandate or trust for or with any of the Security Holders. For the avoidance of doubt, Section 1395 of the Italian Civil Code (*Codice Civile, "CC"*) shall not apply in respect of any acts of the Principal Paying Agent.

§ 3

Taxes

No gross up: Payments in respect of the Securities shall only be made after deduction and withholding of current or future taxes, to the extent that such deduction or withholding is required by law. In this regard the term "**Taxes**" includes taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, including a withholding tax pursuant to Section 871(m) of the United States Internal Revenue Code of 1986 ("**871(m) Withholding Tax**").

The Issuer shall in any case be entitled to take into consideration the 871(m) Withholding Tax by applying the maximum tax rate as a flat rate (plus value added tax, if applicable). In no case the Issuer is obliged to compensate with respect to any Taxes deducted or withheld.

The Issuer shall report on the deducted and withheld Taxes to the competent government agencies, except, these obligations are imposed upon any other person involved, subject to the legal and contractual requirements of the respective applicable tax rules.

§ 4

Status

The obligations of the Issuer under the Securities constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer respectively, ranking (subject to any obligations preferred by any applicable law (also subject to the bail-in instruments as implemented under Italian law)) *pari passu* with all other unsecured obligations (other than obligations ranking junior to the senior notes from time to time (including non-preferred senior notes and any further obligations permitted by law to rank junior to the senior notes following the Issue Date), if any) of the Issuer, present and future and, in the case of the senior notes, *pari passu* and rateably without any preference among themselves.

§ 5

Substitution of the Issuer

- (1) The Issuer may without the consent of the Security Holders, if no payment of principal or interest on any of the Securities is in default, at any time substitute the Issuer for any Affiliate of the Issuer as principal debtor in respect of all obligations of the Issuer under the Securities (the "**New Issuer**"), provided that
- (a) the New Issuer assumes all obligations of the Issuer in respect of the Securities,
 - (b) the Issuer and the New Issuer have obtained all authorizations and have satisfied all other conditions as necessary to ensure that the Securities are legal, valid and enforceable obligations of the New Issuer;
 - (c) the Issuer and the New Issuer may transfer to the Principal Paying Agent in the currency required hereunder and without being obligated to deduct or withhold taxes or other duties of whatever nature levied by the country, in which the New Issuer or the Issuer has its domicile or tax residence, all amounts required for the fulfilment of the payment obligations arising under the Securities,
 - (d) the New Issuer has agreed to indemnify and hold harmless each Security Holder against any tax, duty or other governmental charge imposed on such Security Holder in respect of such substitution and
 - (e) the Issuer irrevocably and unconditionally guarantees proper payment of the amounts due under these Terms and Conditions.

For purposes of this § 5 (1) "**Affiliate**" means a company controlling, controlled by, or under common control with, the Issuer, provided that the term "controlled" ("*controllate*") shall have the meaning ascribed to it in Section 93 of the Consolidated Law on Financial Intermediation and the terms "controlling" and "common control" shall be interpreted accordingly.

- (2) *Notice:* Any such substitution shall be notified in accordance with § 6 of the General Conditions.
- (3) *References:* In the event of any such substitution, any reference in these Terms and Conditions to the Issuer shall be deemed to refer to the New Issuer. Furthermore, any reference to the country, in which the Issuer is domiciled or resident for taxation purposes shall be deemed to refer to the country of domicile or residence for taxation purposes of the New Issuer.

§ 6

Notices

- (1) To the extent these Terms and Conditions provide for a notice pursuant to this § 6, these will be published on the Website for Notices (or another website communicated by the Issuer with at least six weeks advance notice in accordance with these provisions) and become effective vis-à-vis the Security Holders through such publication unless the notice provides for a later effective date. If and to the extent that

binding provisions of effective law or stock exchange provisions provide for other forms of publication, such publications must be made in addition and as provided for.

Other publications with regard to the Securities are published on the Website of the Issuer (or any successor website).

- (2) In addition, the Issuer may deliver all notices concerning the Securities to the Clearing System for communication by the Clearing System to the Security Holders. Any such notice shall be deemed to have been given to the Security Holders on the seventh Banking Day after the day on which the said notice was given to the Clearing System.

For the avoidance of doubt, any notice published on the Website for Notices which has become effective shall prevail the notice via the Clearing System.

§ 7

Issuance of additional Securities, Repurchase

- (1) *Issuance of additional Securities:* The Issuer reserves the right from time to time without the consent of the Security Holders to issue additional Securities with identical terms and conditions (except for the issue date and the issue price), so that the same shall be consolidated and form a single series (the "**Series**") with this Tranche. The term "*Securities*" shall, in the event of such increase, also comprise all additionally issued Securities.
- (2) *Repurchase:* The Issuer shall be entitled at any time to purchase Securities in the market or otherwise and at any price. Securities repurchased by the Issuer may, at the Issuer's discretion, be held, resold or forwarded to the Principal Paying Agent for cancellation.

§ 8

(intentionally omitted)

§ 9

Partial Invalidity, Corrections

- (1) *Invalidity:* Should any provision of these Terms and Conditions be or become invalid or unenforceable in whole or in part, the remaining provisions are not affected thereby. Any gap arising as a result of invalidity or unenforceability of these Terms and Conditions is to be filled with a provision that corresponds to the meaning and intent of these Terms and Conditions and is in the interest of the parties.
- (2) *Typing and calculation errors, inaccuracies and inconsistencies:* The Issuer may amend these Terms and Conditions without having to obtain the prior consent of the Security Holders, provided that such amendments (i) do not prejudice the rights or interests of the Security Holders and (ii) are aimed at correcting a manifest or obvious error, or at removing inaccuracies or inconsistencies from the text. Any notices to the Security Holders relating to the amendments referred to in the previous sentence shall be made in accordance with Section 6 of these Terms and Conditions.

§ 10

Applicable Law, Choice of Forum

- (1) *Applicable law:* The Securities, as to form and content, and all rights and obligations thereunder shall be governed by the laws of the Republic of Italy.
- (2) *Choice of Forum:* To the extent permitted by law, all disputes arising from or in connection with the matters governed by these Terms and Conditions shall be brought before the Tribunal of Milan, Italy.

"Observation Date (m)" means the Observation Date (m) as specified in § 1 of the Product and Underlying Data. If the Observation Date (m) is not a Calculation Date, the immediately following day, which is a Calculation Date shall be the respective Observation Date (m). The respective Additional Conditional Amount Payment Date (m) shall be postponed accordingly. No Interest shall become due because of such postponement.

"Principal Paying Agent" means the Principal Paying Agent as specified in § 2 (1) of the General Conditions.

"R (initial)" means the Reference Price on the Initial Observation Date.

"R (final)" means the Reference Price on the Final Observation Date.

"R (m)" means the Reference Price on the respective Observation Date (m).

"R (k)" means the Reference Price on the respective Observation Date (k).**"Redemption Amount"** means the Redemption Amount as calculated or, respectively, specified by the Calculation Agent pursuant to § 4 of the Special Conditions.

"Reference Price" means the Reference Price of the Underlying as specified in § 1 of the Product and Underlying Data.

"Relevant Exchange" means the exchange on which the components of the Underlying are most liquidly traded; such exchanges shall be determined by the Calculation Agent acting in accordance with relevant market practice and in good faith by way of notice pursuant to § 6 of the General Conditions in accordance with such components' liquidity.

In the case of a material change in the market conditions at the Relevant Exchange, such as a final discontinuation of the quotation of the components of the Underlying at the Relevant Exchange and the quotation at a different stock exchange or a considerably restricted number or liquidity, the Relevant

Exchange shall be substituted as the Relevant Exchange by another stock exchange that offers satisfactorily liquid trading in the Underlying (the "Substitute Exchange"); such exchange shall be determined by the Calculation Agent acting in accordance with relevant market practice and in good faith. In this case, any reference to the Relevant Exchange in the Terms and Conditions of these Securities shall be deemed to refer to the Substitute Exchange.

"Security Holder" means the holder of a Security.

"Settlement Cycle" means the period of Clearance System Business Days following a transaction on the Relevant Exchange in the securities that form the basis of the Underlying during which period settlement will customarily take place according to the rules of such Relevant Exchange

"Specified Currency" means the Specified Currency as specified in § 1 of the Product and Underlying Data.

"Strike" means the Strike as specified in § 1 of the Product and Underlying Data.

"Terms and Conditions" means the terms and conditions of these Securities as set out in the General Conditions (Part A), the Product and Underlying Data (Part B) and the Special Conditions (Part C).

"Underlying" means the Underlying as specified in § 1 of the Product and Underlying Data..

"Websites for Notices" means the Website(s) for Notices as specified in § 1 of the Product and Underlying Data.

"Websites of the Issuer" means the Website(s) of the Issuer as specified in § 1 of the Product and Underlying Data.

§ 2

Interest, Additional Amount

- (1) *Interest:* The Securities do not bear interest.
- (2) *Additional Conditional Amount (m):* If an Additional Conditional Amount Payment Event (m) has occurred on an Observation Date (m), the respective Additional Conditional Amount (m) will be paid on the respective Additional Conditional Amount Payment Date (m) less all Additional Conditional Amounts (m) paid on the preceding Additional Conditional Amount Payment Dates (m).

If no Additional Conditional Amount Payment Event (m) has occurred on this respective Observation Date (m), no respective Additional Conditional Amount (m) will be paid on a respective Additional Conditional Amount Payment Date (m).

If an Early Redemption Event occurs on an Observation Date (k), no more Additional Conditional Amount (m) will be paid on any Additional Conditional Amount Payment Date (m) in relation to any following Observation Date (m).

§ 3

Redemption, Automatic Early Redemption

- (1) *Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Final Payment Date pursuant to the provisions of § 6 of the Special Conditions.
- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred, the Securities will be automatically early redeemed on the immediately following Early Payment Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Payment Date (k) pursuant to the provisions of § 6 of the Special Conditions.

§ 4

Redemption Amount, Early Redemption Amount

- (1) *Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:
 - If no Barrier Event has occurred the Redemption Amount corresponds to the Maximum Amount.

- If a Barrier Event has occurred, the Redemption Amount is specified according to the following formula:

Redemption Amount = Nominal Amount x R (final) / (Strike)

However, in this case the Redemption Amount is not greater than the Nominal Amount.

- (2) *Early Redemption Amount:* The Early Redemption Amount (k) for an Early Payment Date (k) is specified in § 1 of the Product and Underlying Data.

§ 5

Issuer's Extraordinary Call Right

Issuer's extraordinary call right: Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time indicated in the notice.

The "Cancellation Amount" shall be the fair market value of the Securities as of the tenth Banking Day before the extraordinary call becomes effective, determined by the Calculation Agent acting in accordance with relevant market practice and in good faith under then prevailing circumstances.

The determination of the fair market value is based on the economic equivalent of the Issuer's payment obligations to the Security Holders consistent with the provisions for the redemption profile, interest or other additional amounts of the Securities that would otherwise be due after the day on which the extraordinary call becomes effective and which is adjusted for taking into consideration the following parameters as of the tenth Banking Day before the extraordinary call becomes effective: the price of the Underlying, the remaining time to maturity, the estimated volatility, the expected dividends (if applicable), the current market interest rate as well as the interest spread associated with the credit default risk of the Issuer and any other relevant market parameter that can influence the value of the Securities.

The Cancellation Amount will be paid within five Banking Days following the date as of which the extraordinary call becomes effective, or at the date specified in the above mentioned notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

§ 6

Payments

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.
- (2) *Business day convention:* If the due date for any payment under the Securities (the "Payment Date") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the legal interest rate ("Saggio degli Interessi legali"), pursuant to Section 1284 CC, without prejudice to any other mandatory provisions under Italian law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

§ 7

Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be

payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than 30 consecutive Banking Days the Calculation Agent shall determine, acting in accordance with relevant market practice and in good faith, the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at 10:00 a.m. (Milan local time) on this 31st Banking Day, taking into account the economic position of the Security Holders.

If within these 30 Banking Days traded Derivatives of the Underlying expire and are settled on the Determining Futures Exchange, the settlement price established by the Determining Futures Exchange for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

§ 8

Index Concept, Adjustments, Replacement Underlying, New Index Sponsor and New Index Calculation Agent, Replacement Specification

- (1) *Index Concept:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Underlying with its provisions currently applicable, as developed and maintained by the Index Sponsor, as well as the respective method of calculation, determination, and publication of the price of the Underlying (the "Index Concept") applied by the Index Sponsor. This shall also apply if during the term of the Securities changes are made or occur in respect of the Index Concept, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Terms and Conditions of these Securities (in particular the Underlying, the ratio and/or all prices of the Underlying, which have been specified by the Issuer) and/or all prices of the Underlying determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities shall be adjusted in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible; such adjustments shall be made by the Calculation Agent acting in accordance with relevant market practice and in good faith. Any such adjustment will be performed taking into consideration any adjustments made by the Determining Futures Exchange to the there traded Derivatives linked to the Underlying, and the remaining term of the Securities as well as the latest available price of the Underlying. If pursuant to the rules of the Determining Futures Exchange, no adjustments were made to the Derivatives linked to the Underlying, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified according to § 6 of the General Conditions.
- (3) *Replacement Underlying:* In cases of an Index Replacement Event or a License Termination Event, the adjustment pursuant to paragraph (2) shall be made by the Calculation Agent acting in accordance with relevant market practice and in good faith, determining, which index should be used in the future as Underlying (the "Replacement Underlying"). If necessary, the Calculation Agent shall make further adjustments to the Terms and Conditions of these Securities (in particular to the Underlying, the ratio and/or all prices of the Underlying, which have been specified by the Issuer) and/or all prices of the Underlying determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The Replacement Underlying and the adjustments made as well as the time of its first application will be published in accordance with § 6 of the General Conditions. From the first application of the Replacement Underlying on, any reference to the replaced Underlying in the Terms and Conditions of these Securities shall be deemed to refer to the Replacement Underlying.
- (4) *New Index Sponsor and New Index Calculation Agent:* If the Underlying is no longer determined by the Index Sponsor but rather by another person, company or institution (the "**New Index Sponsor**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the Underlying as determined by the New Index Sponsor. In this case, any reference to the replaced Index Sponsor in the Terms and Conditions of these Securities shall be deemed to refer to the New Index Sponsor. If the Underlying is no longer calculated by the Index Calculation Agent but rather by another person, company or institution (the "**New Index Calculation Agent**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the

basis of the Underlying as calculated by the New Index Calculation Agent. In this case, any reference to the replaced Index Calculation Agent in the Terms and Conditions of these Securities shall be deemed to refer to the New Index Calculation Agent.

- (5) *Replacement Specification:* If a price of the Underlying published by the Index Sponsor or the Index Calculation Agent, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the Index Sponsor or the Index Calculation Agent, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the "**Replacement Specification**").

What are the key risks that are specific to the Issuer?

Potential investors should be aware that in the case of the occurrence of one of the below mentioned risk factors the Securities may decline in value and

that they may sustain a total loss of their investment.

The following risks are key risks specific to the Issuer:

Risks connected with the Strategic Plan 2020 – 2023: On December 3rd 2019, following the completion of the 2016-2019 Strategic Plan, UniCredit presented to the financial community in London the new 2020-2023 Strategic Plan called "Team 23" (the "**Strategic Plan**" or "**Plan**" or "**Team 23**"). The Strategic Plan contains a number of strategic, capital and financial objectives (collectively, the "**Strategic Objectives**") based on four pillars. Specifically: (i) growth and strengthen client franchise; (ii) transform and maximise productivity; (iii) disciplined risk management & controls; (iv) capital and balance sheet management. UniCredit ability to meet the new Strategic Objectives depends on a number of assumptions and circumstances, some of which are outside UniCredit's control including those relating to developments in the macroeconomic and political environments in which our Group operates, developments in applicable laws and regulations and assumptions related to the effects of specific actions or future events which we can partially forecast/ manage. Financial results for this year and potentially subsequent years could be reasonably influenced by the dynamics of the COVID-19, which were not foreseeable at the date of the Strategic Plan presentation and which are still uncertain. In this context, an update of Team 23 strategic plan will be run and presented to the markets in a Capital Markets Day towards the end of 2020 or early 2021. For all of these reasons, investors are cautioned against making their investment decisions based exclusively on the forecast data included in the Strategic Objectives. Any failure to implement the Strategic Objectives or meet the Strategic Objectives may have a material adverse effect on UniCredit's business, financial condition or results of operations. Furthermore it should be noted that, as disclosed to the Market in the context of Strategic Plan - Team 23 presentation, the capital distribution in the new plan is based on the concept of underlying net profit. Underlying net profit adjusts stated net profit for certain non-operating items to better demonstrate the recurring, sustainable profit base of the bank. Such adjustments include: (i) sale of non-strategic assets and selected real estate properties; (ii) non-operating non-recurring charges including, but not limited to, integration costs and extraordinary IT write-offs; (iii) non-operating items in loan loss provisions, for example the updated rundown strategy for Non Core and the regulatory headwinds.

Credit risk and risk of credit quality deterioration: The activity, financial and capital strength and profitability of the UniCredit Group depend, among other things, on the creditworthiness of its customers. In carrying out its credit activities, the Group is exposed to the risk that an unexpected change in the creditworthiness of a counterparty may generate a corresponding change in the value of the associated credit exposure and give rise to the partial or total write down thereof. Following the COVID-19 outbreak it cannot be excluded that, credit quality for this year could be influenced with potential impacts not yet quantifiable. In the context of credit activities, this risk involves, among other things, the possibility that the Group's contractual counterparties may not fulfil their payment obligations, as well as the possibility that Group companies may, based on incomplete, untrue or incorrect information, grant credit that otherwise would not have been granted or that would have been granted under different conditions. Other banking activities, besides the traditional lending and deposit activities, can also expose the Group to credit risks. "Non traditional" credit risk can, for example, arise from: (i) entering into derivative contracts; (ii) buying and selling securities, futures, currencies or goods; and (iii) holding third party securities. The counterparties of said transactions or the issuers of securities held by Group entities could fail to comply due to insolvency, political or economic events, a lack of liquidity, operating deficiencies, or other reasons. The Group has adopted procedures, rules and principles aimed at monitoring and managing credit risk at both individual counterparty and portfolio level. However, there is the risk that, despite these credit risk monitoring and management activities, the Group's credit exposure may exceed predetermined levels pursuant to the procedures, rules and principles it has adopted. The importance of reducing the ratio of non performing loans to total loans has been stressed on several occasions by the supervisory authorities, both publicly and within the ongoing dialogue with the Italian banks and, therefore, with the UniCredit Group.

Liquidity Risk: Liquidity risk refers to the possibility that the UniCredit Group may find itself unable to meet its current and future, anticipated and unforeseen cash payment and delivery obligations without impairing its day-to-day operations or financial position. The activity of the UniCredit Group is subject in particular to funding liquidity risk, market liquidity risk, mismatch risk and contingency risk. The most relevant risks that the Group may face are : i) an exceptionally high usage of the committed and uncommitted lines granted to corporate customers; ii) the capacity to roll over the expiring wholesale funding and the potential cash or collateral outflows the Group may suffer in case of rating downgrades of both the banks or the sovereign debt in the geographies in which it operates. In addition to this, some risks may arise from the limitations applied to the cross-border lending among banks, which have been increased in some countries. Due to the financial market crisis, followed also by the reduced liquidity available to operators in the sector, the ECB has implemented important interventions in monetary policy, such as the "Targeted Longer-Term Refinancing Operation" (**TLTRO**) introduced in 2014 and the TLTRO II introduced in 2016. In March 2019 ECB announced a new series of quarterly targeted longer-term refinancing operations (TLTRO-III) to be launched in September 2019 to March 2021, each with a maturity of two years. On March 2020 new long term refinancing operations (LTROs) were announced to provide a bridge until the TLTRO III window in June 2020 and ensure liquidity and regular money market conditions. These measures were integrated with temporary collateral easing measures. It is not possible to predict the duration and the amounts with which these liquidity support operations can be repeated in the future, with the result that it is not possible to exclude a reduction or even the cancellation of this support. This would result in the need for banks to seek alternative sources of borrowing, without ruling out the difficulties of obtaining such alternative funding as well as the risk that the related costs could be higher. Such a situation could therefore adversely affect UniCredit's business, operating results and the economic and financial position of UniCredit and / or the Group.

Risks associated with the impact of current macroeconomic uncertainties: The UniCredit Group's performance is affected by the financial markets and the macroeconomic and political environment of the countries in which it operates. Expectations regarding the performance of the global economy remain highly uncertain in both the short term and medium term. Material adverse effects on the business and profitability of the Group may also result from further developments of the monetary policies and additional events occurring on an extraordinary basis (such as political instability, terrorism and any other similar event occurring in the countries where the Group operates and, as recently experienced, a pandemic emergency). Furthermore, the economic and political uncertainty of recent years has also introduced a considerable volatility and uncertainty in the financial markets. This, in turn, has made access to these markets increasingly complex, with a consequent rise in credit spreads and the cost of funding, and impacted the values the Group can realize from sales of financial assets. The current macroeconomic situation is characterized by high levels of uncertainty, due in part to: (i) the Covid-19 (new Coronavirus) impact on global growth and individual countries; (ii) the U.S.-driven trend towards protectionism; (iii) Brexit and uncertain future relationship between the United Kingdom and the European Union; (iv) future developments in the European Central Bank (the **ECB**) and Federal Reserve (**FED**) monetary policies; and (v) the sustainability of the sovereign debt of certain countries and the related, repeated shocks to the financial markets.

Basel III and Bank Capital Adequacy: Basel III and Bank Capital Adequacy: In the wake of the global financial crisis that began in 2008, the Basel Committee on Banking Supervision (the **BCBS**) approved, in the fourth quarter of 2010, revised global regulatory standards (**Basel III**) on bank capital adequacy and liquidity, which impose requirements for, *inter alia*, higher and better-quality capital, better risk coverage, measures to promote the build-up of capital that can be drawn down in periods of stress and the introduction of a leverage ratio as a backstop to the risk-based requirement as well as two global liquidity standards. The Basel III framework has been implemented in the EU through new banking requirements: Directive

2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the **CRD IV Directive**) and the Regulation 2013/575/EU (the **CRR**, together with the CRD IV Directive, the **CRD IV Package**) subsequently updated in the Regulation No. 876/2019 and Directive (EU) No. 2019/878 (the **Banking Reform Package** with CRR II and CRDV). According to Article 92 of the CRR, institutions shall at all times satisfy the following Own Funds requirements: (i) a CET1 Capital ratio of 4.5 per cent.; (ii) a Tier 1 Capital ratio of 6 per cent.; and (iii) a Total Capital ratio of 8 per cent. According to Articles from 129 to 132 of CRD IV, these minimum ratios are complemented by the following capital buffers to be met with CET1 Capital: *Capital conservation buffer, institution-specific countercyclical capital buffer, Capital buffers for globally systemically important institutions (G-SIIs) and Capital buffers for other systemically important institutions (O-SIIs)*.

In addition to the above-listed capital buffers, under Article 133 of the CRD IV Directive, each Member State may introduce a Systemic Risk Buffer of Common Equity Tier 1 Capital for the financial sector or one or more subsets of that sector in order to prevent and mitigate long-term non-cyclical systemic or macroprudential risks not otherwise covered by the CRD IV Package, in the sense of a risk of disruption in the financial system with the potential of having serious negative consequences on the financial system and the real economy in a specific Member State. As at the date of this Registration Document, no provision is taken on the systemic risk buffer in Italy. Failure to comply with such combined buffer requirements triggers restrictions on distributions and the need for the bank to adopt a capital conservation plan on necessary remedial actions (Articles 141 and 142 of the CRD IV Directive). In October 2013, the Council of the European Union adopted regulations establishing the single supervisory mechanism (the **Single Supervisory Mechanism** or **SSM**) for all banks in the euro area, which have, beginning in November 2014, given the ECB, in conjunction with the national competent authorities of the eurozone states, direct supervisory responsibility over "banks of systemic importance" in the euro area as well as their subsidiaries in a participating non-euro area Member State. As a consequence the ECB has fully assumed its new supervisory responsibilities of UniCredit and the UniCredit Group. Based on the decision of ECB concerning the capital requirements following the results of its annual 2018 Supervisory Review and Evaluation Process (SREP), as of 31 December 2019, the following Overall Capital Requirements applied to UniCredit Group: Common Equity Tier 1 ratio: 10.09%; Tier 1 ratio: 11.59%; and Total Capital ratio: 13.59%. Furthermore UniCredit has been informed by the ECB of its final decision of its 2019 SREP: the Pillar 2 capital requirement has been lowered by 25 basis point to 175 basis point, applicable from 1st January 2020. As a consequence UniCredit is required to meet the following overall capital requirements on a consolidated basis from 1 January 2020: Common Equity Tier 1 ratio 9.84%; Tier 1 ratio 11.34%; Total Capital ratio 13.34% (assuming the Countercyclical Capital Buffer equal to the 2019 year-end value). The Countercyclical Capital Buffer (CCyB) depends on the credit exposures of UniCredit to countries where countercyclical capital ratios have been or will be set and on the respective requirements set by the relevant national authorities, and may therefore vary on a quarterly basis over the reporting period. Should UniCredit not be able to implement the approach to capital requirements it considers optimal in order to meet the capital requirements imposed by the CRD IV Package, it may be required to maintain levels of capital which could potentially impact its credit ratings, and funding conditions and which could limit UniCredit's growth opportunities. It should be noted that, on 12 March 2020, the ECB, taking into account the economic effects of the coronavirus (COVID-19), announced certain measures aimed at ensuring that banks, under its direct supervision, are still able to provide credit support to the real economy. Considering that the European banking sector acquired a significant amount of capital reserves (with the aim of enabling banks to face with stressful situations such as the COVID-19), the ECB allows banks to operate temporarily below the capital level defined by the "Pillar 2 Guidance (P2G)" and the "capital conservation buffer (CCB)". Furthermore, the ECB expects these temporary measures to be further improved by an appropriate revision of the countercyclical capital buffer (CCyB) by the competent national authorities. In addition, the ECB has amended its SREP 2019 decision establishing that the Pillar 2 requirement (P2R) shall be held in the form of 56.25% of CET1 Capital and 75% of Tier 1 Capital, as a minimum (in the original decision the P2R was to be held entirely in the form of Common Equity Tier 1 Capital). This implies that UniCredit and the other Banks supervised by ECB are allowed to partially use Additional Tier 1 or Tier 2 instruments in order to comply with the Pillar 2 Requirements (P2R) instead of Common Equity Tier 1 (CET1) capital. This advances a measure that was initially planned to enter into force in January 2021, following the latest revision of the Capital Requirements Directive (CRD V). The early introduction of this measure brings further improvement in the UniCredit Capital adequacy, as UniCredit Overall Capital Requirement to be held in form of CET1 Capital lowers by maximum 77bps, as a function of how Tier 1 and Total Capital compares with their respective requirements (i.e. being UniCredit P2R being equal to 175bps it can be covered by maximum 77bps by Additional Tier 1 and Tier 2 instrument of which +33bps maximum can be covered by Tier 2 instruments). All such measures result however in a significant capital release for banks to support the economy, as their capital requirements are reduced.

Section 3 – Key information on the Securities

What are the main features of the Securities?

Product Type, Underlying and form of the Securities

Product Type: Express Securities with Additional Amount with cash settlement (with date-related Barrier Observation Date).

Underlying: S&P 500® (Price Return) Index (ISIN US78378X1072)

The Securities governed by Italian law. The Securities are debt instruments in dematerialized registered form pursuant to the Italian Consolidated Law on Financial Intermediation (*Testo Unico della Finanza*). The Securities will be represented by book entry.

Issuance, Nominal Amount and Term

The Securities will be issued on 30 June 2020 in USD (the "**Specified Currency**"), with a Nominal Amount of USD 100.

General

The value of the Securities during their term depends mainly on the price of the Underlying. In principle, the value of the Securities rises if the price of the Underlying rises and falls if the price of the Underlying falls.

Interests, Additional Amounts

The Securities do not bear interest.

If an Additional Conditional Amount Payment Event (m) has occurred on an Observation Date (m), the respective Additional Conditional Amount (m) will be paid on the respective Additional Conditional Amount Payment Date (m) less all Additional Conditional Amounts (m) paid on the preceding Additional Conditional Amount Payment Dates (m).

If no Additional Conditional Amount Payment Event (m) has occurred on this respective Observation Date (m), no respective Additional Conditional

Amount (m) will be paid on a respective Additional Conditional Amount Payment Date (m).

m	Observation Date (m)	Additional Conditional Amount (m)	Additional Conditional Amount Payment Date (m)
1	30.06.2021	USD 5.00	07.07.2021
2	30.06.2022	USD 10.00	07.07.2022
3	30.06.2023	USD 15.00	07.07.2023
4	28.06.2024	USD 20.00	05.07.2024
5	30.06.2025	USD 25.00	07.07.2025

Automatic Early Redemption

The Securities allow for automatic early redemption at the respective Early Redemption Amount (k) on the respective Early Payment Date (k), if an Early Redemption Event has occurred.

The Early Redemption Event occurs if R (k) on the respective Observation Date (k) is equal to or greater than the respective Early Redemption Level (k).

"R (k)" means the Reference Price on the respective Observation Date (k).

Early Redemption Level (k) means 100% x R (Initial)

K	Observation Date (k)	Early Redemption Amount (k)	Early Payment Date (k)
1	30.06.2021	USD 100.00	07.07.2021
2	30.06.2022	USD 100.00	07.07.2022
3	30.06.2023	USD 100.00	07.07.2023
4	28.06.2024	USD 100.00	05.07.2024

Redemption as at the Final Payment Date

If no Barrier Event has occurred, the Redemption Amount is equal to the Maximum Amount.

If a Barrier Event has occurred, the Redemption Amount corresponds to the Nominal Amount multiplied by the Reference Price on the Final Observation Date and divided by the Strike. The Redemption Amount will not be greater than the Nominal Amount.

The Barrier Event occurs if the Reference Price on the Barrier Observation Date is less than the Barrier.

"Strike" means the Strike Level

Maximum Amount	USD 100.00
Nominal Amount	USD 100.00
Strike	100%
Initial Observation Date	29.06.2020
Final Observation Date	30.06.2025
Barrier Observation Date	30.06.2025
Barrier Level	70%
Final Payment Date	07.07.2025

Limitation of the rights: Upon the occurrence of one or more adjustment events the Calculation Agent will act in accordance with relevant market practice and in good faith adjust the terms and conditions of these Securities and/or all prices of the Underlying determined by the Calculation Agent on the basis of the terms and conditions of the Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible.

Upon the occurrence of a conversion event ("Conversion Event") the Securities shall be redeemed at the Settlement Amount. the "Settlement Amount" is equal to the market value of the Securities plus interest accrued at the market rate of interest being traded at that time for liabilities of the Issuer with the same remaining term as the Securities as of the tenth

Banking Day following the occurrence of the Conversion Event, as determined by the Calculation Agent by acting in accordance with relevant market practice and in good faith

Status of the Securities: The obligations of the Issuer under the Securities constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer, ranking (subject to any obligations preferred by any applicable law (also subject to the bail-in instruments as implemented under Italian law)) *pari passu* with all other unsecured obligations (other than obligations ranking junior to the senior notes from time to time (including non-preferred senior notes and any further obligations permitted by law to rank junior to the senior notes following the Issue Date), if any) of the Issuer, present and future and, in the case of the senior notes, *pari passu* and rateably without any preference among themselves

Where will the Securities be traded?

Listing: No application to listing the Securities on a regulated market has been made.

Admission to trading: Application to trading will be made with effect from 7 July 2020 on the multilateral trading facilities (MTF) Euro TLX managed by Borsa Italiana S.p.A.

UniCredit Bank AG (the "Market Maker") undertakes to provide liquidity through bid and offer quotes in accordance with the market making rules of Euro

TLX, where the Securities are expected to be traded. Moreover, the Market Maker undertakes to apply, in normal market conditions, a spread between bid and offer quotes not higher than 1.00%.

What are the key risks that are specific to the Securities?

The specific risk factors related to the Securities, which in the view of the Issuer are material, are described below:

Credit risk of the Issuer and risks in relation to resolution measures in relation to the Issuer: The Securities constitute unsecured obligations of the Issuer vis-a-vis the Security Holders. Any person who purchases the Securities therefore relies on the creditworthiness of the Issuer and has, in relation to his position under the Securities, no rights or claims against any other person. Security Holders are subject to the risk of a partial or total failure of the Issuer to fulfil obligations which the Issuer is liable to perform under the Securities in whole or in part, for example, in the event of the Issuer's insolvency. The worse the creditworthiness of the Issuer is the higher is the risk of a loss. In the case of realization of the credit risk of the Issuer the Security Holder may sustain a total loss of his capital. Moreover, Security Holders may become subject to resolution measures in relation to the Issuer if the Issuer is failing or likely to fail. The Obligations of the Issuer under the Securities are not secured, guaranteed by third parties or protected by any deposit protection or compensation scheme.

Risks related to market value-influencing factors: The market value of the Securities will be affected by a number of factors. These are *inter alia* the creditworthiness of the Issuer, the relevant prevailing interest and yield rates, the market for similar securities, the general economic, political and cyclical conditions, the tradability and, if applicable, the remaining term of the Securities as well as additional Underlying-related market value-influencing factors. The market value of the Securities as well as the amounts distributable under the Securities primarily depend on the price of the Underlying or its components. In general, the value of the Securities falls and the Redemption Amount decreases if the price of the Underlying or its components decreases.

Risks related to the Redemption Amount: The Securities will be redeemed at their maturity at the Redemption Amount. The Redemption Amount may be less than the Issue Price or the Purchase Price. This means, the Security Holder only achieves a return if the Redemption Amount, exceeds the individual Purchase Price of the Security Holder. The Redemption Amount may also be lower than the Nominal Amount of the Securities or even zero. Potential return from the Securities is limited in contrast to a direct investment in the Underlying or its components. A participation in a favourable performance of the Underlying or its components beyond the Maximum Amount is excluded.

Risks related to Barrier Event: If a Barrier Event occurs, a more advantageous pay-out formula will be disappplied. In any case the Security Holder may lose his invested capital in total or in part. The occurrence of a Barrier Event depends on the performance of the Underlying or its components. The risk of the occurrence of a Barrier Event increases as closer the underlying barrier (which may also lie at or above the initial price of the Underlying or its components) lies to the current price of the Underlying or its components.

Risks related to Early Redemption Event: If an Early Redemption Event occurs, the Securities will be automatically early redeemed by payment of the Early Redemption Amount. The occurrence of an Early Redemption Event depends on the performance of the Underlying or its components. In this case, the Security Holder will neither participate in any future favourable performance of the Underlying or its components nor be entitled to further payments under the Securities after an early redemption. The occurrence of an Early Redemption Event will also mean that no further additional amounts will be paid after its occurrence on any payment dates for additional amounts after the Early Redemption Event. In addition, the Security Holders are exposed to the risk that they may only reinvest the principal received due to an early repayment of the Securities to less favourable conditions.

Risks related to a Strike: The Strike can lead to the Security Holders participate either to a lesser extent in a favourable performance of the Underlying or its components or to a greater extent in an unfavourable performance of the Underlying or its components. Security Holders may potentially be exposed to an increased risk of loss of their invested capital.

Risks related to indices: The performance of Securities linked to indices (the "Index-linked Securities") depends on the performance of the respective index. An investment in an Index-linked Security may bear similar risks to a direct investment in the Index Components.

Liquidity risk: There is a risk that the Securities may not be widely distributed and no active trading market (the "Secondary Market") may exist and may develop for the Securities. The Issuer may, but is not obliged to, purchase Securities at any time and at any price in the open market, by tender offer or private agreement. Any Securities purchased in this way by the Issuer may be held, resold or cancelled. A repurchase of Securities by the Issuer may adversely affect the liquidity of the Securities. Neither the Issuer nor any Distributor can therefore assure that a Security Holder will be able to sell his Securities at an adequate price prior to their redemption.

Risk related to Securities with subscription period: The Issuer reserves the right to refrain from engaging in the issue prior to the issue date and to early terminate or extend the subscription period. In this case, the Initial Observation Date may be postponed. In addition, the Issuer has the right, in its sole discretion, to reject subscription orders from potential investors in whole or in part.

Quali sono i principali rischi specifici dell'Emittente?

I potenziali investitori devono essere consapevoli che, qualora si verifichi uno dei seguenti fattori di rischio, il valore degli Strumenti Finanziari potrebbe ridursi con la conseguente perdita totale del capitale investito.

I seguenti rischi sono i principali rischi specifici dell'Emittente:

Rischi connessi al Piano Strategico 2020 – 2023: In data 3 dicembre 2019, a seguito della finalizzazione del Piano Strategico 2016-2019, UniCredit ha

presentato alla comunità finanziaria a Londra il nuovo Piano Strategico 2020-2023 denominato "Team 23" (il **"Piano Strategico"** o **"Piano"** o **"Team 23"**). Il Piano Strategico contiene determinati obiettivi strategici, di capitale e finanziari (gli **"Obiettivi di Piano"**) basati su quattro pilastri. In particolare: (i) aumento e rafforzamento della base di clienti; (ii) trasformazione e massimizzazione della produttività; (iii) gestione disciplinata del rischio & controlli; (iv) gestione del capitale e del bilancio. La capacità di UniCredit di rispettare gli Obiettivi di Piano dipende da numerose assunzioni e circostanze, alcune delle quali si trovano al di fuori del controllo dell'Emittente, quali ipotesi concernenti lo scenario macroeconomico nel quale il Gruppo opera e l'evoluzione del contesto regolamentare, nonché assunzioni ipotetiche relative agli effetti di azioni specifiche o concernenti eventi futuri su cui l'Emittente può solo parzialmente influire. I risultati dell'esercizio in corso, e potenzialmente quelli degli anni successivi, potrebbero essere ragionevolmente influenzati dalle dinamiche del COVID-19, non prevedibili alla data di presentazione del Piano Strategico e ancora ad oggi incerte. In questo contesto, un aggiornamento del piano strategico Team 23 che rifletta le attuali condizioni sarà presentato al Capital Markets Day che si terrà verso la fine dell'anno o l'inizio dell'anno prossimo. Per le sopra esposte ragioni, gli investitori sono invitati a non fondare le proprie scelte di investimento esclusivamente sulle previsioni incluse tra gli Obiettivi di Piano. L'eventuale mancato raggiungimento degli Obiettivi di Piano potrebbe avere effetti negativi, anche significativi, sull'attività di UniCredit, sulla condizione finanziaria o sui risultati operativi. Inoltre, come comunicato al Mercato nell'ambito della presentazione del Piano Strategico, si segnala che la distribuzione di capitale nel nuovo Piano si basa sul concetto di utile netto sottostante. L'utile netto sottostante rettifica l'utile netto contabile per tenere conto di alcune poste non operative, in modo da dimostrare meglio la base di utile ricorrente e sostenibile della Banca. Tali rettifiche includono: (i) vendita di attività non strategiche e immobili selezionati; (ii) oneri non operativi, non ricorrenti, tra i quali costi di integrazione e svalutazioni IT straordinarie; (iii) poste non operative per rettifiche su crediti, ad esempio l'aggiornamento della strategia di rundown del portafoglio Non Core e gli effetti regolamentari sfavorevoli.

Rischio di credito e di deterioramento della qualità del credito: L'attività, la solidità economica, patrimoniale e finanziaria e la profittabilità del Gruppo UniCredit dipendono, tra l'altro, dal merito di credito dei propri clienti. Nello svolgimento della propria attività creditizia il Gruppo è esposto al rischio che un inatteso cambiamento del merito di credito di una controparte possa generare un corrispondente cambiamento del valore dell'associata esposizione creditizia e dare luogo a cancellazione parziale o totale della stessa. A seguito dell'epidemia di COVID-19 non si puo' escludere che la qualità del credito per quest'anno possa essere influenzata con potenziali impatti non ancora quantificabili. Nell'ambito dell'attività creditizia tale rischio si sostanzia, tra l'altro, nella possibilità che le proprie controparti contrattuali non adempiano alle proprie obbligazioni di pagamento nonché nella circostanza che le società del Gruppo concedano, sulla base di informazioni incomplete, non veritieri o non corrette, credito che altrimenti non avrebbero concesso o che comunque avrebbero concesso a differenti condizioni. Anche altre attività bancarie, al di fuori di quelle tradizionali di prestito e deposito, possono esporre il Gruppo a rischi di credito. Il rischio di credito "non tradizionale" può, per esempio, derivare da: (i) sottoscrizione di contratti in derivati; (ii) compravendite di titoli, future, valute o merci; e (iii) detenzione di titoli di terzi. Le controparti di tali transazioni o gli emittenti di titoli detenuti da entità del Gruppo, potrebbero risultare inadempienti a causa di insolvenza, eventi politici ed economici, mancanza di liquidità, deficienza operativa o per altre ragioni. Il Gruppo si è dotato di procedure e principi finalizzati al monitoraggio ed alla gestione del rischio di credito a livello di singole controparti e di portafoglio complessivo. Tuttavia, sussiste il rischio che, pur in presenza di attività di monitoraggio e gestione del rischio di credito, l'esposizione creditizia del Gruppo ecceda i livelli predeterminati ai sensi delle procedure, delle regole e dei principi adottati. L'importanza di ridurre l'incidenza dei crediti deteriorati sul totale dei crediti è stata più volte sottolineata dalle autorità di vigilanza, sia pubblicamente che nell'ambito del dialogo in corso con le banche italiane e, quindi, con il Gruppo UniCredit.

Rischio di liquidità: Il rischio di liquidità identifica l'eventualità che il Gruppo UniCredit possa trovarsi nella condizione di non riuscire a far fronte agli impegni di pagamento (per cassa o per consegna) attuali e futuri, previsti o imprevisti senza pregiudicare l'operatività quotidiana o la propria condizione finanziaria. L'attività del Gruppo UniCredit, in particolare, è soggetta al rischio di liquidità nelle diverse dimensioni del funding liquidity risk, market liquidity risk, mismatch risk e contingency risk. I rischi più rilevanti a cui il Gruppo è esposto sono: i) un uso eccezionalmente alto delle linee di credito revocabili ed irrevocabili da parte delle imprese; ii) la capacità di rifinanziare il debito istituzionale in scadenza ed i potenziali flussi di cassa o di beni in garanzia in uscita che il Gruppo potrebbe fronteggiare in caso di riduzione del rating delle banche o del debito sovrano delle geografie in cui il Gruppo opera. Inoltre, alcuni rischi possono emergere dai limiti applicati ai prestiti tra banche appartenenti a Paesi diversi e già inaspriti in alcuni Paesi. A causa della crisi dei mercati finanziari, determinata anche dalla ridotta liquidità a disposizione degli operatori del settore, la Banca Centrale Europea ha posto in essere importanti interventi di politica monetaria, come il "Targeted Longer-Term Refinancing Operation" (TLTRO) introdotto nel 2014 e il TLTRO II introdotto nel 2016. A marzo 2019 la BCE ha annunciato un nuovo programma di rifinanziamento a lungo termine su base trimestrale (TLTRO III) accessibile a partire da settembre 2019 fino a marzo 2021, con una scadenza di ciascuna tranches fissata a 2 anni. A marzo 2020 nuove operazioni di rifinanziamento a lungo termine (LTOs) sono state annunciate per fornire prestiti ponte fino alla finestra del TLTRO III a giugno 2020 ed assicurare liquidità e regolari condizioni di mercato monetario. Queste misure sono state integrate con misure temporanea di facilitazione nell'utilizzo delle garanzie. Al momento, non è possibile prevedere la durata e l'intensità con cui tali operazioni di sostegno alla liquidità potranno essere riproposte in futuro, con la conseguenza che non è possibile escludere una riduzione, o persino un annullamento di tali supporti. Ciò determinerebbe la necessità per le banche di cercare fonti di provvista alternative, non sempre disponibili o disponibili a costi più elevati. La situazione descritta potrebbe quindi incidere negativamente sull'attività, sui risultati operativi e sulla situazione economica e finanziaria dell'Emittente e/o del Gruppo.

Rischi connessi all'impatto delle attuali incertezze del contesto macroeconomico: L'andamento del Gruppo UniCredit è influenzato dai mercati finanziari e dal contesto macroeconomico e politico dei Paesi in cui opera. Le aspettative sull'andamento dell'economia globale rimangono molto incerte sia nel breve che nel medio termine. Ulteriori sviluppi delle politiche monetarie ed ulteriori eventi straordinari (come l'instabilità politica, il terrorismo e qualsiasi altro evento simile che si verifichi nei paesi in cui il Gruppo opera, e, come accaduto di recente, un'emergenza sanitaria) potrebbero determinare effetti negativi rilevanti sull'attività e sulla redditività del Gruppo. Inoltre, l'incertezza economica e politica degli ultimi anni ha portato ad una notevole volatilità e incertezza anche nei mercati finanziari. Questo, a sua volta, ha reso sempre più complesso l'accesso a tali mercati, con un conseguente aumento degli spread creditizi e del costo del finanziamento, impattando i valori che il Gruppo può realizzare dalla vendita di attività finanziarie. Il quadro macroeconomico è attualmente connotato da alti livelli di incertezza, in parte dovuti a: (i) impatto sulla crescita globale e sui singoli paesi dovuto al Covid-19 (nuovo Coronavirus) (ii) agli sviluppi del protezionismo, guidato dagli Stati Uniti d'America; (iii) all'uscita del Regno Unito dall'Unione europea e all'incertezza relativa alle future relazioni con l'Unione; (iv) i futuri sviluppi della politica monetaria della BCE e della Federal Reserve (FED); e (v) la sostenibilità del debito sovrano di alcuni paesi e i relativi e ripetuti shock sui mercati finanziari.

Basilea III e Adeguatezza Patrimoniale delle Banche: Sulla scia della crisi finanziaria globale iniziata nel 2008, il Comitato di Basilea per la Vigilanza Bancaria (il **CBV**) ha approvato, nel quarto trimestre del 2010, la revisione degli standard globali di regolamentazione (**Basilea III**) sull'adeguatezza patrimoniale e la liquidità delle banche, che impongono, inter alia, requisiti per un capitale più elevato e di migliore qualità, una migliore copertura dei rischi, misure volte a promuovere l'accumulo di capitale che può essere utilizzato in periodi di stress, e l'introduzione di un indice di leva finanziaria che funge da freno al requisito basato sul rischio, nonché due standard globali di liquidità. Il framework di Basilea III è stato recepito nell'Unione Europea per il tramite della Direttiva UE/2013/36 del Parlamento europeo e del Consiglio del 26 giugno 2013 sull'accesso all'attività degli enti creditizi e sulla vigilanza prudenziale sugli enti creditizi e sulle imprese di investimento (la **Direttiva CRD IV**) e del Regolamento UE/2013/575 (il **CRR**, insieme alla

Direttiva CRD IV, il Pacchetto CRD IV successivamente aggiornato nel Regolamento n. 876/2019 (**CRR II**) e dalla Direttiva UE/2019/878 (**CRD V**) (il **Pacchetto di Riforma Bancario, Banking Reform Package**, con il CRR II e la CRD V). Ai sensi dell'articolo 92 del CRR, le banche devono sempre rispettare i seguenti requisiti di Fondi Propri: (i) un coefficiente di capitale primario di classe 1 (CET1 capital ratio) pari al 4,5%; (ii) un coefficiente di capitale di classe 1 (Tier 1 capital ratio) pari al 6%; e (iii) un coefficiente di capitale totale pari a 8% (Total Capital ratio). Ai sensi degli articoli 129 e 132 della Direttiva CRD IV, tali requisiti minimi sono integrati dalle seguenti riserve di capitale (buffer) da soddisfare con il CET1 Capital: riserva di conservazione del capitale (Capital conservation buffer), riserva di capitale anticiclica specifica della banca (Counter-cyclical capital buffer), riserva di capitale per le istituzioni finanziarie sistematicamente rilevanti a livello globale (Capital buffers for globally systemically important institutions (**G-SIIs**)) e riserva di capitale per le istituzioni finanziarie sistematicamente rilevanti a livello locale (Capital buffers for other systemically important institutions (**O-SIIs**)). In aggiunta alle riserve di capitale sopra-menzionate, ai sensi dell'articolo 133 della Direttiva CRD IV, ogni Stato membro può introdurre una riserva di capitale a fronte del rischio sistemico di Common Equity Tier 1 Capital (Systemic Risk Buffer of Common Equity Tier 1 Capital) per il settore finanziario o uno o più sottoinsiemi di tale settore volta a prevenire ed attenuare il rischio sistemico o macroprudenziale non ciclico di lungo periodo, non altrimenti coperti dal Pacchetto CRD IV, inteso come un rischio di interruzione nel sistema finanziario potenzialmente in grado di causare conseguenze negative sul sistema finanziario e sull'economia reale in uno specifico Stato Membro. Alla data del presente Documento di Registrazione, non è stata introdotta una riserva di capitale a fronte del rischio sistemico in Italia. Il mancato rispetto di tali riserve di capitale combinate determina delle restrizioni sulle distribuzioni e la necessità per la banca di adottare un piano di conservazione del capitale finalizzato alle necessarie azioni correttive (articoli 141 e 142 della Direttiva CRD IV). Ad ottobre 2013 il Consiglio dell'Unione Europea ha istituito, mediante l'adozione di regolamenti, il meccanismo di vigilanza unico (il **Meccanismo di Vigilanza Unico** o **MVU**) per tutte le banche dell'Area Euro che, a partire dal novembre 2014, ha conferito alla BCE, in collaborazione con le autorità nazionali competenti dei Paesi dell'Area Euro, la responsabilità di vigilanza diretta sulle "banche di importanza sistemica" all'interno dell'Area Euro, nonché sulle loro controllate presenti in uno Stato membro partecipante non appartenente all'Area Euro. Conseguentemente, la BCE ha così assunto pienamente le nuove responsabilità di vigilanza su UniCredit e sul Gruppo UniCredit. Sulla base della decisione della BCE relativa ai requisiti patrimoniali a seguito dei risultati del Processo di Revisione e Valutazione Prudenziale annuale (SREP) per il 2018, al 31 dicembre 2019 i seguenti requisiti patrimoniali complessivi sono applicati al Gruppo UniCredit: Common Equity Tier 1 ratio: 10,09%; Tier 1 ratio: 11,59%; Total Capital ratio: 13,59%. Inoltre, UniCredit è stata informata dalla BCE della decisione finale a seguito dello SREP per il 2019: il requisito patrimoniale del secondo pilastro è stato ridotto di 25 punti base e portato a 175 punti base, applicabile dal 1° gennaio 2020. Di conseguenza UniCredit è tenuta a soddisfare i seguenti requisiti patrimoniali complessivi su base consolidata a partire dal 1° gennaio 2020: Common Equity Tier 1 ratio: 9,84%; Tier 1 ratio: 11,34%; Total Capital ratio: 13,34% (assumendo la riserva di capitale anticiclica pari al valore di fine anno 2019. La riserva di capitale anticiclica (CCyB) dipende infatti dalle esposizioni creditizie di UniCredit verso i paesi dove sono stati fissati o saranno fissati i coefficienti di capitale anticiclici e dai rispettivi requisiti stabiliti dalle competenti autorità nazionali, per il periodo di riferimento, di conseguenza può variare su base trimestrale). Qualora UniCredit non fosse in grado di attuare l'approccio ai requisiti patrimoniali che considera ottimali per rispettare i requisiti patrimoniali imposti dal Pacchetto CRD IV, potrebbe essere tenuta a mantenere livelli di capitale che potrebbero avere un impatto potenziale sui rating e sulle condizioni di finanziamento e che potrebbero limitare le opportunità di crescita di UniCredit. Si segnala che la BCE, tenendo conto degli effetti economici del coronavirus (COVID-19), ha annunciato il 12 Marzo 2020, una serie di misure volte ad assicurare che le banche, sotto la sua diretta supervisione, possano continuare ad adempiere il loro ruolo di supporto creditizio all'economia reale. Prendendo in considerazione che il settore bancario europeo è stato in grado in questi anni di dotarsi di un ammontare significativo di riserve di capitale (con lo scopo di permettere alle banche di far fronte a situazioni di stress come quella posta dal COVID-19), la BCE permette alle banche di operare temporaneamente al di sotto del livello di capitale definito dalla "Pillar 2 Guidance (P2G)" e dal "capital conservation buffer (CCB)". La BCE si augura anche che queste misure temporanee siano anche ulteriormente migliorate da una appropriata revisione del "countercyclical capital buffer (CCyB)" dalle autorità nazionali competenti. Si segnala inoltre che la BCE ha modificato la propria decisione SREP 2019 stabilendo che il requisito del secondo pilastro (P2R) deve essere detenuto almeno nella forma del 56,25% del CET1 e del 75% del Tier 1 (nella decisione originaria il P2R doveva essere detenuto interamente sotto forma di Common Equity Tier 1). Di conseguenza, UniCredit e le altre banche sottoposte alla vigilanza della BCE, al fine di rispettare i requisiti Pillar 2, possono utilizzare in parte strumenti aggiuntivi di classe 1 (Additional Tier 1) o strumenti di classe 2 (Tier 2) invece che strumenti di capitale primario di classe 1 (CET1). Questo anticipa una misura la cui entrata in vigore era prevista per gennaio 2021, a seguito dell'ultima revisione della CRD V. L'anticipazione di questa misura comporta un ulteriore miglioramento dell'adeguatezza patrimoniale di UniCredit, in quanto il requisito patrimoniale complessivo di UniCredit da detenere sotto forma di CET1 si riduce al massimo di 77bps, sulla base di come il Tier 1 e il Total Capital si rapportano ai rispettivi requisiti (in particolare, essendo il P2R di UniCredit pari a 175bps, questo può essere coperto fino a un massimo di 77bps da strumenti Additional Tier 1 e Tier 2, di cui un massimo di 33bps può essere coperto da strumenti Tier 2). Tuttavia, tutte queste misure portano un rilascio significativo del capitale delle banche a supporto dell'economia, in quanto i loro requisiti patrimoniali vengono ridotti.

Sezione 3 – Informazioni fondamentali sui Titoli

Quali sono le principali caratteristiche dei Titoli?

Tipologia di Prodotto, Sottostante e forma dei Titoli

Strumenti Finanziari di Tipo: Express Certificates con Importo Aggiuntivo (con osservazione della Barriera relativa alla data).

Sottostante: S&P 500® (Price Return) Index (ISIN US78378X1072).

Gli Strumenti Finanziari sono regolati dalla legge italiana. Gli Strumenti Finanziari sono strumenti di debito nominativi dematerializzati ai sensi del Testo Unico in materia di intermediazione finanziaria (*Testo Unico della Finanza*). Gli Strumenti Finanziari saranno rappresentati mediante scrittura contabile.

Emissione, Valore Nominale e Durata

Gli Strumenti Finanziari saranno emessi il 30 Giugno 2020 in Dollaro (la "Valuta di Emissione"), con un Valore Nominale di 100 USD.

Generale

Il valore degli Strumenti Finanziari nel corso della durata dei medesimi è strettamente correlato al valore del Sottostante. Di regola, se il valore del Sottostante aumenta, il valore degli Strumenti Finanziari aumenta. Di regola, se il valore del Sottostante diminuisce, il valore degli Strumenti Finanziari diminuisce.

Interessi, Importi Aggiuntivi

Gli Strumenti Finanziari non maturano interessi.

Se si è verificato un Evento di pagamento dell'Importo Condizionato Aggiuntivo (m) in una Data di osservazione (m), il rispettivo Importo Condizionato Aggiuntivo (m) verrà pagato nella rispettiva Data di pagamento dell'importo Condizionato Aggiuntivo (m) meno tutti gli Importi Condizionati Aggiuntivi (m) pagati in base alle precedenti date di pagamento dell'Importo Condizionato Aggiuntivo (m).

Se non si è verificato alcun Evento di pagamento dell'importo Condizionato Aggiuntivo(m) nella relativa Data di osservazione (m), nessun Importo Condizionato Aggiuntivo (m) verrà pagato in una rispettiva Data di pagamento dell'Importo Condizionato Aggiuntivo (m).

m	Data di Osservazione (m)	Importo Condizionato Aggiuntivo (m)	Data di Pagamento dell'Importo Condizionato Aggiuntivo (m)
1	30.06.2021	USD 5	07.07.2021
2	30.06.2022	USD 10	07.07.2022
3	30.06.2023	USD 15	07.07.2023
4	28.06.2024	USD 20	05.07.2024
5	30.06.2025	USD 25	07.07.2025

Rimborso Anticipato Automatico

Qualora si verifichi un Evento di Rimborso anticipato gli Strumenti Finanziari prevedono l'esercizio automatico del rimborso anticipato al relativo Importo di Rimborso Anticipato (k) nella rispettiva Data di Rimborso Anticipato (k).

L'Evento di Rimborso Anticipato si verifica se R (k) alla rispettiva Data di Osservazione (k) è pari a, o maggiore del, rispettivo Livello di Rimborso Anticipato (k).

"R (k)" indica il Prezzo di Riferimento alla Data di Osservazione (k).

Livello di Rimborso Anticipato (k) indica 100% x R (iniziale)

K	Data di Osservazione (k)	Importo di Rimborso Anticipato (k)	Data di Pagamento Anticipato (k)
1	30.06.2021	USD 100	07.07.2021
2	30.06.2022	USD 100	07.07.2022
3	30.06.2023	USD 100	07.07.2023
4	28.06.2024	USD 100	05.07.2024

Rimborso alla Data di Pagamento Finale

Se non si è verificato alcun Evento Barriera, l'Importo di Rimborso è pari all'Importo Massimo.

Se si è verificato un Evento Barriera, l'Importo di Rimborso corrisponde al Valore Nominale moltiplicato per il Prezzo di Riferimento alla Data di Osservazione Finale e diviso per lo Strike. L'Importo di Rimborso non sarà superiore al Valore Nominale.

L'Evento Barriera si verifica se il Prezzo di Riferimento è minore del Livello Barriera alla Data di Osservazione della Barriera.

"Strike" indica il Strike Level

Importo Massimo	USD 100
Valore Nominale	USD 100
Strike	100%
Data di Osservazione Iniziale	29.06.2020
Data di Osservazione Finale	30.06.2025
Data di Osservazione della Barriera	30.06.2025
Livello Barriera	70%
Data di Pagamento Finale	07.07.2025

Restrizioni ai diritti: Al ricorrere di uno o più eventi di rettifica, l'Agente di Calcolo modificherà, agendo in linea con la relativa prassi di mercato ed in buona fede, i termini e le condizioni di questi Strumenti Finanziari e/o tutti i prezzi del Sottostante determinato dall'Agente di Calcolo sulla base dei termini e le condizioni degli Strumenti Finanziari, in modo tale che la posizione economica dei Titolari resti immodificata per quanto possibile.

Al verificarsi di un evento di conversione (l'"**Evento di Conversione**"), gli Strumenti Finanziari saranno rimborsati all'Importo di Riscatto. L'"**Importo di Riscatto**" è pari al valore di mercato degli Strumenti Finanziari maggiorato degli interessi maturati al tasso di mercato a cui sono negoziate altre obbligazioni dell'Emittente con la stessa durata residua degli Strumenti Finanziari al decimo Giorno Lavorativo successivo al verificarsi di un Evento di Conversione, come determinato dall'Agente di Calcolo in linea con la relativa prassi di mercato ed in buona fede.

Stato dei Titoli: Gli obblighi derivanti dagli Strumenti Finanziari costituiscono obbligazioni dirette, incondizionate, non subordinate e non garantite dell'Emittente, avranno pari priorità nell'ordine dei pagamenti (fatte salve le obbligazioni privilegiate da qualsiasi legge applicabile (anche soggette allo strumento del *bail-in*, come implementato ai sensi della legge italiana)) rispetto a tutte le altre obbligazioni non garantite dell'Emittente e ad ogni altro obbligo presente e futuro, non garantito e non subordinato, dell'Emittente (salvo, quando previsto, le obbligazioni *junior* rispetto alle obbligazioni *senior* (inclusa le obbligazioni *senior* non privilegiate e le eventuali ulteriori obbligazioni *junior*, rispetto a obbligazioni *senior*, consentite dalla legge successivamente alla Data di Emissione), ove previste).

Dove saranno negoziati i Titoli?

Quotazione : Non è stata presentata l'ammissione a quotazione degli Strumenti Finanziari presso un mercato regolamentato.

Ammissione alla negoziazione: Sarà presentata istanza per l'ammissione a negoziazione degli Strumenti Finanziari con efficacia dal 7 Luglio 2020, presso il sistema multilaterale di negoziazione (MTF) EuroTLX gestito da Borsa Italiana S.p.A..

UniCredit Bank AG (il "**Market Maker**") si impegna a fornire liquidità in conformità alle norme sul *market making* di EuroTLX, dove ci si attende che gli Strumenti Finanziari saranno negoziati. Inoltre, il Market Maker si impegna ad applicare, in condizioni normali di mercato, uno spread tra le quotazioni denaro e lettera non superiore all'1%.

Quali sono i principali rischi specifici dei Titoli?

I fattori di rischio specifici relativi agli Strumenti Finanziari, che nell'opinione dell'Emittente sono significativi, sono descritti di seguito:

Rischio di Credito dell'Emittente e rischi relative alle misure di risoluzione che riguardano l'Emittente: Gli Strumenti Finanziari costituiscono obbligazioni non garantite dell'Emittente nei confronti dei Titolari. Pertanto, chiunque li acquisti è soggetto al merito creditizio dell'Emittente e non ha, in relazione alla propria posizione nell'ambito degli Strumenti Finanziari, alcun diritto o pretesa nei confronti di qualsiasi altra persona. I Titolari sono sottoposti al rischio di una parziale o totale inadempienza dell'Emittente per gli obblighi che il medesimo è tenuto ad adempiere in tutto o in parte ai sensi degli Strumenti Finanziari, ad esempio in caso di insolvenza. Peggior è la solvibilità dell'Emittente, maggiore è il rischio di perdita. Qualora il rischio di credito dell'Emittente si realizzi, il Titolare può subire una perdita totale del proprio capitale. Inoltre, i Titolari possono essere soggetti a misure di risoluzione nei confronti dell'Emittente qualora il medesimo è in fallimento o a rischio di fallimento. Gli Obblighi dell'Emittente ai sensi degli Strumenti Finanziari non sono garantiti, garantiti da terzi o protetti da un sistema di protezione dei depositi o di compensazione.

Rischi correlati a fattori che influenzano il valore di mercato: Il valore di mercato degli Strumenti Finanziari sarà condizionato da una serie di fattori. Questi sono, *inter alia*, il merito creditizio dell'Emittente, tassi di interesse e di rendimento prevalenti, il mercato per strumenti finanziari simili, le condizioni economiche generali, politiche e cicliche, le negoziabilità e, se del caso, la durata residua degli Strumenti Finanziari nonché ulteriori fattori che potrebbero condizionare il Sottostante. Tanto il valore di mercato quanto gli importi pagabili ai sensi degli Strumenti Finanziari dipendono principalmente dal prezzo del Sottostante o dei suoi componenti. In generale, il valore degli Strumenti Finanziari e l'Importo di Rimborso diminuiscono se il prezzo del Sottostante o dei suoi componenti diminuisce.

Rischi correlati all'Importo di Rimborso: Gli Strumenti Finanziari verranno rimborsati alla loro scadenza all'Importo di Rimborso. L'Importo di Rimborso potrebbe essere inferiore al Prezzo di Emissione o al Prezzo di Acquisto. Ciò significa che il Titolare otterrà un rendimento solo se l'Importo di Rimborso sia superiore al singolo Prezzo di Acquisto del Titolare. L'Importo di Rimborso può anche essere inferiore al Valore Nominale degli Strumenti Finanziari o anche essere zero. Il rendimento potenziale degli Strumenti Finanziari è limitato rispetto ad un investimento diretto nel Sottostante o nei suoi componenti. È esclusa la partecipazione ad una performance favorevole del Sottostante o dei suoi componenti oltre l'Importo Massimo.

Rischio correlato all'Evento Barriera: Se si verifica un Evento Barriera, non verrà applicata una formula di pagamento più vantaggiosa. In ogni caso, il Titolare potrebbe perdere il proprio capitale investito integralmente o in parte. Il verificarsi di un Evento Barriera dipende dall'andamento del Sottostante o dei suoi componenti. Il rischio del verificarsi di un Evento Barriera aumenta man mano che la barriera sottostante (che può anche essere pari o superiore al prezzo iniziale del Sottostante o dei suoi componenti) si avvicina al prezzo corrente del Sottostante o dei suoi componenti.

Rischi correlati all'Evento di Rimborso Anticipato: Se si verifica un Evento di Rimborso Anticipato, gli Strumenti Finanziari verranno automaticamente rimborsati tramite il pagamento dell'Importo di Rimborso Anticipato. Il verificarsi di un Evento di Rimborso Anticipato dipende dall'andamento del Sottostante o dei suoi componenti. In questo caso, il Titolare non beneficerà di alcuna futura performance favorevole del Sottostante o dei suoi componenti, né avrà diritto ad ulteriori pagamenti derivanti dagli Strumenti Finanziari dopo un rimborso anticipato. Il verificarsi di un Evento di Rimborso Anticipato comporterà altresì che, dopo il suo verificarsi, non verranno corrisposti ulteriori importi aggiuntivi in alcuna data di pagamento per importi aggiuntivi dopo l'Evento di Rimborso Anticipato. Inoltre, i Titolari sono esposti al rischio di poter reinvestire il capitale ricevuto a causa di un rimborso anticipato degli Strumenti Finanziari solo a condizioni meno favorevoli.

Rischi correlati allo Strike: Lo Strike può determinare che i Titolari possano partecipare, in misura minore, ad una performance favorevole del Sottostante o dei suoi componenti o, in misura maggiore, ad una performance sfavorevole del Sottostante o dei suoi componenti. Potenzialmente, i Titolari potrebbero essere esposti a un maggiore rischio di perdita del capitale investito.

Rischi legati agli indici: La performance degli Strumenti Finanziari legati ad indici (gli "Strumenti Finanziari legati ad Indici") è correlata alla performance dei rispettivi indici. Un investimento in Strumenti Finanziari legati ad Indici può comportare rischi simili a quelli di un investimento diretto nei Componenti degli Indici.

Rischio di liquidità: Sussiste un rischio che gli Strumenti Finanziari non siano ampiamente distribuiti e che non esista un mercato attivo di negoziazione (il "Mercato Secondario") che possa evolversi per gli Strumenti Finanziari. L'Emittente può, ma non è obbligato, acquistare gli Strumenti Finanziari in qualsiasi momento e a qualsiasi prezzo sul mercato aperto, mediante offerta pubblica di acquisto o contratto privato. Gli Strumenti Finanziari acquistati in questo modo dall'Emittente possono essere detenuti, rivenduti o cancellati. Un riacquisto degli Strumenti Finanziari da parte dell'Emittente può influire negativamente sulla liquidità dei medesimi. Né l'Emittente né alcun Collocatore può assicurare che un Titolare sarà in grado di vendere i propri Strumenti Finanziari ad un prezzo adeguato prima del loro rimborso.

Rischio correlato ai Titoli con periodo di sottoscrizione: L'Emittente si riserva il diritto di astenersi dall'effettuare l'emissione prima della data di emissione e di terminare anticipatamente o prolungare il periodo di sottoscrizione. In tal caso, la Data di Osservazione Iniziale può essere posticipata. Inoltre, l'Emittente ha il diritto, a sua esclusiva discrezione, di rifiutare in tutto o in parte gli ordini di sottoscrizione di potenziali investitori.
